

APPLIED RESEARCH, STATISTICS AND MEASUREMENT, CERTIFICATE

Because the field of education and the public sector require the ability to research, analyze and interpret data to help make decisions, this program will help in the preparation of skills that are necessary to use the application of statistics to analyze, interpret, assess and evaluate data.

As a student in this Certificate Program, you can improve your understanding of data-driven decision methods and can become familiar with contemporary tools for data-analysis.

The program blends online and traditional instruction to help give you the tools and knowledge as a researcher that can make you capable of being a leader in the application of research, statistics and measurement for your organization.

To access Certificate Requirements, please view the Curriculum Guide tab.
