ANIMAL ASSISTED SOCIAL WORK, CERTIFICATE

The animal-assisted social work certificate is a 3 course (9 credit) plan to obtain specialized knowledge and skill in using therapy animals in professional practice settings. Students will obtain hands-on, experiential learning in animal-assisted intervention with a variety of therapy and crisis response dogs. Courses are designed to be manageable for the working professional as well as those who wish to embed these courses in their graduate program. Each course is designed in a hybrid manner with online content and a single weekend in-person attendance requirement. Summer options are also available so that students only come twice to campus for the three courses.

To access Certificate Requirements, please view the Curriculum Guide tab.
