

TECHNOLOGY FOR ONLINE INSTRUCTION, MASTER OF EDUCATION (MED)

The Master of Education in Technology for Online Instruction will include 30 credits of coursework aimed at building student knowledge and skills in using web-based tools to effectively create an online K-12 teaching environment. Students will be able to apply the tools and skills based on research based strategies and pedagogy. The final course will include a capstone project, where students will develop an online module including lessons, activities, assessments, synchronous and asynchronous instruction and other methods of instruction that were developed through courses in the program.

This program will be offered completely online.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*
