

SLIPPERY ROCK UNIVERSITY 2025-2026 UNDERGRADUATE CATALOG

TABLE OF CONTENTS

Slippery Rock University 2025-2026 Undergraduate Catalog 07-22-2026

.....	12	Human Resource Management, Minor (Non-BSBA Majors)	61
Academic Programs	12	Information Systems, Bachelor of Science (BS)	62
Rock Studies 2	18	Information Systems, Minor	66
Rock Studies 2 Program	19	Internal Audit, Minor	67
Citizenship and Social Problems	20	Management, Bachelor of Science in Business Administration (BSBA) - Concentration in General Management	68
Conservation, Technology and Imagination	22	Management, Bachelor of Science in Business Administration (BSBA) - Concentration in Human Resources	71
Cultural Literacy and Community Building	23	Management, Bachelor of Science in Business Administration (BSBA) - Concentration in Supply Chain Management	74
Human Diversity and Well-Being	25	Management, Bachelor of Science in Business Administration (BSBA) - Online Degree Completion Program	77
Institutions and Human Innovation	27	Management, Minor (BSBA majors)	79
The United States in Global Context	29	Marketing, Bachelor of Science in Business Administration (BSBA)	80
College of Business	31	Marketing, Bachelor of Science in Business Administration (BSBA) – Online Degree Completion Program	83
Safety Management	31	Marketing, Minor	85
Safety Management, Bachelor of Science (BS)	31	Sustainable Management, Minor (BSBA majors only)	86
School of Business	34	Sport Management	86
Accounting Online, Bachelor of Science in Business Administration (BSBA)	35	Esports, Minor	86
Accounting, Bachelor of Science in Business Administration (BSBA)	37	Sport Management, Bachelor of Science (BS)	87
Accounting, Certificate	40	Sport Management, Minor	90
Accounting, Minor (for BSBA and HCAM students only)	41	Strategic Communication and Media	90
Business Administration, Minor (Non-BSBA Majors)	42	Communication - Graphic Design, Minor (Art Majors Only)	91
Business Analytics, Minor	42	Global and Intercultural Communication, Certificate	91
Business Management Pre-MBA, Minor (Non-Business Majors Only)	43	Strategic Communication and Media, Bachelor of Arts (BA)	92
Business Undeclared	43	Strategic Communication and Media, Bachelor of Science (BS) - Concentration in Advertising	95
Economics, Bachelor of Science in Business Administration (BSBA)	46	Strategic Communication and Media, Bachelor of Science (BS) - Concentration in Digital Media Production	98
Economics, Minor (BSBA Majors Only)	50	Strategic Communication and Media, Bachelor of Science (BS) - Concentration in Health Communication	101
Economics, Minor (Non BSBA Majors)	50	Strategic Communication and Media, Bachelor of Science (BS) - Concentration in Integrated Marketing Communication	104
Entrepreneurship, Minor	51	Strategic Communication and Media, Bachelor of Science (BS) - Concentration in Multimedia Journalism	107
Finance, Bachelor of Science in Business Administration (BSBA)	51	Strategic Communication and Media, Bachelor of Science (BS) - Concentration in Public Relations	110
Finance, Minor (for BSBA and HCAM students only)	55	Strategic Communication and Media, Minor	113
Forensic Accounting, Minor	55		
Hospitality and Tourism Management, Bachelor of Science (BS)	56		
Hospitality and Tourism Management, Minor	59		
Hospitality Management, Certificate	59		
Human Resource Management, Certificate	60		
Human Resource Management, Minor (BSBA and HCAM Majors)	61		

User Experience & Interface Design, Minor	114	Middle-Level Social Studies (4-8), Bachelor of Science in Education (BSED)	160
Military Science (Army ROTC)	114	Secondary Education - English (7-12), Bachelor of Science in Education (BSED)	163
Army ROTC	114	Secondary Education - Social Studies - History (7-12), Bachelor of Science in Education (BSED)	167
College of Education	115	Secondary Education - Spanish (K-12), Bachelor of Science in Education (BSED)	170
Elementary Education/Early Childhood Education	116	Special Education	174
Early Childhood Education (PK-4), Bachelor of Science in Education (BSED)	116	Early Childhood Education (PK-4)/Special Education (PK-12), Bachelor of Science in Education (BSED)	174
Early Childhood Education (PK-4), Bachelor of Science in Education (BSED) - Concentration in International Education	120	Early Childhood Education (PK-4)/Special Education (PK-12), Bachelor of Science in Education (BSED) - Concentration in International Education	178
Global Education, Minor	124	Special Education (K-12), Bachelor of Science in Education (BSED)	183
Physical and Health Education	125	Special Education Transition Programming, Bachelor of Science (BS)	186
Adapted Physical Activity, Minor	125	Special Education, Minor	188
Adventure Fitness, Minor	126	College of Engineering and Science	189
Aquatics, Minor	126	Biology	189
Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in Physical Activity and Fitness Management	127	Biology, Bachelor of Arts (BA)	190
Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in Physical Activity and Fitness Management / Pre-Athletic Training (SRU) (3+2)	130	Biology, Bachelor of Arts (BA) - Pre-Master of Education (7-12)	194
Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in Physical Activity and Fitness Management / Pre-Athletic Training (SRU) (Traditional)	133	Biology, Bachelor of Science (BS) - Concentration in Cellular and Molecular Biology	198
Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in Physical Activity and Fitness Management / Pre-Occupational Therapy (SRU) (3+3)	136	Biology, Bachelor of Science (BS) - Concentration in Cellular and Molecular Biology - Concentration in Bioinformatics	201
Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in Physical Activity and Fitness Management / Pre-Occupational Therapy (SRU) (Traditional)	140	Biology, Bachelor of Science (BS) - Concentration in Conservation Biology	205
Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in School Wellness Education	143	Biology, Bachelor of Science (BS) - Concentration in Histotechnology	208
Living Well, Certificate	147	Biology, Bachelor of Science (BS) - Concentration in Integrative Biology	210
Physical Education - Coaching, Minor	147	Biology, Bachelor of Science (BS) - Concentration in Integrative Biology / Pre-Master of Education (7-12)	213
Wellness, Minor	148	Biology, Bachelor of Science (BS) - Concentration in Medical Technology	217
Secondary Education/Foundations of Education	149	Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions	220
Middle Level Education, Minor	149	Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Antigua Medicine (4+4)	224
Middle-Level English/Language Arts (4-8), Bachelor of Science in Education (BSED)	150	Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Chiropractic (Logan) (3+3)	228
Middle-Level Math (4-8), Bachelor of Science in Education (BSED)	153	Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Chiropractic (Palmer) (3+3)	230
Middle-Level Science (4-8), Bachelor of Science in Education (BSED)	157	Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Dental (LECOM) (4+4)	233

Biology, Bachelor of Science (BS) - Concentration In Pre-Health Professions / Pre-Dental (WVU) (4+4)	237	Computing, Bachelor of Science (BS) - Concentration in Computing Analytics	298
Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Osteopathy (LECOM) (4+4)	240	Computing, Bachelor of Science (BS) - Concentration in Computing Analytics/Advanced Piloting (CCBC)	301
Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Physical Therapy (SRU) (3+3)	244	Computing, Bachelor of Science (BS) - Concentration in Computing Analytics/Professional Pilot (CCBC)	301
Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Physical Therapy (SRU) (Traditional)	248	Computing, Bachelor of Science (BS) - Concentration in Information Technology	301
Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Physician Assistant (SRU) (3+2)	251	Computing, Bachelor of Science (BS) - Concentration in Information Technology/Advanced Piloting (CCBC)	304
Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Physician Assistant (SRU) (Traditional)	255	Computing, Bachelor of Science (BS) - Concentration in Information Technology/Professional Pilot (CCBC)	304
Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Podiatry (LECOM) (4+4)	259	Computing, Minor	304
Biology, Minor	262	Cybersecurity, Bachelor of Science (BS) - Concentration in Secure Software Development	305
Marine Science, Minor	263	Cybersecurity, Bachelor of Science (BS) - Concentration in Secure Software Development/Advanced Piloting (CCBC)	308
Chemistry	264	Cybersecurity, Bachelor of Science (BS) - Concentration in Secure Software Development/Professional Pilot (CCBC)	308
Chemistry, Bachelor of Arts (BA)	264	Cybersecurity, Bachelor of Science (BS) - Concentration in Security Governance	308
Chemistry, Bachelor of Science (BS)	267	Cybersecurity, Bachelor of Science (BS) - Concentration in Security Governance/Advanced Piloting (CCBC)	311
Chemistry, Bachelor of Science (BS) - Concentration in Biochemistry	270	Cybersecurity, Bachelor of Science (BS) - Concentration in Security Governance/Professional Pilot (CCBC)	311
Chemistry, Bachelor of Science (BS) - Concentration in Chemistry Education	274	Cybersecurity, Minor	312
Chemistry, Bachelor of Science (BS) - Concentration in Health Sciences	277	Health Informatics, Minor	312
Chemistry, Bachelor of Science (BS) / Pre-Pharmacy (Duquesne) (3+4)	280	Engineering	313
Chemistry, Bachelor of Science (BS) / Pre-Pharmacy (LECOM) (3+3)	283	Civil Engineering, Bachelor of Science (BS)	313
Chemistry, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (3+2)	286	Construction Management, Bachelor of Science (BS)	316
Chemistry, Minor	290	Electrical and Computer Engineering, Bachelor of Science (BS)	318
Chemistry, Pre-Pharmacy (Duquesne) (2+4)	290	Electrical and Computer Engineering, Bachelor of Science (BS)/Advanced Piloting (CCBC)	321
Computer Science	293	Electrical and Computer Engineering, Bachelor of Science (BS)/Professional Pilot (CCBC)	321
Big Data Science, Certificate	293	Industrial and Systems Engineering, Bachelor of Science (BS)	321
Computing, Bachelor of Science (BS) - Concentration in Computer Science	293	Industrial and Systems Engineering, Bachelor of Science (BS)/Advanced Piloting (CCBC)	324
Computing, Bachelor of Science (BS) - Concentration in Computer Science with Concentration in Bioinformatics	296	Industrial and Systems Engineering, Bachelor of Science (BS)/Professional Pilot (CCBC)	324
Computing, Bachelor of Science (BS) - Concentration in Computer Science/Advanced Piloting (CCBC)	298	Mechanical Engineering, Bachelor of Science (BS)	327
Computing, Bachelor of Science (BS) - Concentration in Computer Science/Professional Pilot (CCBC)	298	Mechanical Engineering, Bachelor of Science (BS)/Advanced Piloting (CCBC)	329
		Mechanical Engineering, Bachelor of Science (BS)/Professional Pilot (CCBC)	329

Petroleum and Natural Gas Engineering, Bachelor of Science (BS)	330
Environmental Geosciences	332
Environmental Geoscience, Bachelor of Arts (BA)	333
Environmental Geoscience, Bachelor of Science (BA) / Pre-Master of Education	336
Environmental Geoscience, Bachelor of Science (BS) - Concentration in Applied Geographic Technology	340
Environmental Geoscience, Bachelor of Science (BS) - Concentration in Environmental Policy	343
Environmental Geoscience, Bachelor of Science (BS) - Concentration in Environmental Science	345
Environmental Geoscience, Bachelor of Science (BS) - Concentration in Geography	348
Environmental Geoscience, Bachelor of Science (BS) - Concentration in Geology	351
Environmental Science, Minor	354
Environmental Studies, Minor	355
Geographic Information Science, Certificate	356
Geographic Information Technology, Minor	356
Geology, Minor	357
Geophysics, Minor	358
Meteorology, Minor	358
Sustainability, Certificate	359
Homeland Security and Corporate Security	360
Corporate Security, Bachelor of Science (BS) - Concentration in Fraud	360
Corporate Security, Bachelor of Science (BS) - Concentration in Organizational Security	362
Corporate Security, Bachelor of Science (BS) - Concentration in Organizational Security/Advanced Piloting (CCBC)	365
Corporate Security, Bachelor of Science (BS) - Concentration in Organizational Security/Professional Pilot (CCBC)	365
Fraud, Certificate	365
Fraud, Minor	366
Homeland Security, Bachelor of Science (BS)	366
Homeland Security, Bachelor of Science (BS)/Advanced Piloting (CCBC)	369
Homeland Security, Bachelor of science (BS)/Professional Pilot (CCBC)	369
Homeland Security, Certificate	369
Homeland Security, Minor	370
Organizational Security, Certificate	370
Organizational Security, Minor	371
Mathematics and Statistics	371
Actuarial Science, Minor	371

Elementary School Mathematics, Minor	372
Mathematics, Bachelor of Science (BS) - Concentration in Actuarial Science	373
Mathematics, Bachelor of Science (BS) - Concentration in Mathematical Science	375
Mathematics, Bachelor of Science (BS) - Concentration in Secondary Education	377
Mathematics, Bachelor of Science (BS) - Concentration in Statistics	379
Mathematics, Minor	381
Middle School Mathematics, Minor	381
Secondary School Mathematics, Minor	382
Statistics, Minor	383
Parks and Resource Management	384
Environmental Communication and Heritage Interpretation, Minor	384
Park & Resource Management, Bachelor of Science (BS)	385
Physics	387
Physics, Bachelor of Science (BS) - Concentration in Computational Physics	388
Physics, Bachelor of Science (BS) - Concentration in Engineering Physics	390
Physics, Bachelor of Science (BS) - Pre-Master of Education (7-12)	392
Physics, Bachelor of Science (BS) / Pre-Engineering (Pitt) (3+2)	394
Physics, Minor	396
College of Health Professions	396
Exercise Science	397
Exercise Science, Bachelor of Science (BS)	397
Exercise Science, Bachelor of Science (BS) / Pre-Athletic Training (SRU) (3+2)	400
Exercise Science, Bachelor of Science (BS) / Pre-Athletic Training (SRU) (Traditional)	404
Exercise Science, Bachelor of Science (BS) / Pre-Chiropractic (Logan) (3+3)	408
Exercise Science, Bachelor of Science (BS) / Pre-Chiropractic (Palmer) (3+3)	412
Exercise Science, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (3+3)	414
Exercise Science, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (Traditional)	418
Exercise Science, Bachelor of Science (BS) / Pre-Physical Therapy (SRU) (3+3)	422
Exercise Science, Bachelor of Science (BS) / Pre-Physical Therapy (SRU) (Traditional)	426

Exercise Science, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (3+2)	430
Exercise Science, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (Traditional)	435
Healthcare Administration and Management	439
HCAM, Bachelor of Science (BS) - Concentration in Financial Management	439
HCAM, Bachelor of Science (BS) - Concentration in Information Systems	442
HCAM, Bachelor of Science (BS) - Concentration in Leadership	445
HCAM, Bachelor of Science (BS) - Concentration in Leadership - Online	449
HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Occupational Therapy (SRU) (3+3)	450
HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Occupational Therapy (SRU) (Traditional)	455
HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Physical Therapy (SRU) (3+3)	458
HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Physical Therapy (SRU) (Traditional)	462
HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Physician Assistant (SRU) (3+2)	464
HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Physician Assistant (SRU) (Traditional)	469
HCAM, Bachelor of Science (BS) - Concentration in Legal Environment	472
HCAM, Bachelor of Science (BS) - Concentration in Long-Term Care	475
HCAM, Bachelor of Science (BS) - Concentration in Marketing and Sales	478
HCAM, Bachelor of Science (BS) - Concentration in Medical Device Sales	481
HCAM, Bachelor of Science (BS) - Concentration in Quality and Risk Management	485
HCAM, Minor	488
Nursing	489
Nursing, Bachelor of Science in Nursing (BSN) (RN-BSN)	489
Pre-Nursing, Bachelor of Science in Nursing (BSN) (AHN)	490
Pre-Nursing, Bachelor of Science in Nursing (BSN) (CCBC)	493
Psychology	495
Psychology, Bachelor of Arts (BA)	495
Psychology, Bachelor of Science (BS)	498

Psychology, Bachelor of Science (BS) - Concentration in Developmental	501
Psychology, Bachelor of Science (BS) - Concentration in Neuroscience	505
Psychology, Bachelor of Science (BS) - Concentration in Neuroscience / Pre-Physician Assistant (SRU) (Traditional)	508
Psychology, Bachelor of Science (BS) / Counseling Psychology w/Chatham University (MSCP), Accelerated	511
Psychology, Bachelor of Science (BS) / Pre-Counseling (SRU) (3+3)	514
Psychology, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (3+3)	517
Psychology, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (Traditional)	521
Psychology, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (3+2)	524
Psychology, Bachelor of Science (BS) / Pre-Student Affairs (SRU) (3+2)	528
Psychology, Bachelor of Science (BS) / Psychology w/Chatham University (MAP), Accelerated	531
Psychology, Minor	534
Public Health	535
Gerontology, Minor	535
Health Science - Public Health, Bachelor of Science (BS)	536
Health Science - Public Health, Bachelor of Science (BS) / Pre-Master of Public Health (SRU) (3+2)	539
Health Science - Public Health, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (3+3)	541
Health Science - Public Health, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (Traditional)	545
Health Science - Public Health, Bachelor of Science (BS) / Pre-Physical Therapy (SRU) (3+3)	548
Health Science - Public Health, Bachelor of Science (BS) / Pre-Physical Therapy (SRU) (Traditional)	552
Health Science - Public Health, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (3+2)	555
Health Science - Public Health, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (Traditional)	558
Public Health, Minor	562
Recreational Therapy	563
Animal Assisted Interventions, Minor	563
Recreational Therapy, Bachelor of Science (BS)	563
Recreational Therapy, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (3+3)	566
Recreational Therapy, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (Traditional)	570

Recreational Therapy, Bachelor of Science (BS) / Pre-Physical Therapy (SRU) (3+3)	573	Art: Metalsmithing, Certificate	631
Recreational Therapy, Bachelor of Science (BS) / Pre-Physical Therapy (SRU) (Traditional)	576	Art: Painting, Certificate	632
Recreational Therapy, Minor	578	Art: Photography, Certificate	633
Social Work	579	Art: Printmaking, Certificate	633
Social Work, Bachelor of Science (BS)	579	Art: Sculpture, Certificate	634
Social Work, Minor	582	Nonprofit Management in Art, Minor	635
College of Liberal Arts	583	Criminology and Criminal Justice	635
Art	583	Criminal Justice and Spanish Cultural & Language Competency, Certificate	635
Art - Graphic Design for Communications Majors, Minor	583	Criminology and Criminal Justice, Bachelor of Arts (BA)	636
Art for Elementary Education Majors, Minor	584	Criminology and Criminal Justice, Bachelor of Arts (BA) - Concentration in Community Corrections	639
Art History, Minor	585	Criminology, Minor	642
Art, Bachelor of Arts (BA)	586	Forensics and Criminal Justice, Minor	643
Art, Bachelor of Fine Arts (BFA)	588	Dance	644
Art, Bachelor of Fine Arts (BFA) - Concentration in Ceramic Arts	591	Dance, Bachelor of Arts (BA)	644
Art, Bachelor of Fine Arts (BFA) - Concentration in Digital Media	594	Dance, Bachelor of Fine Arts (BFA) - Concentration in Dance Entrepreneurship	648
Art, Bachelor of Fine Arts (BFA) - Concentration in Drawing	597	Dance, Bachelor of Fine Arts (BFA) - Concentration in Performance and Choreography	651
Art, Bachelor of Fine Arts (BFA) - Concentration in Fiber Arts	600	Dance: Pedagogy, Minor	655
Art, Bachelor of Fine Arts (BFA) - Concentration in Graphic Design	603	Dance: Performance, Minor	656
Art, Bachelor of Fine Arts (BFA) - Concentration in K-12 Art Teacher Preparation	606	English	657
Art, Bachelor of Fine Arts (BFA) - Concentration in Metalsmithing	610	Creative Writing and Book Arts, Certificate	657
Art, Bachelor of Fine Arts (BFA) - Concentration in Painting	612	English Literature, Bachelor of Arts (BA) - Concentration in Language and Literature	657
Art, Bachelor of Fine Arts (BFA) - Concentration in Photography	615	English Literature, Bachelor of Arts (BA) - Concentration in Literary, Film, and Cultural Studies	660
Art, Bachelor of Fine Arts (BFA) - Concentration in Printmaking	618	English Writing, Bachelor of Science (BS) - Concentration in Creative Writing	663
Art, Bachelor of Fine Arts (BFA) - Concentration in Psychology	621	English Writing, Bachelor of Science (BS) - Concentration in Professional Writing	667
Art, Bachelor of Fine Arts (BFA) - Concentration in Sculpture	624	Film and Media Studies, Minor	669
Art, Minor	627	Literature, Minor	670
Art: Ceramics, Certificate	628	Writing, Minor	671
Art: Digital Media, Certificate	628	Gender Studies	672
Art: Drawing, Certificate	629	Gender Studies, Minor	672
Art: Fiber Art, Certificate	630	Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Gender and Diversity Studies	672
Art: Graphic Design, Certificate	631	History	674
		Applied History, Certificate	674
		European History, Minor	675
		General History, Minor	676
		History, Bachelor of Arts (BA)	676

Non-Western History, Minor	680	Global Learning and Cultural Competence - Professional Spanish, Certificate	709
United States History, Minor	680	Latin American Studies, Certificate	710
Interdisciplinary Programs	681	Middle Eastern Studies, Certificate	710
Anthropology, Minor	681	Modern Languages and Cultures, Bachelor of Arts (BA) - Concentration in Cultural Area Studies	711
Diversity and Inclusion, Certificate	682	Modern Languages and Cultures, Bachelor of Arts (BA) - Concentration in French	714
Hispanic Serving Non-Profit Organizations, Certificate	683	Modern Languages and Cultures, Bachelor of Arts (BA) - Concentration in Professional French	717
Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Anthropology	683	Modern Languages and Cultures, Bachelor of Arts (BA) - Concentration in Spanish	720
Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Cognitive Science	685	Modern Languages and Cultures, Bachelor of Arts (BA) - Concentration in Professional Spanish	723
Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Cultural Area Studies	687	Professional French, Minor	726
Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Leadership Studies	689	Professional Japanese, Minor	726
Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Leadership Studies - Online Degree Completion Program	691	Professional Spanish, Minor	727
Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Liberal Arts	692	Spanish Language & Cultural Awareness for Healthcare, Certificate	727
Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Liberal Arts - Online Degree Completion Program	694	Spanish, Minor	728
Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Philanthropy and Nonprofit Management	695	Music	729
Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Philanthropy and Nonprofit Management - Online Degree Completion Program	697	Chamber Music Performance, Minor	729
Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Sociology	699	Commercial Music, Bachelor of Arts (BA)	729
Managing Nonprofit Organizations Serving the LGBTQIA+ Community, Certificate	700	Culturally Relevant and Sustaining Music Education, Certificate	733
Philanthropy and Non-Profit Management, Certificate	701	Music and Wellness, Minor	734
Philanthropy and Nonprofit Management, Minor	701	Music Education (PreK-12), Bachelor of Music (BM)	735
Re-Entry Nonprofit Organization, Certificate	702	Music Education, Minor	741
Sociology, Minor	702	Music Education: Early Childhood, Minor	742
Writing for the Nonprofit Sector, Certificate	703	Music Education: Marching Arts, Minor	743
Leadership	703	Music History, Minor	745
Cognitive Science, Minor	703	Music Performance, Bachelor of Music (BM)	746
Leadership, Minor	704	Music Therapy, Bachelor of Music (BM)	750
Modern Languages	706	Music Therapy, Bachelor of Music (BM) - Pre-Master of Music Therapy (SRU) (3+2)	756
Arabic, Minor	706	Music, Bachelor of Arts (BA)	760
Asian Studies, Certificate	707	Music, Minor	764
Asian Studies, Minor	707	Music-Voice, Minor	765
French, Minor	708	Philosophy	766
Global Learning and Cultural Competence - Japanese Studies, Certificate	709	Ethics, Minor	770
		Humanities and Health, Certificate	770
		Philosophy, Bachelor of Arts (BA)	771
		Philosophy, Bachelor of Arts (BA) - Concentration in Career-Related	773
		Philosophy, Minor	775

Political Science	776	Cybersecurity (CYBR)	893
American Politics, Minor	776	Dance (DANC)	894
Comparative Politics/International Relations, Minor	777	Economics (ECON)	901
International Affairs, Minor	778	Electrical and Computer Engineering (ECSE)	904
Political Science, Bachelor of Arts (BA) - Concentration in General Political Science	779	Elementary Education/Early Childhood (ELEC)	906
Political Science, Bachelor of Arts (BA) - Concentration in International Politics	781	Engineering (ENGR)	913
Political Science, Bachelor of Arts (BA) - Concentration in Law and Politics	783	English (ENGL)	916
Political Science, Bachelor of Arts (BA) - Concentration in Public Policy	786	English as a Second Language (ESL)	924
Political Science, Minor	788	Environmental Geoscience (EVGE)	927
Theatre	789	Environmental Science (EVSC)	932
Acting, Bachelor of Fine Arts (BFA) - Concentration in Acting	789	Exercise Science (EXER)	933
Acting, Bachelor of Fine Arts (BFA) - Concentration in Musical Theatre	792	Exploratory Studies and Academic Progress (ESAP)	938
Theatre Arts Management, Certificate	795	Finance (FINA)	940
Theatre, Bachelor of Arts (BA) - Concentration in Acting	797	French (FREN)	942
Theatre, Bachelor of Arts (BA) - Concentration in Design & Technology	800	Gender Studies (GNDR)	946
Theatre, Bachelor of Arts (BA) - Concentration in Theatre Arts Management	803	Geography/Environmental Studies (GES)	948
Theatre, Bachelor of Arts (BA) - Concentration in Theatre Studies	806	German (GERM)	953
Theatre, Minor	809	Gerontology (GERT)	955
Academic Programs and Units	810	Health Care Administration & Management (HCAM)	957
Faculty	811	Health Science-Public Health (HLTH)	960
Course Descriptions	833	Health Service Administration (HSA)	964
Accounting (ACCT)	834	History (HIST)	965
American Sign Language (ASL)	838	Homeland Security (HSS)	972
Arab (ARAB)	838	Honors (HONR)	975
Art (ART)	840	Hospitality, Event Management & Tourism (HEMT)	976
Biology (BIOL)	854	Industrial & Systems Engineering (ISE)	979
Chemistry (CHEM)	863	Interdisciplinary Programs (INDP)	982
Chinese (CHIN)	868	Italian (ITAL)	986
Civil Engineering (CIVL)	869	Japanese (JAPN)	987
Computer Science (CPSC)	872	Korean (KORN)	989
Construction Management (COMG)	879	Leadership (LEAD)	990
Corporate Security (CSS)	881	Library Science (LIBR)	993
Counseling & Development (CDEV)	885	Management (MGMT)	994
Criminology & Criminal Justice (CRIM)	886	Management Information Systems (MIS)	998
Curriculum, Instruction, and Educational Leadership (CIEL) ...	891	Marine Science (MRSC)	1001
		Marketing (MKTG)	1006
		Mathematics (MATH)	1009
		Mechanical Engineering (MECH)	1015
		Military Science (MLSC)	1017
		Modern Languages (MODL)	1020
		Music (MUSI)	1021
		Nursing (NURS)	1054

Parks & Conservation (PCRM)	1057	Dean of Students Office, Accessibility/Disability Services	1157
Parks & Recreation (PREE)	1061	Dining Services	1157

Slippery Rock, Pennsylvania 16057-1326

1-800-SRU-9111

Rock Solid Education

Produced under the supervision of Slippery Rock University's division of Academic Affairs. This catalog contains requirements, regulations, and descriptions that are subject to change at any time. Slippery Rock University specifically reserves the right and authority to alter and amend any and all requirements contained herein. The educational policies and procedures are reviewed and changed continually in keeping with the educational mission of the university. Consequently, this document is intended to be used only as an informational guide. Students are responsible for keeping informed of official policies and regulations and for meeting all appropriate requirements. Slippery Rock University of Pennsylvania is a member of Pennsylvania's State System of Higher Education

Respect for Individuals in the Community Statement

The statement states:

"Slippery Rock University provides an environment that respects, encourages, and promotes the talents and contributions of all. Slippery Rock University values a community with a shared sense of purpose, where people demonstrate mutual respect and appreciation. Slippery Rock University values diversity that honors and includes all persons regardless of age, creed, disability, ethnic heritage, gender, gender identity, race, religion, sexual orientation, or socioeconomic status in academic and extracurricular endeavor, in the working environment, and in the daily life of the university community."

Academic Programs

Majors

A

- Accounting Online, Bachelor of Science in Business Administration (BSBA) (p. 35)
- Accounting, Bachelor of Science in Business Administration (BSBA) (p. 37)
- Acting, Bachelor of Fine Arts (BFA) - Concentration in Acting (p. 789)
- Acting, Bachelor of Fine Arts (BFA) - Concentration in Musical Theatre (p. 792)
- Art, Bachelor of Arts (BA) (p. 586)
- Art, Bachelor of Fine Arts (BFA) (p. 588)
- Art, Bachelor of Fine Arts (BFA) - Concentration in Ceramic Arts (p. 591)

- Art, Bachelor of Fine Arts (BFA) - Concentration in Digital Media (p. 594)
- Art, Bachelor of Fine Arts (BFA) - Concentration in Drawing (p. 597)
- Art, Bachelor of Fine Arts (BFA) - Concentration in Fiber Arts (p. 600)
- Art, Bachelor of Fine Arts (BFA) - Concentration in Graphic Design (p. 603)
- Art, Bachelor of Fine Arts (BFA) - Concentration in K-12 Art Teacher Preparation (p. 606)
- Art, Bachelor of Fine Arts (BFA) - Concentration in Metalsmithing (p. 610)
- Art, Bachelor of Fine Arts (BFA) - Concentration in Painting (p. 612)
- Art, Bachelor of Fine Arts (BFA) - Concentration in Photography (p. 615)
- Art, Bachelor of Fine Arts (BFA) - Concentration in Printmaking (p. 618)
- Art, Bachelor of Fine Arts (BFA) - Concentration in Psychology (p. 621)
- Art, Bachelor of Fine Arts (BFA) - Concentration in Sculpture (p. 624)

B

- Biology, Bachelor of Arts (BA) (p. 190)
- Biology, Bachelor of Arts (BA) - Pre-Master of Education (7-12) (p. 194)
- Biology, Bachelor of Science (BS) - Concentration in Cellular and Molecular Biology (p. 198)
- Biology, Bachelor of Science (BS) - Concentration in Cellular and Molecular Biology - Concentration in Bioinformatics (p. 201)
- Biology, Bachelor of Science (BS) - Concentration in Conservation Biology (p. 205)
- Biology, Bachelor of Science (BS) - Concentration in Histotechnology (p. 208)
- Biology, Bachelor of Science (BS) - Concentration in Integrative Biology (p. 210)
- Biology, Bachelor of Science (BS) - Concentration in Integrative Biology / Pre-Master of Education (7-12) (p. 213)
- Biology, Bachelor of Science (BS) - Concentration in Medical Technology (p. 217)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions (p. 220)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Antigua Medicine (4+4) (p. 224)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Chiropractic (Logan) (3+3) (p. 228)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Chiropractic (Palmer) (3+3) (p. 230)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Dental (LECOM) (4+4) (p. 233)
- Biology, Bachelor of Science (BS) - Concentration In Pre-Health Professions / Pre-Dental (WVU) (4+4) (p. 237)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Osteopathy (LECOM) (4+4) (p. 240)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Physical Therapy (SRU) (3+3) (p. 244)

- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Physical Therapy (SRU) (Traditional) (p. 248)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Physician Assistant (SRU) (3+2) (p. 251)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Physician Assistant (SRU) (Traditional) (p. 255)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Podiatry (LECOM) (4+4) (p. 259)
- Business Undeclared (p. 43)

C

- Chemistry, Bachelor of Arts (BA) (p. 264)
- Chemistry, Bachelor of Science (BS) (p. 267)
- Chemistry, Bachelor of Science (BS) - Concentration in Biochemistry (p. 270)
- Chemistry, Bachelor of Science (BS) - Concentration in Chemistry Education (p. 274)
- Chemistry, Bachelor of Science (BS) - Concentration in Health Sciences (p. 277)
- Chemistry, Bachelor of Science (BS) / Pre-Pharmacy (Duquesne) (3+4) (p. 280)
- Chemistry, Bachelor of Science (BS) / Pre-Pharmacy (LECOM) (3+3) (p. 283)
- Chemistry, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (3+2) (p. 286)
- Chemistry, Pre-Pharmacy (Duquesne) (2+4) (p. 290)
- Civil Engineering, Bachelor of Science (BS) (p. 313)
- Commercial Music, Bachelor of Arts (BA) (p. 729)
- Computing, Bachelor of Science (BS) - Concentration in Computer Science (p. 293)
- Computing, Bachelor of Science (BS) - Concentration in Computer Science with Concentration in Bioinformatics (p. 296)
- Computing, Bachelor of Science (BS) - Concentration in Computer Science/Advanced Piloting (CCBC) (p. 298)
- Computing, Bachelor of Science (BS) - Concentration in Computer Science/Professional Pilot (CCBC) (p. 298)
- Computing, Bachelor of Science (BS) - Concentration in Computing Analytics (p. 298)
- Computing, Bachelor of Science (BS) - Concentration in Computing Analytics/Advanced Piloting (CCBC) (p. 301)
- Computing, Bachelor of Science (BS) - Concentration in Computing Analytics/Professional Pilot (CCBC) (p. 301)
- Computing, Bachelor of Science (BS) - Concentration in Information Technology (p. 301)
- Computing, Bachelor of Science (BS) - Concentration in Information Technology/Advanced Piloting (CCBC) (p. 304)
- Computing, Bachelor of Science (BS) - Concentration in Information Technology/Professional Pilot (CCBC) (p. 304)
- Construction Management, Bachelor of Science (BS) (p. 316)
- Corporate Security, Bachelor of Science (BS) - Concentration in Fraud (p. 360)
- Corporate Security, Bachelor of Science (BS) - Concentration in Organizational Security (p. 362)
- Corporate Security, Bachelor of Science (BS) - Concentration in Organizational Security/Advanced Piloting (CCBC) (p. 365)

- Corporate Security, Bachelor of Science (BS) - Concentration in Organizational Security/Professional Pilot (CCBC) (p. 365)
- Criminology and Criminal Justice, Bachelor of Arts (BA) (p. 636)
- Criminology and Criminal Justice, Bachelor of Arts (BA) - Concentration in Community Corrections (p. 639)
- Cybersecurity, Bachelor of Science (BS) - Concentration in Secure Software Development (p. 305)
- Cybersecurity, Bachelor of Science (BS) - Concentration in Secure Software Development/Advanced Piloting (CCBC) (p. 308)
- Cybersecurity, Bachelor of Science (BS) - Concentration in Secure Software Development/Professional Pilot (CCBC) (p. 308)
- Cybersecurity, Bachelor of Science (BS) - Concentration in Security Governance (p. 308)
- Cybersecurity, Bachelor of Science (BS) - Concentration in Security Governance/Advanced Piloting (CCBC) (p. 311)
- Cybersecurity, Bachelor of Science (BS) - Concentration in Security Governance/Professional Pilot (CCBC) (p. 311)

D

- Dance, Bachelor of Arts (BA) (p. 644)
- Dance, Bachelor of Fine Arts (BFA) - Concentration in Dance Entrepreneurship (p. 648)
- Dance, Bachelor of Fine Arts (BFA) - Concentration in Performance and Choreography (p. 651)

E

- Early Childhood Education (PK-4), Bachelor of Science in Education (BSED) (p. 116)
- Early Childhood Education (PK-4), Bachelor of Science in Education (BSED) - Concentration in International Education (p. 120)
- Early Childhood Education (PK-4)/Special Education (PK-12), Bachelor of Science in Education (BSED) (p. 174)
- Early Childhood Education (PK-4)/Special Education (PK-12), Bachelor of Science in Education (BSED) - Concentration in International Education (p. 178)
- Economics, Bachelor of Science in Business Administration (BSBA) (p. 46)
- Electrical and Computer Engineering, Bachelor of Science (BS) (p. 318)
- Electrical and Computer Engineering, Bachelor of Science (BS)/Advanced Piloting (CCBC) (p. 321)
- Electrical and Computer Engineering, Bachelor of Science (BS)/Professional Pilot (CCBC) (p. 321)
- English Literature, Bachelor of Arts (BA) - Concentration in Language and Literature (p. 657)
- English Literature, Bachelor of Arts (BA) - Concentration in Literary, Film, and Cultural Studies (p. 660)
- English Writing, Bachelor of Science (BS) - Concentration in Creative Writing (p. 663)
- English Writing, Bachelor of Science (BS) - Concentration in Professional Writing (p. 667)
- Environmental Geoscience, Bachelor of Arts (BA) (p. 333)
- Environmental Geoscience, Bachelor of Science (BA) / Pre-Master of Education (p. 336)
- Environmental Geoscience, Bachelor of Science (BS) - Concentration in Applied Geographic Technology (p. 340)

- Environmental Geoscience, Bachelor of Science (BS) - Concentration in Environmental Policy (p. 343)
- Environmental Geoscience, Bachelor of Science (BS) - Concentration in Environmental Science (p. 345)
- Environmental Geoscience, Bachelor of Science (BS) - Concentration in Geography (p. 348)
- Environmental Geoscience, Bachelor of Science (BS) - Concentration in Geology (p. 351)
- Exercise Science, Bachelor of Science (BS) (p. 397)
- Exercise Science, Bachelor of Science (BS) / Pre-Athletic Training (SRU) (3+2) (p. 400)
- Exercise Science, Bachelor of Science (BS) / Pre-Athletic Training (SRU) (Traditional) (p. 404)
- Exercise Science, Bachelor of Science (BS) / Pre-Chiropractic (Logan) (3+3) (p. 408)
- Exercise Science, Bachelor of Science (BS) / Pre-Chiropractic (Palmer) (3+3) (p. 412)
- Exercise Science, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (3+3) (p. 414)
- Exercise Science, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (Traditional) (p. 418)
- Exercise Science, Bachelor of Science (BS) / Pre-Physical Therapy (SRU) (3+3) (p. 422)
- Exercise Science, Bachelor of Science (BS) / Pre-Physical Therapy (SRU) (Traditional) (p. 426)
- Exercise Science, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (3+2) (p. 430)
- Exercise Science, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (Traditional) (p. 435)

F

- Finance, Bachelor of Science in Business Administration (BSBA) (p. 51)

H

- HCAM, Bachelor of Science (BS) - Concentration in Financial Management (p. 439)
- HCAM, Bachelor of Science (BS) - Concentration in Information Systems (p. 442)
- HCAM, Bachelor of Science (BS) - Concentration in Leadership (p. 445)
- HCAM, Bachelor of Science (BS) - Concentration in Leadership - Online (p. 449)
- HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Occupational Therapy (SRU) (3+3) (p. 450)
- HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Occupational Therapy (SRU) (Traditional) (p. 455)
- HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Physical Therapy (SRU) (3+3) (p. 458)
- HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Physical Therapy (SRU) (Traditional) (p. 462)
- HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Physician Assistant (SRU) (3+2) (p. 464)
- HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Physician Assistant (SRU) (Traditional) (p. 469)

- HCAM, Bachelor of Science (BS) - Concentration in Legal Environment (p. 472)
- HCAM, Bachelor of Science (BS) - Concentration in Long-Term Care (p. 475)
- HCAM, Bachelor of Science (BS) - Concentration in Marketing and Sales (p. 478)
- HCAM, Bachelor of Science (BS) - Concentration in Medical Device Sales (p. 481)
- HCAM, Bachelor of Science (BS) - Concentration in Quality and Risk Management (p. 485)
- Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in Physical Activity and Fitness Management (p. 127)
- Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in Physical Activity and Fitness Management / Pre-Athletic Training (SRU) (3+2) (p. 130)
- Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in Physical Activity and Fitness Management / Pre-Athletic Training (SRU) (Traditional) (p. 133)
- Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in Physical Activity and Fitness Management / Pre-Occupational Therapy (SRU) (3+3) (p. 136)
- Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in Physical Activity and Fitness Management / Pre-Occupational Therapy (SRU) (Traditional) (p. 140)
- Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in School Wellness Education (p. 143)
- Health Science - Public Health, Bachelor of Science (BS) (p. 536)
- Health Science - Public Health, Bachelor of Science (BS) / Pre-Master of Public Health (SRU) (3+2) (p. 539)
- Health Science - Public Health, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (3+3) (p. 541)
- Health Science - Public Health, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (Traditional) (p. 545)
- Health Science - Public Health, Bachelor of Science (BS) / Pre-Physical Therapy (SRU) (3+3) (p. 548)
- Health Science - Public Health, Bachelor of Science (BS) / Pre-Physical Therapy (SRU) (Traditional) (p. 552)
- Health Science - Public Health, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (3+2) (p. 555)
- Health Science - Public Health, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (Traditional) (p. 558)
- History, Bachelor of Arts (BA) (p. 676)
- Homeland Security, Bachelor of Science (BS) (p. 366)
- Homeland Security, Bachelor of Science (BS)/Advanced Piloting (CCBC) (p. 369)
- Homeland Security, Bachelor of science (BS)/Professional Pilot (CCBC) (p. 369)
- Hospitality and Tourism Management, Bachelor of Science (BS) (p. 56)

- Industrial and Systems Engineering, Bachelor of Science (BS) (p. 321)
- Industrial and Systems Engineering, Bachelor of Science (BS)/Advanced Piloting (CCBC) (p. 324)

- Industrial and Systems Engineering, Bachelor of Science (BS)/ Professional Pilot (CCBC) (p. 324)
- Information Systems, Bachelor of Science (BS) (p. 62)
- Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Anthropology (p. 683)
- Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Cognitive Science (p. 685)
- Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Cultural Area Studies (p. 687)
- Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Gender and Diversity Studies (p. 672)
- Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Leadership Studies (p. 689)
- Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Leadership Studies - Online Degree Completion Program (p. 691)
- Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Liberal Arts (p. 692)
- Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Liberal Arts - Online Degree Completion Program (p. 694)
- Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Philanthropy and Nonprofit Management (p. 695)
- Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Philanthropy and Nonprofit Management - Online Degree Completion Program (p. 697)
- Interdisciplinary Programs, Bachelor of Science (BS) - Concentration in Sociology (p. 699)

M

- Management, Bachelor of Science in Business Administration (BSBA) - Concentration in General Management (p. 68)
- Management, Bachelor of Science in Business Administration (BSBA) - Concentration in Human Resources (p. 71)
- Management, Bachelor of Science in Business Administration (BSBA) - Concentration in Supply Chain Management (p. 74)
- Management, Bachelor of Science in Business Administration (BSBA) - Online Degree Completion Program (p. 77)
- Marketing, Bachelor of Science in Business Administration (BSBA) (p. 80)
- Marketing, Bachelor of Science in Business Administration (BSBA) – Online Degree Completion Program (p. 83)
- Mathematics, Bachelor of Science (BS) - Concentration in Actuarial Science (p. 373)
- Mathematics, Bachelor of Science (BS) - Concentration in Mathematical Science (p. 375)
- Mathematics, Bachelor of Science (BS) - Concentration in Secondary Education (p. 377)
- Mathematics, Bachelor of Science (BS) - Concentration in Statistics (p. 379)
- Mechanical Engineering, Bachelor of Science (BS) (p. 327)
- Mechanical Engineering, Bachelor of Science (BS)/Advanced Piloting (CCBC) (p. 329)
- Mechanical Engineering, Bachelor of Science (BS)/Professional Pilot (CCBC) (p. 329)
- Middle-Level English/Language Arts (4-8), Bachelor of Science in Education (BSED) (p. 150)

- Middle-Level Math (4-8), Bachelor of Science in Education (BSED) (p. 153)
- Middle-Level Science (4-8), Bachelor of Science in Education (BSED) (p. 157)
- Middle-Level Social Studies (4-8), Bachelor of Science in Education (BSED) (p. 160)
- Modern Languages and Cultures, Bachelor of Arts (BA) - Concentration in Cultural Area Studies (p. 711)
- Modern Languages and Cultures, Bachelor of Arts (BA) - Concentration in French (p. 714)
- Modern Languages and Cultures, Bachelor of Arts (BA) - Concentration in Professional French (p. 717)
- Modern Languages and Cultures, Bachelor of Arts (BA) - Concentration in Spanish (p. 720)
- Modern Languages and Cultures, Bachelor of Arts (BA) - Concentration in Professional Spanish (p. 723)
- Music Education (PreK-12), Bachelor of Music (BM) (p. 735)
- Music Performance, Bachelor of Music (BM) (p. 746)
- Music Therapy, Bachelor of Music (BM) (p. 750)
- Music Therapy, Bachelor of Music (BM) - Pre-Master of Music Therapy (SRU) (3+2) (p. 756)
- Music, Bachelor of Arts (BA) (p. 760)

N

- Nursing, Bachelor of Science in Nursing (BSN) (RN-BSN) (p. 489)

P

- Park & Resource Management, Bachelor of Science (BS) (p. 385)
- Petroleum and Natural Gas Engineering, Bachelor of Science (BS) (p. 330)
- Philosophy, Bachelor of Arts (BA) (p. 771)
- Philosophy, Bachelor of Arts (BA) - Concentration in Career-Related (p. 773)
- Physics, Bachelor of Science (BS) - Concentration in Computational Physics (p. 388)
- Physics, Bachelor of Science (BS) - Concentration in Engineering Physics (p. 390)
- Physics, Bachelor of Science (BS) - Pre-Master of Education (7-12) (p. 392)
- Physics, Bachelor of Science (BS) / Pre-Engineering (Pitt) (3+2) (p. 394)
- Political Science, Bachelor of Arts (BA) - Concentration in General Political Science (p. 779)
- Political Science, Bachelor of Arts (BA) - Concentration in International Politics (p. 781)
- Political Science, Bachelor of Arts (BA) - Concentration in Law and Politics (p. 783)
- Political Science, Bachelor of Arts (BA) - Concentration in Public Policy (p. 786)
- Pre-Nursing, Bachelor of Science in Nursing (BSN) (AHN) (p. 490)
- Pre-Nursing, Bachelor of Science in Nursing (BSN) (CCBC) (p. 493)
- Psychology, Bachelor of Arts (BA) (p. 495)
- Psychology, Bachelor of Science (BS) (p. 498)
- Psychology, Bachelor of Science (BS) - Concentration in Developmental (p. 501)

- Psychology, Bachelor of Science (BS) - Concentration in Neuroscience (p. 505)
- Psychology, Bachelor of Science (BS) - Concentration in Neuroscience / Pre-Physician Assistant (SRU) (Traditional) (p. 508)
- Psychology, Bachelor of Science (BS) / Counseling Psychology w/ Chatham University (MSCP), Accelerated (p. 511)
- Psychology, Bachelor of Science (BS) / Pre-Counseling (SRU) (3+3) (p. 514)
- Psychology, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (3+3) (p. 517)
- Psychology, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (Traditional) (p. 521)
- Psychology, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (3+2) (p. 524)
- Psychology, Bachelor of Science (BS) / Pre-Student Affairs (SRU) (3+2) (p. 528)
- Psychology, Bachelor of Science (BS) / Psychology w/ Chatham University (MAP), Accelerated (p. 531)

R

- Recreational Therapy, Bachelor of Science (BS) (p. 563)
- Recreational Therapy, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (3+3) (p. 566)
- Recreational Therapy, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (Traditional) (p. 570)

- Writing for the Nonprofit Sector, Certificate (p. 703)

Rock Integrated Studies 2 Program

The Rock Integrated Studies 2 Program ("Rock Studies 2") at Slippery Rock University is the general education requirement for all undergraduate students in all majors at the University.

The purpose of a general education program is to introduce you to a broad range of knowledge in addition to the material you learn in your major. It includes 42 credits of the required 120 minimum credits required for graduation. There are three parts to the Rock Studies 2 program:

- The Rock
- Integrated Inquiry
- Thematic Threads

Educating students to be life-long learners is part of the mission of Slippery Rock University.

The Rock Studies 2 Program is unique as a general education program because it provides thematic interdisciplinary connections to guide you toward thinking critically and creatively, and to use knowledge from diverse places as they confront and analyze issues and problems.

The program under which you enter is the program that you will follow through to graduation. Students may not transfer between programs.

PROGRAM OUTCOMES:

1. Demonstrate knowledge of human cultures, diversity, and the physical and natural world, including:
 - a. the sciences;
 - b. mathematics;
 - c. social sciences;

- d. humanities;
 - e. history;
 - f. language; and
 - g. the arts.
2. Demonstrate intellectual and practical skills, including:
 - a. apply the processes of inquiry and analysis;
 - b. think critically;
 - c. think creatively;
 - d. develop and express ideas in writing;
 - e. develop and express ideas orally;
 - f. apply quantitative reasoning skills;
 - g. apply information literacy skills;
 - h. solve problems; and
 - i. extract meaning from written texts.
 3. Practice personal and social responsibility, including:
 - a. demonstrate knowledge of diverse experiences, cultures, and identities from a systemic perspective;
 - b. engage in ethical reasoning;
 - c. utilize foundations and skills for lifelong learning;
 - d. engage in global learning;
 - e. practice civic knowledge and engagement – local and global; and
 - f. digital literacy.
 4. Engage in integrative and applied learning.

Rock Studies 2 Program

ROCK STUDIES 2 PROGRAM REQUIREMENTS

The Rock Studies 2 Program at Slippery Rock University is the general education requirements for all academic majors for incoming freshman. Since some majors prescribe specific courses within each category, student should use this guide along with the curriculum guide and the My Rock Audit to make course selections in consultation with their adviser.

THE ROCK (15 CREDITS)

THE ROCK

Code	Title	Hours
SUBJ 139	Foundations of Academic Discovery ^{1,2}	3
ENGL 102	Critical Writing ¹	3
ENGL 104	Critical Reading ¹	3
MATH 117	Quantitative Reasoning ¹	3
Select one of the following:		3
COMM 200	Civil Discourse: Theory & Practice ¹	
PHIL 110	Ethics and Civil Discourse ¹	
POLI 235	Civil Discourse and Democracy ¹	

¹ The Rock courses graded on A, B, C, NC basis.

² Course cannot be taken in first major subject area; course is waived for transfer and readmitted students with 24 or more credits; repeats do not have to be from the same subject area.

INTEGRATED INQUIRY (15 CREDITS) ³ CREATIVE AND AESTHETIC INQUIRY (3 CREDITS)

Code	Title	Hours
ART 130	Visual Art Inquiry	3
DANC 130	Dance: Art and Culture	3
MUSI 130	Exploring Music	3
THEA 130	Art of Theatre	3

HUMANITIES INQUIRY (3 CREDITS)

Code	Title	Hours
ENGL 180	Society on the Screen	3
GNDR 180	Gender and Social Justice	3
HIST 180	Spotlight on the Past	3
MODL 180	Introduction to World Cultures	3
PHIL 180	Philosophical Inquiry	3

SOCIAL SCIENCE INQUIRY (3 CREDITS)

Code	Title	Hours
COMM 170	Communicology	3
CRIM 170	Crime: Why Do We Do It?	3
GES 170	Discover Geography	3
HSS 170	Lenses of Catastrophe	3
INDP 170	Making Sense of Our Social World	3
PHED 168	Physical Activity and Wellbeing in Society	3
POLI 170	Investigating Politics	3
SOWK 170	Cultural Competence and Social Change	3

NATURAL SCIENCES INQUIRY (3 CREDITS)

Code	Title	Hours
SCI 101	Science of Life	3

PHYSICAL SCIENCES INQUIRY (3 CREDITS)

Code	Title	Hours
SCI 102	Understanding the Physical World	3

³ May take Integrated Inquiry courses in first major subject area; repeats do not have to be from same subject area.

THEMATIC THREADS (12 CREDITS)

THEMATIC THREADS

- Students should declare a thread in consultation with their academic adviser.
- Six credits must be 300-level or above.
- No more than 4 credits from one subject area.
- Specific courses required in first major, regardless of prefix of course, cannot also be used to satisfy thread requirements.
- Any course with same prefix as student's first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.
- Courses can share with second majors /concentrations, minors, and certificates.
- Students may take more than one thread, but courses cannot be shared between threads.

- Citizenship and Social Problems (p. 20)
- Conservation, Technology and Imagination (p. 22)
- Cultural Literacy and Community Building (p. 23)
- Human Diversity and Well-Being (p. 25)
- Institutions and Human Innovation (p. 27)
- The United States in Global Context (p. 29)

IMPORTANT INFORMATION

POLICY AND PROCEDURE NOTES:

- Students must earn a total of 42 credits in Rock Studies 2 coursework.
- Students exempted from any Rock Studies 2 category must still earn a total of 42 credits in Rock Studies 2 coursework.
- Students may use Rock Studies Thematic Thread courses to complete a second major, minor, or certificate.
- Pass/No Credit courses may not be used to satisfy any Rock Studies 2 Requirement.
- Students who withdraw from the university and then return are responsible for the Rock Studies 2 requirements in effect the time of their return.

GRADUATION REQUIREMENTS:

- All undergraduate degree programs require a minimum of 120 credits.
- Thirty of the final 60 credits prior to graduation must be earned at SRU. In addition, individual departments may establish residency requirements for their majors and minors. Students should check with their academic adviser to determine the requirements for the academic program.
- Students must complete a minimum of 42 credits of Rock Studies 2 Coursework.
- All degrees require the completion of a minimum of 48 credit hours of upper division course work defined as any 100-or-200-level course with two or more 3-credit prerequisite courses (including sequential prerequisites, but not including basic competency courses or exams) and any 300- and 400-level courses. At least 24 of the 48 credits must be completed at Slippery Rock University.
- Bachelor of Arts degrees require language proficiency at the 103-class level. Exemption by placement or examination is offered.
- Students must complete at least 45 credits at SRU to be considered for Latin Honors at the point of graduation.
- Students who wish to earn two degrees must complete 150 credits, all requirements for both degrees, and meet the language requirement if one of the degrees is a BA. Students only need to meet the Rock Studies requirement for the first degree/major.

TRANSFER STUDENTS:

- New transfer students follow the Rock Studies 2 Program requirements beginning in Summer 2022.
- Transfer courses valued as a percentage: 2.33, 2.5, etc. may be used to meet requirements, however, students must still earn a total of 42 Rock Studies 2 credits.
- Students transferring 24 or more credits are exempt from Foundations of Academic Discovery.
- Transfer students must still earn a total of 42 credits in the Rock Studies 2 program, unless the criteria of general education

completion is met as defined in the Board of Governors Policy 1999-01-A The Student Transfer Policy.

DIVERSITY, EQUITY, AND INCLUSION (DEI):

All students must complete a course with the “DEI Diversity, Equity and Inclusion” attribute before they graduate from SRU. The DEI course can come from any department and can be used anywhere in your degree requirements.

BEGINNING ALGEBRA (ESAP 110):

All students must demonstrate competency through appropriate high school coursework or the ALEKS placement test. If competency is not met, students must complete Beginning Algebra and complete 123 credits for graduation.

READMITTED STUDENTS:

- Students readmitted to the university follow the Rock Studies 2 Program requirements.
- Students with at least 24 or more credits are exempt from Foundations of Academic Discovery.

Citizenship and Social Problems

This thread considers the complex needs and demands of different societies. Students will evaluate the effectiveness of policies at remedying social problems, and to see the connections between policies that prioritize multicultural inclusion and the existence of a healthy civil society. Some courses will connect past policies and practices to the ongoing effects of racism, homophobia, misogyny, classism, and/or other inequalities in contemporary society.

Thread Outcomes:

- Students will be able to analyze the complex needs and demands of disparate societies. (UG 02)
- Students will engage in integrative learning across the curriculum and co-curriculum, making simple connections among ideas and experiences to synthesizing and transferring learning to new, complex situations within and beyond the campus. (UG 05)
- Students will engage in applied learning across the curriculum and co-curriculum, making simple connections among ideas and experiences to synthesizing and transferring learning to new, complex situations within and beyond the campus. (UG 02)

- ³ Select one from: ART 205, ART 206, ART 207, ART 208, ART 209, ART 210, ART 211, ART 212, ART 213, ART 214
- * Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

Citizenship and Social Problems Thematic Thread (CISP)/CIM 116

Revised 07.01.2025

UCC: 04.01.2025

Conservation, Technology and Imagination

This thread examines the impact of changing technologies on social organization, culture, and human well-being. Some courses will explore the relationships between people and the non-human world through creative and/or scientific lenses. Other courses will explore technological and environmental challenges facing society and even develop imaginative responses.

Thread Outcomes:

- Students will be able to explain connections between conservation, technology, and imagination. (UG 02)
- Students will engage in integrative learning across the curriculum and co-curriculum, making simple connections among ideas and experiences to synthesizing and transferring learning to new, complex situations within and beyond the campus. (UG 05)
- Students will engage in applied learning across the curriculum and co-curriculum, making simple connections among ideas and experiences to synthesizing and transferring learning to new, complex situations within and beyond the campus. (UG 02)

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

Conservation, Technology & Imagination Thematic Thread (CTI)/CIM 129

Revised 02.02.2026

UCC: 04.01.2025

Cultural Literacy and Community Building

This thread identifies practices that promote cultural literacy and community building. Some courses will explore ways that institutional support for culture and creativity promote community strength. Other courses will make connections between the marginalization of communities and negative social outcomes or introduce students to the impact that external forces such as climate change or food insecurity have on communities and populations.

Thread Outcomes:

- Students will be able to explain practices that promote cultural literacy and community building. (UG 02)
- Students will engage in integrative learning across the curriculum and co-curriculum, making simple connections among ideas and experiences to synthesizing and transferring learning to new, complex situations within and beyond the campus. (UG 05)
- Students will engage in applied learning across the curriculum and co-curriculum, making simple connections among ideas and experiences to synthesizing and transferring learning to new, complex situations within and beyond the campus. (UG 02)

PASSHE - Pennsylvania State System of Higher Education Institutions

Cultural Literacy and Community Building Thematic Thread (CLCB)/CIM 138

Revised 07.01.2025

UCC: 04.01.2025

Human Diversity and Well-Being

This thread explores the importance of choices, decisions or activities that humans make which enhance our physical or emotional, mental well-being. Courses will explore the political, social, psychological, or biological identities that emerge, express themselves, and change in diverse settings. Across a range of disciplines, students will have opportunities to assess the past, present or future mental, social, economic, cultural or political challenges to individual and group identities.

Thread Outcomes:

- Students will be able to analyze connections between human diversity and well-being. (UG 02)
- Students will engage in integrative learning across the curriculum and co-curriculum, making simple connections among ideas and experiences to synthesizing and transferring learning to new, complex situations within and beyond the campus. (UG 05)
- Students will engage in applied learning across the curriculum and co-curriculum, making simple connections among ideas and experiences to synthesizing and transferring learning to new, complex situations within and beyond the campus. (UG 02)

PASSHE - Pennsylvania State System of Higher Education Institutions

Human Diversity and Well-Being Thematic Thread (HDWB)/CIM 116

Revised 07.01.2025

UCC: 04.01.2025

Institutions and Human Innovation

This thread explores a variety of human institutions across politics, the arts, economics and other aspects of societies. Students will be able to make connections between characteristics of human institutions and the broader societies that created them, evaluate relationships between institutional past practices and contemporary successes or failures in innovation, and analyze systemic structures that influence the relationships humans have with each other and with the natural world.

Thread Outcomes:

- Students will be able to identify a variety of human institutions across politics, the arts, economics and other aspects of societies. (UG 02)
- Students will engage in integrative learning across the curriculum and co-curriculum, making simple connections among ideas and experiences to synthesizing and transferring learning to new, complex situations within and beyond the campus. (UG 05)
- Students will engage in applied learning across the curriculum and co-curriculum, making simple connections among ideas and experiences to synthesizing and transferring learning to new, complex situations within and beyond the campus. (UG 02)

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

Institutions and Human Innovations Thematic Thread (IHI)/CIM 256

Revised 07.01.2025

UCC: 04.01.2025

The United States in Global Context

This thread examines the United States as a nation within a global context. Courses will expose students to the global influences on American arts, culture, and sciences, and offer a deeper understanding and appreciation of American civics, citizenship, and international heritage. Courses will examine major political and economic forces that shape America's relationships with its allies and adversaries and allow students to explore the challenges and opportunities of a globalized world.

thread OUTCOMES

1. Students will be able to analyze how the United States is positioned to meet the challenges and opportunities of a globalized world. (UG02)
2. Students will engage in integrative learning across the curriculum and co-curriculum, making simple connections among ideas and experiences to synthesizing and transferring learning to new, complex situations within and beyond the campus. (UG05)
3. Students will engage in applied learning across the curriculum and co-curriculum, making simple connections among ideas and experiences to

synthesizing and transferring learning to new, complex situations within and beyond the campus. (UG02)

Safety Management

Programs

Majors

- Safety Management, Bachelor of Science (BS) (p. 31)

Safety Management, Bachelor of Science (BS)

The Department of Safety Management offers a hands-on, practical, and applied Bachelor of Science Degree in Safety Management. The B.S. in Safety Management is designed to assure development of competencies which enable innovative approaches in the establishment and direction of comprehensive safety programs in educational, governmental, private business and industrial enterprises. Safety Management involves protecting and preserving people, property, productivity and the environment. The curriculum fosters an education that enables students to become responsible, knowledgeable and accountable safety professionals. The Bachelor of Science degree in Safety Management at Slippery Rock University meets the Board of Certified Safety Professionals (BCSP) requirements as a Qualified Academic Program (QAP). The Bachelor of Science degree in Safety Management is an Institute of Hazardous Materials Management (IHMM) Board approved Degree Program.

The Department of Safety Management also operates a National Resource Center-WVU OSHA Training Institute Education Center Host Site. As part of their coursework, students are required to pursue both

the OSHA 30 hour Construction and General Industry cards. The cards provide an additional valuable safety credential.

For Safety Management laboratory courses, the Department of Safety Management attempts to follow the recommendation of both the National Science Teachers Association (NSTA) and Laboratory Safety Institute (LSI) which is to have the lesser of 24 students per lab, and the design capacity of the room, or 55 sq. ft. per student for lecture/lab combo rooms and 45 sq. ft. per student for only lab rooms.

GPA Policy

- Once admitted to the Safety Management major, all students must maintain an overall GPA of 2.0 and a Major GPA of 2.0 in order to graduate with a Bachelor of Science Degree in Safety Management. It is solely the students' responsibility to monitor and meet this requirement.

Professional Certifications

Board of Certified Safety Professionals

Upon graduation (must apply within one year), Slippery Rock University Safety Majors are eligible for the Graduate Safety Practitioner (GSP) designation which waives the Associate Safety Professionals (ASP) examination and provides a pathway to the professional certification of a Certified Safety Professional (CSP). Upon four years of qualifying experience, Safety Management graduates are eligible to sit for the CSP examination. Accredited by the American Standards Institute and the National Council on Competency Assessment.

For additional information, visit: www.bcsp.org (<https://www.bcsp.org>)

The Institute of Hazardous Materials Management (IHMM)

The Bachelor of Science Degree in Safety Management is an IHMM approved Degree Program. Upon graduation, Slippery Rock University Safety Majors are eligible for the Associate Safety and Health Manager Certification (ASHM) designation since the examination is waived. The ASHM provides a pathway to the professional certification of a Certified Safety and Health Manager (CSHM). Upon two years of qualifying experience, Safety Management graduates are eligible to sit for the CSHM examination. Accredited by the Council of Engineering and Scientific Specialty Boards.

For additional information about the ASHM, visit: ihmm.org/ashm/ (<https://ihmm.org/ashm/>)

To set up an account, click here (https://online.ihmm.org/ihmmssa/f/?p=STDSSA:101:::P101_VC,P101_CONTEXT,CUST_CONTEXT,G_SUCCESS_URL::,,ssaa)

Internship Program

The internship offers students the opportunity to obtain firsthand experience in the work place. Students are provided the opportunity to apply concepts and techniques learned in the classroom to the workplace environment. The internship program is administered in cooperation with a variety of organizations, including government, industry, insurance, health care and other related enterprises. The internship is offered only during the summer term, with the majority of interns receiving compensation.

Contact the Department of Safety Management for the most current requirements.

Safety Management Department Attendance Policy

Attend and participate in class. There is no distinction between “excused and unexcused”. When you are absent from class, **you are absent**. It is your responsibility to find out what was covered that day. As a Safety major, in order to prepare you for a career as a professional Safety practitioner, you are expected to attend class regularly and promptly. Attendance Policy requirements are noted on course instruction syllabus.

Electronic Device Use In Class

Electronic devices such as cell phones, pagers, video games, etc. are not permitted on and must be put away during class. Student must obtain instructor’s permission to use a laptop or any word processing device in the classroom. Also, no tape recording of class unless permission is given by the instructor. Electronic device use requirements are noted on course instructor syllabus.

Program Learning Outcomes

- **Professional Interaction:** To interact and communicate with managerial, supervisory, labor and external public using a combination of communication, training, and technological skills for a clear exchange of ideas and information. These skills include: integrating different media in a variety of professional settings, using computers and other informational technology, using data, listening and comprehending the viewpoints of others, and effectively presenting information in oral and written formats. (UO 1, 2)
- **Professional Decision Making:** To use critical and creative thinking in preserving enterprise resources, solving problems, making decisions and gaining new insights in professional decision-making. These skills include: clarifying and justifying assumptions, reasoning with considerations of implications and consequences, inferring and drawing conclusions, and evaluating the historical, financial, legal and political decisions that impact on the safety function. (UO 2, 3, 4)
- **Professional Ethics and Responsibility:** To value the need for lifelong personal and professional development and mandate for ethical, responsible, and accountable professional practice or performance which includes a sensitivity to and affirmation of moral values in an evolving technologic and litigious society. (UO 8, 9)
- **Professional Competence and Application:** To synthesize the body of knowledge of safety and environmental management as a basis for the performance of the skills and abilities required for an entry-level professional. This ability includes applying research findings to assure currency in the practice and the advancement of theoretical knowledge and practice within the profession. (UO 5)

Accounting Online, Bachelor of Science in Business Administration (BSBA)

Program Learning Outcomes

- **Communication (UO 1):** Students graduating with a degree in business administration will demonstrate competency in oral and written communication skills. Students will:
 - Prepare in proper format and style the following documents: business report (one to two pages), business memo, research report and presentation.
 - Deliver an effective oral presentation on a business and/or professional topic.
- **Critical Thinking and Problem Solving (UO 2):** Students graduating with a degree in business administration will demonstrate effective critical thinking and problem solving skills. Students will:

- Apply critical thinking skills to analyze and interpret financial statements to judge business performance.
- Apply critical thinking skills using quantitative techniques for problem solving and strategic decision making.
- **Degree Program Writing Competency (UO 1):** Students will create written business and professional documents in appropriate style and format.
- **Ethics (UO 8):** Students graduating with a degree in business administration will have acquired the necessary skills and knowledge to meet professional competencies as business professionals and global citizens. Students will demonstrate:
 - An understanding of the history and vocabulary unique to business disciplines.
 - Knowledge of procedures, concepts, and technical business skills through practical application (forecasting, budgeting, financial statement analyses, business plans, strategic planning).
 - The ability to read and interpret financial statements in the decision-making process.
 - Effective team work and collaborative skills in a simulated business environment.
- **Information Technology (UO 10):** Students will demonstrate proficiency in the use of computers and software to manage information with statistical analysis, spreadsheet, database and other appropriate applications.
- **Professional Proficiency (UO 4):** Students graduating with a degree in business administration will have acquired the necessary skills and knowledge to meet professional competencies as business professionals and global citizens. Students will demonstrate:
 - An understanding of the history and vocabulary unique to accounting disciplines.
 - Knowledge of procedures, concepts, and technical accounting business skills through practical application (forecasting, budgeting, financial statement analyses, business plans, strategic planning).
 - The ability to read and interpret financial statements in the decision-making process.
 - Effective team work and collaborative skills in a simulated business environment.

Co-Curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. These opportunities can deepen and enhance the learning in accounting, economics and finance. In addition, there is a strong correlation between long-term student success and engagement in these opportunities:

1. Internships
2. Participation in student organizations
3. International study programs (short-term, semester, and year-long)
4. High-Impact Practice (HIP) designated classes
5. Student-faculty research
6. Student leadership development
7. Service-learning classes
8. Career education and development

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to

ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

ACCOUNTING - BSBA (2339)

This program is effective as of Spring 2025

Revised 07.23.2025

UCC 02.11.2025

Accounting, Bachelor of Science in Business Administration (BSBA)

The Accounting program at Slippery Rock University prepares students for success in the challenging and rewarding field of accounting.

The integrated curriculum focuses on the development of students' business and accounting skills and knowledge while enhancing their communication, teamwork, critical thinking, and problem solving skills as well as technological proficiency. Emphasis is placed on student learning through research and practical application as students prepare for the Uniform Certified Public Accountant Examination and careers in public accounting, government, and private industries. All candidates completing this program are eligible to sit for the Uniformed Certified Public Accountant Examination. Student professional growth is encouraged and enhanced through participation in the Student Accounting Society and the internship program in the School of Business.

In the classroom, accounting students are introduced to a variety of software programs used by accounting professionals that provide realistic application of accounting practices and procedures. This state-of-the-art learning center engages students in the learning process as they master accounting concepts, principles, and related procedures in an environment that simulates the workplace. The School of Business' accounting program is a step above the ordinary; it equips future accounting professionals with a unique set of marketable skills that sets them apart from their peers in the workplace.

Program Learning Outcomes:

- **Communication (UO 1):** Students graduating with a degree in business administration will demonstrate competency in oral and written communication skills. Students will:
 - Prepare in proper format and style the following documents: business report (one to two pages), business memo, research report and presentation.
 - Deliver an effective oral presentation on a business and/or professional topic.
- **Critical Thinking and Problem Solving (UO 2):** Students graduating with a degree in business administration will demonstrate effective critical thinking and problem solving skills. Students will:
 - Apply critical thinking skills to analyze and interpret financial statements to judge business performance.
 - Apply critical thinking skills using quantitative techniques for problem solving and strategic decision making.
- **Degree Program Writing Competency (UO 1):** Students will create written business and professional documents in appropriate style and format.
- **Ethics (UO 8):** Students graduating with a degree in business administration will have acquired the necessary skills and knowledge

to meet professional competencies as business professionals and global citizens. Students will demonstrate:

- An understanding of the history and vocabulary unique to business disciplines.
- Knowledge of procedures, concepts, and technical business skills through practical application (forecasting, budgeting, financial statement analyses, business plans, strategic planning).
- The ability to read and interpret financial statements in the decision-making process.
- Effective team work and collaborative skills in a simulated business environment.
- **Information Technology (UO 10):** Students will demonstrate proficiency in the use of computers and software to manage information with statistical analysis, spreadsheet, database and other appropriate applications.
- **Professional Proficiency (UO 4):** Students graduating with a degree in business administration will have acquired the necessary skills and knowledge to meet professional competencies as business professionals and global citizens. Students will demonstrate:
 - An understanding of the history and vocabulary unique to accounting disciplines.
 - Knowledge of procedures, concepts, and technical accounting business skills through practical application (forecasting, budgeting, financial statement analyses, business plans, strategic planning).
 - The ability to read and interpret financial statements in the decision-making process.
 - Effective team work and collaborative skills in a simulated business environment.

⁴ Accounting major should register for course section designated for Accounting majors only.

* Students are encouraged to take ESAP 101 as a Free Elective.

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Major Code: 2341
Revised: 09.23.2025

Accounting, Certificate

A Certificate in Accounting permits students interested in a career as a Certified Public Accountant who have a non-accounting bachelor's degree or are currently enrolled in a non-accounting bachelor degree program, to pursue a program of study that will prepare them for the Uniform Certified Public Accountant Examination. Students are required to have 150 hours

of college credit to receive CPA certification and licensure in the state of Pennsylvania. All candidates completing this program are eligible to sit for the Uniformed Certified Public Accountant Examination.

PROGRAM LEARNING OUTCOMES

Communication (UO 1): Students completing the minor will demonstrate competency in oral and written communication skills. Students will deliver an effective oral presentation on a business and/or professional topic.

Critical Thinking and Problem Solving (UO 2): Students completing the minor will demonstrate effective critical thinking and problem-solving skills. Students will apply critical thinking skills using quantitative techniques for problem solving and strategic decision making.

Ethics (UO 8): Students completing the minor will have acquired the necessary skills and knowledge to meet professional competencies as business professionals and global citizens. Students will demonstrate an understanding of the history and vocabulary unique to business disciplines.

Information Technology (UO 10): Students will demonstrate proficiency in the use of computers and software to manage information with statistical analysis, spreadsheet, database and other appropriate applications.

Professional Proficiency (UO 4): Students completing the minor will have acquired the necessary skills and knowledge to meet professional competencies as business professionals and global citizens. Students will demonstrate a knowledge of procedures, concepts, and technical accounting business skills through practical application (budgeting, financial statement analysis).

PROGRAM REQUIREMENT

The Certificate in Accounting will be awarded upon successful completion of approved coursework with a 2.0 GPA for all courses taken at SRU. Students must complete a minimum of 30 hours of coursework at SRU.

CPA exam candidates will design a program of study to include the following courses.

To access Certificate Requirements, please view the Curriculum Guide tab.

PASSHE - Pennsylvania State System of Higher Education Institutions

MINOR IN BUSINESS MANAGEMENT PRE MBA (51K)

For Non BSBA students

This program is effective as of Fall 2018.

Revised 07.24.2025

UCC 10.29.19

Business Undeclared

You will learn a strong foundation in business administration, as well as technical and practical skills in accounting, finance, economics, operations, international management, human resources management and marketing. You will improve your critical-thinking and problem-solving skills. This exploratory program allows you to learn about different business areas while you decide on your major. Students are encouraged to declare a major by their junior year.

PROGRAM LEARNING OUTCOMES

- Critical Thinking and Problem Solving:** Students graduating with a degree in business administration will demonstrate effective critical thinking and problem-solving skills. Students will:
 - Apply critical thinking skills to analyze and interpret financial statements to judge business performance.
 - Apply critical thinking skills using quantitative techniques for problem solving and strategic decision making

- **Communication:** Students graduating with a degree in business administration will demonstrate competency in oral and written communication skills. Students will:
 - Prepare in proper format and style the following documents: business report (one to two pages), business memo, research report and presentation.
 - Deliver an effective oral presentation on a business and/or professional topic.
- **Information Technology:** Students will demonstrate proficiency in the use of computers and software to manage information with statistical analysis, spreadsheet, database, and other appropriate applications.
- **Ethics:** Students graduating with a degree in business administration will demonstrate an understanding of the legal environment and ethical standards of business and an awareness of the implications of their behavior and actions as a business professional. Students will apply an appropriate framework for examining ethical dilemmas and be able to (1) identify ethical issues and stakeholders, (2) evaluate alternative course(s) of action, and (3) formulate an appropriate action plan.
- **Professional Proficiency:** Students graduating with a degree in business administration will have acquired the necessary skills and knowledge to meet professional competencies as business professionals and global citizens. Students will:
 - Demonstrate an understanding of the history and vocabulary unique to business disciplines.
 - Demonstrate knowledge of procedures, concepts, and technical business skills through practical application (forecasting, budgeting, financial statement analyses, business plans, strategic planning).
 - Demonstrate the ability to read and interpret financial statements in the decision-making process.
 - Demonstrate effective teamwork and collaborative skills in a simulated business environment.

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major Code: 2398

Revised: 09.23.2025

Economics, Bachelor of Science in Business Administration (BSBA)

A student pursuing a bachelor of science in business administration degree can choose to major in economics. Economics studies how markets allocate resources to promote our personal and collective well-being. It helps students develop a framework for understanding how events affect different markets for goods and services and how the aggregate functioning of the markets determine output, employment and prices. Students are also able to evaluate government policies designed to stabilize the economy, redistribute income, regulate industries and foster international trade.

Economics majors are encouraged to join both Omicron Delta Epsilon, an international honor society in economics, and the Economics, Finance and International Business Club. Both sponsor a variety of professional and social activities which allow students to enhance their out-of-classroom experience, develop a sense of professional common bond and group support among themselves and create a network with off-campus professionals.

All majors are encouraged to do an internship in the summer semester between their junior and senior year. Students may seek placements in their individual area of interest. Internships are available in the areas of banking, insurance, financial advising, financial services, and manufacturing and government. In today's market, employers often offer internships to attract qualified students to their firms.

Economics offers a broader view of the economy than other business related majors. The emphasis is on developing critical thinking and problem solving skills. Graduates are well prepared for careers in the public and private sector and receive an excellent background for furthering their education at graduate or professional schools.

Program Learning Outcomes

- **Communication: (U01)** Students graduating with a degree in business administration will demonstrate competency in oral and written communication skills. Students will:
 - Prepare in proper format and style the following documents: business report (one to two pages), business memo, research report and presentation.
 - Deliver an effective oral presentation on a business and/or professional topic.
- **Critical Thinking and Problem Solving: (U02)** Students graduating with a degree in business administration will demonstrate effective critical thinking and problem solving skills. Students will:
 - Apply critical thinking skills to analyze and interpret financial statements to judge business performance.
 - Apply critical thinking skills using quantitative techniques for problem solving and strategic decision making.

¹ Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

² Course counts for 50% of Major and Major GPA.

³ Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

- **Degree Program Writing Competency: (U05)** Students will create written business and professional documents in appropriate style and format.
- **Ethics: (U08)** Students graduating with a degree in business administration will have acquired the necessary skills and knowledge to meet professional competencies as business professionals and global citizens. Students will demonstrate:
 - An understanding of the history and vocabulary unique to business disciplines.
 - Knowledge of procedures, concepts, and technical business skills through practical application (forecasting, budgeting, financial statement analyses, business plans, strategic planning).
 - The ability to read and interpret financial statements in the decision-making process.
 - Effective team work and collaborative skills in a simulated business environment.
- **Information Technology: (U010)** Students will demonstrate proficiency in the use of computers and software to manage information with statistical analysis, spreadsheet, database and other appropriate applications.
- **Professional Proficiency: (U05)** Students graduating with a degree in business administration will have acquired the necessary skills and knowledge to meet professional competencies as business professionals and global citizens. Students will demonstrate:
 - An understanding of the history and vocabulary unique to business disciplines.
 - Knowledge of procedures, concepts, and technical business skills through practical application (forecasting, budgeting, financial statement analyses, business plans, strategic planning).
 - The ability to read and interpret financial statements in the decision-making process.
 - Effective team work and collaborative skills in a simulated business environment.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

MINOR IN ECONOMICS (16D)
This program is effective as of Summer 2017.
Revised 07.24.2025

Economics, Minor (Non BSBA Majors)

To access Minor Requirements, please view the Curriculum Guide tab.

A minor in economics offers students outside of the business program to gain a certification for proficiency in economics. Economics as a major has become more popular in the last decade and statistics report that majors enjoy earnings advantages over many other disciplines. Adding a minor will enable our students to participate in the robust market for economics. In addition, students interested in public policy, policy evaluation and the growing non-profit sector will benefit from more formal instruction in economics. The minor In economics develops analytical skills and could be very useful to those who want to pursue a graduate and/or professional degree.

PASSHE - Pennsylvania State System of Higher Education Institutions

Minor in Entrepreneurship (51P)/CIM554

Effective Spring 2026

UCC 07.24.2025

Revised: 07.11.2025

Finance, Bachelor of Science in Business Administration (BSBA)

A student pursuing a bachelor of science in business administration degree can choose to major in finance. Finance teaches students about the financial operations and financial management of firms. Students learn about the financial records of firms, the character and appraisal of corporate securities, and financial techniques used in all phases of the discipline. In addition, students may choose elective subjects which permit them to aim at a particular segment of finance, such as corporate finance, commercial and investment banking, and financial planning. Certain courses are offered each semester; others are cycled every other semester or every other year to provide the greatest diversification possible.

Finance majors are encouraged to join the Finance & Economics, and Rock Solid Investment Club. These student organizations sponsor a variety of professional and social activities such as informal gatherings among students, invited guest speakers, annual networking trips, tours, and travel

All majors are encouraged to do an internship in the summer semester between their junior and senior year. Students may seek placements in their individual area of interest. Internships are available in the areas of banking, insurance, financial advising, financial services, manufacturing and government. In today’s market, employers often offer internships to attract qualified students to their firms.

Finance majors are particularly well suited for positions in the private or public sector that require knowledge of financial institutions and financial operations such as commercial banks, investment services companies, insurance companies, and real estate firms.

Program Learning Outcomes

- **Communication (UO1):** Students graduating with a degree in business administration will demonstrate competency in oral and written communication skills. Students will:
 - Prepare in proper format and style the following documents: business report (one to two pages), business memo, research report and presentation.
 - Deliver an effective oral presentation on a business and/or professional topic.
- **Critical Thinking and Problem Solving (UO2):** Students graduating with a degree in business administration will demonstrate effective critical thinking and problem solving skills. Students will:
 - Apply critical thinking skills to analyze and interpret financial statements to judge business performance.
 - Apply critical thinking skills using quantitative techniques for problem solving and strategic decision making.
- **Degree Program Writing Competency (UO5):** Students will create written business and professional documents in appropriate style and format.
- **Ethics (UO8):** Students graduating with a degree in business administration will have acquired the necessary skills and knowledge to meet professional competencies as business professionals and global citizens. Students will demonstrate:
 - An understanding of the history and vocabulary unique to business disciplines.
 - Knowledge of procedures, concepts, and technical business skills through practical application (forecasting, budgeting, financial statement analyses, business plans, strategic planning).
 - The ability to read and interpret financial statements in the decision-making process.
 - Effective team work and collaborative skills in a simulated business environment.
- **Information Technology (UO10):** Students will demonstrate proficiency in the use of computers and software to manage information with statistical analysis, spreadsheet, database and other appropriate applications.
- **Professional Proficiency (UO5):** Students graduating with a degree in business administration will have acquired the necessary skills and knowledge to meet professional competencies as business professionals and global citizens. Students will demonstrate:

- An understanding of the history and vocabulary unique to finance disciplines.
- Knowledge of procedures, concepts, and technical finance skills through practical application (forecasting, budgeting, financial statement analyses, business plans, strategic planning).
- The ability to read and interpret financial statements in the decision-making process.
- Effective team work and collaborative skills in a simulated business environment.

¹ Course counts for 50% of Major and not for Major GPA

² Course counts for 50% of Major and Major GPA

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

³ You may take up to two graduate courses.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. These opportunities can deepen and enhance the learning in accounting, economics and finance. In addition, there is a strong correlation between long-term student success and engagement in these opportunities:

1. Internships
2. Participation in student organizations
3. International study programs (short-term, semester, and year-long)
4. High-Impact Practice (HIP) designated classes
5. Student-faculty research
6. Student leadership development
7. Service-learning classes
8. Career education and development

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. UCC 04.29.2025

Hospitality and Tourism Management, Bachelor of Science (BS)

Program Learning Outcomes

- **Communication Skills:** HTM graduates demonstrate quality written and verbal communication skills as applied to hospitality/tourism and guest relations. (SRU SLO #1)
- **Business Skills:** HTM graduates demonstrate competency in business skills needed to manage related departments within the hospitality/tourism industry. (SRU SLO #2)
- **Competency in Historical Perspectives:** HTM graduates demonstrate competency in the historical perspective of the hospitality and tourism industry to ongoing social, cultural, and political policies or constraints. (SRU SLOs #5 and #7)
- **Competency in Administration, Programming, and Event Planning:** HTM graduates demonstrate competency in administration, programming, event and meeting planning skills related to the hospitality and tourism industry. (SRU SLO #2)
- **Demonstrate Professional Values and Behavior:** HTM graduates demonstrate professional values and behavior within the field of hospitality and tourism. (SRU SLO #8)
- **Competency in Sustainable Hospitality and Tourism:** HTM graduates demonstrate competency in sustainable hospitality and tourism practices. (SRU SLOs #7, #9)
- **Competency in Planning and Evaluation:** HTM graduates demonstrate competency in planning and evaluating hospitality and tourism facilities. (SRU SLO #4)

¹ Course counts for 50% of Major requirements and Major GPA.

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. 120-hour Practicum and 480-hour Internship experience (required)
2. Career education and development through interaction with industry professionals

3. Networking skills including opportunity to attend national industry conference
4. Membership opportunities in career-related professional organizations
5. Volunteering opportunities with community and campus organizations
6. High-Impact Practice (HIP) designated classes

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

- ¹ Course has a prerequisite. See undergraduate online catalog.
² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.
 * Students are encouraged to take ESAP 101 as a Free Elective.

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major Code: 2375

Revised date: 07.25.2025

Hospitality and Tourism Management, Minor

Program Learning Outcomes

1. Students will demonstrate a comprehensive understanding of the hospitality and tourism industry, including key sectors, career paths, and relevance to the overall global economy (UO 1,9)
2. Students will apply best practices in customer service to create exceptional guest experiences, demonstrating empathy, cultural sensitivity and communication skills in all areas of the service economy. (UO 1,5,7)
3. Students will develop the skills to effectively plan, organize, and manage operations for private, entertainment, and corporate meetings and events. (UO 1,2,6)
4. Students will analyze and interpret financial and economic data relevant to hospitality and tourism, enabling them to make informed business decisions (UO 2,4)
5. Students will evaluate and apply sustainable and ethical practices in hospitality and tourism settings, demonstrating an understanding of environmental stewardship, social responsibility, and ethical decision-making in a global context. (UO 7,8)

PASSHE - Pennsylvania State System of Higher Education Institutions

Certificate in Hospitality Management (237C)

Effective Fall 2021

Revised 07.26.2

UCC 03.02.21

Human Resource Management, Certificate

To access Certificate Requirements, please view the Curriculum Guide tab.

Program Learning Outcomes

- **Critical Thinking and Problem Solving (UL02):** Students graduating with a degree in business administration will demonstrate effective critical thinking and problem-solving skills. Students will:
 - Apply critical thinking skills to analyze and interpret financial statements to judge business performance.
 - Apply critical thinking skills using quantitative techniques for problem solving and strategic decision making

- **Communication (UL01):** Students graduating with a degree in business administration will demonstrate competency in oral and written communication skills. Students will:
 - Prepare in proper format and style the following documents: business report (one to two pages), business memo, research report and presentation.
 - Deliver an effective oral presentation on a business and/or professional topic.
- **Information Technology (UL010):** Students will demonstrate proficiency in the use of computers and software to manage information with statistical analysis, spreadsheet, database, and other appropriate applications.
- **Ethics (UL08):** Students graduating with a degree in business administration will demonstrate an understanding of the legal environment and ethical standards of business and an awareness of the implications of their behavior and actions as a business professional. Students will: apply an appropriate framework for examining ethical dilemmas and be able to (1) identify ethical issues and stakeholders, (2) evaluate alternative course(s) of action, and (3) formulate an appropriate action plan.
- **Professional Proficiency (UL05):** Students graduating with a degree in business administration will have acquired the necessary skills and knowledge to meet professional competencies as business professionals and global citizens. Students will:
 - Demonstrate an understanding of the history and vocabulary unique to business disciplines.
 - Demonstrate knowledge of procedures, concepts, and technical business skills through practical application (forecasting, budgeting, financial statement analyses, business plans, strategic planning).
 - Demonstrate the ability to read and interpret financial statements in the decision-making process.
 - Demonstrate effective teamwork and collaborative skills in a simulated business environment.

Certificate in Human Resources (2HRM)

Effective Summer 2025

Revised 07.03.2025

UCC 02.11.2025

Human Resource Management, Minor (BSBA and HCAM Majors)

The Human Resource Management minor provides excellent value for BSBA and HCAM students. The program offers essential knowledge in a solid introduction to HR systems and practices that offer the ability to become an HR manager. The HRM minor will broaden the learning experiences and professional opportunities of Business majors by creating a second focus in HR management. You will be prepared to work in the field of HRM in small, medium, and large organizations in either the public or private sector.

PASSHE - Pennsylvania State System of Higher Education Institutions

Minor in Human Resource Management (51M)/CIM 251

This program is effective as of Summer 2025

Revised 07.03.2025

UCC 02.11.2025

Information Systems, Bachelor of Science (BS)

Program Learning Outcomes

- **Communication and Interpersonal Skills:** Use written, oral and electronic methods for effective communication. (UO 1) The student will be able to:
 - Participate effectively on teams to accomplish a common goal.
 - Communicate effectively with a range of audiences using various mechanisms, formally or informally with excellent oral, written, and listening skills.
 - Analyze, and incorporate diverse ideas and broader perspectives represented in the diversity of people.
 - Demonstrate persistence, flexibility, curiosity, creativity, risk taking, and a tolerance of these abilities in others.
 - Devise effective user interfaces for information systems.
- **Ethical and Professional Responsibilities:** Discern and articulate the impact of technologies on society. (UO 8) The student will be able to:
 - Understand professional responsibilities in terms of the ethical, legal, security and social aspects of any given problem and its solution.
 - Demonstrate an understanding of the cognitive, social, legal, ethical, diversity, and security perspectives surrounding a given problem.
 - Assess the impact of information systems and associated technologies on individuals, groups, organizations, society, and

the world for the purpose of making informed decisions from a sociological, governmental, legal, and/or security perspective.

- Critically evaluate and possibly act on current ethical issues in the IS field.
- Apply IS professional codes of conduct.
- **Information Technology:** Have proficient use of computers and software to manage information statistical analysis, spreadsheet, database and other appropriate applications. (UO 10)
 - Understand, apply and adapt various problem-solving strategies, using appropriate technology and methods.
 - Identify information systems problems and/or opportunities in terms of the human, organizational, informational and technology dimensions.
 - Analyze issues surrounding the problem and/or opportunity in terms of the human, organizational, informational, and technology dimensions; and determine the requirements appropriate to understanding the situation.
 - Design systems, architectures, processes, components, or programs to meet desired needs of the human context at varying levels of analysis (e.g., individual, group, organization, society, and/or world).
 - Evaluate the success of systems, architecture, processes, components, or programs intended to meet desired needs of the human context at varying levels of analysis (e.g., individual, group, organization, society, and/or world).
- **Professional Proficiency:** Evaluate the necessary skills and knowledge to meet professional competencies as information systems professionals and global citizens. (UO 5 & 9) The student will be able to:
 - Define the history and vocabulary unique to information systems professionals.
 - Understand and apply the interdisciplinary, theoretical knowledge of information systems.
 - Define and explain the core concepts, principles, processes, and theories within the academic major of IS.
 - Apply the core concepts of the academic majors of IS to real-world problems.
 - Collaborate with other professionals as well as perform successfully at the individual level.

Information Systems, Minor

A minor in Information Systems is designed for students who are pursuing bachelor's degrees in fields other than information systems and who wish to continue their education in information systems. Candidates for the minor are required to complete a total of 21 credit hours.

The minor is designed to provide more than a basic knowledge of information systems. Specifically, persons completing the program are expected to achieve competency in understanding information systems terminology, concepts and principles; proper application and knowledge of current hardware and software; data communications; and planning and carrying out system development and the management of information systems. Students acquiring these skills are well-received in the business community and in governmental organizations.

PROGRAM LEARNING OUTCOMES

- **Communication and Interpersonal Skills:** Use written, oral and electronic methods for effective communication. (UO 1) The student will be able to:
 - Participate effectively on teams to accomplish a common goal.
 - Communicate effectively with a range of audiences using various mechanisms, formally or informally with excellent oral, written, and listening skills.
 - Analyze, and incorporate diverse ideas and broader perspectives represented in the diversity of people.
 - Demonstrate persistence, flexibility, curiosity, creativity, risk taking, and a tolerance of these abilities in others.
 - Devise effective user interfaces for information systems.
- **Ethical and Professional Responsibilities:** Discern and articulate the impact of technologies on society. (UO 8) The student will be able to:
 - Understand professional responsibilities in terms of the ethical, legal, security and social aspects of any given problem and its solution.
 - Demonstrate an understanding of the cognitive, social, legal, ethical, diversity, and security perspectives surrounding a given problem.
 - Assess the impact of information systems and associated technologies on individuals, groups, organizations, society, and the world for the purpose of making informed decisions from a sociological, governmental, legal, and/or security perspective.
 - Critically evaluate and possibly act on current ethical issues in the IS field.
 - Apply IS professional codes of conduct.
- **Information Technology:** Have proficient use of computers and software to manage information statistical analysis, spreadsheet, database and other appropriate applications. (UO 10)
 - Understand, apply and adapt various problem-solving strategies, using appropriate technology and methods.
 - Identify information systems problems and/or opportunities in terms of the human, organizational, informational and technology dimensions.
 - Analyze issues surrounding the problem and/or opportunity in terms of the human, organizational, informational, and technology dimensions; and determine the requirements appropriate to understanding the situation.
 - Design systems, architectures, processes, components, or programs to meet desired needs of the human context at varying levels of analysis (e.g., individual, group, organization, society, and/or world).
 - Evaluate the success of systems, architecture, processes, components, or programs intended to meet desired needs of the human context at varying levels of analysis (e.g., individual, group, organization, society, and/or world).
- **Professional Proficiency:** Evaluate the necessary skills and knowledge to meet professional competencies as information systems professionals and global citizens. (UO 5 & 9) The student will be able to:
 - Define the history and vocabulary unique to information systems professionals.
 - Understand and apply the interdisciplinary, theoretical knowledge of information systems.
 - Define and explain the core concepts, principles, processes, and theories within the academic major of IS.

- Apply the core concepts of the academic majors of IS to real-world problems.
- Collaborate with other professionals as well as perform successfully at the individual level.

Curriculum Guide

GPA Requirement

Minor GPA: 2.0 or higher

Minor Requirements

- Students must complete at least 6 credit hours in their minor from SRU
- A minimum of 6 credit hours must be upper division (courses numbered 300 and above)
- A minor shall be no fewer than 18 credits.
- A student cannot major or minor in the same discipline/academic area, but may minor in a specialization offered by his/her major department.
- The Information Systems minor must submit this self-maintained progress sheet to the Information Systems and Technology Management Department for verification.

Management, Bachelor of Science in Business Administration (BSBA) - Concentration in General Management

Management is one of the most versatile majors that can be applied in both private and public sectors. SRU's Bachelor of Science in Business Administration (BSBA) with a major in management prepares graduates to assume entry-level managerial positions that involve facilitating the achievement of organizational goals by mobilizing the efforts of human resources and external stakeholders. Alumni land jobs in fields such as human resources, entrepreneurship and small business management, marketing and sales management, and operations and supply chain management, just to name a few.

Policy for Changing to Management Major:

A Slippery Rock University student wishing to change their major to Management MUST have a minimum overall GPA of 2.0.

Program Learning Outcomes

- **Critical Thinking and Problem Solving (U02):** Students graduating with a degree in business administration will demonstrate effective critical thinking and problem-solving skills. Students will:
 - Apply critical thinking skills to analyze and interpret financial statements to judge business performance.
 - Apply critical thinking skills using quantitative techniques for problem solving and strategic decision making
- **Communication (U01):** Students graduating with a degree in business administration will demonstrate competency in oral and written communication skills. Students will:
 - Prepare in proper format and style the following documents: business report (one to two pages), business memo, research report and presentation.
 - Deliver an effective oral presentation on a business and/or professional topic.
- **Information Technology (U010):** Students will demonstrate proficiency in the use of computers and software to manage information with statistical analysis, spreadsheet, database, and other appropriate applications.
- **Ethics (U08):** Students graduating with a degree in business administration will demonstrate an understanding of the legal environment and ethical standards of business and an awareness of the implications of their behavior and actions as a business professional. Students will apply an appropriate framework for examining ethical dilemmas and be able to (1) identify ethical issues and stakeholders, (2) evaluate alternative course(s) of action, and (3) formulate an appropriate action plan.
- **Professional Proficiency (U05):** Students graduating with a degree in business administration will have acquired the necessary skills and knowledge to meet professional competencies as business professionals and global citizens. Students will:
 - Demonstrate an understanding of the history and vocabulary unique to business disciplines.
 - Demonstrate knowledge of procedures, concepts, and technical business skills through practical application (forecasting, budgeting, financial statement analyses, business plans, strategic planning).
 - Demonstrate the ability to read and interpret financial statements in the decision-making process.
 - Demonstrate effective teamwork and collaborative skills in a simulated business environment.

¹ Course offered in multiple subjects; cannot take course in first major subject

² SRU Undergraduates who have earned 90 or more credits (including in-progress courses) with a minimum 2.75 GPA are eligible to apply, enroll, and earn graduate level credit. Credits earned are graduate level only, separate from the undergraduate credits earned for the degree and are not calculated in the student's undergraduate credit and grade point totals. See policy details here: Senior Undergraduate Students Earning Graduate Credit (p. 1207).

³ Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

* Students are encouraged to take ESAP 101 as a Free Elective.

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major Code: 2350

Concentration Code: GEMG

Revised: 07.25.2025

Management, Bachelor of Science in Business Administration (BSBA) - Concentration in Human Resources

Management is one of the most versatile majors that can be applied in both private and public sectors. SRU's Bachelor of Science in Business Administration (BSBA) with a major in management prepares graduates to assume entry-level managerial positions that involve facilitating the achievement of organizational goals by mobilizing the efforts of human resources and external stakeholders. Alumni land jobs in fields such as human resources, entrepreneurship and small business management, marketing and sales management, and operations and supply chain management, just to name a few.

A concentration in human resources focuses specifically on issues related to workforce recruitment, training and development, labor and employment law, and compensation.

Policy for Changing to Management Major:

A Slippery Rock University student wishing to change their major to Management MUST have a minimum overall GPA of 2.0.

Program Learning Outcomes

- **Critical Thinking and Problem Solving (U02):** Students graduating with a degree in business administration will demonstrate effective critical thinking and problem-solving skills. Students will:
 - Apply critical thinking skills to analyze and interpret financial statements to judge business performance.
 - Apply critical thinking skills using quantitative techniques for problem solving and strategic decision making
- **Communication (U01):** Students graduating with a degree in business administration will demonstrate competency in oral and written communication skills. Students will:
 - Prepare in proper format and style the following documents: business report (one to two pages), business memo, research report and presentation.
 - Deliver an effective oral presentation on a business and/or professional topic.
- **Information Technology (U010):** Students will demonstrate proficiency in the use of computers and software to manage information with statistical analysis, spreadsheet, database, and other appropriate applications.

- **Ethics (U08):** Students graduating with a degree in business administration will demonstrate an understanding of the legal environment and ethical standards of business and an awareness of the implications of their behavior and actions as a business professional. Students will apply an appropriate framework for examining ethical dilemmas and be able to (1) identify ethical issues and stakeholders, (2) evaluate alternative course(s) of action, and (3) formulate an appropriate action plan.
- **Professional Proficiency (U05):** Students graduating with a degree in business administration will have acquired the necessary skills and knowledge to meet professional competencies as business professionals and global citizens. Students will:
 - Demonstrate an understanding of the history and vocabulary unique to business disciplines.
 - Demonstrate knowledge of procedures, concepts, and technical business skills through practical application (forecasting, budgeting, financial statement analyses, business plans, strategic planning).
 - Demonstrate the ability to read and interpret financial statements in the decision-making process.
 - Demonstrate effective teamwork and collaborative skills in a simulated business environment.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. International study programs (short-term, semester, and year-long)
2. High-Impact Practice (HIP) designated classes
3. Student clubs and organizations
4. Internships
5. Service-learning classes
6. Career education and development
7. Student leadership development
8. Student-faculty research
9. Volunteering
10. Job Shadowing

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Management, Bachelor of Science in Business Administration (BSBA) - Online Degree Completion Program

To accommodate the diverse needs and preferences of our students, we provide the option to complete the management program online.

Slippery Rock University's Online BS degree completion programs provide opportunities for students to finish their bachelor's degrees in the programs listed below. These programs are ideal for busy adults who have completed some coursework and proven their ability to succeed at the college level. This is a convenient option to finish an undergraduate degree or turn an associate into a bachelor's degree.

Management is one of the most versatile majors that can be applied in both private and public sectors. SRU's Bachelor of Science in Business Administration (BSBA) with a major in management prepares graduates to assume entry-level managerial positions that involve facilitating the achievement of organizational goals by mobilizing the efforts of human resources and external stakeholders. Alumni land jobs in fields such as human resources, entrepreneurship and small business management, marketing and sales management, and operations and supply chain management, just to name a few.

Policy for Changing to Management Major:

A Slippery Rock University student wishing to change their major to the Management Online BS degree completion programs MUST have a minimum overall GPA of 2.0.

Program Learning Outcomes

- **Critical Thinking and Problem Solving:** Students graduating with a degree in business administration will demonstrate effective critical thinking and problem-solving skills. Students will:
 - Apply critical thinking skills to analyze and interpret financial statements to judge business performance.
 - Apply critical thinking skills using quantitative techniques for problem solving and strategic decision making
- **Communication:** Students graduating with a degree in business administration will demonstrate competency in oral and written communication skills. Students will:
 - Prepare in proper format and style the following documents: business report (one to two pages), business memo, research report and presentation.
 - Deliver an effective oral presentation on a business and/or professional topic.
- **Information Technology:** Students will demonstrate proficiency in the use of computers and software to manage information with statistical analysis, spreadsheet, database, and other appropriate applications.
- **Ethics:** Students graduating with a degree in business administration will demonstrate an understanding of the legal environment and ethical standards of business and an awareness of the implications of their behavior and actions as a business professional. Students will apply an appropriate framework for examining ethical dilemmas and be able to (1) identify ethical issues and stakeholders, (2) evaluate alternative course(s) of action, and (3) formulate an appropriate action plan.
- **Professional Proficiency:** Students graduating with a degree in business administration will have acquired the necessary skills and knowledge to meet professional competencies as business professionals and global citizens. Students will:
 - Demonstrate an understanding of the history and vocabulary unique to business disciplines.

- Demonstrate knowledge of procedures, concepts, and technical business skills through practical application (forecasting, budgeting, financial statement analyses, business plans, strategic planning).
- Demonstrate the ability to read and interpret financial statements in the decision-making process.
- Demonstrate effective teamwork and collaborative skills in a simulated business environment.

ECON 202	Principles of Microeconomics ¹	3
Total Hours		45

¹ Indicates that SRU assumes to be completed as part of an associate degree

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		

ESAP 110

Beginning Algebra

Total Hours**0-3****DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT**

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major Requirements

- 33 major credits must be taken at SRU or another PASSHE University
- SRU course offerings for this online Management program are based on the assumption that the student has completed minimum course competencies and an associate degree in business administration, which is comprised of most of the Management Basic Core Requirements and many Rock Studies 2 Requirements. Because associate degree curricula varies from transfer institution to institution, and because each online student transfers to SRU with a unique record of transfer courses and SRU degree completion needs, it is important for students to plan ahead for course offerings each term and to register as early as possible for each subsequent SRU semester/term.

PASSHE - Pennsylvania State System of Higher Education Institutions

MINOR IN MANAGEMENT for SBUS Program Students - (51C)

This program is effective as of Fall 2019.

Revised 07.24.2025

UCC 3.26.2019

Marketing, Bachelor of Science in Business Administration (BSBA)

Our program will provides a strong set of skills for students to become successful, ethical, and effective marketing leaders. Students gain the marketing knowledge, skills, and abilities to excel in a marketing career along with a foundation of technical and practical business skills in management, MIS, accounting, finance, economics, and operations.

Besides the fundamentals of marketing, students also learn practical skills that set them apart in both internships and entry-level positions. As a marketing student, you will learn:

- How to anticipate and satisfy consumer needs and wants
- Marketing research, product planning, pricing, promotion and distribution
- Concepts, functions and institutions of marketing
- Skills to analyze, formulate and implement marketing strategies
- Sales strategies and techniques
- How to use data to make marketing mix decisions
- Marketing analytics: Data analysis and interpretation skills as they are applied to market planning and strategy decisions.

POLICY FOR CHANGING TO MARKETING MAJOR:

A Slippery Rock University student wishing to change their major to Marketing MUST have a minimum overall GPA of 2.0.

Program Learning Outcomes

- **Critical Thinking and Problem Solving (U02):** Students graduating with a degree in business administration will demonstrate effective critical thinking and problem-solving skills. Students will:
 - Apply critical thinking skills to analyze and interpret financial statements to judge business performance.
 - Apply critical thinking skills using quantitative techniques for problem solving and strategic decision making
- **Communication (U01):** Students graduating with a degree in business administration will demonstrate competency in oral and written communication skills. Students will:
 - Prepare in proper format and style the following documents: business report (one to two pages), business memo, research report and presentation.
 - Deliver an effective oral presentation on a business and/or professional topic.
- **Information Technology (U010):** Students will demonstrate proficiency in the use of computers and software to manage information with statistical analysis, spreadsheet, database, and other appropriate applications.
- **Ethics (U08):** Students graduating with a degree in business administration will demonstrate an understanding of the legal environment and ethical standards of business and an awareness of the implications of their behavior and actions as a business professional. Students will apply an appropriate framework for examining ethical dilemmas and be able to (1) identify ethical issues and stakeholders, (2) evaluate alternative course(s) of action, and (3) formulate an appropriate action plan.

- **Professional Proficiency (U05):** Students graduating with a degree in business administration will have acquired the necessary skills and knowledge to meet professional competencies as business professionals and global citizens. Students will:
 - Demonstrate an understanding of the history and vocabulary unique to business disciplines.
 - Demonstrate knowledge of procedures, concepts, and technical business skills through practical application (forecasting, budgeting, financial statement analyses, business plans, strategic planning).
 - Demonstrate the ability to read and interpret financial statements in the decision-making process.
 - Demonstrate effective teamwork and collaborative skills in a simulated business environment.

UCC 09.10.2024

Marketing, Minor

Marketing is at the core of many decisions in a company AND it is more than selling goods or services. It is a collection of skills that are useful in any career. No matter what major you have, knowing who your customer is and how to communicate with that business or consumer, to solve their problems, totally depends on marketing. No company can be successful without understanding how to address the wants and needs of their customers and a minor in marketing will help you in that role no matter what job you have.

With a marketing minor, you learn how imperative the 4Ps of marketing (product, price, promotion, and placement/distribution) combine to solve customers' problems with the right product, at the price, using the right incentive, and communication (promotions), at the right place and time.

Sustainable Management, Minor (BSBA majors only)

Since the formation of the United Nations Global Compact and the release of the seventeen United Nations Sustainable Development Goals, business has increasingly become viewed as having potential to be a force for good. A minor in sustainable management provides an opportunity for students to learn the basic tenets of sustainability through the lens of the SDGs and triple bottom line (people, planet and profit) and management.

Sport Management, Bachelor of Science (BS)

The sport management degree program at Slippery Rock University has received specialized accreditation through the Commission on Sport Management Accreditation (COSMA) located in Fort Collins, Colorado, USA. In 2010, the Department of Sport Management was the first program in the US to be accredited by the Commission on Sport Management Accreditation (COSMA), and in 2017 was the first program to be re-accredited.

Program Learning Outcomes

The Sport Management faculty has established five program outcomes for the undergraduate program that are implemented on a daily basis inside and outside the classroom. These program outcomes are an extension of the mission statement and connect to the university's outcomes. In order to achieve our mission, these outcomes are assessed using a variety of direct and indirect performance indicators.

- **Communication:** Communicate effectively in speech and in writing, using appropriate information sources, presentation formats, and technologies.
- **Diversity, Ethical, Legal and Financial Practices:** Integrate diverse, ethical, legal and financial principles and understand their impact on decision making in sport managerial situations.
- **Technological and Global Interdependence:** Demonstrate proficiency in use of current technologies and exhibit understanding of the global sport industry.
- **Professional Proficiency and Development:** Apply knowledge and skills to meet professional competencies within sport industry.
- **Critical Thinking and Problem Solving:** Demonstrate ability to identify, analyze, synthesize and evaluate information and ideas through professional performance in simulated sport industry environments such as an internship, practicum or volunteer experience.

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Recommended Electives (20 credits)

Code	Title	Hours
Select 20 credits of 300 level or above classes		
The Department of SPMT recommends courses to be taken from Accounting, Communication, Economics, Finance, Management or Marketing or:		
Any 300 level or above courses that lead to the Minor in Leadership		
Any 300 level or above courses that lead to the Minor in Physical Education/Coaching		
Any 300 level or above courses that lead to the Minor in a Foreign Language		
This will help you complete a minor if you are interested. See your MyRockAudit for details.		

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. These opportunities can deepen and enhance the learning in accounting, economics and finance. In addition, there is a strong correlation between long-term student success and engagement in these opportunities:

1. Becoming involved in professional organizations
2. Attending sport industry related conferences, seminars, and workshops
3. Networking with SRU Sport Management alumni
4. International study programs (short-term, semester, and year-long)
5. High-Impact Practice (HIP) designated classes
6. Student leadership and career education development
7. Service-learning classes

Global and Intercultural Communication, Certificate

As issues of diversity and cross-cultural exchanges become a larger part of our personal and professional interactions, there is an increasing need to expand our knowledge and understanding of global communication practices. The Certificate in Global and Intercultural Communication will help students in all majors become ethical and inclusive communicators in the workplace and beyond.

The certificate consists of 12 credits with 6-9 credits in communication and 3-6 credits in selected courses from the fields of marketing, political science, history, cultural studies, or languages to complement students' professional aspirations or other academic interests.

The Certificate in Global and Intercultural Communication is available to students in all majors.

To access Certificate Requirements, please view the Curriculum Guide tab.

UCC 03.30.2021

Strategic Communication and Media, Bachelor of Arts (BA)

Our program maintains the tradition of study of communication as a liberal art and recognizes the often-blurred boundaries among communication specialties. Since communication underlies all human pursuits, it's necessary for you to be prepared with the ethical standards to preserve the ideals of democratic free expression. Your ability to produce, distribute, analyze and critically consume communication will be developed through your coursework. SRU also offers an integrated minor in Communication.

WHY CHOOSE COMMUNICATION STUDIES?

The Bachelor of Arts in Communication Studies is organized so that you can, in collaboration with your advisor, develop a program of study that best suits your interests. The degree requirements are flexible,

allowing transfer students and those who change majors to complete a Communication Studies degree in four years.

WHAT WILL YOU LEARN?

You will learn about the historical development of the practice and study of human communication. You will gain a working knowledge of the concepts and principles that underlie all forms of human communication. You will develop an understanding of how these concepts and principles apply to a variety of specific communication contexts, including interpersonal, small group, organizational, public, mass media, and intercultural settings.

Your coursework will allow you to develop the knowledge and skills necessary to communicate effectively in both personal and professional settings. You will understand the principles of interpersonal and group dynamics and will develop effective small group work behaviors. In doing so, you will develop effective communication strategies that include oral, written, visual, and electronic skills.

CAREERS IN COMMUNICATION

When you graduate with a major in Communication Studies from SRU, you be able to demonstrate proficiency in skills relevant to obtaining an entry-level position in a wide range of communication-related positions.

CLUBS & ORGANIZATIONS

- Lamda Pi Eta
- PRSSA
- The Rocket

PROGRAM LEARNING OUTCOMES

Strategic COMMUNICATION and media, BA

- **Research & Analysis:** Demonstrate knowledge and proficiency in research and analysis relevant to the communication discipline. (SRU SLO 2)
- **Applied Skills:** Develop additional communication competencies through course selection within their degree requirements and through free electives. These additional competencies may include: design skills, media production skills, intercultural skills, journalistic skills, and public relations writing skills; or skills related to a minor program of study. (SRU SLO 1, SRU SLO 5, SRU SLO 10)
- **Advanced Skills: Knowledge of Communication Discipline:** Develop knowledge and understanding of the history, evolution, and fundamental theories of the discipline of communication. (SRU SLO 5, SRU SLO 8)

STRATEGIC COMMUNICATION AND MEDIA DEPARTMENT, OVERALL

- **Writing competency:** Students will demonstrate the ability to write and present messages clearly and effectively. (SRU SLO 1)
- **Ethics and legal issues:** Students will understand ethical and legal issues facing communicators in the 21st century. (SRU SLO 8)
- **Research and analysis:** Students will demonstrate the ability to design and implement research studies and critically analyze research data. (SRU SLO 2)

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Strategic Communication and Media, Bachelor of Science (BS) - Concentration in Advertising

Advertising is a broad field that includes account management, brand strategy and management, copywriting, and media planning. Thus, our concentration takes a business and strategic communication approach that addresses targeted messaging across multiple platforms. Students will learn to develop strategies to persuade and appeal to an organization or institution's consumers or constituents. Electives will allow the student to be introduced to advertising production or to develop complementary interest areas. This concentration prepares students for jobs at advertising and public relations agencies, companies, or news outlets like newspapers, magazines, and radio and television stations. The program requires 54 credits, leaving room for students to pursue minors or second majors in complementary academic areas. Slippery Rock University offers the only stand-alone advertising concentration among the PASSHE schools.

WHY CHOOSE ADVERTISING?

Slippery Rock University's Department of Strategic Communication and Media offers six concentration areas: Advertising, Converged Journalism, Digital Media Production, Integrated Marketing Communication, Public Relations, and a Bachelor of Arts in Communication. Advertising is a strategic communication discipline that attempts to shape the public's perception of an organization's products, services, brands, or ideas. Advertising is the most visible and easily identifiable part of the marketing communication process. It focuses on promoting products, services, brands, companies, people, and ideas through paid media space in newspapers, magazines, broadcast, outdoor, direct marketing, and digital platforms. Courses developed for the advertising concentration are shared across IMC and public relations curricula, thus strengthening both programs.

WHAT WILL YOU LEARN?

This major will largely focus on teaching students the communicative fundamentals of advertising design, development and production. As such, students will learn to develop compelling concepts, visual messages and creative content to persuade and appeal to an organization or institution's consumers or constituents. This major will prepare students for jobs at advertising agencies, for and non-profit organizations, educational institutions, government agencies, political figures and organizations, or with news outlets like newspapers, magazines, and radio and television stations. These students may work as graphic designers, editors, account executives or production specialists.

CAREERS IN ADVERTISING

According to the **Bureau of Labor Statistics**, "overall employment of advertising, promotions, and marketing managers is projected to grow six percent from 2019 to 2029, faster than the average for all occupations."

Advertising, promotions, and marketing campaigns will continue to be essential for organizations to maintain and expand their market share. "The median annual wage for advertising and promotions managers was \$125,510 in May 2019. The median annual wage for marketing managers was \$136,850 in May 2019."

PROGRAM LEARNING OUTCOMES

Strategic COMMUNICATION and Media - ADVERTISING, BS

- **Advertising Production:** Students will produce appropriately targeted advertising materials in a variety of formats. (SRU SLO 1, 2, 5, 8, 9, 10)
- **Advertising Strategy:** Students will understand the role of advertising and how advertising messages solve communication problems by informing, changing attitudes, and motivating behavioral change among an organization's target audiences. (SRU SLO 1, 2, 5, 8, 9, 10)
- **Advertising Campaigns:** Students will develop a research-based creative advertising campaign that includes strategic planning, writing creative briefs, planning, and preparing advertising copy and design and campaign evaluation. (SRU SLO 1, 2, 5, 8, 9, 10)

STRATEGIC COMMUNICATION AND MEDIA DEPARTMENT, OVERALL

- **Writing competency:** Students will demonstrate the ability to write and present messages clearly and effectively. (SRU SLO 1)
- **Ethics and legal issues:** Students will understand ethical and legal issues facing communicators in the 21st century. (SRU SLO 8)
- **Research and analysis:** Students will demonstrate the ability to design and implement research studies and critically analyze research data. (SRU SLO 2)

Major Code: 2119

Concentration Code: ADVR

Revised: 07.25.2025

Strategic Communication and Media, Bachelor of Science (BS) - Concentration in Digital Media Production

Slippery Rock University's Digital Media Production major introduces students to a wide digital landscape including social media, video production, communications, and more. This program awards a Bachelor of Science in Communications degree with a concentration in Digital Media Production. If you've ever wanted to work as a graphic designer, video editor, web developer, or another position having to do with the digital world, this is the program for you!

The internet has revolutionized the ways that we share information, creating exponential opportunities in digital media. The Digital Media Production program at SRU will help you develop the theoretical, technical, and creative skills for working with different types of media (video, audio, social media, TV, Web, etc.) This major emphasizes new media (Internet) and teaches you how to organize and present online information to encourage interaction. You can choose to specialize in print, electronic, video, or audio media while still gaining skills in a wide range of media options.

WHY CHOOSE DIGITAL MEDIA PRODUCTION?

Digital media is a growing field with diverse career opportunities. In SRU's Digital Media Production program, students learn the foundations of multimedia communication and develop excellent technical and design skills with our project-focused curriculum. Through individual projects, you'll develop strong independent work skills; through group projects, you'll gain valuable management and teamwork skills. You'll also have the opportunity to work on projects for actual clients. Furthermore, students have access to three dedicated, state-of-the-art computer labs.

Slippery Rock University offers students studying Digital Media Production many opportunities to get involved in campus organizations, including Lambda Pi Eta Communication, Rock Productions, The Rocket Student Newspaper, and WSRU-TV. These groups provide students with networking opportunities and hands-on experience that can be applied in their internships and careers.

WHAT WILL YOU LEARN?

You'll learn to plan and implement media projects-often producing them for real-world clients-by using professional-grade software such as:

- Adobe Creative Suite CC
- Apple software for video and audio
- Graphics packages for TV and media
- Kyrn

In addition to practice and exposure to software used by industry experts, Digital Media Production majors graduate with skills in photojournalism, animation, editing, and more. Students also learn the role and responsibilities of the media in our global society.

CAREERS IN DIGITAL MEDIA PRODUCTION

Through the Digital Media Production program, you'll gain the production, teamwork, and project management skills necessary to obtain entry-level positions with media companies, news agencies, businesses, and non-

profit organizations. Our graduates work with television stations across the state. Digital media is a growing industry that needs qualified college graduates to fill crucial positions, whether it's for the web, television, or the next groundbreaking digital platform.

PROGRAM LEARNING OUTCOMES

- **Writing:** Develop written skills in visual, audio, and digital platforms to design effective messages. (SRU SLO 1, 2, 5, 8, 9, 10)
- **Production Skills:** Develop production skills in the visual, audio, and digital platforms to design effective messages. (SRU SLO 1, 2, 5, 8, 9, 10)
- **Project Management:** Incorporate the design skills of needs assessment, message design, and evaluation when developing, producing, and evaluating a media project. (SRU SLO 1, 2, 5, 8, 9, 10)

STRATEGIC COMMUNICATION AND MEDIA DEPARTMENT, OVERALL

- **Writing competency:** Students will demonstrate the ability to write and present messages clearly and effectively. (SRU SLO 1)
- **Ethics and legal issues:** Students will understand ethical and legal issues facing communicators in the 21st century. (SRU SLO 8)
- **Research and analysis:** Students will demonstrate the ability to design and implement research studies and critically analyze research data. (SRU SLO 2)

Strategic Communication and Media, Bachelor of Science (BS) - Concentration in Health Communication

Health is a top concern for local, national, and global populations and the healthcare industry is growing. Slippery Rock University's Health Communication degree gives students the opportunity to place themselves at the forefront of health communication. Earning a Bachelor's in Health Communication demonstrates not only that graduates understand the nature and complexity of the healthcare industry, but also that they possess the hands-on skills necessary to communicate effectively within this industry.

WHY CHOOSE HEALTH COMMUNICATION?

One of the few Health Communication programs in the Greater Pittsburgh Region, students graduate not only with a firm understanding of the ever-growing healthcare industry, but also the skills and training necessary to prepare, craft, and deliver effective messages within the healthcare context. Career options include digital and social media content

generation, public relations and integrated marketing, advertising, and more.

While majoring in Health Communication, you will have the opportunity to participate in a host of relevant student organizations and complete internships. Upon graduation, students have a portfolio of work that demonstrates a wide range of skills that are relevant to the healthcare industry, including but not limited to: social and digital media content creation, publication production, and research and analytics.

WHAT WILL YOU LEARN?

Working with professors with experience in their fields, the Health Communication Degree provides you with coursework centered on the health industry, as well as applied coursework in public relations, marketing, and advertising. When you choose to major in Health Communication, you benefit from a cutting-edge and modern interdisciplinary program with provides you with the skills and abilities necessary for a fruitful career as a communication professional in the healthcare industry.

CAREERS IN HEALTH COMMUNICATION

It is expected that the healthcare industry will continue to grow. As such, a major benefit of majoring in Health Communication is the plethora of opportunities available to you after graduating. The program's internship opportunities, in combination with the Department of Strategic Communication and Media's vast alumni network make the Health Communication program at SRU a great choice for students as they consider their future careers.

Strategic Communication and Media, Bachelor of Science (BS) - Concentration in Integrated Marketing Communication

Slippery Rock University's Integrated Marketing Communication degree gives students the opportunity to learn what it takes to be at the forefront of modern marketing. Earning a Bachelor's in Integrated Marketing shows that graduates understand the complex and ever-changing world of marketing in the 21st century. SRU's Communication Department (<https://www.sru.edu/academics/colleges-and-departments/cob/departments/strategic-communication-and-media/>) offers campus organizations that specialize in marketing, as well as media production spaces, a cutting-edge curriculum, and modern computer labs.

WHY MAJOR IN COMMUNICATION: INTEGRATED MARKETING?

The Communication major with a concentration in Integrated Marketing prepares you to perform consumer research, strategic planning, message creation, and product branding through a variety of media platforms and across settings. Developed through market research, this new program

received the strong endorsement of our professional advisory board to meet a growing demand for technically savvy graduates with an integrated skill capability to implement multimedia and social media marketing programs.

With the opportunity to participate in a variety of relevant student organizations and up to four internships for credit, IMC majors graduate with a portfolio of work that demonstrates a wide range of proficiencies to potential employers. These student organizations include WSRU-TV (<https://www.facebook.com/wsrutvnews/>), Lambda Pi Eta (<https://www.natcom.org/student-organizations/lambda-pi-eta/>), and PRSSA Rock PRoductions, our student-run integrated marketing communication firm.

WHAT WILL YOU LEARN?

Working with professors with years of experience in their fields, the IMC degree provides applied coursework in public relations and marketing, and allows you to select a concentration area in advertising and publication design or new and social media.

When you choose to major in Integrated Marketing Communication, you benefit from a cutting-edge and modern interdisciplinary program that pulls together project-based coursework in Marketing, Public Relations, Advertising, Social Media, and Graphic Design. You can choose up to four internship opportunities in areas of your interest to further your professional development. In addition, the Senior Capstone Seminar eases your transition from student to professional, offering career preparation and job search skills.

CAREERS IN INTEGRATED MARKETING

One of the many benefits of studying Integrated Marketing is the abundance of opportunities after graduating. Not only are marketing opportunities always growing, but integrated marketing positions are becoming more and more prevalent as marketing platforms continue to grow. This program's internship opportunities—as well as our vast alumni network—make SRU a perfect choice for students thinking about their future careers after graduation.

As a graduate of the IMC program at SRU, students are marketable for employment in public relations, marketing, and advertising positions with agencies and corporations. Our Integrated Marketing graduates have gone on to work locally in Pennsylvania and across the country with high-profile businesses, sports teams, agencies, media organizations, and more.

PROGRAM LEARNING OUTCOMES

- **Targeted Materials:** Produce appropriately targeted media materials in a variety of formats. (SLO 1, 2, 5, 8, 9, 10)
- **Understand the Roles of Marketing Tools:** Understand the role of public relations, advertising, and other promotional marketing tools in the integrated marketing communication mix. (SLO 1, 2, 5, 8, 9, 10)
- **Strategic Campaigns:** Demonstrate the ability to develop a research-based strategic integrated marketing communication plan tailored to a designated consumer profile. (SLO 1, 2, 5, 8, 9, 10)

STRATEGIC COMMUNICATION AND MEDIA DEPARTMENT, OVERALL

- **Writing competency:** Students will demonstrate the ability to write and present messages clearly and effectively. (SLO 1, 2, 5, 8)

- **Ethics and legal issues:** Students will understand ethical and legal issues facing communicators in the 21st century. (SLO 1, 5, 8, 10)
- **Research and analysis:** Students will demonstrate the ability to design and implement research studies and critically analyze research data. (SLO 1, 2, 4, 5)

Strategic Communication and Media, Bachelor of Science (BS) - Concentration in Multimedia Journalism

SRU's Converged Journalism program primarily emphasizes excellence in writing. As a Journalism student, you will learn to write well within a variety of media in order to excel in a mixed-media working environment. *The Rocket*, SRU's award-winning student newspaper, will provide you with hands-on journalism experience in print, online, and video media.

WHY CHOOSE CONVERGED JOURNALISM?

From your first day as a Journalism student, you will have an opportunity to get involved with student organizations and groups. You will learn in a small class setting that emphasizes individual learning and faculty-student collaboration. After you have some classroom experience you

can practice your skills in a real-world environment as a contributor to *The Rocket*.

WHAT WILL YOU LEARN?

In addition to developing a strong foundation in journalistic-style writing, you'll become proficient in new-media journalism techniques, in a converged media package that includes audio and video production as well as web design.

CAREERS IN JOURNALISM

When you graduate with a degree in Journalism from SRU, you will be ready to begin your career at newspapers, television studios, radio stations, or websites. Other career paths include public relations, video production, sport management, and various other communication-oriented careers.

CLUBS & ORGANIZATIONS

- The Rocket
- WSRU-TV
- Lambda Pi Eta

PROGRAM LEARNING OUTCOMES

- **5.1 Journalistic Writing:** Demonstrate the ability to develop and write news stories for print, broadcast, and digital platforms following AP professional journalistic style, with proper content, grammar, style, and editing components. (SRU SLO 1, SRU SLO 5)
- **5.2 Media Technology:** Employ new-media technologies in reporting. (SRU SLO 1, SRU SLO 5, SRU SLO 10)
- **5.3 Reporting & Investigating:** Employ advanced reporting and investigative skills. (SRU SLO 2, SRU SLO 5, SRU SLO 7)

STRATEGIC COMMUNICATION AND MEDIA DEPARTMENT, OVERALL

- **Writing competency:** Students will demonstrate the ability to write and present messages clearly and effectively. (SRU SLO 1)
- **Ethics and legal issues:** Students will understand ethical and legal issues facing communicators in the 21st century. (SRU SLO 8)
- **Research and analysis:** Students will demonstrate the ability to design and implement research studies and critically analyze research data. (SRU SLO 2)

Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major Code: 2119

Concentration Code: MUJO

Revised: 07.25.2025

Strategic Communication and Media, Bachelor of Science (BS) - Concentration in Public Relations

Slippery Rock University's Public Relations major enables students to channel their natural ability to communicate complex information into a variety of media platforms and in a number of different settings. By earning a Bachelor of Arts degree in Communication with a major in Public Relations from SRU, you'll be set up to succeed as a PR professional in whichever setting you choose.

The PR curriculum at SRU will prepare you to meet the research, planning, writing, and technology-based aspects of the profession. Our faculty bring not only their extensive knowledge of public relations, marketing, advertising, and social media to the program, but also their professional experience from working in the industry.

WHY MAJOR IN PUBLIC RELATIONS?

When you major in Public Relations at SRU, you will gain a solid background in the history and practices of PR. From copywriting and research to social media and graphic design, you will learn the skills required to succeed professionally after graduation.

In your senior year, you will complete two public relations campaigns for real clients. In addition, the senior capstone seminar will ease your transition from student to professional, offering career preparation and job search skills. As a graduate of the Public Relations program at SRU, you will be marketable for employment in public relations, marketing, and advertising agencies in corporate, nonprofit, and governmental settings.

In addition to the knowledge and hands-on experience you'll gain, you'll also have the opportunity to be a member of several clubs and organizations designed specifically for Communication and Public Relations majors. These include:

- Lambda Pi Eta Communication Honorary
- Public Relations Student Society of America (PRSSA)
- Rock Productions Student Public Relations Firm

WHAT WILL YOU LEARN?

SRU's curriculum gives students a broad stroke foundation in communication and public relations, enabling them to go on to pursue positions in a variety of niches. The core course requirements set the stage for what it means to work in the communication industry, covering concepts, research methods, and mass media.

The public relations emphasis courses cover a wide range of topics, including digital design, journalistic writing, social media, persuasion,

argumentation, and more. Through these classes, students learn about various modes of communication. Additional message production and preparation courses—such as photojournalism, video production, and interactive multimedia—allow students to dig deeper into a certain communication area. Furthermore, students complete one of two business courses—organizational behavior or principles of marketing—to better understand the importance of communication as it relates to the success of a company.

Those who major in Public Relations at SRU also participate in an internship program, which allows them to apply their classroom knowledge in a practical setting. This gives students the hands-on experience needed to enter the workforce after graduation.

CAREERS IN PUBLIC RELATIONS

Public relations professionals ensure that companies, organizations, and individuals reach the right parties with an expertly crafted message in an age of instant information transference. In collaboration with our Advisory Board and skilled professionals working in the field, this degree program is designed to help you develop the specific skills and insights employers are looking for: public opinion research and analysis, strategic planning, effective writing skills, and proficiency in the use of social media, visual, and graphic design technologies. Potential job titles include but are not limited to:

- Public Relations Specialist
- Brand Ambassador
- Publicist
- Event Coordinator
- Social Media Specialist
- Content Strategist
- Copywriter

The success of our program is measured by our graduates who are employed in public relations, marketing, and advertising at agencies, corporate offices, and non-profit organizations.

PROGRAM LEARNING OUTCOMES

- **Writing:** Produce written communication tactics to communicate with various publics. (SRU SLO 1, 2, 5, 8, 9, 10)
- **Tactics:** Employ social media, multimedia, and graphic design technologies to communicate with publics. (SRU SLO 1, 2, 5, 8, 9, 10)
- **Strategic Campaigns:** Demonstrate the ability to develop a research-based strategic communication plan tailored to a specific target public. (SRU SLO 1, 2, 5, 8, 9, 10)

STRATEGIC COMMUNICATION AND MEDIA DEPARTMENT, OVERALL

- **Writing competency:** Students will demonstrate the ability to write and present messages clearly and effectively. (SRU SLO 1)
- **Ethics and legal issues:** Students will understand ethical and legal issues facing communicators in the 21st century. (SRU SLO 8)
- **Research and analysis:** Students will demonstrate the ability to design and implement research studies and critically analyze research data. (SRU SLO 2)

Strategic Communication and Media, Minor

The Minor in Strategic Communication and Media gives students access to courses in communication theory, strategic communication, and media production. It is the perfect complement to other Slippery Rock University programs of study. Students majoring in sports management, park and resource management, and business are just some of those who find a second home in the Department of Strategic Communication and Media.

Total Hours 18

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

MINOR IN USER EXPERIENCE & INTERFACE DESIGN (13D)

This program is effective as of Summer 2025

Revised 07.22.2025

UCC: 3.1.22

Military Science (Army ROTC) Programs

- Army ROTC (p. 114)

Army ROTC Requirements for Enrollment

The general requirements for enrollment in Army ROTC stipulate that students be accepted as a regularly enrolled university student and be a citizen of the United States. Veterans and JROTC graduates may

receive exemptions from the basic course as approved by the Professor of Military Science (PMS). For continuation in ROTC during the junior and senior years, students must have a 2.500 grade point average in their academic area, have successfully completed requirements for the Basic Course, pass a physical examination, and be accepted by the PMS. Advanced Course students must agree in writing to complete the junior and senior years.

Army ROTC Scholarship/Financial Assistance

Army ROTC offers two-year, three-year, and four-year scholarships on a competitive basis to the most outstanding students who apply. Three and two-year scholarships are awarded to students already enrolled in college. Students who attend the LTC in the two-year program may compete for two-year scholarships.

Each scholarship pays for college tuition and required educational fees and provides a specified amount for textbooks. Each scholarship also includes subsistence allowance of \$3,500-\$5,000 for every year the scholarship is in effect.

All cadets in the Advanced Course receive a subsistence allowance of \$4,500-\$5,000 for each of the two years (This is not in addition to the subsistence allowance provided to scholarship recipients), as well as pay for attending the five-week Leadership Development and Assessment Course during the summer between their Junior and Senior years.

The Simultaneous Membership Program

Students who have not been awarded an ROTC scholarship can get a head start on their military careers and their future through the Simultaneous Membership Program (SMP). This program allows students to be members of the Army National Guard or the Army Reserve and Army ROTC at the same time.

SMP students are paid at the rate of at least a Sergeant (E-5) for their guard or reserve training assemblies, plus the aforementioned allowance from the ROTC Advanced Course. SMP students may also be eligible for additional federal and state educational benefits. They serve as officer trainees in their guard or reserve units and, under the close supervision of a commissioned officer, perform duties commensurate with those of a Second Lieutenant.

Cadets who successfully complete the SMP program graduate with a commission as a Second Lieutenant. Once commissioned, they may continue to serve in their Army National Guard or Army Reserve units, or they may apply for active duty in the U.S. Army.

Students can be in the SMP program all four years at college. They will be paid at the rate of Sergeant for only the final three years.

The Two-Year Program

The two-year program is designed for junior students and community college graduates, students at four-year colleges who did not take ROTC during their first two years of school, or students entering a two-year post-baccalaureate or graduate course of study.

To enter the two-year program, students must first attend a fully-paid five-week Leadership Training Course (LTC), normally held during the summer between the sophomore and junior years of college. At LTC, students learn to challenge themselves physically and mentally, and to build their confidence and self-respect.

After they have successfully completed LTC, students who meet all necessary enrollment requirements may enroll in the Advanced Course.

Students who have attended basic training/AIT also qualify for the two-year program.

The Four-Year Program

The four-year program is divided into two parts: the Basic Course and the Advanced Course.

The Basic Course is usually taken during the first two years of college and covers such subjects as customs, traditions and organizations of the service, national defense, military history, and leadership development. In addition, a variety of outside social and professional enrichment activities are available. All necessary ROTC textbooks, uniforms, and other essential materials for the Basic Course are furnished at no cost. After completion of the Basic Course, students who have demonstrated the potential to become an officer and who have met the physical and scholastic standards are eligible to enroll in the Advanced Course. (Note: There is no military service obligation associated with taking any Basic Course electives. All electives earn academic credit.)

The following academic programs and units are in the College of Education:

- Elementary Education/Early Childhood Education (p. 116)
- Physical and Health Education (p. 125)
- Secondary Education/Foundations of Education (p. 149)
- Special Education (p. 174)

Teacher Education Information

The following link takes you to the Four Phases of Teacher Education (<https://www.sru.edu/academics/colleges-and-departments/coe/four-phases-of-teacher-education/>) page, which provides procedures and requirements for such things as Admissions to Candidacy (including testing, GPA, and clearance requirements), Application for Field Experiences and Student Teaching, and application for PA Teacher Certification.

Elementary Education/Early Childhood Education

Programs

Majors

- Early Childhood Education (PK-4), Bachelor of Science in Education (BSED) (p. 116)
- Early Childhood Education (PK-4), Bachelor of Science in Education (BSED) - Concentration in International Education (p. 120)
- Early Childhood Education (PK-4)/Special Education (PK-12), Bachelor of Science in Education (BSED) (p. 174)
- Early Childhood Education (PK-4)/Special Education (PK-12), Bachelor of Science in Education (BSED) - Concentration in International Education (p. 178)

Minors

- Global Education, Minor (p. 124)

Early Childhood Education (PK-4), Bachelor of Science in Education (BSED)

All candidates completing this program and student teaching are eligible to receive Pennsylvania certification after achieving a passing or qualifying score on Pennsylvania Department of Education required exam(s). If you are interested in teaching in another state, please contact the Department of Education in that state.

PROGRAM LEARNING OUTCOMES

PROGRAM GOAL 1 Danielson Framework 1b: Demonstrating Knowledge of Students: Child and adolescent development; Learning process; Special needs; Students' skills, knowledge, and language proficiency; Students' interests and cultural heritage

- **University Wide Outcome 2: Apply critical thinking to argument and problem solving:** Gather, analyze and evaluate information and ideas. Produce well-supported reasons and evidence. Reach well-argued conclusions and decisions. Use a variety of viewpoints and reflective thought.

PROGRAM GOAL 2 Danielson Framework 1c: Setting Instructional Outcomes: Value, sequence, and alignment; Clarity; Balance; Suitability for diverse learners

- **University Wide Outcome 2: Apply critical thinking to argument and problem solving:** Gather, analyze and evaluate information and ideas. Produce well-supported reasons and evidence. Reach well-argued conclusions and decisions. Use a variety of viewpoints and reflective thought.

PROGRAM GOAL 3 Danielson Framework 1d: Demonstrate Knowledge of Resources: Resources for Classroom Use; Resources to Extend Content Knowledge and Pedagogy; Resources for Students

- **University Wide Outcome 2: Apply critical thinking to argument and problem solving:** Gather, analyze and evaluate information and ideas. Produce well-supported reasons and evidence. Reach well-argued conclusions and decisions. Use a variety of viewpoints and reflective thought.

PROGRAM GOAL 4 Danielson Framework 3a: Communicate with Students: Expectations for Learning; Directions and Procedures; Explanations of Content; Use of Oral and Written Language

- **University Wide Outcome 1. Act as effective communicators:** Communicate successfully with diverse audiences in speech and writing. Demonstrate active listening skills. Apply analytical reading to support language use.
- **University Wide Outcome 9. Develop a worldview that acknowledges diversity and global interdependence:** Understand the importance of diverse experiences, cultures, and identities. Understand the ways that group and individual inequalities and interactions impact self and society. Apply multiple perspectives to address local, regional, global, and cultural issues.

PROGRAM GOAL 5 Danielson Framework 3c: Engage Students in Learning: Activities and Assignments; Grouping of Students, Instructional Materials and Resources; Structure and Pacing

- **Middle States Standards III.5.a:** Offer a sufficient scope to draw students into new areas of intellectual experience, expanding their cultural and global awareness and cultural sensitivity, and preparing them to make well-reasoned judgments outside as well as within their academic field
- **University Wide Outcome 9. Develop a worldview that acknowledges diversity and global interdependence:** Understand the importance of diverse experiences, cultures, and identities. Understand the ways that group and individual inequalities and interactions impact self and society. Apply multiple perspectives to address local, regional, global, and cultural issues.

PROGRAM GOAL 6 Danielson Framework 4e Growing and Developing

Professionally: Enhancement and Content Knowledge and Pedagogical Skills, Receptivity to Feedback from Colleagues, Service to the Profession

- **Middle States Standards II.2:** Foster a climate of respect among students, faculty, staff, and administration from a range of diverse backgrounds, ideas, and perspectives
- **University Wide Outcome 5. Develop as a whole person:** Acquire and apply knowledge and skills in the major and profession, including soft skills. Make connections beyond traditional disciplinary boundaries. Demonstrate a desire for lifelong learning. Establish an identity that incorporates emotional and physical wellness.

PROGRAM GOAL 7 Danielson Framework 4f: Demonstrating

Professionalism: Integrity and Ethical Conduct, Service to Students, Advocacy, Decision Making

- **University Wide Outcome 8. Act ethically:** Respect the range of ethical perspectives. Understand their own values and principles. Recognize the consequences and impacts of their actions on others.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. International study programs
2. High-Impact Practice (HIP) designated classes
3. Student-Faculty research and Student Leadership development
4. Career Education and Development
5. Internships/Field Experiences (required)

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Revised 07.25.2025

Early Childhood Education (PK-4), Bachelor of Science in Education (BSED) - Concentration in International Education

All candidates completing this program and student teaching are eligible to receive Pennsylvania certification after achieving a passing or qualifying score on Pennsylvania Department of Education required exam(s). If you are interested in teaching in another state, please contact the Department of Education in that state.

The mission of the international concentration is to equip, inspire, and empower teacher candidates by providing them opportunities to develop their personal and professional global awareness; to deepen their understanding of culturally responsive teaching and to experience international teaching in order to be prepared for teaching in the 21st century.

PROGRAM LEARNING OUTCOMES

PROGRAM GOAL 1 Danielson Framework 1b: Demonstrating Knowledge of Students: Child and adolescent development; Learning process; Special needs; Students' skills, knowledge, and language proficiency; Students' interests and cultural heritage

- **University Wide Outcome 2: Apply critical thinking to argument and problem solving:** Gather, analyze and evaluate information and ideas. Produce well-supported reasons and evidence. Reach well-argued conclusions and decisions. Use a variety of viewpoints and reflective thought.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student

success and participation in the following types of programs and activities:

1. International study programs
2. High-Impact Practice (HIP) designated classes
3. Student-Faculty research and Student Leadership development
4. Career Education and Development
5. Internships/Field Experiences (required)

Important Information

Prerequisites for Admission to Teacher Candidacy

- Grades below a "C" are not admissible.

Code	Title	Hours
Basic Courses Required		
ENGL 102	Critical Writing	3
ELEC 100	Early Childhood Education Theory & Practice	3
ELEC 200	Child Development Typical	3
ELEC 230	Field-Based Child Development Typical	3
ENGL 104	Critical Reading	3

PROGRAM LEARNING OUTCOMES

1. Demonstrate an awareness of how the interrelatedness of culture and structure education at local, global, and international levels.
 - a. UO 9. Develop a worldview that acknowledges diversity and global interdependence: Understand the importance of diverse experiences, cultures, and identities. Understand the ways that group and individual inequalities and interactions impact self and society. Apply multiple perspectives to address local, regional, global, and cultural issues.
2. Develop a multi-perspective analysis of educational systems that are practiced in local, national, and international arenas.
 - a. UO 8. Act ethically: Respect the range of ethical perspectives. Understand their own values and principles. Recognize the consequences and impacts of their actions on others.
3. Demonstrate an understanding of the interrelatedness of local, global, international, and intercultural issues, trends, and systems.
 - a. UO 7. Become civically engaged: Acquire and apply skills and knowledge based on partnership and reciprocity within and beyond the university community. Contribute to the betterment of society.
 - b. UO 9. Develop a worldview that acknowledges diversity and global interdependence: Understand the importance of diverse experiences, cultures, and identities. Understand the ways that group and individual inequalities and interactions impact self and society. Apply multiple perspectives to address local, regional, global, and cultural issues.
4. Address local, global, international, and intercultural educational problems.
 - a. UO 7. Become civically engaged: Acquire and apply skills and knowledge based on partnership and reciprocity within and

beyond the university community. Contribute to the betterment of society.

- b. UO 9. Develop a worldview that acknowledges diversity and global interdependence: Understand the importance of diverse experiences, cultures, and identities. Understand the ways that group and individual inequalities and interactions impact self and society. Apply multiple perspectives to address local, regional, global, and cultural issues.
5. Demonstrate a willingness to accept shared responsibility for infusing multicultural perspectives into a school curriculum.
 - a. UO 5. Develop as a whole person: Acquire and apply knowledge and skills in the major and profession, including soft skills. Make connections beyond traditional disciplinary boundaries. Demonstrate a desire for lifelong learning.
 - b. UO 7. Become civically engaged: Acquire and apply skills and knowledge based on partnership and reciprocity within and beyond the university community. Contribute to the betterment of society.
 - i. UO 10. Act as responsible digital citizens: Recognize the rights, responsibilities, and opportunities of living, learning, and working in an interconnected digital world. Use relevant digital technologies competently in ways that are safe, legal, and ethical.

Adapted Physical Activity, Minor

The Adapted Physical Activity (APA) program is dedicating to serving individuals of various ages and disabilities by promoting health and wellness, as well as empowering them to reach their full potential. Slippery Rock University (SRU) offers the only APA undergraduate minor in the entire state of Pennsylvania.

MISSION

To provide an opportunity for students to demonstrate professionalism, advocacy and leadership qualities in professional preparation programs by improving the health, physical activity, and wellness of individuals with disabilities.

PROGRAM LEARNING OUTCOMES

- **Communication and Technology:** Communicate effectively in speech and in writing, using appropriate information sources, presentation formats, and technologies.
- **Professional Proficiency:** Apply knowledge, skills, and abilities to meet professional competencies in physical activity for individuals with disabilities.
- **Critical Thinking and Problem Solving:** Locate, analyze, synthesize, and evaluate information and ideas from multiple perspectives.
- **Advocacy:** Apply advocacy skills to assist in the support of health promotion, healthy lifestyles, physical activity, and wellness for individuals with disabilities.
- **Leadership:** Use advocacy and leadership skills to assist in promotion of independence, healthy lifestyles, and well-being for individuals with disabilities.

MINOR IN AQUATICS (61D)

This program is effective as of Fall 2018.

Revised 09.18.2025

Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in Physical Activity and Fitness Management

The Physical Education - Physical Activity and Fitness Management concentration will prepare professionals to plan, implement, and evaluate physical activity programs in corporate, community, and non-profit settings. The physical activity and fitness management concentration has intellectual value in academia while addressing emerging regional and national employment trends, student interests and preferences, and community need. The uniqueness of this concentration centers around a personnel preparation core combined with students preferred choice of two of five well-established and emerging specialty areas.

Program Learning Outcomes

- **Instructional Excellence:** Develop Physical Activity and Fitness Managers who educate and empower individuals to lead active healthy lifestyles.
- **Physical Health and Wellness Competency:** Develop Physical Activity and Fitness Managers who prepare individuals for an active lifestyle through purposeful movement and healthy nutrition.
- **Social, Emotional and Cognitive Wellness:** Develop Physical Activity and Fitness Managers who prepare individuals with strategies to improve cognition, manage stress and positively interact with others.
- **Physical Activity Management in Community and Commercial Settings:** Prepare Physical Activity and Fitness Managers to

coordinate and lead comprehensive wellness programs that promote health literacy and physical activity in Community and Commercial Settings.

- **Professional Advocate and Leader:** Develop professionals who model and value health and advocate for quality health and wellness in schools and communities.

Select six credits from the following:	
PHED 338	Teaching and Leading Group Exercise ¹
PHED 378	Teaching and Leading of Strength and Resistance Training
PHED 379	Fitness Management ¹
Subtotal	24
Total Hours	60

¹ Course counts for 50% of Major requirements and Major GPA

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. International study programs (short-term, semester, and year-long)
2. Student-faculty research
3. Student leadership development
4. Service-learning classes
5. Career education and development
6. Internship
7. Volunteering

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

¹ Course offered in multiple subjects; cannot take course in first major subject.

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

* Students are encouraged to take ESAP 101 as a Free Elective.

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major Code: 1158

Concentration Code: PAFM

Revised: 07.25.2025

Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in Physical Activity and Fitness Management / Pre-Athletic Training (SRU) (3+2)

The Physical Education - Physical Activity and Fitness Management concentration will prepare professionals to plan, implement, and evaluate physical activity programs in corporate, community, and non-profit settings. The physical activity and fitness management concentration has intellectual value in academia while addressing emerging regional and national employment trends, student interests and preferences, and community need. The uniqueness of this concentration centers around

a personal preparation core combined with students preferred choice of two of five well-established and emerging specialty areas.

The proposed Health & Physical Education/Physical Activity & Fitness Management Pre-Athletic Training 3+2 (PAFM Pre-AT 3+2) program is designed to give students an opportunity to enrich their undergraduate education with an intensive program in PAFM and facilitate their entry into the Master of Science in Athletic Training at SRU. The course work is tailored to meet the needs of the student both as an HPE/PAFM major and to prepare them for a Masters of Athletic Trainer program.

Program learning Outcomes

- **Instructional Excellence:** Develop Physical Activity and Fitness Managers who educate and empower individuals to lead active healthy lifestyles. (SRU 1, 2, 3)
- **Physical Health and Wellness Competency:** Develop Physical Activity and Fitness Managers who prepare individuals for an active lifestyle through purposeful movement and healthy nutrition. (SRU 1, 2, 3)
- **Social, Emotional and Cognitive Wellness:** Develop Physical Activity and Fitness Managers who prepare individuals with strategies to improve cognition, manage stress and positively interact with others. (SRU 5, 8)
- **Physical Activity Management in Community and Commercial Settings:** Prepare Physical Activity and Fitness Managers to coordinate and lead comprehensive wellness programs that promote health literacy and physical activity in Community and Commercial Settings. (SRU 7,9)
- **Professional Advocate and Leader:** Develop professionals who model and value health and advocate for quality health and wellness in schools and communities. (SRU 7, 9)

CURRICULUM GUIDE

GPA REQUIREMENT – HEALTH & PHYSICAL EDUCATION

1st Major: Health & Physical Education, Physical Activity & Fitness Management

- Overall GPA: 2.00 or higher

2nd Major: Pre-AT SRU 3+2 Health & Physical Education, Physical Activity & Fitness Management

- Overall GPA: 3.00 or higher

SUMMARY*

Code	Title	Hours
	Rock Studies 2 Requirements	44
	Other Basic Requirements	0-3

Major Requirements	55
Electives	21

* All undergraduate degree programs require a minimum of 120 credits. Some courses meet multiple requirements, but are only counted once toward the 120 credit total required to graduate. However, because this is a pre-professional program, credits taken during the 1st year of the graduate program are applied toward the undergraduate credit hours to meet the 120 credits required for your undergraduate degree.

¹ Course offered in multiple subjects; cannot take course in first major subject

² One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.

³ Additional Athletic Training prerequisite courses may be fulfilled in a Thematic Thread.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

MAJOR REQUIREMENTS

- If you choose to pursue Pre-Athletic Training SRU 3+2 Health and Physical Education - Physical Activity & Fitness Management and are not accepted into the AT program, then additional coursework is required to complete a first major of Health and Physical Education - Physical Activity & Fitness Management. Please refer to the Curriculum Guide.

Code	Title	Hours
PAFM Required Core Courses		
Must earn a "C" or better in the following courses		
PHED 131	Foundations of Leadership in Physical Activity ¹	3

Total Hours		36

Requirements for Pre-Athletic Training SRU 3+2:

If any of these requirements are not met, the 3+2 designation will be removed from the student's record:

1. A 3.0 or higher overall GPA must be maintained by the student.
2. The student can only be enrolled in the Pre-Athletic Training SRU 3+2 program for a maximum of three (3) years, full-time continuous enrollment (fall/spring).

Provision:

Should a Pre-Athletic Training SRU 3+2 student be unsuccessful in completing the 1st three semesters (summer or fall or spring terms) of the Athletic Training Graduate Program and want to complete the original undergraduate degree, it is solely up to the discretion of the undergraduate program Department Chair to determine which, if any, graduate level AT courses will count toward the completion of his/her undergraduate degree. In addition, students must complete any unfulfilled requirements of their undergraduate major. Students may still apply to the AT program with an earned Bachelor's degree.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

CO-CURRICULAR AND EXPERIENTIAL LEARNING

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. International study programs (short-term, semester, and year-long)
2. Student-faculty research
3. Student leadership development
4. Service-learning classes
5. Career education and development
6. Internship
7. Volunteering

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

¹ Students can take additional credits in PHED 450 or elective coursework to meet the 120 credit hour minimum.

Revised 09.23.2025

Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in Physical Activity and Fitness Management / Pre-Occupational Therapy (SRU) (3+3)

The Physical Education - Physical Activity and Fitness Management concentration will prepare professionals to plan, implement, and evaluate physical activity programs in corporate, community, and non-profit settings. The physical activity and fitness management concentration has intellectual value in academia while addressing emerging regional and national employment trends, student interests and preferences, and community need. The uniqueness of this concentration centers around a personal preparation core combined with students preferred choice of two of five well-established and emerging specialty areas.

The proposed Health & Physical Education (HPE)/Physical Activity & Fitness Management Pre-Occupational Therapy 3+3 (PAFM Pre- OT 3+3) program is designed to give students an opportunity to enrich their undergraduate education with an intensive program in PAFM and facilitate their entry into the Doctor of Occupational Therapy (OT) at SRU. The course work is tailored to meet the needs of the student both as an HPE/PAFM major and to prepare them for a Doctor of Occupational Therapy program.

PROGRAM LEARNING OUTCOMES

- **Instructional Excellence:** Develop Physical Activity and Fitness Managers who educate and empower individuals to lead active healthy lifestyles. (SRU 1, 2, 3)
- **Physical Health and Wellness Competency:** Develop Physical Activity and Fitness Managers who prepare individuals for an active lifestyle through purposeful movement and healthy nutrition. (SRU 1, 2, 3)
- **Social, Emotional and Cognitive Wellness:** Develop Physical Activity and Fitness Managers who prepare individuals with strategies to improve cognition, manage stress and positively interact with others. (SRU 5, 8)
- **Physical Activity Management in Community and Commercial Settings:** Prepare Physical Activity and Fitness Managers to coordinate and lead comprehensive wellness programs that promote health literacy and physical activity in Community and Commercial Settings. (SRU 7,9)
- **Professional Advocate and Leader:** Develop professionals who model and value health and advocate for quality health and wellness in schools and communities. (SRU 7, 9)

CURRICULUM GUIDE

GPA REQUIREMENT – HEALTH & PHYSICAL EDUCATION

1st Major: Health & Physical Education

- Overall GPA: 2.00 or higher

2nd Major: Pre-OT SRU 3+3 Health & Physical Education

- Overall GPA: 3.00 or higher

SUMMARY*

Code	Title	Hours
	Rock Studies 2 Requirements	43
	Other Basic Requirements	0-3
	Major Requirements	55
	Electives	22

* All undergraduate degree programs require a minimum of 120 credits. Some courses meet multiple requirements, but are only counted once toward the 120 credit total required to graduate. However, because this is a pre-professional program, credits taken during the 1st year of the graduate program are applied toward the undergraduate credit hours to meet the 120 credits required for your undergraduate degree.

Pre-Occupational Therapy SRU 3+3

If any of these requirements are not met, the 3+3 designation will be removed from the student's record:

1. A 3.0 or higher overall GPA must be maintained by the student.
2. The student can only be enrolled in the Pre-Occupational Therapy SRU 3+3 program for a maximum of three (3) years, full-time continuous enrollment (fall/spring).

Provision

Should a Pre-Occupational Therapy SRU 3+3 student be unsuccessful in completing the 1st two semesters (summer or fall) of the Occupational Therapy Program and wants to complete the original undergraduate degree, it is solely up to the discretion of the undergraduate program Department Chair to determine which, if any, Occupational Therapy courses will count toward the completion of his/her undergraduate degree. In addition, students must complete any unfulfilled requirements of their undergraduate major. Students may still apply to the Doctor of Occupational Therapy Program with an earned Bachelor's degree.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Health & Physical Education - Physical Activity & Fitness Management BS (1158/PAFM)

Pre-OT SRU Traditional

Revised 09.23.2025

Health and Physical Education, Bachelor of Science in Education (BSED) - Concentration in School Wellness Education

Slippery Rock University's Health and Physical Teacher Education program prepares you to help students maintain healthy lifestyles both at school and outside the classroom. Do you want to inspire young people to learn healthy habits that decrease their chances of long-term health problems? Are you passionate about motivating children to start lifelong behaviors that lead them to healthy futures? Look no further than SRU's School Wellness Education concentration.

Majors in this program are awarded a Bachelor's in Education with a major in Health and Physical Education and a concentration in School Wellness. An educator with this degree can make all the difference in students' lives, as today's K-12 children are spending less time outside and are living increasingly sedentary lifestyles.

All candidates completing this program and student teaching are eligible to receive Pennsylvania certification after achieving a passing or qualifying score on Pennsylvania Department of Education required exam(s). If you are interested in teaching in another state, please contact the Department of Education in that state.

Program Learning Outcomes

- **Excellent Teaching:** Develop teachers who educate and empower individuals to lead active healthy lifestyles. (UWO 1, 9).
- **Physical Health and Wellness:** Develop teachers who prepare individuals for an active lifestyle through purposeful movement and healthy nutrition. (UWO 2, 5).
- **Social, Emotional and Cognitive Wellness:** Develop teachers who prepare individuals with strategies to improve cognition, manage stress and positively interact with others. (UWO 6, 8).
- **School to Community Health and Wellness:** Prepare teachers to coordinate and lead comprehensive wellness programs that promote health literacy and physical activity. (UWO 7).
- **Professional Advocate and Leader:** Develop professionals who model and value health and advocate for quality health and wellness in schools and communities. (UWO 7, 2).

Living Well, Certificate

The Living Well certificate will provide the opportunity for students at Slippery Rock University to gain knowledge in how and why to live a healthy and active life. The importance of individuals engaging in healthy lifestyles along with the consequences of those who do not has been documented in the past five years. Students will understand the impact these consequences at both individual and societal levels.

Physical Education - Coaching, Minor

Great coaches bring out the best in their athletes. Whether it's perfecting a technique or learning good sportsmanship, coaches lead their team to victories on and off the field. The minor in Coaching at SRU prepares coaches to make ethical decisions related to development, implementation, and evaluation of athletic experiences.

WHY CHOOSE COACHING?

If you have a passion for sports, a knack for connecting with others, and the spark to lead, the minor in Coaching will prepare you for an exciting career. As organized sports continue to grow, the need for qualified and competent coaches is rising. When you minor in Coaching at SRU, you'll gain the skills you need to provide the best experience and opportunities for athletes of all ages and levels.

WHAT WILL YOU LEARN?

You will be prepared to coach athletes of all ages with the skills you gain through this minor. Courses in the philosophy and psychology of coaching, psychological and sociological bases of sport, motor development and learning, and sports officiating will give you the fundamentals you will need to be an effective coach.

You will also complete three practicum experiences where you will have hands-on experience working with three different athletic teams of their choice. Opportunities range from coaching at local YMCAs, youth and community sports, high school teams, college programs, and even adult leagues. You can gain experience beyond traditional team sports like baseball, softball, basketball, football, and soccer. Options also include rugby, deck hockey, ice hockey, tennis, wrestling and gymnastics, to name a few. Your practicum experiences can be individually structured based on your interests and experiences.

To access Minor Requirements, please view the Curriculum Guide tab.

PASSHE - Pennsylvania State System of Higher Education Institutions

MINOR IN COACHING (61E)

This program is effective as of Fall 2018.

Revised: 09.18.2025

Wellness, Minor

The Wellness Minor is a testament of your determination to live a healthy lifestyle full of energy with minimal illness or disease. Rather than following the newest trending health fad or product, we choose a global perspective from the world's healthiest people. The courses in this certificate will help broaden your perspective, manage your stress, enhance your mood, and improve every part of your health. Your wellbeing is paramount to achieving your maximum potential, so get started toward a 'new' you now.

WHY CHOOSE THIS WELLNESS MINOR?

How long do you want to live? The average life expectancy of a United States citizen is 78 years, or about 4000 weeks, but people from the healthiest places on earth easily live into their 100s, virtually disease-free. While many Americans may live to the age of 78, they often suffer

from preventable diseases for decades, which often begin in their 40s and 50s. In this context, perhaps a better question to ask is "How well do you want to live?"

The Wellness Minor is designed to help you become a better version of yourself by uncovering truths about wellness so you can lead a life of the highest quality.

Still need another reason? This minor will make you more attractive to employers. When you have a high level of wellness, you take fewer sick days, you have more energy, and you are an asset to your organization. Every employer wants someone with high energy, has their life under control, and who is happy and productive. This minor sets you apart from everyone else by showing that you are dedicated to being your best.

WHAT WILL YOU LEARN?

You learn through doing. You learn how to manage stress, how to choose healthy nutritious foods, and how physical activity improves your wellness. The capstone class, Living Well, links the many aspects of wellness together through application so you can achieve your best self. The world of wellness will continue to grow and expand as we learn more about health and our physiology. Remember, wellness encompasses nearly every aspect of living and there is almost no limit to how this certificate will improve your wellbeing and expand your career opportunities.

CAREER OPPORTUNITIES

After taking one or more of these classes, many students have been inspired to incorporate wellbeing in their future career and help others raise their level of health. The breadth of wellness covers fields such as physical, environmental, emotional, spiritual, intellectual, occupational, financial, and social wellness. The opportunities are vast and growing. Adding this minor to your SRU degree is an investment in your greatest asset- you.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Select one of the following: 3

HIST 151 Ancient World to the Age of Global Encounters

HIST 152 Early Modern to Contemporary World

HIST 201 Colonial US to the Civil War Era

HIST 202 US Civil War Era to Present

Total Hours 42

¹ Course offered in multiple subjects; cannot take course in first major subject.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major Requirements

- 40 major credits must be taken at SRU or PASSHE
- 40 major credits must be taken at the 300 level or above
- All grades in Professional Education & Specialization must be grades of "C" or above.

Code	Title	Hours

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-

earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report

and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

SECONDARY EDUCATION - ENGLISH 7-12 BSED (1224)

Revised: 09.23.2025

Secondary Education - Social Studies - History (7-12), Bachelor of Science in Education (BSED)

This program prepares students for careers teaching Social Studies / History in secondary schools. Requirements for the Major in Secondary Education (7-12) include a combination of education courses and student teaching experiences that lead to certification for a state-approved teaching license. All candidates completing this program and student teaching are eligible to receive Pennsylvania certification after achieving a passing or qualifying score on Pennsylvania Department of Education required exam(s). If you are interested in teaching in another state, please contact the Department of Education in that state.

Teacher Education Policy Manual (<https://www.sru.edu/documents/academics/colleges/COE/Teacher%20Education%20Policy%20Manual%20HANDBOOK.pdf>)

PROGRAM LEARNING OUTCOMES

Impact on Student Learning (SRU UG 2, 3, 5, 9)

Content Knowledge in the Social Studies (SRU UG 2, 9)

Effective Planning of Classroom-Based Instruction (SRU UG 1, 2, 4, 6, 8, 10)

Candidates' Knowledge, Skills, and Dispositions (SRU UG 4, 5, 7, 8, 9)

Civic Ideals and Practices (SRU UG 5, 7, 8)

Culture (SRU UG 6, 8, 9)

Time, Continuity, and Change (SRU UG 2, 6)

Degree Program Writing Competency (SRU UG 1)

Secondary Content Area - Spanish

For student teaching and certification all grades earned in Content Area must be a "C" or above.

Basic Skill Courses

Exemption is possible from these courses according to performance on the language placement test. CLEP, AP, and OPI credits are accepted:

SPAN 101	Spanish Language & Culture I	0-18
SPAN 102	Spanish Language & Culture II	
SPAN 103	Spanish Language & Culture III	
SPAN 200	Writing in Spanish for the Professions I	
SPAN 201	Speaking in Spanish for the Professions I	
SPAN 220	Understanding Hispanic Cultures Through Reading	

Required Spanish Courses

SPAN 300	Writing in Spanish for the Professions II	3
SPAN 350	The Sounds of Spanish	3
SPAN 400	Writing in Spanish for the Professions III	3
SPAN 401	Speaking in Spanish for the Professions III	3
Conversation Courses		
Select one of the following:		3
SPAN 301	Speaking in Spanish for the Professions II	
SPAN 302	Communication in Spanish for the Elementary Classroom	
Civilization Courses		
Select one of the following:		3
SPAN 305	Spain Today	
SPAN 328	Latin American Today	
Literature Courses		
Select one of the following:		3
SPAN 431	Exploring Spanish Culture through Media	
SPAN 432	Exploring Latin American Cultures through Media	
Spanish Electives - For students who Exempt from Basic Skills		
Choose as many SPAN electives as necessary to reach 30 credits		9-0
Subtotal		30-39
Total Hours		76-85

¹ Course counts for Major but not for Major GPA.

² SPED 315 and SEFE 455 or CIEL 455 are taken together during the student teaching semester.

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Important Information

For information only. Please see adviser for more details pertaining to this certification

Prerequisites for Admission to Teacher Candidacy

- Teacher candidacy requires a minimum of 3.0 GPA with no basic skills or a 2.8 GPA with demonstration that basic skills have been met.

Code	Title	Hours
Basic Courses		
ENGL 102	Critical Writing	3
ENGL 104	Critical Reading	3
SEFE 200	Introduction to Education, Teaching Methods and Field	3

or CIEL 245	Innovation and Instructional Technology	
SPED 121	Overview of Special Education	3
Math Requirement		
Select 6 credits from the following:		6
MATH 113	Mathematics as a Liberal Art	
MATH 115	Financial Mathematics	
MATH 117	Quantitative Reasoning	

MATH 118	Elementary Geometry	
MATH 120	Intermediate Algebra	
MATH 122	Finite Mathematics with Matrices	
MATH 123	Introduction to Applied Calculus	
MATH 125	Precalculus	
MATH 131	Discrete Mathematics	
MATH 225	Calculus I	
STAT 152	Elementary Statistics I	
Total Hours		21

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Special Education Programs

Majors

- Early Childhood Education (PK-4)/Special Education (PK-12), Bachelor of Science in Education (BSED) (p. 174)
- Early Childhood Education (PK-4)/Special Education (PK-12), Bachelor of Science in Education (BSED) - Concentration in International Education (p. 178)
- Special Education (K-12), Bachelor of Science in Education (BSED) (p. 183)
- Special Education Transition Programming, Bachelor of Science (BS) (p. 186)

Minors

- Special Education, Minor (p. 188)

Early Childhood Education (PK-4)/ Special Education (PK-12), Bachelor of Science in Education (BSED)

PROGRAM LEARNING OUTCOMES

Program Student Learning Outcome 1 – Child Development and Learning

Pre-service teachers will understand how children develop intellectually, socially, emotionally, and physically and will use this knowledge to design meaningful and developmentally appropriate instruction.

Aligned SRU Outcomes: 2 (Apply critical thinking to argument and problem solving), 5 (Develop as a whole person)

Program Student Learning Outcome 2 – Diversity, Equity, and Cultural Responsiveness

Pre-service teachers will demonstrate respect for diversity and the ability to create inclusive, culturally responsive classrooms that support learners of varied linguistic, cultural, and socioeconomic backgrounds.

Aligned SRU Outcomes: 8 (Act ethically), 9 (Develop a worldview that acknowledges diversity and global interdependence), 7 (Be civically engaged)

Program Student Learning Outcome 3 – Professional Knowledge of Special Education Foundations

Candidates will demonstrate knowledge of the historical, philosophical, and legal foundations of special education, including IDEA, Section 504, and Chapter 14, and will apply this knowledge to protect students' rights and promote access in the least restrictive environment.

Aligned SRU Outcomes: 8 (Act ethically), 5 (Develop as a whole person)

Program Student Learning Outcome 4 – Assessment and Data-Driven Decision Making

Candidates will select, administer, interpret, and apply multiple forms of assessment to make data-informed instructional and behavioral decisions within a multi-tiered system of support.

Aligned SRU Outcomes: 2 (Apply critical thinking to argument and problem solving), 4 (Apply quantitative reasoning in appropriate contexts)

Program Student Learning Outcome 5 – Instructional Design and Evidence-Based Practice

Pre-service teachers will design, implement, and evaluate evidence-based instruction in literacy, mathematics, and content areas that meets individual learner needs and is aligned with state standards.

Aligned SRU Outcomes: 2 (Apply critical thinking), 5 (Develop as a whole person)

Program Student Learning Outcome 6 – Classroom Management and Positive Behavior Support

Candidates will establish and maintain safe, inclusive learning environments by applying positive behavior interventions and supports, data-based decision making, and social-emotional learning practices.

Aligned SRU Outcomes: 5 (Develop as a whole person), 8 (Act ethically)

Program Student Learning Outcome 7 – Collaboration and Communication

Pre-service teachers will collaborate effectively with families, educators, related service providers, and community agencies to plan and implement educational programs for all learners.

Aligned SRU Outcomes: 1 (Act as effective communicators), 7 (Be civically engaged), 9 (Develop a worldview that acknowledges diversity)

Program Student Learning Outcome 8 – Technology and Accessibility

Candidates will integrate assistive and instructional technologies to enhance engagement, accessibility, and learning outcomes for all students, including those with disabilities.

Aligned SRU Outcomes: 10 (Act as responsible digital citizens), 5 (Develop as a whole person)

Program Student Learning Outcome 9 – Transition and Lifespan Development

Candidates will plan and support transitions across educational and developmental stages, including early childhood to elementary and secondary to post-school outcomes, promoting self-determination and independence for students with disabilities.

Aligned SRU Outcomes: 5 (Develop as a whole person), 7 (Be civically engaged)

Program Student Learning Outcome 10 – Professionalism, Ethics, and Lifelong Learning

Pre-service teachers will demonstrate ethical conduct, reflective practice, and a commitment to continuous professional growth aligned with state and national standards for the teaching profession.

Aligned SRU Outcomes: 5 (Develop as a whole person), 8 (Act ethically)

² Diversity and Early Literacy blocks can be taken in any order, but not at the same time. You must enroll in all courses within the block.

³ Blocks 1, 2, and 3 must be taken in sequence and completed prior to Student Teaching. No two blocks below can be taken together. You must enroll in all courses within the block.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. International study programs
2. High-Impact Practice (HIP) designated classes
3. Student-Faculty research and Student Leadership development
4. Career Education and Development
5. Internships/Field Experiences
6. Student teaching (required)

Revised: 09.23.2025

Early Childhood Education (PK-4)/ Special Education (PK-12), Bachelor of Science in Education (BSED) - Concentration in International Education

Students who elect to complete Early Childhood Ed (PK-4)/Special Education (PK-12) - International Education will choose from already established rock studies courses that focus on international and global perspectives. They will also complete a care break, spring break trip, or field experience in an international setting. The capstone will be the completion of an international student teaching experience.

All candidates completing this program and student teaching are eligible to receive Pennsylvania certification after achieving a passing or qualifying score on Pennsylvania Department of Education required exam(s). If you are interested in teaching in another state, please contact the Department of Education in that state.

The mission of the International concentration is to equip, inspire and empower teacher candidates by providing them opportunities to develop their personal and professional global awareness; to deepen their understanding of culturally responsive teaching and to experience international teaching in order to be prepared for teaching in the 21st century.

PROGRAM LEARNING OUTCOMES

Program Student Learning Outcome 1 – Child Development and Learning
Pre-service teachers will understand how children develop intellectually, socially, emotionally, and physically and will use this knowledge to design meaningful and developmentally appropriate instruction.

Aligned SRU Outcomes: 2 (Apply critical thinking to argument and problem solving), 5 (Develop as a whole person)

Program Student Learning Outcome 2 – Diversity, Equity, and Cultural Responsiveness

Pre-service teachers will demonstrate respect for diversity and the ability to create inclusive, culturally responsive classrooms that support learners of varied linguistic, cultural, and socioeconomic backgrounds.

Aligned SRU Outcomes: 8 (Act ethically), 9 (Develop a worldview that acknowledges diversity and global interdependence), 7 (Be civically engaged)

Program Student Learning Outcome 3 – Professional Knowledge of Special Education Foundations

Candidates will demonstrate knowledge of the historical, philosophical, and legal foundations of special education, including IDEA, Section 504, and Chapter 14, and will apply this knowledge to protect students' rights and promote access in the least restrictive environment.

Aligned SRU Outcomes: 8 (Act ethically), 5 (Develop as a whole person)

Program Student Learning Outcome 4 – Assessment and Data-Driven Decision Making

Candidates will select, administer, interpret, and apply multiple forms of assessment to make data-informed instructional and behavioral decisions within a multi-tiered system of support.

Aligned SRU Outcomes: 2 (Apply critical thinking to argument and problem solving), 4 (Apply quantitative reasoning in appropriate contexts)

Program Student Learning Outcome 5 – Instructional Design and Evidence-Based Practice

Pre-service teachers will design, implement, and evaluate evidence-based instruction in literacy, mathematics, and content areas that meets individual learner needs and is aligned with state standards.

Aligned SRU Outcomes: 2 (Apply critical thinking), 5 (Develop as a whole person)

Program Student Learning Outcome 6 – Classroom Management and Positive Behavior Support

Candidates will establish and maintain safe, inclusive learning environments by applying positive behavior interventions and supports, data-based decision making, and social-emotional learning practices.

Aligned SRU Outcomes: 5 (Develop as a whole person), 8 (Act ethically)

Program Student Learning Outcome 7 – Collaboration and Communication

Pre-service teachers will collaborate effectively with families, educators, related service providers, and community agencies to plan and implement educational programs for all learners.

Aligned SRU Outcomes: 1 (Act as effective communicators), 7 (Be civically engaged), 9 (Develop a worldview that acknowledges diversity)

Program Student Learning Outcome 8 – Technology and Accessibility

Candidates will integrate assistive and instructional technologies to enhance engagement, accessibility, and learning outcomes for all students, including those with disabilities.

Aligned SRU Outcomes: 10 (Act as responsible digital citizens), 5 (Develop as a whole person)

Program Student Learning Outcome 9 – Transition and Lifespan Development

Candidates will plan and support transitions across educational and developmental stages, including early childhood to elementary and secondary to post-school outcomes, promoting self-determination and independence for students with disabilities.

Aligned SRU Outcomes: 5 (Develop as a whole person), 7 (Be civically engaged)

Program Student Learning Outcome 10 – Professionalism, Ethics, and Lifelong Learning

Pre-service teachers will demonstrate ethical conduct, reflective practice, and a commitment to continuous professional growth aligned with state and national standards for the teaching profession.

Aligned SRU Outcomes: 5 (Develop as a whole person), 8 (Act ethically)

Curriculum Guide

GPA Requirement

- GPA must be 3.0 or higher for Teacher Candidacy.
- A 3.0 GPA and passing subject area assessment (PECT) or A 2.8 GPA and a *qualifying* passing subject area assessment (PECT) score (as determined by PDE) is required for certification.
- Students must complete 50% of credits required for the Major from a PASSHE university.

Summary*

Code	Title	Hours
	Rock Studies 2 Requirements	42
	Other Basic Requirements	0-3
	Major Requirements	98

* All undergraduate degree programs require a minimum of 120 credits.

Some courses meet multiple requirements, but are only counted once toward the 120 credit total required to graduate.

Subtotal		16
Total Hours		98

¹ Course counts for 50% of Major requirements but not for Major GPA

² Grade of "C" or better must be earned in this course to qualify for Student Teaching and/or graduation.

³ Students not in the International Concentration may still student teach abroad.

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. International study programs
2. High-Impact Practice (HIP) designated classes
3. Student-Faculty research and Student Leadership development
4. Career Education and Development
5. Internships/Field Experiences
6. Student teaching (required)

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

SPED 121 Overview of Special Education ²	3
Total Hours	42

¹ Course offered in multiple subjects; cannot take course in first major subject

² Indicates coursework required for the ELEC Major as per PA Dept. of Education Certification Policy.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major Requirements

- 30 major credits must be taken at SRU or PASSHE
- 30 major credits must be taken at the 300 level or above

Code	Title	Hours
Foundation Courses		
SPED 121	Overview of Special Education ¹	3
SPED 122	Low Incidence Disabilities ¹	3
SPED 230	Early Intervention Practices for Students with Disabilities ¹	3

ELEC 200	Child Development Typical ¹	3
PHED 227	Introduction to Adapted Physical Activity	3

Core Professional Courses

SPED 220	The Nature and Needs of Autism Spectrum Disorders ¹	3

SPED 342	Building Community Partnerships ¹	3
SPED 343	Americans with Disabilities ¹	3
PHED 353	Adapted Physical Activity and Health Through the Lifespan	3
PHED 485	Fundraising/Grant Writing in Adapted Physical Activity ¹	3

Professional Semester Block

These courses are taken together during the semester before internship:

SPED 245	Technology in Special Education ¹	3
SPED 346	Assessment in Transition Planning ¹	3
SPED 347	Management & Leadership ¹	3
SPED 410	Transition Practicum ¹	3
PHED 460	Program Design in Adapted Physical Activity ¹	3

Internship

SPED 450	Transition Internship ¹	12

Total Hours **60**

¹ Course counts for 50% Major requirement and Major GPA

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. International study programs
2. High-Impact Practice (HIP) designated classes
3. Student-faculty research and student leadership development
4. Career education and development
5. Internships/Field Experiences
6. Student teaching (required)

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Special Education, Minor

In this minor program, students seeking to become educators and/or community-based program coordinators will learn strategies for working with individuals with a wide range of learning, mental, and physical, abilities and levels of functioning in both the classroom and community-based settings.

To access Minor Requirements, please view the Curriculum Guide tab.

The following academic programs and units are in the College of Engineering and Science:

- Biology (p. 189)
- Chemistry (p. 264)
- Computer Science (p. 293)
- Engineering (p. 313)
- Environmental Geosciences (p. 332)
- Homeland Security and Corporate Security (p. 360)
- Mathematics and Statistics (p. 371)
- Parks and Resource Management (p. 384)
- Physics (p. 387)

Biology

Programs

Majors

- Biology, Bachelor of Arts (BA) (p. 190)
- Biology, Bachelor of Arts (BA) - Pre-Master of Education (7-12) (p. 194)
- Biology, Bachelor of Science (BS) - Concentration in Cellular and Molecular Biology (p. 198)
- Biology, Bachelor of Science (BS) - Concentration in Cellular and Molecular Biology - Concentration in Bioinformatics (p. 201)
- Biology, Bachelor of Science (BS) - Concentration in Conservation Biology (p. 205)
- Biology, Bachelor of Science (BS) - Concentration in Histotechnology (p. 208)
- Biology, Bachelor of Science (BS) - Concentration in Integrative Biology (p. 210)
- Biology, Bachelor of Science (BS) - Concentration in Integrative Biology / Pre-Master of Education (7-12) (p. 213)
- Biology, Bachelor of Science (BS) - Concentration in Medical Technology (p. 217)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions (p. 220)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Antigua Medicine (4+4) (p. 224)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Chiropractic (Logan) (3+3) (p. 228)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Chiropractic (Palmer) (3+3) (p. 230)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Dental (LECOM) (4+4) (p. 233)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Dental (WVU) (4+4) (p. 237)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Osteopathy (LECOM) (4+4) (p. 240)

- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Physical Therapy (SRU) (3+3) (p. 244)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Physical Therapy (SRU) (Traditional) (p. 248)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Physician Assistant (SRU) (3+2) (p. 251)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Physician Assistant (SRU) (Traditional) (p. 255)
- Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Podiatry (LECOM) (4+4) (p. 259)

Minors

- Biology, Minor (p. 262)
- Marine Science, Minor (p. 263)

Biology, Bachelor of Arts (BA)

Program Learning Outcomes

- **Competence in Laboratory and Research Skills:** To conduct, assess, and communicate research investigations using established scientific practices. (SRU UG 1, 2, 3, 4, 5, 7 10)
- **Core Concepts for Biological Literacy:** (SRU UG 1, 2, 3, 4, 5, 7, 9)
 - Knowledge/Content
 - Evolution
 - Structure and function across all levels of biological organization
 - Diversity and interactions of life
 - Information flow, exchange and storage in biological systems
 - Critical Thinking/Problem Solving
 - Connect information from cognate science courses and liberal arts courses to biological concepts
 - Apply scientific information to current and future societal problems
- **Participation in Diverse, Enriching Scientific Activities:** Apply technical and professional skills in hands-on laboratory, clinical or field experiences. (SRU UG 1, 2, 3, 4, 5, 7, 8, 9)
- **Professional Attitude:** Graduates demonstrate professional attitude, behavior, and ability to interact with people from diverse backgrounds and cultures. (SRU UG 1, 5, 7, 8, 9)

¹ Course offered in multiple subjects; cannot take course in first major subject.
² One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.

BA Modern Language Requirement

BA degree requires language proficiency at the 103 class level. Exemption by placement or examination is possible.

Code	Title	Hours
Complete 0-9 credits		0-9
Total Hours		0-9

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major/Concentration Requirements

- 20 major credits must be taken at SRU or PASSHE
- 20 major credits must be taken at the 300 level or above
- Students desiring a Biology Major must maintain at least a 2.000 average in Biology.
- Students should complete all 200-level Biology requirements by the end of their sophomore year.
- Student must earn a "C" or better in both Biology I with Lab (BIOL 113) and Biology II with Lab (BIOL 114) before proceeding to their next biology course.
- Students must earn a "C" or better in both Genetics with Lab (BIOL 250) and Biometry with Lab (BIOL 325) prior to graduating.

¹ Course offered in multiple subjects; cannot take course in first major subject.

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

* Students are encouraged to take ESAP 101 as a Free Elective.

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Major Code: 6 08

Revised date: 11.20.2025

Biology, Bachelor of Arts (BA) - Pre-Master of Education (7-12)

Students seeking state certification in secondary education must also complete requirements for a Master of Education degree, a one-year program at SRU. All of our programs are designed to steadily develop the quantitative, deductive and inductive reasoning skills that biologists must have.

All candidates completing this program and student teaching are eligible to receive Pennsylvania certification after achieving a passing or qualifying score on Pennsylvania Department of Education required exam(s). If you are interested in teaching in another state, please contact the Department of Education in that state.

Requirements for the Certification

Teacher certification is earned through the master of education degree at Slippery Rock University. Students seeking secondary school teaching certification in biology must earn a bachelor of arts or a bachelor of science degree in biology and contact the Department of Secondary Education/Foundations of Education concerning its graduate program in education. Information about this program, including prerequisites for admission, may be obtained from the Secondary Education/Foundations of Education office in 114 McKay Education Building.

PROGRAM LEARNING OUTCOMES

- Competence in Laboratory and Research Skills:** To conduct, assess, and communicate research investigations using established scientific practices. (SRU UG 1, 2, 3, 4, 5, 7 10)
- Core Concepts for Biological Literacy:** (SRU UG 1, 2, 3, 4, 5, 7, 9)
 - Knowledge/Content
 - Evolution
 - Structure and function across all levels of biological organization
 - Diversity and interactions of life
 - Information flow, exchange and storage in biological systems
 - Critical Thinking/Problem Solving
 - Connect information from cognate science courses and liberal arts courses to biological concepts
 - Apply scientific information to current and future societal problems
- Participation in Diverse, Enriching Scientific Activities:** Apply technical and professional skills in hands-on laboratory, clinical or field experiences. (SRU UG 1, 2, 3, 4, 5, 7, 8, 9)
- Professional Attitude:** Graduates demonstrate professional attitude, behavior, and ability to interact with people from diverse backgrounds and cultures. (SRU UG 1, 5, 7, 8, 9)

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major/Concentration Requirements

- 20 major credits must be taken at SRU or PASSHE
- 20 major credits must be taken at the 300 level or above
- Students desiring a Biology Major must maintain at least a 2.000 average in Biology.
- Students should complete all 200-level Biology requirements by the end of their sophomore year.
- Students must earn a "C" or better in both Biology I with Lab (BIOL 113) and Biology II with Lab (BIOL 114) before proceeding to their next biology course.
- Students must earn a "C" or better in both Genetics with Lab (BIOL 250) and Biometry with Lab (BIOL 325) prior to graduating.

¹ Course counts for 50% of Major requirements and Major GPA

Co-Curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. Student-faculty research
2. Internships
3. Volunteering
4. Job Shadowing

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

¹ Course counts for 50% of Major requirements and Major GPA

Co-Curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. Student-faculty research
2. Internships
3. Volunteering
4. Job Shadowing

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

* Students are encouraged to take ESAP 101 as a Free Elective.

Major/Concentration: 6108/CEMB

Revised date: 9.23.2025

Biology, Bachelor of Science (BS) - Concentration in Cellular and Molecular Biology - Concentration in Bioinformatics

Program Learning Outcomes

- **Competence in Laboratory and Research Skills:** To conduct, assess, and communicate research investigations using established scientific practices. (SRU UG 1, 2, 3, 4, 5, 7, 10)
- **Core Concepts for Biological Literacy:** (SRU UG 1, 2, 3, 4, 5, 7, 9)
 - Knowledge/Content
 - Evolution
 - Structure and function across all levels of biological organization
 - Diversity and interactions of life
 - Information flow, exchange and storage in biological systems

- Critical Thinking/Problem Solving
 - Connect information from cognate science courses and liberal arts courses to biological concepts
 - Apply scientific information to current and future societal problems
- **Participation in Diverse, Enriching Scientific Activities:** Apply technical and professional skills in hands-on laboratory, clinical or field experiences. (SRU UG 1, 2, 3, 4, 5, 7, 8, 9)
- **Professional Attitude:** Graduates demonstrate professional attitude, behavior, and ability to interact with people from diverse backgrounds and cultures. (SRU UG 1, 5, 7, 8, 9)

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major Requirements/Concentration

- 30 major credits must be taken at SRU or PASSHE
- 30 major credits must be taken at the 300 level or above
- Students desiring a Biology Major must maintain at least a 2.000 average in Biology.
- Students must earn a "C" or better in both Biology I with Lab (BIOL 113) and Biology II with Lab (BIOL 114) before proceeding to their next biology course.
- Students must earn a "B" or better in both Genetics with Lab (BIOL 250) and Biometry with Lab (BIOL 325) prior to graduating.

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major Requirements/Concentration

- 30 major credits must be taken at SRU or PASSHE
- 28 major credits must be taken at the 300 level or above
- Students desiring a Biology Major must maintain at least a 2.000 average in Biology.
- Students should complete all 200-level Biology requirements by the end of their sophomore year.
- Students must earn a "C" or better in both Biology I with Lab (BIOL 113 (<https://catalog.sru.edu/archive/2025-2026/search/?P=BIOL%20113>)) and Biology II with Lab (BIOL 114 (<https://catalog.sru.edu/archive/2025-2026/search/?P=BIOL%20114>)) before proceeding to their next biology course.
- Students must earn a "C" or better in both Genetics with Lab (BIOL 250 (<https://catalog.sru.edu/archive/2025-2026/search/?P=BIOL%20250>)) and Biometry with Lab (BIOL 325 (<https://catalog.sru.edu/archive/2025-2026/search/?P=BIOL%20325>)) prior to graduating.
- To view the SRU policy on senior undergraduate students earning graduate credit, click here (<https://catalog.sru.edu/archive/2025-2026/academic-policies/senior-undergraduate-students-earning-graduate-credit/>).

² Field Course

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

- 1. Student-faculty research
- 2. Internships
- 3. Volunteering
- 4. Job Shadowing

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

BIOLOGY - BS (6108) / CIM 512
w/ Conservation Biology (COBI)
This program is effective as of Fall 2025
Revised 09.18.2025
UCC 09.24.2024

Biology, Bachelor of Science (BS) - Concentration in Histotechnology

Program Learning Outcomes

- Competence in Laboratory and Research Skills: To conduct, assess, and communicate research investigations using established scientific practices. (SRU UG 1, 2, 3, 4, 5, 7 10)
- **Core Concepts for Biological Literacy:** (SRU UG 1, 2, 3, 4, 5, 7, 9)
 - Knowledge/Content
 - Evolution
 - Structure and function across all levels of biological organization
 - Diversity and interactions of life
 - Information flow, exchange and storage in biological systems
 - Critical Thinking/Problem Solving
 - Connect information from cognate science courses and liberal arts courses to biological concepts
 - Apply scientific information to current and future societal problems
- **Participation in Diverse, Enriching Scientific Activities:** Apply technical and professional skills in hands-on laboratory, clinical or field experiences. (SRU UG 1, 2, 3, 4, 5, 7, 8, 9)
- **Professional Attitude:** Graduates demonstrate professional attitude, behavior, and ability to interact with people from diverse backgrounds and cultures. (SRU UG 1, 5, 7, 8, 9)

Thematic Thread		

Select 12 Credits (<https://catalog.sru.edu/archive/2025-2026/undergraduate/rock-studies/rock-studies-quick-guide/>)²

Total Hours **45**

¹ Course offered in multiple subjects; cannot take course in first major subject

² One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major/Concentration Requirements

- 60 credits = 42 coursework credits; 14 clinical credits
- 30 major credits must be taken at SRU or PASSHE
- 30 major credits must be taken at the 300 level or above
- Students desiring a Biology Major must maintain at least a 2.000 average in Biology.
- Students must earn a "C" or better in both Biology I with Lab (BIOL 113) and Biology II with Lab (BIOL 114) before proceeding to their next biology course.
- Students must earn a "C" or better in both Genetics with Lab (BIOL 250) and Biometry with Lab (BIOL 325) prior to graduating.

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. Student-faculty research
2. Internships
3. Volunteering
4. Job Shadowing

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

BIOLOGY - BS (6108) / CIM 458

Concentration in Integrative Biology (INBI)

This program is effective as of Summer 2023

Revised 09.18.2025

UCC 02.25.2025

RECOMMENDED FOUR-YEAR PLAN

Elective with DEI attribute		3

Elective	3
Hours	16

Fourth Year**Fall**

BIOL 401	Ecology with Lab	3
PHYS 201 or PHYS 216	Elements of Physics I with Lab or University Physics 1 with Lab	4
BIOL 300+	Upper Level BIOL Elective	3
BIOL 300+	Upper Level BIOL Elective	3
Elective		3-4

Hours **16-17**

Spring

BIOL 335	Cell Biology	3
BIOL 450	Biology Internship	3
BIOL 490	Independent Study ⁴	3
PHYS 202 or PHYS 217	Elements of Physics II/ Lab or University Physics 2 with Lab	4

Hours **13**

Total Hours** **118-120**

¹ Course offered in multiple subjects; cannot take course in first major subject.

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

* Students are encouraged to take ESAP 101 as a Free Elective.

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Major/Concentration: 6108/INBI

Revised date: 09.23.2025

Biology, Bachelor of Science (BS) - Concentration in Integrative Biology / Pre-Master of Education (7-12)

Students seeking state certification in secondary education must also complete requirements for a Master of Education degree, a one-year program at SRU. All of our programs are designed to steadily develop the quantitative, deductive and inductive reasoning skills that biologists must have.

All candidates completing this program and student teaching are eligible to receive Pennsylvania certification after achieving a passing or qualifying score on Pennsylvania Department of Education required exam(s). If you are interested in teaching in another state, please contact the Department of Education in that state.

REQUIREMENTS FOR THE CERTIFICATION

Teacher certification is earned through the master of education degree at Slippery Rock University. Students seeking secondary school teaching certification in biology must earn a bachelor of arts or a bachelor of science degree in biology and contact the Department of Secondary Education/Foundations of Education concerning its graduate program

in education. Information about this program, including prerequisites for admission, may be obtained from the Secondary Education/Foundations of Education office in 114 McKay Education Building.

Program Learning Outcomes

- **Competence in Laboratory and Research Skills:** To conduct, assess, and communicate research investigations using established scientific practices. (SRU UG 1, 2, 3, 4, 5, 7 10)
- **Core Concepts for Biological Literacy:** (SRU UG 1, 2, 3, 4, 5, 7, 9)
 - Knowledge/Content
 - Evolution
 - Structure and function across all levels of biological organization
 - Diversity and interactions of life
 - Information flow, exchange and storage in biological systems
 - Critical Thinking/Problem Solving
 - Connect information from cognate science courses and liberal arts courses to biological concepts
 - Apply scientific information to current and future societal problems
- **Participation in Diverse, Enriching Scientific Activities:** Apply technical and professional skills in hands-on laboratory, clinical or field experiences. (SRU UG 1, 2, 3, 4, 5, 7, 8, 9)
- **Professional Attitude:** Graduates demonstrate professional attitude, behavior, and ability to interact with people from diverse backgrounds and cultures. (SRU UG 1, 5, 7, 8, 9)

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this

requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major Requirements/Concentration

- 30 major credits must be taken at SRU or PASSHE
- 28 major credits must be taken at the 300 level or above
- Students desiring a Biology Major must maintain at least a 2.000 average in Biology.
- Students should complete all 200-level Biology requirements by the end of their sophomore year.
- To view the SRU policy on senior undergraduate students earning graduate credit, click here (<https://catalog.sru.edu/archive/2025-2026/academic-policies/senior-undergraduate-students-earning-graduate-credit/>).

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student

success and participation in the following types of programs and activities:

1. Career education and development
2. Student-faculty research
3. Volunteering
4. Job Shadowing

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Concentration Code: MEDT
Revised date: 09.23.2025

Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions

Program Learning Outcomes

- **Competence in Laboratory and Research Skills:** To conduct, assess, and communicate research investigations using established scientific practices. (SRU UG 1, 2, 3, 4, 5, 7, 10)
- **Core Concepts for Biological Literacy:** (SRU UG 1, 2, 3, 4, 5, 7, 9)
 - Knowledge/Content
 - Evolution
 - Structure and function across all levels of biological organization
 - Diversity and interactions of life
 - Information flow, exchange and storage in biological systems
 - Critical Thinking/Problem Solving
 - Connect information from cognate science courses and liberal arts courses to biological concepts
 - Apply scientific information to current and future societal problems
- **Participation in Diverse, Enriching Scientific Activities:** Apply technical and professional skills in hands-on laboratory, clinical or field experiences. (SRU UG 1, 2, 3, 4, 5, 7, 8, 9)
- **Professional Attitude:** Graduates demonstrate professional attitude, behavior, and ability to interact with people from diverse backgrounds and cultures. (SRU UG 1, 5, 7, 8, 9)

Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major/Concentration: 6108/PHLT
Revised: 09.23.2025

Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Antigua Medicine (4+4)

Program Learning Outcomes

- **Competence in Laboratory and Research Skills:** To conduct, assess, and communicate research investigations using established scientific practices. (SRU UG 1, 2, 3, 4, 5, 7, 10)
- **Core Concepts for Biological Literacy:** (SRU UG 1, 2, 3, 4, 5, 7, 9)
 - Knowledge/Content
 - Evolution
 - Structure and function across all levels of biological organization
 - Diversity and interactions of life
 - Information flow, exchange and storage in biological systems
 - Critical Thinking/Problem Solving
 - Connect information from cognate science courses and liberal arts courses to biological concepts
 - Apply scientific information to current and future societal problems
- **Participation in Diverse, Enriching Scientific Activities:** Apply technical and professional skills in hands-on laboratory, clinical or field experiences. (SRU UG 1, 2, 3, 4, 5, 7, 8, 9)
- **Professional Attitude:** Graduates demonstrate professional attitude, behavior, and ability to interact with people from diverse backgrounds and cultures. (SRU UG 1, 5, 7, 8, 9)

or PHYS 217	University Physics 2 with Lab	

Independent Study Option

Select one of the following options:	3
<i>Independent Study Option</i>	

BIOL 490	Independent Study ¹

Non-Independent Study Option

Select 3 credits in BIOL or MARS course from Additional Upper-Level Biology Electives below.

Upper-Level Biology Electives (p. 226)¹

Total Hours	58-60

¹ Course counts for 50% of Major requirements and Major GPA

² Course counts for 50% of Major requirements but not for Major GPA

³ Additional electives may be selected from the Marine Science offerings listed below. PLE courses are only offered during the summer months through our affiliation with Pymatuning Laboratory of Ecology.

⁴ Course counts for 50% of Major requirements but not for Major GPA

⁵ Course can be counted as a Rock Studies 2 Requirement, but earns credit only once toward your 120-credits total.

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

² Course counts for 50% of Major requirements but not for Major GPA

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. Student-faculty research
2. Internships

3. Volunteering
4. Job Shadowing

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

* Course offered in multiple subjects; cannot take course in first major subject

¹ Students are encouraged to take ESAP 101 as a Free Elective.

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Major/Concentration: 6108/PHLT

2nd Major: 61AM
Revised: 09.23.2025

Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Chiropractic (Logan) (3+3)

Program Learning Outcomes

- **Competence in Laboratory and Research Skills:** To conduct, assess, and communicate research investigations using established scientific practices. (SRU UG 1, 2, 3, 4, 5, 7, 10)
- **Core Concepts for Biological Literacy:** (SRU UG 1, 2, 3, 4, 5, 7, 9)
 - Knowledge/Content
 - Evolution
 - Structure and function across all levels of biological organization
 - Diversity and interactions of life
 - Information flow, exchange and storage in biological systems
 - Critical Thinking/Problem Solving
 - Connect information from cognate science courses and liberal arts courses to biological concepts
 - Apply scientific information to current and future societal problems
- **Participation in Diverse, Enriching Scientific Activities:** Apply technical and professional skills in hands-on laboratory, clinical or field experiences. (SRU UG 1, 2, 3, 4, 5, 7, 8, 9)
- **Professional Attitude:** Graduates demonstrate professional attitude, behavior, and ability to interact with people from diverse backgrounds and cultures. (SRU UG 1, 5, 7, 8, 9)

Total Hours		12

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. Volunteering
2. Job Shadowing

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum

categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

BIOLOGY - PRE-HEALTH PROFESSIONS BS

Palmer Chiropractic (3+3.3) (61PC)

This program is effective as of Summer 2025

Revised 02.17.2026

Palmer Chiropractic School	15
Hours	15
Spring	
Palmer Chiropractic School	15
Hours	15
Total Hours**	120

* Course offered in multiple subjects; cannot take course in first major subject.

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

¹ Students are encouraged to take ESAP 101 as a Free Elective.

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major/Concentration: 6108/PHLT

2nd Major: 61PC

Revised date: 09.23.2025

Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Dental (LECOM) (4+4)

This agreement establishes an Early Acceptance Program to which Slippery Rock University undergraduate students are enrolled jointly by Slippery Rock University and by the Lake Erie College of Osteopathic Medicine (LECOM). The Early Acceptance Program is designed to facilitate the admission of Slippery Rock University students into

LECOM's Doctor of Dental Medicine program. LECOM will interview the student prior to their enrollment at Slippery Rock University or within the first two years of study at Slippery Rock University. Students interviewing successfully will be offered a provisional acceptance to LECOM's Doctor of Dental Medicine program. Upon meeting the criteria for final acceptance, they will matriculate at the LECOM Bradenton, FL campus.

For more information on admission requirements: <https://lecom.edu/admissions/entrance-requirements/early-acceptance-programs/>

Program Learning Outcomes

- **Competence in Laboratory and Research Skills:** To conduct, assess, and communicate research investigations using established scientific practices. (SRU UG 1, 2, 3, 4, 5, 7, 10)
- **Core Concepts for Biological Literacy:** (SRU UG 1, 2, 3, 4, 5, 7, 9)
 - Knowledge/Content
 - Evolution
 - Structure and function across all levels of biological organization
 - Diversity and interactions of life
 - Information flow, exchange and storage in biological systems
 - Critical Thinking/Problem Solving
 - Connect information from cognate science courses and liberal arts courses to biological concepts
 - Apply scientific information to current and future societal problems
- **Participation in Diverse, Enriching Scientific Activities:** Apply technical and professional skills in hands-on laboratory, clinical or field experiences. (SRU UG 1, 2, 3, 4, 5, 7, 8, 9)
- **Professional Attitude:** Graduates demonstrate professional attitude, behavior, and ability to interact with people from diverse backgrounds and cultures. (SRU UG 1, 5, 7, 8, 9)

¹ Course offered in multiple subjects; cannot take course in first major subject

² One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major Requirements/Concentration

- 30 major credits must be taken at SRU or PASSHE
- 30 major credits must be taken at the 300 level or above
- Students desiring a Biology Major must maintain at least a 2.000 average in Biology.
- Students must earn a "C" or better in both Biology I with Lab (BIOL 113) and Biology II with Lab (BIOL 114) before proceeding to their next biology course.
- Students must earn a "C" or better in both Genetics with lab (BIOL 250) and Biometry with Lab (BIOL 325) prior to graduating.

Code	Title	Hours

¹ Course counts for 50% of Major requirements and Major GPA

CO-CURRICULAR AND EXPERIENTIAL LEARNING

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. Volunteering
2. Job Shadowing

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

BIOLOGY - PRE-HEALTH PROFESSIONS - BS (6108) / CIM 81

West Virginia University Dental (4+4) (61WD)

This program is effective as of Summer 2023

Revised 09.18.2025

UCC 02.25.2025

RECOMMENDED FOUR-YEAR PLAN

Course	Title	Hours
First Year		
Fall		
ENGL 102	Critical Writing	3

BIOL 490	Independent Study	3
PHYS 202 or PHYS 217	Elements of Physics II/ Lab or University Physics 2 with Lab	4
Elective		3
Elective		3
Hours		16
Total Hours**		120

¹ Course offered in multiple subjects; cannot take course in first major subject

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

* Students are encouraged to take ESAP 101 as a Free Elective.

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Major/Concentration: 6108/PHLT

2nd Major: 61WD

Revised: 09.23.2025

Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Osteopathy (LECOM) (4+4)

This agreement establishes an Early Acceptance Program to which Slippery Rock University undergraduate students are enrolled jointly by Slippery Rock University and by the Lake Erie College of Osteopathic Medicine (LECOM). The Early Acceptance Program is designed to facilitate the admission of Slippery Rock University students into LECOM's Doctor of Osteopathic Medicine program. LECOM will interview the student prior to their enrollment at Slippery Rock University or within the first two years of study at Slippery Rock University. Students interviewing successfully will be offered a provisional acceptance to LECOM's Doctor of Osteopathic Medicine program. Upon meeting the criteria for final acceptance, they will enter LECOM.

For more information on admission requirements: <https://lecom.edu/admissions/entrance-requirements/early-acceptance-programs/>

Program Learning Outcomes

- **Competence in Laboratory and Research Skills:** To conduct, assess, and communicate research investigations using established scientific practices. (SRU UG 1, 2, 3, 4, 5, 7, 10)
- **Core Concepts for Biological Literacy:** (SRU UG 1, 2, 3, 4, 5, 7, 9)
 - Knowledge/Content
 - Evolution
 - Structure and function across all levels of biological organization
 - Diversity and interactions of life
 - Information flow, exchange and storage in biological systems
 - Critical Thinking/Problem Solving
 - Connect information from cognate science courses and liberal arts courses to biological concepts
 - Apply scientific information to current and future societal problems
- **Participation in Diverse, Enriching Scientific Activities:** Apply technical and professional skills in hands-on laboratory, clinical or field experiences. (SRU UG 1, 2, 3, 4, 5, 7, 8, 9)
- **Professional Attitude:** Graduates demonstrate professional attitude, behavior, and ability to interact with people from diverse backgrounds and cultures. (SRU UG 1, 5, 7, 8, 9)

Select 12 Credits (https://catalog.sru.edu/archive/2025-2026/undergraduate/rock-studies/rock-studies-program/) ²		12
Total Hours		45

¹ Course offered in multiple subjects; cannot take course in first major subject

² One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major Requirements/Concentration

- 30 major credits must be taken at SRU or PASSHE
- 30 major credits must be taken at the 300 level or above
- Students desiring a Biology Major must maintain at least a 2.000 average in Biology.
- Students must earn a "C" or better in both Biology I with Lab (BIOL 113) and Biology II with Lab (BIOL 114) before proceeding to their next biology course.
- Students must earn a "C" or better in both Genetics with Lab (BIOL 250) and Biometry with Lab (BIOL 325) prior to graduating.
- To view the SRU policy on senior undergraduate students earning graduate credit, click here (<https://catalog.sru.edu/archive/2025-2026/academic-policies/senior-undergraduate-students-earning-graduate-credit/>).

Electives		27-28

* All undergraduate degree programs require a minimum of 120 credits. Some courses meet multiple requirements, but are only counted once toward the 120 credit total required to graduate. However, because this is a pre-professional program, credits taken during the 1st year of the graduate program are applied toward the undergraduate credit hours to meet the 120 credits required for your undergraduate degree.

Rock Studies 2 Requirements

Code	Title	Hours
The Rock		
SUBJ 139	Foundations of Academic Discovery ¹	3
ENGL 102	Critical Writing	3
ENGL 104	Critical Reading	3

Subtotal		17
Thematic Thread		
Select 12 Credits (https://catalog.sru.edu/archive/2025-2026/undergraduate/rock-studies/rock-studies-program/) ²		12
Total Hours		45

¹ Course offered in multiple subjects; cannot take course in first major subject

² One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major Requirements

- Students desiring a Biology Major must maintain at least a 2.000 average in Biology.
- Students must earn a "C" or better in both Biology I with Lab (BIOL 113 and Biology II with Lab (BIOL 114) before proceeding to their next biology course.
- Students must earn a "C" or better in both Genetics with Lab (BIOL 250) and Biometry with Lab (BIOL 325) prior to graduating.
- If you choose to pursue Pre-Physical Therapy SRU 3+3 Biology and are not accepted into the DPT program, then additional coursework

is required to complete a first major of Biology-Professional. Please refer to the Biology-Professional Curriculum Guide.

- To view the SRU policy on senior undergraduate students earning graduate credit, click here (<https://catalog.sru.edu/archive/2025-2026/academic-policies/senior-undergraduate-students-earning-graduate-credit/>).

PSYC 244	Developmental Psychology	3
or PSYC 276	Introduction to Abnormal Psychology	
Total Hours		31-33

Requirements for Pre-Physical Therapy SRU 3+3

If any of these requirements are not met, the 3+3 designation will be removed from the student's record:

1. A 3.0 or higher overall GPA must be maintained by the student.
2. The student can only be enrolled in the Pre-Physical Therapy SRU 3+3 program for a maximum of three (3) years, full-time continuous enrollment (fall/spring).

Provision

Should a Pre-Physical Therapy SRU 3+3 student be unsuccessful in completing the 1st two semesters (fall or spring) of the Doctor of Physical Therapy Program and wants to complete the original undergraduate degree, it is solely up to the discretion of the undergraduate program Department Chair to determine which, if any, Physical Therapy courses will count toward the completion of his/her undergraduate degree. In addition, students must complete any unfulfilled requirements of their undergraduate major. Students may still apply to the Doctor of Physical Therapy Program with an earned Bachelor's degree.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

¹ Students are encouraged to take ESAP 101 as a Free Elective.

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.
* Course offered in multiple subjects; cannot take course in first major subject.

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major/Concentration: 6108
2nd Major: 61P8
Revised: 09.23.2025

Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Physical Therapy (SRU) (Traditional)

Program Learning Outcomes

- **Competence in Laboratory and Research Skills:** To conduct, assess, and communicate research investigations using established scientific practices. (SRU UG 1, 2, 3, 4, 5, 7, 10)
- **Core Concepts for Biological Literacy:** (SRU UG 1, 2, 3, 4, 5, 7, 9)
 - Knowledge/Content
 - Evolution
 - Structure and function across all levels of biological organization
 - Diversity and interactions of life
 - Information flow, exchange and storage in biological systems
 - Critical Thinking/Problem Solving
 - Connect information from cognate science courses and liberal arts courses to biological concepts
 - Apply scientific information to current and future societal problems
- **Participation in Diverse, Enriching Scientific Activities:** Apply technical and professional skills in hands-on laboratory, clinical or field experiences. (SRU UG 1, 2, 3, 4, 5, 7, 8, 9)
- **Professional Attitude:** Graduates demonstrate professional attitude, behavior, and ability to interact with people from diverse backgrounds and cultures. (SRU UG 1, 5, 7, 8, 9)

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

BIOLOGY – PRE-HEALTH PROFESSIONS – BS (6108) / CIM 86

PRE-PT Traditional

Effective Summer 2023

Revised 09.18.2025

UCC 02.25.2025

Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Physician Assistant (SRU) (3+2)

Program Learning Outcomes

- **Competence in Laboratory and Research Skills:** To conduct, assess, and communicate research investigations using established scientific practices. (SRU UG 1, 2, 3, 4, 5, 7, 10)
- **Core Concepts for Biological Literacy:** (SRU UG 1, 2, 3, 4, 5, 7, 9)
 - Knowledge/Content
 - Evolution
 - Structure and function across all levels of biological organization
 - Diversity and interactions of life
 - Information flow, exchange and storage in biological systems
 - Critical Thinking/Problem Solving
 - Connect information from cognate science courses and liberal arts courses to biological concepts

- Apply scientific information to current and future societal problems

- **Participation in Diverse, Enriching Scientific Activities:** Apply technical and professional skills in hands-on laboratory, clinical or field experiences. (SRU UG 1, 2, 3, 4, 5, 7, 8, 9)
- **Professional Attitude:** Graduates demonstrate professional attitude, behavior, and ability to interact with people from diverse backgrounds and cultures. (SRU UG 1, 5, 7, 8, 9)

What are your options?

Pre-Physician Assistant SRU 3+2: Earn a Master of Science degree in Physician Assistant Studies in five years rather than six. In the first three years, you complete your major courses and prerequisites for the SRU PA program. At the end of your second year, you apply for admission into the SRU PA program. If accepted, your first year in the SRU PA program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Physician Assistant (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU PA program and apply to the SRU PA program in your senior year.

	Major Requirements	47-48
	Natural Science and Math College-Wide Requirements	12
	Electives	27-28

* All undergraduate degree programs require a minimum of 120 credits. Some courses meet multiple requirements, but are only counted once toward the 120 credit total required to graduate. However, because this is a pre-professional program, credits taken during the 1st year of the graduate program are applied toward the undergraduate credit hours to meet the 120 credits required for your undergraduate degree.

Rock Studies 2 Requirements

Code	Title	Hours
The Rock		
SUBJ 139	Foundations of Academic Discovery ¹	3
ENGL 102	Critical Writing	3
ENGL 104	Critical Reading	3

Subtotal		17
Thematic Thread		
Select 12 Credits (https://catalog.sru.edu/archive/2025-2026/undergraduate/rock-studies/rock-studies-program/) ²		12
Total Hours		45

¹ Course offered in multiple subjects; cannot take course in first major subject

² One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major Requirements

- Students desiring a Biology Major must maintain at least a 2.000 average in Biology.
- Students must earn a "C" or better in both Biology I with Lab (BIOL 113) and Biology II with Lab (BIOL 114) before proceeding to their next biology course.
- Students must earn a "C" or better in both Genetics with Lab (BIOL 250) and Biometry with Lab (BIOL 325) prior to graduating.
- If you choose to pursue Pre-Physician Assistant SRU 3+2 Biology and are not accepted into the PA program, then additional coursework is required to complete a first major of Biology-Pre-Health Professions. Please refer to the Biology-Pre-Health Professions Curriculum Guide.
- To view the SRU policy on senior undergraduate students earning graduate credit, click here (<https://catalog.sru.edu/archive/2025-2026/academic-policies/senior-undergraduate-students-earning-graduate-credit/>).

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. Volunteering
2. Job Shadowing

Physician Assistant Studies (Master of Science in Physician Assistant Studies) Prerequisite Admission Requirements – Pre- Physician Assistant 3+2

For Application Requirements

Please refer to Slippery Rock University's Physician Assistant Studies (Master of Science in Physician Assistant Studies) website for requirements: <http://www.sru.edu/pa> (<http://www.sru.edu/pa/>)

Pre-Physician Assistant SRU 3+2 Requirements

If any of these requirements are not met, the 3+2 designation will be removed from the student's record:

1. A 3.25 or higher overall GPA must be maintained by the student.
2. The student can only be enrolled in the Pre-Physician Assistant SRU 3+2 program for a maximum of three (3) years, full-time continuous enrollment (fall/spring).

Provision

Should a Pre-Physician Assistant SRU 3+2 student be unsuccessful in completing the 1st two semesters (summer or fall) of the Physician Assistant Program and wants to complete the original undergraduate degree, it is solely up to the discretion of the undergraduate program Department Chair to determine which, if any, Physician Assistant courses will count toward the completion of his/her undergraduate degree. In addition, students must complete any unfulfilled requirements of their undergraduate major. Students may still apply to the Physician Assistant Studies Program with an earned Bachelor's degree.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

BIOLOGY - PRE-HEALTH PROFESSIONS - BS (6108) CIM 87

PRE-PA SRU 3+2 (6SPB)

This program is effective as of Summer 2023

PA Program Didactic		13

Hours 13

Spring

PA Program Didactic	13
Hours	13
Total Hours**	116-117

¹ Course offered in multiple subjects; cannot take course in first major subject.

* Students are encouraged to take ESAP 101 as a Free Elective.

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Major/Concentration: 6108/PHLT

2nd Major: 6SPB

Revised: 09.23.2025

Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Physician Assistant (SRU) (Traditional)

PROGRAM LEARNING OUTCOMES

- **Competence in Laboratory and Research Skills:** To conduct, assess, and communicate research investigations using established scientific practices. (SRU UG 1, 2, 3, 4, 5, 7, 10)
- **Core Concepts for Biological Literacy:** (SRU UG 1, 2, 3, 4, 5, 7, 9)
 - Knowledge/Content
 - Evolution
 - Structure and function across all levels of biological organization
 - Diversity and interactions of life
 - Information flow, exchange and storage in biological systems
 - Critical Thinking/Problem Solving
 - Connect information from cognate science courses and liberal arts courses to biological concepts
 - Apply scientific information to current and future societal problems
- **Participation in Diverse, Enriching Scientific Activities:** Apply technical and professional skills in hands-on laboratory, clinical or field experiences. (SRU UG 1, 2, 3, 4, 5, 7, 8, 9)
- **Professional Attitude:** Graduates demonstrate professional attitude, behavior, and ability to interact with people from diverse backgrounds and cultures. (SRU UG 1, 5, 7, 8, 9)

What are your options?

Pre-Physician Assistant SRU 3+2: Earn a Master of Science degree in Physician Assistant Studies in five years rather than six. In the first three years, you complete your major courses and prerequisites for the SRU PA program. At the end of your second year, you apply for admission into the SRU PA program. If accepted, your first year in the SRU PA program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can

reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Physician Assistant (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU PA program and apply to the SRU PA program in your senior year.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

BIOLOGY – PRE-HEALTH PROFESSIONS – BS (6108) CIM 88

PRE-PA Traditional

Effective Summer 2023

Revised 09.18.2025
UCC 02.25.2025

Biology, Bachelor of Science (BS) - Concentration in Pre-Health Professions / Pre-Podiatry (LECOM) (4+4)

PROGRAM LEARNING OUTCOMES

- **Competence in Laboratory and Research Skills:** To conduct, assess, and communicate research investigations using established scientific practices. (SRU UG 1, 2, 3, 4, 5, 7, 10)
- **Core Concepts for Biological Literacy:** (SRU UG 1, 2, 3, 4, 5, 7, 9)
 - Knowledge/Content
 - Evolution
 - Structure and function across all levels of biological organization
 - Diversity and interactions of life
 - Information flow, exchange and storage in biological systems
 - Critical Thinking/Problem Solving
 - Connect information from cognate science courses and liberal arts courses to biological concepts
 - Apply scientific information to current and future societal problems
- **Participation in Diverse, Enriching Scientific Activities:** Apply technical and professional skills in hands-on laboratory, clinical or field experiences. (SRU UG 1, 2, 3, 4, 5, 7, 8, 9)
- **Professional Attitude:** Graduates demonstrate professional attitude, behavior, and ability to interact with people from diverse backgrounds and cultures. (SRU UG 1, 5, 7, 8, 9)

¹ Course offered in multiple subjects; cannot take course in first major subject

² One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major Requirements/Concentration

- 30 major credits must be taken at SRU or PASSHE
- 30 major credits must be taken at the 300 level or above
- Students desiring a Biology Major must maintain at least a 2.000 average in Biology.
- Students must earn a "C" or better in both Biology I with Lab (BIOL 113) and Biology II with Lab (BIOL 114) before proceeding to their next biology course.
- Students must earn a "C" or better in both Genetics with Lab (BIOL 250) and Biometry with Lab (BIOL 325) prior to graduating.
- To view the SRU policy on senior undergraduate students earning graduate credit, click here (<https://catalog.sru.edu/archive/2025-2026/academic-policies/senior-undergraduate-students-earning-graduate-credit/>).

PASSHE - Pennsylvania State System of Higher Education Institutions

MINOR IN MARINE SCIENCE (34D)

This program is effective as of Summer 2024

Revised 03.15.2024

UCC 02.13.2024

Chemistry Programs majors

- Chemistry, Bachelor of Arts (BA) (p. 264)
- Chemistry, Bachelor of Science (BS) (p. 267)
- Chemistry, Bachelor of Science (BS) - Concentration in Biochemistry (p. 270)
- Chemistry, Bachelor of Science (BS) - Concentration in Chemistry Education (p. 274)
- Chemistry, Bachelor of Science (BS) - Concentration in Health Sciences (p. 277)
- Chemistry, Bachelor of Science (BS) / Pre-Pharmacy (Duquesne) (3+4) (p. 280)
- Chemistry, Bachelor of Science (BS) / Pre-Pharmacy (LECOM) (3+3) (p. 283)
- Chemistry, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (3+2) (p. 286)
- Chemistry, Pre-Pharmacy (Duquesne) (2+4) (p. 290)

minors

- Chemistry, Minor (p. 290)

Chemistry, Bachelor of Arts (BA)

Program Learning Outcomes

- Students will demonstrate knowledge of the main disciplines of chemistry, namely *Organic, Analytical, Biological, Physical, and Inorganic* chemistry.
- Students will demonstrate development of technical skills for practical applications of chemistry.
- Students will present collected experimental data in written and oral reports.
- Students and faculty will participate in faculty-led research projects. Students are expected to be actively working in the laboratory under the supervision and guidance of a faculty mentor.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. High-Impact Practice (HIP) designated classes (e.g., Organic Chemistry II Lab)
2. Student-faculty research
3. Student leadership development (Chemistry Club)
4. Career education and development
5. Internships
6. Student teaching (serve as Lab Assistants and tutors)
7. Volunteering

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

¹ Course offered in multiple subjects; cannot take in first major subject

* Students are encouraged to take ESAP 101 as a Free Elective.

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major Code: 6 12

Revised date: 09.23.2025

Chemistry, Bachelor of Science (BS)

The Slippery Rock University Chemistry Degree is certified by the American Chemistry Society or ACS. In order to earn ACS certification, students must complete 2 credits of Independent Study and 1 credit of Research in addition to the BS requirements. Students can also choose an option concentration in order to broaden their background in chemistry or to gain additional experience if they wish to pursue other interests.

Concentrations are available in the following areas:

- Biochemistry
- Computational Chemistry
- Education
- Environmental Chemistry
- Forensic Chemistry
- Health Sciences

Program Learning Outcomes

- Students will demonstrate knowledge of the main disciplines of chemistry, namely Organic, Analytical, Biological, Physical, and Inorganic chemistry.
- Students will demonstrate development of technical skills for practical applications of chemistry.
- Students will present collected experimental data in written and oral reports.
- Students and faculty will participate in faculty-led research projects. Students are expected to be actively working in the laboratory under the supervision and guidance of a faculty mentor.

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major/Concentration Requirements

- 27 major credits must be taken at SRU or PASSHE
- 27 major credits must be taken at the 300 level or above

Code	Title	Hours
Required Introductory Chemistry Courses

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. High-Impact Practice (HIP) designated classes (e.g., Organic Chemistry II Lab)
2. Student-faculty research
3. Student leadership development (Chemistry Club)
4. Career education and development
5. Internships
6. Student teaching (serve as Lab Assistants and tutors)
7. Volunteering

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

¹ Course offered in multiple subjects; cannot take course in first major subject

² Students are encouraged to take ESAP 101 as a Free Elective.

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Major Code: 6118

Concentration: BCHM
Revised date: 09.23.2025

Chemistry, Bachelor of Science (BS) - Concentration in Chemistry Education

The Slippery Rock University Chemistry Degree is certified by the American Chemistry Society or ACS. In order to earn ACS certification, students must complete 2 credits of Independent Study and 1 credit of Research in addition to the BS requirements. Students can also choose an option concentration in order to broaden their background in chemistry or to gain additional experience if they wish to pursue other interests.

Concentrations are available in the following areas:

- Biochemistry
- Computational Chemistry
- Education
- Environmental Chemistry
- Forensic Chemistry
- Health Sciences

Program Learning Outcomes

- Students will demonstrate knowledge of the main disciplines of chemistry, namely *Organic, Analytical, Biological, Physical, and Inorganic* chemistry.
- Students will demonstrate development of technical skills for practical applications of chemistry.
- Students will present collected experimental data in written and oral reports.
- Students and faculty will participate in faculty-led research projects. Students are expected to be actively working in the laboratory under the supervision and guidance of a faculty mentor.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. High-Impact Practice (HIP) designated classes (e.g., Organic Chemistry II Lab)
2. Student-faculty research
3. Student leadership development (Chemistry Club)
4. Career education and development
5. Internships
6. Student teaching (serve as Lab Assistants and tutors)
7. Volunteering

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum

categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

¹ Course offered in multiple subjects; cannot take course in first major subject.

* Students are encouraged to take ESAP 101 as a Free Elective.

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major Code: 6118

Concentration Code: CHHS

Revised date: 09.23.2025

Chemistry, Bachelor of Science (BS) / Pre-Pharmacy (Duquesne) (3+4)

Pre-Acceptance Requirements

To be considered for the pre-acceptance program at Slippery Rock University, students must:

- Have a minimum high school QPA of 3.0.
- Score a minimum of 1130 on their SAT or 23 on their ACT.
- Demonstrate evidence of leadership potential, community service, and involvement in co-curricular activities.
- Provide one letter of recommendation from either a high school teacher or guidance counselor.

To maintain satisfactory progress in the Duquesne pre-pharmacy program, students must:

- Complete the curricular requirements described in their SRU curriculum guide.
- Earn a letter grade of “C” or better in all courses.
- Maintain a minimum QPA of 2.50.

For the 2+4 program: Students should prepare to take the PCAT but October of their sophomore year at Slippery Rock University.

For the 3+4 program: Students should prepare to take the PCAT but October of their junior year at Slippery Rock University.

Before January 15th of their sophomore year (for the 2+4 option) and their junior year (for the 3+4 option), prospective students must apply to Duquesne University. In addition to the grade and QPA requirements listed above, formal acceptance in the PharmD program requires that students:

- Attain a PCAT score of 375 or better.
- Participate in an interview process with the Duquesne University School of Pharmacy faculty.
- Submit a letter of recommendation from the SRU Pre-Pharmacy Selection Committee.
- Provide evidence of leadership potential and commitment to the pharmacy profession.

Preference will be granted to candidates who:

- Attain a PCAT score of 400 or better.
- Maintain a QPA of 3.00 or higher for all science and math courses.
- Maintain a cumulative QPA of 3.00 or higher.

Major Code: 61DQ

UCC 02.02.2021

Revised: 07.10.2023

Chemistry, Bachelor of Science (BS) / Pre-Pharmacy (LECOM) (3+3)

Slippery Rock University of Pennsylvania (SLIPPERY ROCK) and Lake Erie College of Osteopathic Medicine (LECOM) School of Pharmacy offer a 3+3 Pre-Pharmacy program that culminates with a BS Chemistry degree from SRU and a Doctor of Pharmacy from LECOM if successfully completed. Under the joint agreement between SLIPPERY ROCK and LECOM School of Pharmacy, students must successfully complete the three-year undergraduate program in chemistry at SLIPPERY ROCK and then matriculate into LECOM School of Pharmacy to complete the professional curriculum of the Doctor of Pharmacy degree (Pharm.D.) in three years. After successfully completing the first full year at LECOM, students can earn a BS Chemistry Degree from SRU.

Selection of Studies for the Program

For admission to Phase I of the Program, students must fulfill the following requirements:

- SAT Scores (or ACT scores) 1100 (total of 24); New SAT of 1240 or higher is preferred; ACT of 26 or better.
- High School Grade Point Average (GPA) 3.4 out of 4.0
- Class rank Top 25% of the class
- Letters of recommendation are not required by LECOM to enter into EAP
- Potential Evidence of scholarly activities and desire to become a pharmacist

LECOM School of Pharmacy will not accept advanced placement credit of science and mathematics courses into Phase I of the program.

Admission to Phase II of the Program

The LECOM School of Pharmacy will accept **Slippery Rock** students into the professional pharmacy curriculum who meet the criteria listed below:

- Complete the pre-pharmacy curriculum in Phase I of the 3 + 3 Accelerated Program in Pharmacy as described below (or as amended).
- Earn a minimum GPA of **3.4** in Phase I of the Program. No grade lower than a "C."
- Earn a GPA of **3.2** or higher for science courses.
- Must maintain *full-time* student status while at **Slippery Rock** and complete the Program in the specified time frame.

Submit two letters of recommendation. One of these letters **MUST** be from the Health Professions Committee at SLIPPERY ROCK. The letter will address the personal growth of the student during Phase I of the **Program**, as well as the student's maturity, responsibility, and desire to become a pharmacist.

- Demonstrate leadership potential and commitment to the pharmacy profession.
- Submit a completed application for admission to the LECOM School of Pharmacy.

All questions from students accepted into the 3 + 3 Accelerated Pharmacy Program should be directed to the LECOM School of Pharmacy Admissions Office.

Conferral of Degrees

The Doctor of Pharmacy (Pharm.D.) degree will be conferred upon successful completion of Phase I and Phase II of the Program, both didactic and clinical, and recommendation by both the administration and faculty of the LECOM School of Pharmacy. Conferral of the Pharm.D. degree will be at the end of the three year professional program in pharmacy at the LECOM School of Pharmacy. The Bachelor of Science (B.S.) degree will be conferred on "3+3" students after completion of all SLIPPERY ROCK requirements which includes completion (*with a C or better*) of all courses in the first semester of year one at LECOM.

Program Learning Outcomes

- Students will demonstrate knowledge of the main disciplines of chemistry, namely *Organic, Analytical, Biological, Physical, and Inorganic* chemistry.
- Students will demonstrate development of technical skills for practical applications of chemistry.
- Students will present collected experimental data in written and oral reports.
- Students and faculty will participate in faculty-led research projects. Students are expected to be actively working in the laboratory under the supervision and guidance of a faculty mentor.

¹ Course counts for 50% of Major requirements and Major GPA

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. High-Impact Practice (HIP) designated classes (e.g., Organic Chemistry II Lab)
2. Student-faculty research
3. Student leadership development (Chemistry Club)
4. Career education and development
5. Internships
6. Student teaching (serve as Lab Assistants and tutors)
7. Volunteering

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

¹ Course offered in multiple subjects; cannot take course in first major subject

* Students are encouraged to take ESAP 101 as a Free Elective.

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major Code: 6118

Concentration Code: 61P4

Revised date: 09.23.2025

Chemistry, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (3+2)

Program Learning Outcomes

- Students will demonstrate knowledge of the main disciplines of chemistry, namely *Organic, Analytical, Biological, Physical, and Inorganic* chemistry. (SRU UG 2, 3, 4)
- Students will demonstrate development of technical skills for practical applications of chemistry. (SRU UG 2, 3, 4, 5)
- Students will present collected experimental data in written and oral reports. (SRU UG 1, 2, 3, 4, 5, 10)
- Students and faculty will participate in faculty-led research projects. Students are expected to be actively working in the laboratory under the supervision and guidance of a faculty mentor. (SRU UG 1, 2, 3, 4, 5, 7, 8, 9, 10)

What are your options?

Pre-Physician Assistant SRU 3+2: Earn a Master of Science degree in Physician Assistant Studies in five years rather than six. In the first three years, you complete your major courses and prerequisites for the SRU PA program. At the end of your second year, you apply for admission into the SRU PA program. If accepted, your first year in the SRU PA program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Physician Assistant (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU PA program and apply to the SRU PA program in your senior year.

Curriculum Guide

GPA Requirement

1st Major: Chemistry

- Overall GPA: 2.00 or higher
- Major GPA (includes Major Requirements and College Wide Requirements): 2.00 or higher

2nd Major: Pre-PA SRU 3+2 Chemistry

- Overall GPA: 3.00 or higher (before Fall 2018)
- Overall GPA: 3.25 or higher (Fall 2018 and after)

Summary*

Code	Title	Hours
	Rock Studies 2 Requirements	45
	Other Basic Requirements	0-3
	Major/Concentration Requirements	48
	Natural Science and Math College-Wide Requirements	12
	Electives	27

* All undergraduate degree programs require a minimum of 120 credits. Some courses meet multiple requirements, but are only counted once toward the 120 credit total required to graduate. However, because this is a pre-professional program, credits taken during the 1st year of the graduate program are applied toward the undergraduate credit hours to meet the 120 credits required for your undergraduate degree.

Total Hours		45

¹ Course offered in multiple subjects; cannot take course in first major subject

² Course counts for 50% of Major requirements and Major GPA

³ One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major/Concentration Requirements

- 24 major credits must be taken at SRU or PASSHE
- 24 major credits must be taken at the 300 level or above
- If you choose to pursue Pre-Physician Assistant SRU 3+2 Chemistry and are not accepted into the PA program, then CHEM 302, CHEM 425, CHEM 426, and CHEM 460 are required to complete a first major in Chemistry. In this case, CHEM 425/CHEM 426 cannot count towards the Additional Required-In-Depth Course Requirement. Please refer to the Chemistry Curriculum Guide.

Pre-Physician Assistant SRU 3+2 Requirements

If any of these requirements are not met, the 3+2 designation will be removed from the student's record:

1. A 3.25 or higher overall GPA must be maintained by the student.
2. The student can only be enrolled in the Pre-Physician Assistant SRU 3+2 program for a maximum of three (3) years, full-time continuous enrollment (fall/spring).

Provision

Should a Pre-Physician Assistant SRU 3+2 student be unsuccessful in completing the 1st two semesters (summer or fall) of the Physician Assistant Program and wants to complete the original undergraduate degree, it is solely up to the discretion of the undergraduate program Department Chair to determine which, if any, Physician Assistant courses will count toward the completion of his/her undergraduate degree. In addition, students must complete any unfulfilled requirements of their undergraduate major. Students may still apply to the Physician Assistant Studies Program with an earned Bachelor's degree.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

MINOR IN CHEMISTRY (12A)

This program is effective as of Fall 2007.

Revised 8-2019

Chemistry, Pre-Pharmacy (Duquesne) (2+4)

Pre-Acceptance Requirements

To be considered for the pre-acceptance program at Slippery Rock University, students must:

- Have a minimum high school GPA of 3.0.
- Score a minimum of 1130 on their SAT or 23 on their ACT.
- Demonstrate evidence of leadership potential, community service, and involvement in co-curricular activities.

- Provide one letter of recommendation from either a high school teacher or guidance counselor.

To maintain satisfactory progress in the Duquesne pre-pharmacy program, students must:

- Complete the curricular requirements described in their SRU curriculum guide.
- Earn a letter grade of "C" or better in all courses.
- Maintain a minimum QPA of 2.50.

For the 2+4 program: Students should prepare to take the PCAT but October of their sophomore year at Slippery Rock University.

For the 3+4 program: Students should prepare to take the PCAT but October of their junior year at Slippery Rock University.

Before January 15th of their sophomore year (for the 2+4 option) and their junior year (for the 3+4 option), prospective students must apply to Duquesne University. In addition to the grade and QPA requirements listed above, formal acceptance in the PharmD program requires that students:

- Attain a PCAT score of 375 or better.
- Participate in an interview process with the Duquesne University School of Pharmacy faculty.
- Submit a letter of recommendation from the SRU Pre-Pharmacy Selection Committee.
- Provide evidence of leadership potential and commitment to the pharmacy profession.

Preference will be granted to candidates who:

- Attain a PCAT score of 400 or better.
- Maintain a QPA of 3.00 or higher for all science and math courses.
- Maintain a cumulative QPA of 3.00 or higher.

minors

- Computing, Minor (p. 304)
- Cybersecurity, Minor (p. 312)
- Health Informatics, Minor (p. 312)

certificates

- Big Data Science, Certificate (p. 293)

Big Data Science, Certificate

Data analytical skills are considered one of the most sought skills in different domains. The big data science certificate will provide students to master these skills and help them learn how to deal with complex data. After completing the certificate, students will have mastered programming skills, fundamentals of statistics, basics and advanced approaches for processing data in tabular format, principles of big data analytics, as well as modern descriptive, predictive, and prescriptive analytical techniques. The certificate helps meet the growing demand for data science professionals.

To access Certificate Requirements, please view the Curriculum Guide tab.

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

CERTIFICATE IN BIG DATA SCIENCE (6BDS)

This program is effective as of Summer 2025

Revised 04.15.2025

UCC: 01.28.2025

Computing, Bachelor of Science (BS) - Concentration in Computer Science

Program Learning Outcomes

- Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions (UWO#2)
- Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline (UWO#2)

- Communicate effectively in a variety of professional contexts (UWO#1)
- Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles (UWO#8, 10)
- Function effectively as a member or leader of a team engaged in activities appropriate to the program’s discipline (UWO#1)

¹ Course offered in multiple subjects; cannot take course in first major subject

² One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major/Concentration Requirements

- 27 major credits must be taken at SRU or PASSHE
- 27 major credits must be taken at the 300 level or above

Code	Title	Hours
Required Core Courses		
CPSC 130	Introduction to Computing and Programming ¹	3

¹ Course counts for 50% of Major requirements and Major GPA

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. High-Impact Practice (HIP) designated classes (Learning Community, Capstone Course, Semester Projects)
2. Student-faculty research
3. Service Learning Courses
4. Internships
5. Volunteering (Summer Day Camps, Semester Workshops for K-12 students, Robot demos for visitors/local school districts)
6. Industry Awareness Night

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Computing, Bachelor of Science (BS) - Concentration in Information Technology

Program Learning Outcomes

- Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions (UWO#2)
- Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline (UWO#2)
- Communicate effectively in a variety of professional contexts (UWO#1)
- Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles (UWO#8, 10)
- Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline (UWO#1)

PASSHE - Pennsylvania State System of Higher Education Institutions

Minor in Computing (14D)

This program is effective as of Fall 2019.

Revised 09.18.2025

UCC 3.26.2019

Cybersecurity, Bachelor of Science (BS) - Concentration in Secure Software Development

Program Learning Outcomes

- **Problem Solving and Critical Thinking**
 - Formulate project requirements and alternative solutions appropriate to the problem in a secure manner (UWO#2)
 - Integrate design and implementation principles to develop effective software without introduction of vulnerabilities (UWO#2)
 - Perform analyze software security and the efficiency of algorithms (UWO#4)
 - Implement solutions to computing problems written in various programming languages (UWO#2)
 - Use appropriate tools and techniques for identifying malware and other vulnerabilities (UWO#2)
- **Communication and Interpersonal Skills**
 - Document all aspects of secure software precisely and clearly (UWO#1)
 - Use written, oral, and electronic communication to convey technical information effectively (UWO#1)

- Accurately communicate security analyses, policies, and methodologies (UWO#1)
- Work cooperatively in teams and with others (UWO#5)
- **Ethical and Professional Responsibilities**
 - Determine the effects of security policy models in a global society (UWO#8)
 - Recognize the important legal and policy issues in the development of secure systems (UWO#10)
 - Demonstrate an awareness of the codes of professional ethics in the information technology industry (UWO#8)
 - Plan for and ensure the security, privacy, and integrity of data (UWO#10)
 - Recognize the need for continuing professional development (UWO#7)

Select 12 Credits (https://catalog.sru.edu/archive/2025-2026/undergraduate/rock-studies/rock-studies-program/) ²		12
Total Hours		43

¹ Course offered in multiple subjects; cannot take course in first major subject

² One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major/Concentration Requirements

- 30 major credits must be taken at SRU or PASSHE
- 30 major credits must be taken at the 300 level or above

Code	Title	Hours
Required Core Courses		
CPSC 130	Introduction to Computing and Programming ¹	3

CPSC 146	Programming Principles ¹	3
CPSC 207	Shell Commands and Scripting ¹	3
CPSC 300	Challenges of Computer Technology ¹	3
CPSC 301	Practical Computer Security ¹	3
CPSC 311	Discrete Computational Structures ¹	3
CPSC 323	Fundamentals of Database Systems ¹	3
CPSC 327	Administration and Security ¹	3
CPSC 423	Computer Networks ¹	3
CYBR 101	Cybersecurity in the Era of Evolving Technology ¹	3

Subtotal 30

Secure Software Development Required Courses

CPSC 246	Object-Oriented Programming ¹	3
CPSC 374	Algorithms and Data Structures ¹	3
CPSC 376	Programming Language and Theory ¹	3
CPSC 488	Software Engineering ¹	3

Subtotal 6

Total Hours 60

¹ Course counts for 50% of Major requirements and Major GPA

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. High-Impact Practice (HIP) designated classes (Learning Community, Cap-Stone Course, Semester Projects)
2. Student-faculty research
3. Service Learning Courses
4. Internships

5. Volunteering (Summer Day Camps, Semester Workshops for K-12 students, Robot demos for visitors/local school districts)

6. Industry Awareness Night

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Cybersecurity, Bachelor of Science (BS) - Concentration in Security Governance

Program Learning Outcomes

- Problem Solving and Critical Thinking
 - Formulate project requirements and alternative solutions appropriate to the problem in a secure manner (UWO#2)

- Integrate design and implementation principles to develop effective software without introduction of vulnerabilities (UWO#2)
- Perform analyze software security and the efficiency of algorithms (UWO#4)
- Implement solutions to computing problems written in various programming languages (UWO#2)
- Use appropriate tools and techniques for identifying malware and other vulnerabilities (UWO#2)
- **Communication and Interpersonal Skills**
 - Document all aspects of secure software precisely and clearly (UWO#1)
 - Use written, oral, and electronic communication to convey technical information effectively (UWO#1)
 - Accurately communicate security analyses, policies, and methodologies (UWO#1)
 - Work cooperatively in teams and with others (UWO#5)
- **Ethical and Professional Responsibilities**
 - Determine the effects of security policy models in a global society (UWO#8)
 - Recognize the important legal and policy issues in the development of secure systems (UWO#10)
 - Demonstrate an awareness of the codes of professional ethics in the information technology industry (UWO#8)
 - Plan for and ensure the security, privacy, and integrity of data (UWO#10)
 - Recognize the need for continuing professional development (UWO#7)

Civil Engineering, Bachelor of Science (BS)

Program Learning Outcomes

Student Outcomes

Upon graduation, students will have:

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics (SRU SLO 2, 3, 4)
- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors (SRU SLO 2, 4, 6, 7, 8, 9, 10)
- An ability to communicate effectively with a range of audiences (SRU SLO 1, 3)

- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts (SRU SLO 7, 8, 9, 10)
- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives (SRU SLO 1, 5, 9)
- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions (SRU SLO 2, 4)
- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies. (SRU SLO 3, 5)

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Major Code: 6183
Revised: 09.26.2025

Construction Management, Bachelor of Science (BS)

Program Learning Outcomes

Student Outcomes

Upon graduation, students will have:

- An ability to identify, formulate, and solve broadly defined technical or scientific problems by applying knowledge of mathematics and science and/or technical topics to areas relevant to the discipline [UG2, UG3, UG4].
- An ability to formulate or design a system, process, procedure or program to meet desired needs [UG2, UG5, UG6].
- An ability to develop and conduct experiments or test hypotheses, analyze and interpret data and use scientific judgment to draw conclusions [UG2, UG3, UG4].
- An ability to communicate effectively with a range of audiences [UG1].
- An ability to understand ethical and professional responsibilities and the impact of technical and/or scientific solutions in global, economic, environmental, and societal contexts [UG7, UG8, UG9].
- An ability to function effectively on teams that establish goals, plan tasks, meet deadlines, and analyze risk and uncertainty [UG1, UG2, UG5, UG7].

Major: 6186

Revised: 9.26.2025

Electrical and Computer Engineering, Bachelor of Science (BS)

Program Learning Outcomes

Upon graduation, students will have:

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics (SRU SLO 2, 3, 4)
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors (SRU SLO 2, 4, 6, 7, 8, 9, 10)
3. An ability to communicate effectively with a range of audiences (SRU SLO 1, 3)
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts (SRU SLO 7, 8, 9, 10)
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives (SRU SLO 1, 5, 9)
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions (SRU SLO 2, 4)
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies. (SRU SLO 3, 5)

Industrial and Systems Engineering, Bachelor of Science (BS)

Program Learning Outcomes

Student Outcomes

Upon graduation, students will have:

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics (SRU SLO 2, 3, 4)
- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors (SRU SLO 2, 4, 6, 7, 8, 9, 10)
- An ability to communicate effectively with a range of audiences (SRU SLO 1, 3)
- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts (SRU SLO 7, 8, 9, 10)
- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives (SRU SLO 1, 5, 9)
- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions (SRU SLO 2, 4)
- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies. (SRU SLO 3, 5)

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Industrial and Systems Engineering, Bachelor of Science (BS)/ Professional Pilot (CCBC)

PROGRAM LEARNING OUTCOMES (SRU)

Upon graduation, students will have:

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics (SRU SLO 2, 3, 4)
- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors (SRU SLO 2, 4, 6, 7, 8, 9, 10)
- An ability to communicate effectively with a range of audiences (SRU SLO 1, 3)
- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts (SRU SLO 7, 8, 9, 10)

- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives (SRU SLO 1, 5, 9)
- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions (SRU SLO 2, 4)
- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies. (SRU SLO 3, 5)

PROGRAM LEARNING OUTCOMES (CCBC)

This program trains students in the subject content the Federal Aviation Administration (FAA) determined is necessary for commercial pilots; and takes students from first flight through multi-engine and/or Certified Flight Instructor ratings.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Petroleum and Natural Gas Engineering, Bachelor of Science (BS)

Program Learning Outcomes

Upon graduation, students will have:

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics (SRU SLO 2, 3, 4)
- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors (SRU SLO 2, 4, 6, 7, 8, 9, 10)
- An ability to communicate effectively with a range of audiences (SRU SLO 1, 3)
- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts (SRU SLO 7, 8, 9, 10)
- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives (SRU SLO 1, 5, 9)
- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions (SRU SLO 2, 4)
- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies. (SRU SLO 3, 5)

Certificates

- Geographic Information Science, Certificate (p. 356)
- Sustainability, Certificate (p. 359)

Environmental Geoscience, Bachelor of Arts (BA)

The environmental geoscience (BA) focuses on providing students with a scientific understanding of the Earth and surrounding environment. The student in geology gains an understanding of the various terrestrial processes and features (mountains, oceans, volcanoes, glaciers); the immenseness of geologic time, the history of the earth and organisms that inhabit it (fossils); the role of water, fuel, and mineral resources in the development of civilization; and the close interaction between the geologic and organic environments.

Students seeking state certification in secondary education must also complete requirements for a Master of Education degree, a one-year program at SRU. All of our programs are designed to steadily develop the quantitative, deductive and inductive reasoning skills that environmental geoscientists must have.

Program Learning Outcomes

- **Outcome 1 (EVGE):** Each graduate shall develop general knowledge and understanding of the composition, history, and structure of the planet, and of the physical, chemical, and biological processes involved in the interactions between the geosphere, hydrosphere, atmosphere, and biosphere.
 - Each graduate will demonstrate an understanding of plate tectonic theory and be able to describe how it operates
 - Each graduate will demonstrate an understanding of the geologic time scale and the timing of major events in Earth history
 - Each graduate will demonstrate the ability to characterize and identify important rocks and minerals, and to interpret the processes by which they formed
 - Each graduate will demonstrate an understanding of the history, causes, and effects of global climate change
 - Each graduate will demonstrate an understanding of evolutionary theory and its evidence in the fossil record

- Each graduate will demonstrate an understanding of the internal structure of Earth
- Each graduate will be able to explain the fundamental principles of the hydrologic cycle

Geology, Geology, and the Environment, Overall

- **Outcome 1:** Each graduate will develop strong written and oral communication skills, demonstrate the ability to work in a collaborative environment, and exhibit professional attitudes and behavior.
 - Each graduate will deliver oral presentations, demonstrating the ability to effectively communicate discipline-specific concepts
 - Each graduate will write scholarly papers using acceptable format and organization with proper citations to appropriate literature.
 - Each graduate will actively participate in collaborative projects and in academic field trips
 - Each graduate will demonstrate professionalism and integrity in his/her academic conduct
 - Each graduate shall develop the ability to respect and integrate diverse worldviews in problem-solving frameworks
- **Outcome 2:** Each graduate shall possess and apply critical thinking and problem solving skills.
 - Each graduate will demonstrate the ability to develop valid research questions and hypotheses
 - Each graduate will demonstrate the ability to apply proper techniques for data acquisition and interpretation in a problem-solving context
 - Each graduate will demonstrate the ability to solve open-ended problems using scientific methodology
 - Each graduate will develop the ability to make informed, scientifically-based decisions regarding environmental issues
- **Outcome 3:** Each graduate shall develop skills in quantitative, qualitative, technological, laboratory, and field procedures.
 - Each graduate will learn and employ accepted laboratory and field techniques, protocols, and safety procedures
 - Each graduate will learn to read, construct, and comprehend thematic maps and derive perspective output from a map
 - Each graduate will demonstrate the ability to apply knowledge, concepts and techniques from complementary disciplines to solve problems

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. International study programs (short-term, semester, and year-long)
2. Student-faculty research
3. Service Learning Courses
4. Internships
5. Volunteering

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

* Students are encouraged to take ESAP 101 as a Free Elective.

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Major Code: 6 35
Revised: 09.23.2025

Environmental Geoscience, Bachelor of Science (BA) / Pre-Master of Education

The environmental geoscience (BA) focuses on providing students with a scientific understanding of the Earth and surrounding environment. The student in geology gains an understanding of the various terrestrial processes and features (mountains, oceans, volcanoes, glaciers); the immenseness of geologic time, the history of the earth and organisms that inhabit it (fossils); the role of water, fuel, and mineral resources in the development of civilization; and the close interaction between the geologic and organic environments.

Students seeking state certification in secondary education must also complete requirements for a Master of Education degree, a one-year program at SRU. All of our programs are designed to steadily develop the quantitative, deductive and inductive reasoning skills that environmental geoscientists must have.

Requirements for the Certification

Teacher certification is earned through the master of education degree at Slippery Rock University. Students seeking secondary school teaching certification in earth and space science must earn a bachelor of arts or a bachelor of science degree in discipline and contact the Department

of Secondary Education/Foundations of Education concerning its graduate program in education. Information about this program, including prerequisites for admission, may be obtained from the Secondary Education/Foundations of Education office in 114 McKay Education Building.

Program Learning Outcomes

- **Outcome 1 (EVGE):** Each graduate shall develop general knowledge and understanding of the composition, history, and structure of the planet, and of the physical, chemical, and biological processes involved in the interactions between the geosphere, hydrosphere, atmosphere, and biosphere.
 - Each graduate will demonstrate an understanding of plate tectonic theory and be able to describe how it operates
 - Each graduate will demonstrate an understanding of the geologic time scale and the timing of major events in Earth history
 - Each graduate will demonstrate the ability to characterize and identify important rocks and minerals, and to interpret the processes by which they formed
 - Each graduate will demonstrate an understanding of the history, causes, and effects of global climate change
 - Each graduate will demonstrate an understanding of evolutionary theory and its evidence in the fossil record
 - Each graduate will demonstrate an understanding of the internal structure of Earth
 - Each graduate will be able to explain the fundamental principles of the hydrologic cycle

Geology, Geology, and the Environment, Overall

- **Outcome 1:** Each graduate will develop strong written and oral communication skills, demonstrate the ability to work in a collaborative environment, and exhibit professional attitudes and behavior.
 - Each graduate will deliver oral presentations, demonstrating the ability to effectively communicate discipline-specific concepts
 - Each graduate will write scholarly papers using acceptable format and organization with proper citations to appropriate literature.
 - Each graduate will actively participate in collaborative projects and in academic field trips
 - Each graduate will demonstrate professionalism and integrity in his/her academic conduct
 - Each graduate shall develop the ability to respect and integrate diverse worldviews in problem-solving frameworks
- **Outcome 2:** Each graduate shall possess and apply critical thinking and problem solving skills.
 - Each graduate will demonstrate the ability to develop valid research questions and hypotheses
 - Each graduate will demonstrate the ability to apply proper techniques for data acquisition and interpretation in a problem-solving context
 - Each graduate will demonstrate the ability to solve open-ended problems using scientific methodology
 - Each graduate will develop the ability to make informed, scientifically-based decisions regarding environmental issues
- **Outcome 3:** Each graduate shall develop skills in quantitative, qualitative, technological, laboratory, and field procedures.
 - Each graduate will learn and employ accepted laboratory and field techniques, protocols, and safety procedures

- Each graduate will learn to read, construct, and comprehend thematic maps and derive perspective output from a map
- Each graduate will demonstrate the ability to apply knowledge, concepts and techniques from complementary disciplines to solve problems

Environmental Geoscience, Bachelor of Science (BS) - Concentration in Applied Geographic Technology

Program Learning Outcomes

- **Outcome 1 (EVGE):** Each graduate shall develop general knowledge and understanding of the composition, history, and structure of the planet, and of the physical, chemical, and biological processes involved in the interactions between the geosphere, hydrosphere, atmosphere, and biosphere.
 - Each graduate will demonstrate an understanding of plate tectonic theory and be able to describe how it operates
 - Each graduate will demonstrate an understanding of the geologic time scale and the timing of major events in Earth history
 - Each graduate will demonstrate the ability to characterize and identify important rocks and minerals, and to interpret the processes by which they formed
 - Each graduate will demonstrate an understanding of the history, causes, and effects of global climate change
 - Each graduate will demonstrate an understanding of evolutionary theory and its evidence in the fossil record
 - Each graduate will demonstrate an understanding of the internal structure of Earth
 - Each graduate will be able to explain the fundamental principles of the hydrologic cycle
- Maps to:
- University-wide learning outcome:
 - 3A. Explain and predict natural phenomena through use of observation, experimentation using appropriate technology, and scientific reasoning.

Geology, Geology, and the Environment, Overall

- **Outcome 1:** Each graduate will develop strong written and oral communication skills, demonstrate the ability to work in a collaborative environment, and exhibit professional attitudes and behavior.
 - Each graduate will deliver oral presentations, demonstrating the ability to effectively communicate discipline-specific concepts
 - Each graduate will write scholarly papers using acceptable format and organization with proper citations to appropriate literature.
 - Each graduate will actively participate in collaborative projects and in academic field trips

¹ Course offered in multiple subjects; cannot take course in first major subject

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

- Each graduate will demonstrate professionalism and integrity in his/her academic conduct
- Each graduate shall develop the ability to respect and integrate diverse worldviews in problem-solving frameworks
- Maps to:
- University-wide learning outcome(s)
 - 1A. Communicate successfully with diverse audiences in speech and writing.
 - 1C. Apply analytical reading to support language use.
- **Outcome 2:** Each graduate shall possess and apply critical thinking and problem solving skills.
 - Each graduate will demonstrate the ability to develop valid research questions and hypotheses
 - Each graduate will demonstrate the ability to apply proper techniques for data acquisition and interpretation in a problem-solving context
 - Each graduate will demonstrate the ability to solve open-ended problems using scientific methodology
 - Each graduate will develop the ability to make informed, scientifically-based decisions regarding environmental issues
- Maps to:
- University-wide learning outcome(s)
 - 2A. Gather, analyze and evaluate information and ideas.
 - 2B. Produce well-supported reasons and evidence.
 - 2C. Reach well-argued conclusions and decisions.
- **Outcome 3:** Each graduate shall develop skills in quantitative, qualitative, technological, laboratory, and field procedures.
 - Each graduate will learn and employ accepted laboratory and field techniques, protocols, and safety procedures
 - Each graduate will learn to read, construct, and comprehend thematic maps and derive perspective output from a map
 - Each graduate will demonstrate the ability to apply knowledge, concepts and techniques from complementary disciplines to solve problems
- Maps to:
- University-wide learning outcome(s)
 - 4A. Create and use mathematics in a variety of forms including formulas, graphs, schematics, and computing, where appropriate.
 - 4B. Implement experimentation and quantitative reasoning to solve problems and make inferences.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

ENVIRONMENTAL GEOSCIENCE - BS (6124)/CIM 514
Concentration in Applied Geographic Technology (APGT)
This program is effective as of Effective Summer 2025
Revised 07.21.2025
UCC 11.26.2024

Environmental Geoscience, Bachelor of Science (BS) - Concentration in Environmental Policy

Program Learning Outcomes

- **Outcome 1 (EVGE):** Each graduate shall develop general knowledge and understanding of the composition, history, and structure of the planet, and of the physical, chemical, and biological processes involved in the interactions between the geosphere, hydrosphere, atmosphere, and biosphere.
 - Each graduate will demonstrate an understanding of plate tectonic theory and be able to describe how it operates
 - Each graduate will demonstrate an understanding of the geologic time scale and the timing of major events in Earth history
 - Each graduate will demonstrate the ability to characterize and identify important rocks and minerals, and to interpret the processes by which they formed
 - Each graduate will demonstrate an understanding of the history, causes, and effects of global climate change
 - Each graduate will demonstrate an understanding of evolutionary theory and its evidence in the fossil record
 - Each graduate will demonstrate an understanding of the internal structure of Earth
 - Each graduate will be able to explain the fundamental principles of the hydrologic cycle
- Maps to:
 - University-wide learning outcome 3A. Explain and predict natural phenomena through use of observation, experimentation using appropriate technology, and scientific reasoning.
- **Geology, Geology, and the Environment, Overall**
- **Outcome 1:** Each graduate will develop strong written and oral communication skills, demonstrate the ability to work in a collaborative environment, and exhibit professional attitudes and behavior.
 - Each graduate will deliver oral presentations, demonstrating the ability to effectively communicate discipline-specific concepts
 - Each graduate will write scholarly papers using acceptable format and organization with proper citations to appropriate literature.
 - Each graduate will actively participate in collaborative projects and in academic field trips
 - Each graduate will demonstrate professionalism and integrity in his/her academic conduct
 - Each graduate shall develop the ability to respect and integrate diverse worldviews in problem-solving frameworks
- Maps to:
 - University-wide learning outcome(s)
 - 1A. Communicate successfully with diverse audiences in speech and writing.
 - 1C. Apply analytical reading to support language use.
- **Outcome 2:** Each graduate shall possess and apply critical thinking and problem-solving skills.
 - Each graduate will demonstrate the ability to develop valid research questions and hypotheses
- Each graduate will demonstrate the ability to apply proper techniques for data acquisition and interpretation in a problem-solving context
- Each graduate will demonstrate the ability to solve open-ended problems using scientific methodology
- Each graduate will develop the ability to make informed, scientifically-based decisions regarding environmental issues.
- Maps to:
 - University-wide learning outcome(s)
 - 2A. Gather, analyze and evaluate information and ideas.
 - 2B. Produce well-supported reasons and evidence.
 - 2C. Reach well-argued conclusions and decisions.
- **Outcome 3:** Each graduate shall develop skills in quantitative, qualitative, technological, laboratory, and field procedures.
 - Each graduate will learn and employ accepted laboratory and field techniques, protocols, and safety procedures
 - Each graduate will learn to read, construct, and comprehend thematic maps and derive perspective output from a map
 - Each graduate will demonstrate the ability to apply knowledge, concepts and techniques from complementary disciplines to solve problems
- Maps to:
 - University-wide learning outcome(s)
 - 4A. Create and use mathematics in a variety of forms including formulas, graphs, schematics, and computing, where appropriate.
 - 4B. Implement experimentation and quantitative reasoning to solve problems and make inferences.

PASSHE - Pennsylvania State System of Higher Education Institutions

ENVIRONMENTAL GEOSCIENCE - BS (6124)/ CIM 513

Concentration in Environmental Policy (ENPO)

This program is effective as of Effective Summer 2025

Revised 07.21.2025

UCC 11.26.2024

Environmental Geoscience, Bachelor of Science (BS) - Concentration in Environmental Science

Environmental science is the integration of scientific knowledge from many disciplines in order to understand the interrelationships between human activities and the environment. Environmental science majors are exposed to the general principles of biology, chemistry, geology, geography, meteorology, and physics. Thus, it is not a focus on one of these disciplines, but involves all of them and their interaction within environmental systems.

Environmental science majors could enter several general fields:

- Industry and Consulting, monitoring and investigating the contamination of the air, land and water. Responsibilities could range from working to reduce potential environmental contamination in an industrial setting, to remediating contamination that resulted from past disposal practices.
- Local, State, or Federal Environmental Agencies, working to monitor, enforce, and develop environmental policy and regulations.

- Environmental Research, working to understand and solve environmental problems. Students would continue their education in a graduate program focusing on an area of interest to them.

The program is rich in laboratory and field experiences that support our lecture classes. Students gain important practical experience working in the field studying environmental systems and problems. In addition, students are required to complete an approved internship or research project. We train our students not only with a liberal arts education and a broad-based scientific background, but with the skills that will enable them to succeed in a competitive work force. The department encourages undergraduate student research. Opportunities abound for students to work directly with the faculty on independent research projects.

EVSC 450 or EVSC 480 must be completed during the summer after your Junior or Senior year.

Program Learning Outcomes

- **Outcome 1 (EVGE):** Each graduate shall develop general knowledge and understanding of the composition, history, and structure of the planet, and of the physical, chemical, and biological processes involved in the interactions between the geosphere, hydrosphere, atmosphere, and biosphere.
 - Each graduate will demonstrate an understanding of plate tectonic theory and be able to describe how it operates
 - Each graduate will demonstrate an understanding of the geologic time scale and the timing of major events in Earth history
 - Each graduate will demonstrate the ability to characterize and identify important rocks and minerals, and to interpret the processes by which they formed
 - Each graduate will demonstrate an understanding of the history, causes, and effects of global climate change
 - Each graduate will demonstrate an understanding of evolutionary theory and its evidence in the fossil record
 - Each graduate will demonstrate an understanding of the internal structure of Earth
 - Each graduate will be able to explain the fundamental principles of the hydrologic cycle

Geology, GeoGRAPHY, and the Environment, Overall

- **Outcome 1:** Each graduate will develop strong written and oral communication skills, demonstrate the ability to work in a collaborative environment, and exhibit professional attitudes and behavior.
 - Each graduate will deliver oral presentations, demonstrating the ability to effectively communicate discipline-specific concepts
 - Each graduate will write scholarly papers using acceptable format and organization with proper citations to appropriate literature.
 - Each graduate will actively participate in collaborative projects and in academic field trips
 - Each graduate will demonstrate professionalism and integrity in his/her academic conduct
 - Each graduate shall develop the ability to respect and integrate diverse worldviews in problem-solving frameworks
- **Outcome 2:** Each graduate shall possess and apply critical thinking and problem solving skills.
 - Each graduate will demonstrate the ability to develop valid research questions and hypotheses

- Each graduate will demonstrate the ability to apply proper techniques for data acquisition and interpretation in a problem-solving context
- Each graduate will demonstrate the ability to solve open-ended problems using scientific methodology
- Each graduate will develop the ability to make informed, scientifically-based decisions regarding environmental issues
- **Outcome 3:** Each graduate shall develop skills in quantitative, qualitative, technological, laboratory, and field procedures.
 - Each graduate will learn and employ accepted laboratory and field techniques, protocols, and safety procedures
 - Each graduate will learn to read, construct, and comprehend thematic maps and derive perspective output from a map
 - Each graduate will demonstrate the ability to apply knowledge, concepts and techniques from complementary disciplines to solve problems

Alignment of Program Outcomes with University Outcomes

GGE Program outcome 1: Each graduate will develop strong written and oral communication skills, demonstrate the ability to work in a collaborative environment, and exhibit professional attitudes and behavior. = **UG Outcome 1:** Act as effective communicators.

GGE Program outcome 2: Each graduate shall possess and apply critical thinking and problem solving skills. = **UG Outcome 2:** Apply critical thinking to argument and problem solving

GGE Program outcome 3: Each graduate shall develop skills in quantitative, qualitative, technological, laboratory, and field procedures. = **UG Outcome 3 and 4:** Develop scientific literacy; Apply quantitative reasoning in appropriate contexts.

EVGE Program Outcome 1: Each graduate will develop strong written and oral communication skills, demonstrate the ability to work in a collaborative environment, and exhibit professional attitudes and behavior. = **GGE Program Outcome 1** = **UG Outcome 1:** Act as effective communicators; **UG Outcome 5:** Develop as a whole person

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. International study programs (short-term, semester, and year-long)
2. Student-faculty research
3. Service Learning Courses
4. Internships
5. Volunteering

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

ENVIRONMENTAL GEOSCIENCE - BS (6124)/CIM 515

Concentration in Geography (GEOG)

This program is effective as of Effective Summer 2025

Revised 07.18.2025

UCC 11.26.2024

Environmental Geoscience, Bachelor of Science (BS) - Concentration in Geology

The environmental geoscience (BS) concentration in geology focuses on providing students with a scientific understanding of the Earth and surrounding environment. The student in geology gains an understanding of the various terrestrial processes and features (mountains, oceans, volcanoes, glaciers); the immenseness of geologic time, the history of the earth and organisms that inhabit it (fossils); the role of water, fuel,

and mineral resources in the development of civilization; and the close interaction between the geologic and organic environments.

Demand for the professional geologist comes from the needs of engineering, hydrogeologic and environmental firms; geological surveys; oil, gas and mining companies; state and national parks; museums; conservation agencies; planning commissions; and teaching institutions. A student who completes a bachelor of science in geology will have the basis for entry to graduate schools or for employment as a geologist.

Candidates completing this program are eligible to sit for the two-part Association State Boards of Geology (ASBOG) examination required for a Professional Geologist license in Pennsylvania. The first examination, Fundamentals of Geology, can be taken upon graduation. The second examination, Principles and Practices of Geology, can be taken after working for five years. Regulations for licensing vary by state and you are urged to check with the licensing board in the state you will be working.

Program Learning Outcomes

- **Outcome 1 (EVGE):** Each graduate shall develop general knowledge and understanding of the composition, history, and structure of the planet, and of the physical, chemical, and biological processes involved in the interactions between the geosphere, hydrosphere, atmosphere, and biosphere.
 - Each graduate will demonstrate an understanding of plate tectonic theory and be able to describe how it operates
 - Each graduate will demonstrate an understanding of the geologic time scale and the timing of major events in Earth history
 - Each graduate will demonstrate the ability to characterize and identify important rocks and minerals, and to interpret the processes by which they formed
 - Each graduate will demonstrate an understanding of the history, causes, and effects of global climate change
 - Each graduate will demonstrate an understanding of evolutionary theory and its evidence in the fossil record
 - Each graduate will demonstrate an understanding of the internal structure of Earth
 - Each graduate will be able to explain the fundamental principles of the hydrologic cycle

Geology, GeoGRAPHY, and the Environment, Overall

- **Outcome 1:** Each graduate will develop strong written and oral communication skills, demonstrate the ability to work in a collaborative environment, and exhibit professional attitudes and behavior.
 - Each graduate will deliver oral presentations, demonstrating the ability to effectively communicate discipline-specific concepts
 - Each graduate will write scholarly papers using acceptable format and organization with proper citations to appropriate literature.
 - Each graduate will actively participate in collaborative projects and in academic field trips
 - Each graduate will demonstrate professionalism and integrity in his/her academic conduct
 - Each graduate shall develop the ability to respect and integrate diverse worldviews in problem-solving frameworks
- **Outcome 2:** Each graduate shall possess and apply critical thinking and problem solving skills.
 - Each graduate will demonstrate the ability to develop valid research questions and hypotheses

- Each graduate will demonstrate the ability to apply proper techniques for data acquisition and interpretation in a problem-solving context
- Each graduate will demonstrate the ability to solve open-ended problems using scientific methodology
- Each graduate will develop the ability to make informed, scientifically-based decisions regarding environmental issues
- Outcome 3:** Each graduate shall develop skills in quantitative, qualitative, technological, laboratory, and field procedures.
 - Each graduate will learn and employ accepted laboratory and field techniques, protocols, and safety procedures
 - Each graduate will learn to read, construct, and comprehend thematic maps and derive perspective output from a map
 - Each graduate will demonstrate the ability to apply knowledge, concepts and techniques from complementary disciplines to solve problems

Alignment of Program Outcomes with University Outcomes

Program outcome 1: Each graduate will develop strong written and oral communication skills, demonstrate the ability to work in a collaborative environment, and exhibit professional attitudes and behavior. = **UG Outcome 1:** Act as effective communicators.

Program outcome 2: Each graduate shall possess and apply critical thinking and problem solving skills. = **UG Outcome 2:** Apply critical thinking to argument and problem solving

Program outcome 3: Each graduate shall develop skills in quantitative, qualitative, technological, laboratory, and field procedures. = **UG Outcome 3 and 4:** Develop scientific literacy; Apply quantitative reasoning in appropriate contexts.

EVGE Program Outcome 1: Each graduate will develop strong written and oral communication skills, demonstrate the ability to work in a collaborative environment, and exhibit professional attitudes and behavior. = **GGE Program Outcome 1** = **UG Outcome 1:** Act as effective communicators; **UG Outcome 5:** Develop as a whole person

Environmental Science, Minor

Environmental science is the integration of scientific knowledge from many disciplines in order to understand the interrelationships between human activities and the environment. Environmental science minors are exposed to the general principles of biology, chemistry, geology, geography, meteorology, and physics. Students learn how the interactions of all of these processes contribute to the operation of our earth system. This knowledge can prepare students for careers in water and air quality management, nature conservation, or planning for climate change.

Geographic Information Science, Certificate

The certificate is specifically designed to provide specialized skills to individuals who currently work with spatial data in their chosen field or would like to leverage geospatial data in future employment. The curriculum is designed to support the increasing importance of geospatial data and analysis across diverse disciplines including geography, biological and environmental sciences, business and logistics, resource management and geosciences, planning and conservation.

The curriculum consists of twelve credits that can be completed in two semesters of coursework. The scope of coursework is designed to support individuals already familiar with basic computer concepts and descriptive statistics principles.

Geographic Information Technology, Minor

The Geographic Information Technology minor is designed to prepare students for employment in technical occupations and planning by becoming proficient in the fast growing field of geographic information technology. This program emphasizes the collection, analysis, and representation of earth data at scales ranging from the local to the global. Opportunities abound for students to engage in fieldwork, internships, and in the production of research in our department. If you enjoy learning about the Earth and its peoples and landscapes, either in your back yard or far away, please consider the opportunities our program provides. Representative employment areas for our graduates include environmental consulting, pollution remediation, environmental monitoring, environmental law or public policy, resource management, geographic information systems analysis, nonprofit environmental organizations, and planning.

Geology, Minor

The Geology minor provides students with a scientific understanding of the Earth and surrounding environment. The student in geology gains an understanding of the various terrestrial processes and features (mountains, oceans, volcanoes, glaciers); the immenseness of geologic time, the history of the earth and organisms that inhabit it (fossils); the role of water, fuel, and mineral resources in the development of civilization; and the close interaction between the geologic and organic environments. Demand for the professional geologist comes from the needs of engineering, hydrogeologic and environmental firms; geological surveys; oil, gas and mining companies; state and national parks; museums; conservation agencies; planning commissions; and teaching institutions.

GPA Requirement

Minor GPA: 2.0 or higher

Minor Requirements

- Students must complete at least 6 credit hours in their minor from SRU
- A minimum of 9 credit hours must be upper division (an upper division course includes any 3-credit course that requires a pre-requisite)
- A minor shall be no fewer than 15 credits.

Code	Title	Hours
Required Courses		
EVGE 1XX	Any 100-Level EVGE Course	3
EVGE 201	Earth Materials and Processes/Lab	4
EVGE 202	Earth History/Lab	4
Electives		
Select at least three courses:		9-12
EVGE 303	Paleontology/Lab	
EVGE 323	Planetary Geology	
EVGE 327	Structural Geology	
EVGE 328	Plate Tectonics	
EVGE 341	Geomorphology/Lab	
EVGE 342	Glacial Geology/Lab	
EVGE 351	Mineralogy/Lab	
EVGE 352	Petrology/Lab	
EVGE 358	Introduction to Geophysics/Lab	
EVGE 362	Stratigraphy/Lab	
EVGE 458	Geophysical Field Methods/Lab	
EVGE 460	Hydrogeology	
Total Hours		20-23

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

MINOR IN GEOLOGY (34A)

This program is effective as of Fall 2017.

Revised 09.18.2025

Geophysics, Minor

The Geophysics minor provides students with a grounding in the technical skills crucial to investigating the subsurface features of our earth. The minor emphasizes a variety of state-of-the-art techniques used by professionals in resource exploration and development in order to study what lies beneath our feet, including both ground-based approaches as well as aerial (drones) and satellite imaging.

PASSHE - Pennsylvania State System of Higher Education Institutions

MINOR IN METEOROLOGY (34B)

This program is effective as of Fall 2008

Revised 09.18.2025

Sustainability, Certificate

This interdisciplinary certificate should benefit a diverse population of students who might not be introduced to such concepts through completion of their degree program. Students who obtain a Certificate in Sustainability will be better prepared to critically evaluate society's interactions with the environment and to help find ethical and equitable solutions to environmental challenges.

Students will complete one course from at least two of the three categories, and complete the capstone course, Principles of Sustainability. Only two of the four courses can be from the same academic discipline. Students must also complete 12 hours of stewardship, which may include service learning, community volunteer hours, research, or a sustainability project. The capstone course includes the stewardship requirement.

To access Certificate Requirements, please view the Curriculum Guide tab.

PASSHE - Pennsylvania State System of Higher Education Institutions

CERTIFICATE IN SUSTAINABILITY (614C)
This program is effective as of Spring 2016.
Revised 09.18.2025
UCC 3.26.2019

Homeland Security and Corporate Security

Programs

Majors

- Corporate Security, Bachelor of Science (BS) - Concentration in Fraud (p. 360)
- Corporate Security, Bachelor of Science (BS) - Concentration in Organizational Security (p. 362)
- Corporate Security, Bachelor of Science (BS) - Concentration in Organizational Security/Advanced Piloting (CCBC) (p. 365)
- Corporate Security, Bachelor of Science (BS) - Concentration in Organizational Security/Professional Pilot (CCBC) (p. 365)
- Homeland Security, Bachelor of Science (BS) (p. 366)
- Homeland Security, Bachelor of Science (BS)/Advanced Piloting (CCBC) (p. 369)
- Homeland Security, Bachelor of science (BS)/Professional Pilot (CCBC) (p. 369)

Minors

- Fraud, Minor (p. 366)
- Homeland Security, Minor (p. 370)
- Organizational Security, Minor (p. 371)

Certificates

- Fraud, Certificate (p. 365)
- Homeland Security, Certificate (p. 369)
- Organizational Security, Certificate (p. 370)

Corporate Security, Bachelor of Science (BS) - Concentration in Fraud

PROGRAM LEARNING OUTCOMES

- Professional Proficiency-Demonstrate skills required of entry level corporate security professionals. (UO 5)
- Critical Thinking-Identify, evaluate, and mitigate complex security issues. (UO 2)
- Communication-Communicate effectively in a variety of professional contexts. (UO 1)
- Law and Ethics-Apply legal and ethical principles in solving complex security issues. (UO 8)
- Professional Skills-Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline. (UO 5)

¹ The prerequisites for ENGL 205 are ENGL 102 & ENGL 104.

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

¹ Course offered in multiple subjects; cannot take course in first major subject.

* Students are encouraged to take ESAP 101 as a Free Elective.

- CS Organizational Security Major requires 60 Credit Hours (36 Core + 9 General + 9 Culture + 6 Electives).
- The number of free electives will depend on Rock Studies 2 courses taken and/or Minor.
- The number of Rock Studies 2 courses will depend on how much overlap there is between major courses and Rock Studies 2 courses.

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

CERTIFICATE IN FRAUD (5FRD)

This program is effective as of Summer 2019

Revised 12-2018

Fraud, Minor

To access Minor Requirements, please view the Curriculum Guide tab.

The Fraud minor provides instruction to students about the various components of internal controls, the types of security breaches organizations encounter, and the uniqueness of fraud in any organization. Students will also learn about the different types of fraud, and the principles of fraud prevention, detection, and how to assess for fraud.

This minor will be of great benefit to any majors. All industries and organizations are susceptible to fraud, and the minor will be relevant to most careers in management, compliance, accounting, security, and administration. Moreover, the Fraud minor introduces students to the knowledge requirements needed to become Certified Fraud Examiners.

PASSHE - Pennsylvania State System of Higher Education Institutions

MINOR IN FRAUD (80F)

This program is effective as of Summer 2019

Revised 8-2019

Homeland Security, Bachelor of Science (BS)

PROGRAM LEARNING OUTCOMES

- **Critical Thinking and Problem Solving in Homeland Security:** Students will be able to identify complex homeland security issues; gather, analyze, and evaluate pertinent information; in order to make decisions to prevent, mitigate, resolve, and recover from man-made, technological, and natural disasters. UO 2
- **Professional Proficiency in Homeland Security:** Students will acquire the knowledge, skills, abilities, and current field-based best practices demanded by the homeland security profession. UO 5
- **Law and Ethics in Homeland Security:** Students will be able to recognize legal and ethical issues confronting homeland security professionals, apply and follow the appropriate laws, and recognize the consequences and impact of their actions on other stakeholders. UO 8
- **Professionally Communicate in Homeland Security Contexts:** Students will develop the skills and knowledge to communicate effectively in homeland security settings. This will, among other relevant things, involve learning how to communicate about how to protect infrastructure and key assets and develop

intelligence products. This also entails the development and implementation of plans, particularly ones related to preventing, mitigating, and/or recovering from man-made, technological, and natural disasters. UO 5

- Middle School Mathematics, Minor (p. 381)
- Secondary School Mathematics, Minor (p. 382)
- Statistics, Minor (p. 383)

Actuarial Science, Minor

Actuaries use mathematics, statistics, predictive analytics, finance, and economics to predict the occurrence of uncertain events and their financial impact to minimize risk in business, finance, government, insurance, retirement planning, etc. Actuarial careers are always listed among the top ten jobs in the world based on salary, work/life balance, low levels of stress, and lateral and upward mobility. It is one of the most clearly defined career paths for mathematicians. The advanced training actuaries acquire in predictive analytics enables them to make important contributions to many fields including sports analytics. The Actuarial Science Minor (<https://www.sru.edu/academics/majors-and-minors/actuarial-studies-minor/>) provides the coursework to prepare students for

up to five actuarial exams and Validation by Educational Experience (VEE) credit in all three areas approved by the Society of Actuaries.

To access Minor Requirements, please view the Curriculum Guide tab.

STAT 352	Mathematical Statistics I	3
STAT 353	Mathematical Statistics II	3
Required Courses for Non-Mathematics Majors		
Math majors may not count these course in the Actuarial Studies Minor		
MATH 225	Calculus I	4
MATH 230	Calculus II	4
Electives		
Select courses from below to reach 24 credits total for this minor:		7-15
1		
ACCT 209	Financial Accounting	
ACCT 210	Managerial Accounting	
CPSC 323	Fundamentals of Database Systems	
CPSC 358	Simulation	
ECON 201	Principles of Macroeconomics	
ECON 202	Principles of Microeconomics	
ECON 301	Macroeconomic Analysis	
ECON 302	Microeconomic Analysis	
ECON 312	Critical Choices in Health Care Policy	
ECON 318	Introduction to Econometrics	

ENGL 205	Introduction to Professional Writing
FINA 320	Managerial Finance
FINA 321	Investments
FINA 323	Financial Markets and Institutions
FINA 326	Intermediate Corporate Finance
FINA 329	Principles of Insurance
MATH 231	Calculus III
MATH 311	Deterministic Models of Operations Research
MATH 315	Numerical Mathematics
MATH 335	Mathematical Modeling
MATH 482	
MATH 484	
STAT 252	Introduction to Statistical Modeling
STAT 254	Nonparametric Statistics
STAT 256	Statistical Computing
STAT 354	Fundamentals of Loss Models
STAT 363	Statistical Learning

Total Hours 24

- 1
- ACCT 209, ACCT 210, ECON 201, ECON 202 may not be used by students from the School of Business
 - MATH 231 may not be used by Math majors
- * Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

Minor in Actuarial Science (52H)

This program is effective as of Fall 2021

Revised 09.19.2025

UCC 10.13.2020

Elementary School Mathematics, Minor

SRU's minor in Elementary School Mathematics is a strong add-on for degrees in Early Childhood Education or Special Education. Three of the required courses are already part of those majors, setting many students up to finish this minor with just 4 further courses. This focused math credential can help a teacher's job application to stand out among the competition: it highlights flexibility, reliability, and potential for greater creativity and depth in teaching math to children.

To access Minor Requirements, please view the Curriculum Guide tab.

Curriculum Guide

GPA Requirement

Minor GPA: 2.0 or higher

Minor Requirements

- Students must complete at least 9 credit hours of MATH/STAT in their minor from SRU
- Students enrolled in both the Minor in Middle School Mathematics and the Minor in Elementary School Mathematics must complete at least 9 credits in each of these minors that are NOT being counted in the other.
- A minimum of 6 credit hours must be upper division (courses numbered 300 and above)
- A minor shall be no fewer than 18 credits.
- ELEC 340 has an off-campus field component and requires appropriate teacher clearances. Contact the instructor before enrolling in ELEC 340.

Code	Title	Hours
Required Mathematics Courses		
MATH 118	Elementary Geometry	3
MATH 210	Mathematics for Elementary Teachers I	3
MATH 310	Mathematics for Elementary Teachers II	3
ELEC 340	Mathematics Methods and Strategies for PRE K - 4 Teachers	3
Additional Courses		
Select three courses of the following:		9
MATH 113	Mathematics as a Liberal Art	
MATH 117	Quantitative Reasoning	
MATH 122	Finite Mathematics with Matrices	
MATH 125	Precalculus	
MATH 131	Discrete Mathematics	
STAT 124	Introduction to Survey Methods	
STAT 152	Elementary Statistics I	
STAT 252	Introduction to Statistical Modeling	
STAT 318	Statistical Study Design	
Total Hours		21

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. PASSHE - Pennsylvania State System of Higher Education Institutions

Minor in Elementary School Math (52B)

This program is effective as of Summer 2022

Revised 04.21.2022

UCC 02.15.2022

Mathematics, Bachelor of Science (BS) - Concentration in Actuarial Science

Program Learning Outcomes

- Students graduating with a degree in Mathematics will:
 - Use mathematics knowledge to solve theoretical and applied problems. (UGO 2,3,4,6)
 - Apply rigorous deductive reasoning to prove mathematics results. (UGO 2,3)
 - Use technology to perform and interpret mathematics analyses. (UGO 3,4,10)
 - Communicate mathematics knowledge to both expert and non-technical audiences. (UGO 1,4,5)
 - Demonstrate professional integrity and accountability in the use and communication of mathematics. (UGO 7,8,9,10)

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

MATHEMATICS BS/SECONDARY EDUC (6152/SEED)

This program is effective as of Summer 2023

Revised 9.19.2025

UCC 02.14.2023

Mathematics, Bachelor of Science (BS) - Concentration in Statistics

Program Learning Outcomes

- Students graduating with a degree in Mathematics will:
 - Use mathematics knowledge to solve theoretical and applied problems. (UGO 2,3,4,6)

- Apply rigorous deductive reasoning to prove mathematics results. (UGO 2,3)
- Use technology to perform and interpret mathematics analyses. (UGO 3,4,10)
- Communicate mathematics knowledge to both expert and non-technical audiences. (UGO 1,4,5)
- Demonstrate professional integrity and accountability in the use and communication of mathematics. (UGO 7,8,9,10)

PASSHE - Pennsylvania State System of Higher Education Institutions

MATHEMATICS BS/STATISTICS (6152/STAT)
This program is effective as of Summer 2023
Revised 09.19.2025
UCC 02.14.2023

Mathematics, Minor

Mathematics has often been referred to as the “language of the sciences” because of the fundamental way in which the sciences depend on it. In modern society, its applications extend well beyond the sciences to many diverse fields including engineering, finance, economics, supply chain management, sports analytics, statistics, and data science. The Mathematics Minor prepares students for the mathematical rigors of these fields. It also provides outstanding preparation for anyone planning to attend many graduate programs including engineering, finance, economics, and data science.

PASSHE - Pennsylvania State System of Higher Education Institutions

Minor in Mathematics (52A)

This program is effective as of Fall 2022

Revised 05.31.2023

UCC 10.05.2021

Middle School Mathematics, Minor

SRU's minor in Middle School Mathematics is a useful add-on for students planning to teach secondary math, or non-math subjects in middle school. Future secondary teachers gain deeper insight into teaching students at the younger end of their Grades 7-12 certification, and future middle school teachers in English, Social Studies, or Science can enhance their ability to handle a dual-subject assignment with just 3-4 extra courses beyond what their major already requires. This additional credential can help a teacher's job application to stand out among the competition: it highlights flexibility, reliability, and potential for greater creativity and depth in teaching math.

To access Minor Requirements, please view the Curriculum Guide tab.

Minor in Middle School Math (52C)

This program is effective as of Summer 2022

Revised 04.21.2022

UCC 08.18.2022

Secondary School Mathematics, Minor

The high school mathematics curriculum covers a wide range of content including algebra, geometry, trigonometry, calculus, and statistics. Secondary school mathematics minors not only learn these topics at a fundamental level, but they also learn how to effectively communicate these concepts to students at a grade appropriate level. Most students completing the secondary school mathematics minor go on to get their permanent teaching certification and work as high school math teachers. Additionally, some students choose to work with math tutoring centers, math summer camps, accelerated math programs, and/or science museums.

To access Minor Requirements, please view the Curriculum Guide tab.

Curriculum Guide

GPA Requirement

2.0 or higher Minor GPA

Minor Requirements

- A minimum of 6 credit hours must be upper division (courses numbered 300 and above).
- At least 9 credit hours of MATH/STAT courses used for the minor must be taken at Slippery Rock University.
- Middle Level Education majors (in the Department of Secondary Education/Foundations of Education) CANNOT apply SEFE 200 to the Secondary School Mathematics Minor.
- A minor shall be no fewer than 18 credits.
- BS-Mathematics majors must choose at least 15 credits distinct from those being counted toward major.

- Students minoring in both Mathematics and Second School Mathematics must complete 9 credits in each minor that are not applied to the other minor.

This program is effective as of Summer 2022

Revised 04.22.2022

UCC 02.15.2022

Statistics, Minor

Statisticians specialize in the collection, organization, presentation, and analysis of data. They work with professionals from a variety of fields to leverage data to inform almost every aspect of society and life: business practice, scientific research, finance, and public policy, among other areas. In 2022, "Statistician" is one of the top three jobs in the world based on income, stress level, quality of life, and growth potential, and the field has a projected growth of 35% (careercast.com)!

The Department of Mathematics and Statistics minor in statistics will give you both a good theoretical grounding in statistics as well as a broad understanding of applied statistics through project-based coursework. You will learn multiple computer-based platforms for completing statistical tasks, including Microsoft Excel, R, SAS, and Python. We will provide you with ample opportunities to work on research projects, and we will encourage you to present your research at SRU's undergraduate symposium and at professional conferences. Because of the amount of experience our students gain working with different statistical software packages, completing analysis projects, and engaging in research, our students are sought after both for internships while they are completing their undergraduate studies and entry-level positions for statistics and data science.

Minors

- Environmental Communication and Heritage Interpretation, Minor (p. 384)

Environmental Communication and Heritage Interpretation, Minor

This minor will provide students with an interdisciplinary understanding of cultural and natural resource communication and interpretation. Students will apply concepts from the fields of history, ecology, human dimensions of natural resources (including psychological, sociological, political, cultural and economic aspects), environmental education, environmental communication, adventure-based outdoor pursuits, interpretation and land management. Completing the minor will also enable students to achieve a nationally recognized certification as a Certified Interpretive Guide.

PASSHE - Pennsylvania State System of Higher Education Institutions

Minor in Environmental Communication and Heritage Interpretation (71D)

This program is effective as of Fall 2018.

Revised 09.19.2025

Park & Resource Management, Bachelor of Science (BS)

PROGRAM LEARNING OUTCOMES

- **Communication:**
 - Students will engage in oral communication
 - Students will produce professional written communication
 - Students will develop graphical and technological communication materials
 - Students will respond to feedback
- **Foundations in Natural Resource Management:**
 - Students will identify flora, fauna, and habitat
 - Students will assess cultural resources
 - Students will practice interpretation
- **Critical Thinking and Problem Solving:**
 - Students will apply an understanding of cultural resource management
 - Students will develop sustainable solutions to global problems
 - Students will evaluate a strategic management plan

• Professional Leadership and Administration:

- Students will provide visitor services to the public
- Students will identify administrative tasks relevant to PRM
- Students will lead group projects
- Students will exhibit professional behavior

• Career Development and Field Experiences:

- Students will create a professional resume
- Students will demonstrate awareness of job opportunities in the field
- Students will participate in research
- Students will participate in experiential learning
- Students will develop an awareness of the spectrum of job opportunities in the field

PCRM 477	Wildlife & Wildlands Field Methods and Management ¹	3
Subtotal		39

Leadership Course

Select one of the following:		3
PCRM 211	Outdoor Leadership	
PCRM 318	Administrative Strategies for Resource Managers	
PCRM 342	Group Facilitation and Leadership	

Required Courses Outside of Major Department

GES 115	Introduction to Geospatial Technologies	3
Subtotal		6

Required Internship

PCRM 450	Internship ¹	12
Total Hours		57

¹ Course counts for 50% of Major requirements and Major GPA

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

CO-CURRICULAR AND EXPERIENTIAL LEARNING

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. International study programs (short-term)
2. Student-faculty research
3. Service-learning classes
4. Internships
5. Volunteering
6. Job Shadowing

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

PARK & RESOURCE MANAGEMENT - BS (6374)

This program is effective as of Fall 2020.

¹ Course offered in multiple subjects; cannot take course in first major subject.

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

* Students are encouraged to take ESAP 101 as a Free Elective.

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

PARK & RESOURCE MANAGEMENT - BS (6374)

Revised: 09.23.2025

Physics Programs Majors

- Physics, Bachelor of Science (BS) - Concentration in Computational Physics (p. 388)
- Physics, Bachelor of Science (BS) - Concentration in Engineering Physics (p. 390)
- Physics, Bachelor of Science (BS) - Pre-Master of Education (7-12) (p. 392)

- Physics, Bachelor of Science (BS) / Pre-Engineering (Pitt) (3+2) (p. 394)

Minors

- Physics, Minor (p. 396)

Physics, Bachelor of Science (BS) - Concentration in Computational Physics

Program Learning Outcomes

LO1: Graduates will demonstrate a comprehensive understanding of core physics concepts including mechanics, electromagnetism, thermal and statistical physics, and quantum mechanics (UGO 02, 03, 04)

LO2: Graduates will be skilled in using physical laws, relevant mathematical and statistical techniques, and computational tools to model physical systems and solve complex problems across various domains in physics. (UGO 02, 03, 04, 06)

LO3: Graduates will possess hands-on experience in designing, conducting, and analyzing experiments using appropriate laboratory equipment and techniques. (UGO 02, 04, 06)

LO4: Graduate will demonstrate the ability to effectively communicate complex physical concepts and results through oral presentations, written reports, and visual aids tailored to diverse audiences. (UGO 01, 05)

LO5: Graduates will be capable of collaborating effectively within diverse, interdisciplinary teams and recognize the significance of professional integrity in scientific practices. (UGO 07, 08, 09, 10)

¹ Course counts for 50% of Major requirements and Major GPA

² Course can be counted as a Rock Studies 2 Requirement, but earns credit only once toward your 120-credits total.

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

³ Minimum of 3 credits from *Required Electives Block* must be at 300 level or above to comply with Upper Division course requirement,

Natural Science and Math College-Wide Requirements

Code	Title	Hours
Students must take the following four courses:		
CHEM 107	General Chemistry I ¹	3
CHEM 111	General Chemistry I Lab ¹	1
MATH 225	Calculus I ¹	4
PHYS 216	University Physics 1 with Lab	4
Total Hours		12

¹ Course can be counted as a Rock Studies 2 Requirement, but earns credit only once toward your 120-credits total.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

PHYSICS - BS (6164)
w/optional Pre Masters in Education (PX)
This program is effective as of Summer 2025
Revised 07.14.2025
UCC 10.29.2024

Physics, Bachelor of Science (BS) / Pre-Engineering (Pitt) (3+2)

Program Learning Outcomes

- LO1:** Graduates will demonstrate a comprehensive understanding of core physics concepts including mechanics, electromagnetism, thermal and statistical physics, and quantum mechanics (UGO 02, 03, 04)
- LO2:** Graduates will be skilled in using physical laws, relevant mathematical and statistical techniques, and computational tools to model physical systems and solve complex problems across various domains in physics. (UGO 02, 03, 04, 06)
- LO3:** Graduates will possess hands-on experience in designing, conducting, and analyzing experiments using appropriate laboratory equipment and techniques. (UGO 02, 04, 06)
- LO4:** Graduate will demonstrate the ability to effectively communicate complex physical concepts and results through oral presentations,

written reports, and visual aids tailored to diverse audiences. (UGO 01, 05)

LO5: Graduates will be capable of collaborating effectively within diverse, interdisciplinary teams and recognize the significance of professional integrity in scientific practices. (UGO 07, 08, 09, 10)

Curriculum Guide

GPA Requirement

Major GPA: 2.00 or higher
Overall GPA: 3.00 or higher

Summary*

Code	Title	Hours
Rock Studies 2 Requirements		41
Other Basic Requirements		0-3
Major Requirements		56
Natural Science and Math College-Wide Requirements (Included in Rock Studies Requirements)		12
Electives		23

* All undergraduate degree programs require a minimum of 120 credits. Some courses meet multiple requirements, but are only counted once toward the 120 credit total required to graduate. However, because this is a pre-professional program, credits taken during the 1st year of the graduate program are applied toward the undergraduate credit hours to meet the 120 credits required for your undergraduate degree.

- Exercise Science, Bachelor of Science (BS) / Pre-Physical Therapy (SRU) (3+3) (p. 422)
- Exercise Science, Bachelor of Science (BS) / Pre-Physical Therapy (SRU) (Traditional) (p. 426)
- Exercise Science, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (3+2) (p. 430)
- Exercise Science, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (Traditional) (p. 435)

Exercise Science, Bachelor of Science (BS)

PROGRAM LEARNING OUTCOMES

- **Professional Competence:** To utilize knowledge, skills, and abilities to evaluate health behavior and risk factors; develop, implement, and evaluate evidence-based exercise and wellness programs, and employ behavioral strategies to motivate individuals to adopt and maintain positive lifestyle behaviors. UO 3,4,5
- **Professional Interaction and Communication:** To interact and communicate effectively by presenting information in oral and written formats, collaborating with professionals and peers, expressing ideas clearly, and giving and receiving feedback. UO 1
- **Professional Behavior and Involvement:** To model professional behaviors (including preparedness, engagement, and appearance), and demonstrate professional involvement across the major. UO 5,7,9
- **Ethical Reasoning:** To make well-informed and unbiased decisions to enhance the well-being of others UO 8, 10
- **Critical Thinking:** To demonstrate clear and accurate reasoning to make decisions and solve problems. UO 2

Academic Policies for Students in the Exercise Science Major

Effective for all Exercise Science Majors beginning Spring 2021

1. Policy for earning acceptable grades in the Exercise Science program:
 - a. A student must earn a grade of "C" or better in ALL Required Basic Courses (EXER 100's, EXER 200's, EXER 300's) and

Required Upper Level Courses (EXER 400's, EXER 410's, EXER 424, EXER 450).

- b. A student must earn a grade of "C" or better in ALL Natural Science and Math College-Wide Requirements (BIOL 216/BIOL 217 or BIOL 209/BIOL 309, STAT 152, PHYS 201).
 - c. The Exercise Science curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
 - d. If a student does not earn a "C" or better, they will be required to:
 - i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU has a *Repeat of Courses Policy* as follows and it can be found in the course catalog: Repeat of Courses < Slippery Rock University (sru.edu) (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>)
 - a. Students may attempt to improve their grade point average by repeating courses. The most recent grade earned is used in calculating the GPA even if the earlier grade was higher. If a passed course is repeated and failed (or NC), the student will lose both the grade points and credits previously earned. However, all grades will appear on the transcript. Courses in which a grade was earned at Slippery Rock University may not be repeated at any institution. A grade of W (withdraw) does not count as an earned grade.

Students who repeat a course must do so using the same grading system under which they originally took the course. For example, a student who originally took a course graded A-F may not repeat the course on a P/NC, P/F, or audit basis. Students may not repeat a course by using any Credit by Examination program if they originally took the course on a graded A-F, P/NC, P/F, or audit basis.

Undergraduate students will be limited to a maximum total of six repeats during their entire SRU academic career, excluding withdrawal grades.

In addition, repeats of a single course will be limited to a maximum of two. This means, no single course may be taken more than three times (excluding withdrawal grades). The course repeat policy for post-baccalaureate students is the same as the undergraduate student policy.

3. Once the student has exceeded the *SRU Repeat of Courses Policy*, the student will no longer remain in the Exercise Science major and all EXER - Exercise Science Major courses will be removed from their schedule. The student should change their major as soon as possible and meet with the new major to register for classes.
4. Policy for changing to the Exercise Science major:
 - a. A Slippery Rock University student wishing to change their major to Exercise Science MUST have an overall GPA of 2.00.

- b. A transfer student who enters from another University must have an overall GPA of 2.00.
5. Additional costs associated with the Exercise Science major:
- a. Lab fees will be collected for exercise science classes with a lab component. This fee enhances the department’s ability to offer a high-quality program.
 - b. A student in the Exercise Science major is required to maintain current CPR/AED, First Aid, and Student Professional Liability Insurance while enrolled in EXER 412 and EXER 450 at their own cost. More information will be provided to students in the upper level EXER courses.
 - c. EXER 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

MAJOR REQUIREMENTS

- 29 major credits must be taken at SRU or PASSHE
- 29 major credits must be taken at the 300 level or above
- Students may choose to earn a BS in Exercise Science as preparation for graduate studies in many health care related fields. In this case, the student should learn what prerequisites are required for his/her

intended graduate program and take those courses as electives while completing the Exercise Science Program.

- This program prepares you to sit for national examinations. While professional licensure/certification is not required, some employers may require certification.

Hours **12**

Total Hours** **121-122**

¹ Course satisfies majors and Rock Studies 2 requirements

² Course offered in multiple subjects; cannot take course in first major subject

³ Must earn a grade of "C" or better

⁴ EXER 450: Exercise Science Internship may be scheduled Only after all prerequisites are met. Also required are a valid First Aid, CPR/AED certification and proof of student professional liability insurance. EXER 412 provides all necessary information pertaining to the internship registration process and is taken the semester prior to internship.

* Students are encouraged to take ESAP 101 as a Free Elective.

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Major Code: 6149

Revised: 09.23.2025

Exercise Science, Bachelor of Science (BS) / Pre-Athletic Training (SRU) (3+2)

PROGRAM LEARNING OUTCOMES

- **Professional Competence:** To utilize knowledge, skills, and abilities to evaluate health behavior and risk factors; develop, implement, and evaluate evidence-based exercise and wellness programs, and employ behavioral strategies to motivate individuals to adopt and maintain positive lifestyle behaviors. UO 3,4,5
- **Professional Interaction and Communication:** To interact and communicate effectively by presenting information in oral and written formats, collaborating with professionals and peers, expressing ideas clearly, and giving and receiving feedback. UO 1
- **Professional Behavior and Involvement:** To model professional behaviors (including preparedness, engagement, and appearance), and demonstrate professional involvement across the major. UO 5,7,9
- **Ethical Reasoning:** To make well-informed and unbiased decisions to enhance the well-being of others UO 8,10
- **Critical Thinking:** To demonstrate clear and accurate reasoning to make decisions and solve problems. UO 2

What are your options?

Pre-Athletic Training SRU 3+2: Earn a Master of Science degree in Athletic Training in five years rather than six. In the first three years, you complete your major courses and prerequisites for the SRU AT graduate program. During your third undergraduate year, you apply for admission into the SRU AT graduate program. If accepted, your first year in the SRU AT graduate program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Athletic Training (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU AT graduate program and apply to the SRU AT graduate program in your senior year.

Academic Policies for Students in the Exercise Science Major

Effective for all Exercise Science Majors beginning Spring 2021

1. Policy for earning acceptable grades in the Exercise Science program:
 - a. A student must earn a grade of "C" or better in ALL Required Basic Courses (EXER 100's, EXER 200's, EXER 300's) and Required Upper Level Courses (EXER 400's, EXER 410's, EXER 424, EXER 450).
 - b. A student must earn a grade of "C" or better in ALL Natural Science and Math College-Wide Requirements (BIOL 216/BIOL 217 or BIOL 209/BIOL 309, STAT 152, PHYS 201).
 - c. The Exercise Science curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
 - d. If a student does not earn a "C" or better, they will be required to:

- i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU has a *Repeat of Courses Policy* as follows and it can be found in the course catalog: Repeat of Courses < Slippery Rock University (sru.edu) (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>)
 - a. Students may attempt to improve their grade point average by repeating courses. The most recent grade earned is used in calculating the GPA even if the earlier grade was higher. If a passed course is repeated and failed (or NC), the student will lose both the grade points and credits previously earned. However, all grades will appear on the transcript. Courses in which a grade was earned at Slippery Rock University may not be repeated at any institution. A grade of W (withdraw) does not count as an earned grade.

Students who repeat a course must do so using the same grading system under which they originally took the course. For example, a student who originally took a course graded A-F may not repeat the course on a P/NC, P/F, or audit basis. Students may not repeat a course by using any Credit by Examination program if they originally took the course on a graded A-F, P/NC, P/F, or audit basis.

Undergraduate students will be limited to a maximum total of six repeats during their entire SRU academic career, excluding withdrawal grades.

In addition, repeats of a single course will be limited to a maximum of two. This means, no single course may be taken more than three times (excluding withdrawal grades). The course repeat policy for post-baccalaureate students is the same as the undergraduate student policy.

3. Once the student has exceeded the *SRU Repeat of Courses Policy*, the student will no longer remain in the Exercise Science major and all EXER - Exercise Science Major courses will be removed from their schedule. The student should change their major as soon as possible and meet with the new major to register for classes.
4. Policy for changing to the Exercise Science major:
 - a. A Slippery Rock University student wishing to change their major to Exercise Science MUST have an overall GPA of 2.00.
 - b. A transfer student who enters from another University must have an overall GPA of 2.00.
5. Additional costs associated with the Exercise Science major:
 - a. Lab fees will be collected for exercise science classes with a lab component. This fee enhances the department's ability to offer a high-quality program.
 - b. A student in the Exercise Science major is required to maintain current CPR/AED, First Aid, and Student Professional Liability Insurance while enrolled in EXER 412 and EXER 450 at their own

cost. More information will be provided to students in the upper level EXER courses.

- c. EXER 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

CURRICULUM GUIDE

GPA REQUIREMENT – EXERCISE SCIENCE

1st Major: Exercise Science

- Overall GPA: 2.00 or higher
- Major GPA (includes Major Requirements and College Wide Requirements): 2.00 or higher

2nd Major: Pre-AT SRU 3+2 Exercise Science

- Overall GPA: 3.00 or higher

SUMMARY*

Code	Title	Hours
	Rock Studies 2 Requirements	44
	Other Basic Requirements	0-3
	Major Requirements	45
	Natural Science and Math College-Wide Requirements	15
	Additional Athletic Training Prerequisite Course	13
	Electives	14

* All undergraduate degree programs require a minimum of 120 credits. Some courses meet multiple requirements, but are only counted once toward the 120 credit total required to graduate. However, because this is a pre-professional program, credits taken during the 1st year of the graduate program are applied toward the undergraduate credit hours to meet the 120 credits required for your undergraduate degree.

ROCK STUDIES 2 REQUIREMENTS

Requirements for Pre-Athletic Training SRU 3+2:

If any of these requirements are not met, the 3+2 designation will be removed from the student's record:

1. A 3.0 or higher overall GPA must be maintained by the student.
2. The student can only be enrolled in the Pre-Athletic Training SRU 3+2 program for a maximum of three (3) years, full-time continuous enrollment (fall/spring).

Provision:

Should a Pre-Athletic Training SRU 3+2 student be unsuccessful in completing the 1st three semesters (summer or fall or spring terms) of the Athletic Training Graduate Program and want to complete the original undergraduate degree, it is solely up to the discretion of the undergraduate program Department Chair to determine which, if any, graduate level AT courses will count toward the completion of his/her undergraduate degree. In addition, students must complete any

unfulfilled requirements of their undergraduate major. Students may still apply to the AT program with an earned Bachelor's degree.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Total Hours**		115-116

¹ Course satisfies majors and Rock Studies requirements.

² Course offered in multiple subjects; cannot take course in first major subject

³ Must earn a "C" or better in the course.

⁴ **Senior Year- If not accepted into SRU AT Graduate Program:** If you choose to pursue Exercise Science 3+2 and are not accepted into SRU AT Graduate Program, then EXER 450: Exercise Science Internship (12 credits) is required to complete a first major of Exercise Science. Please refer to the Exercise Science Curriculum Guide.

⁵ Students must complete this 12 credit requirement by registered for two sections of this 6-credit hour course in the same semester.

* Students are encouraged to take ESAP 101 as a Free Elective.

Students must meet all Exercise Science 3+2 major requirements, SRU Athletic Training (AT) Graduate Program prerequisites, and Rock studies requirements to apply.

Senior Year- If accepted into the SRU AT Graduate Program: The first two semesters will count as the 4th year of the Exercise Science program. Upon successful completion of the first two semesters of the SRU AT Graduate Program, students will graduate with a BS in Exercise Science. Should an Exercise Science 3+2 student be unsuccessful in completing

the first two semesters of the SRU AT Graduate Program and wants to complete their original undergraduate degree, it is solely up to the discretion of their undergraduate program Department Chair to determine which, if any Athletic Training courses will count toward the completion of their undergraduate degree. In addition, students must complete EXER 450: Exercise Science Internship (12 credits).

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major Code: 6149

Pre-Athletic Training SRU 3+2 (6SAT)

Revised: 09.23.2025

Exercise Science, Bachelor of Science (BS) / Pre-Athletic Training (SRU) (Traditional)

PROGRAM LEARNING OUTCOMES

- **Professional Competence:** To utilize knowledge, skills, and abilities to evaluate health behavior and risk factors; develop, implement, and evaluate evidence-based exercise and wellness programs, and employ behavioral strategies to motivate individuals to adopt and maintain positive lifestyle behaviors. UO 3,4,5
- **Professional Interaction and Communication:** To interact and communicate effectively by presenting information in oral and written formats, collaborating with professionals and peers, expressing ideas clearly, and giving and receiving feedback. UO 1
- **Professional Behavior and Involvement:** To model professional behaviors (including preparedness, engagement, and appearance), and demonstrate professional involvement across the major. UO 5,7,9
- **Ethical Reasoning:** To make well-informed and unbiased decisions to enhance the well-being of others. UO 8,10
- **Critical Thinking:** To demonstrate clear and accurate reasoning to make decisions and solve problems. UO 2

What are your options?

Pre-Athletic Training SRU 3+2: Earn a Master of Science degree in Athletic Training in five years rather than six. In the first three years, you complete your major courses and prerequisites for the SRU AT graduate program. During your third undergraduate year, you apply for admission into the SRU AT graduate program. If accepted, your first year in the SRU AT graduate program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Athletic Training (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU AT graduate program and apply to the SRU AT graduate program in your senior year.

Academic Policies for Students in the Exercise Science Major

Effective for all Exercise Science Majors beginning Spring 2021

1. Policy for earning acceptable grades in the Exercise Science program:
 - a. A student must earn a grade of "C" or better in ALL Required Basic Courses (EXER 100's, EXER 200's, EXER 300's) and Required Upper Level Courses (EXER 400's, EXER 410's, EXER 424, EXER 450).
 - b. A student must earn a grade of "C" or better in ALL Natural Science and Math College-Wide Requirements (BIOL 216/BIOL 217 or BIOL 209/BIOL 309, STAT 152, PHYS 201).
 - c. The Exercise Science curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
 - d. If a student does not earn a "C" or better, they will be required to:
 - i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU has a *Repeat of Courses Policy* as follows and it can be found in the course catalog: Repeat of Courses < Slippery Rock University (sru.edu) (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>)
 - a. Students may attempt to improve their grade point average by repeating courses. The most recent grade earned is used in calculating the GPA even if the earlier grade was higher. If a passed course is repeated and failed (or NC), the student will lose both the grade points and credits previously earned. However, all grades will appear on the transcript. Courses in which a grade was earned at Slippery Rock University may not be repeated at any institution. A grade of W (withdraw) does not count as an earned grade.
3. Once the student has exceeded the *SRU Repeat of Courses Policy*, the student will no longer remain in the Exercise Science major and all EXER - Exercise Science Major courses will be removed from their schedule. The student should change their major as soon as possible and meet with the new major to register for classes.
4. Policy for changing to the Exercise Science major:
 - a. A Slippery Rock University student wishing to change their major to Exercise Science MUST have an overall GPA of 2.00.
 - b. A transfer student who enters from another University must have an overall GPA of 2.00.
5. Additional costs associated with the Exercise Science major:
 - a. Lab fees will be collected for exercise science classes with a lab component. This fee enhances the department's ability to offer a high-quality program.
 - b. A student in the Exercise Science major is required to maintain current CPR/AED, First Aid, and Student Professional Liability Insurance while enrolled in EXER 412 and EXER 450 at their own cost. More information will be provided to students in the upper level EXER courses.
 - c. EXER 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

¹ Course offered in multiple subjects; cannot take course in first major subject

² One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.

³ Additional Athletic Training prerequisite courses may be fulfilled in a Thematic Thread.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

MAJOR REQUIREMENTS

- 29 major credits must be taken at SRU or PASSHE
- 29 major credits must be taken at the 300 level or above
- Students may choose to earn a BS in Exercise Science as preparation for graduate studies in many health care related fields. In this case, the student should learn what prerequisites are required for his/her intended graduate program and take those courses as electives while completing the Exercise Science Program.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report

and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

EXER 450	Exercise Science Internship ^{3,4,5}	12
Hours		12
Total Hours**		120-123

SRU Athletic Training Program begins in the summer.

¹ Course satisfies majors and Rock Studies 2 requirements.

² Course offered in multiple subjects; cannot take course in first major subject

³ Must earn a grade of "C" or better

⁴ EXER 450: Exercise Science Internship may be scheduled Only after all prerequisites are met. Also required are a valid First Aid, CPR/AED certification and proof of student professional liability insurance. EXER 412 provides all necessary information pertaining to the internship registration process and is taken the semester prior to internship.

⁵ Students must complete this 12 credit requirement by registering for two sections of this 6-cr hour course in the same semester

* Students are encouraged to take ESAP 101 as a Free Elective.

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Students should review necessary prerequisite courses for targeted graduate programs at institutions other than Slippery Rock University. Students should meet with advisor to discuss how to add any additional classes to the recommended plan of study.

Major Code: 6149

Pre-Athletic Training SRU Traditional (P2)

Revised: 09.23.2025

Exercise Science, Bachelor of Science (BS) / Pre-Chiropractic (Logan) (3+3)

PROGRAM LEARNING OUTCOMES

- **Professional Competence:** To utilize knowledge, skills, and abilities to evaluate health behavior and risk factors; develop, implement, and evaluate evidence-based exercise and wellness programs, and employ behavioral strategies to motivate individuals to adopt and maintain positive lifestyle behaviors. UO 3,4,5
- **Professional Interaction and Communication:** To interact and communicate effectively by presenting information in oral and written formats, collaborating with professionals and peers, expressing ideas clearly, and giving and receiving feedback. UO 1
- **Professional Behavior and Involvement:** To model professional behaviors (including preparedness, engagement, and appearance), and demonstrate professional involvement across the major. UO 5,7,9
- **Ethical Reasoning:** To make well-informed and unbiased decisions to enhance the well-being of others. UO 8, 10
- **Critical Thinking:** To demonstrate clear and accurate reasoning to make decisions and solve problems. UO 2

WHAT ARE YOUR OPTIONS?

Pre-Chiropractic Logan 3+3: Earn a Doctor of Chiropractic (DC) in six years rather than seven. In the first three years, you complete your major courses and pre-requisites for the Logan University DC graduate program. All students who successfully complete the Pre-Chiropractic program with a cumulative GPA of 3.0 or higher and meet all other criteria for admission will be accepted and transfer to Logan's DC program. On completion of your first year and minimally 30 credits, you will receive your bachelor's degree from SRU. You will then continue at Logan to complete the requirements for the DC degree. The accelerated option is for incoming freshmen only.

Academic Policies for Students in the Exercise Science Major

Effective for all Exercise Science Majors beginning Spring 2021

1. Policy for earning acceptable grades in the Exercise Science program:
 - a. A student must earn a grade of "C" or better in ALL Required Basic Courses (EXER 100's, EXER 200's, EXER 300's) and Required Upper Level Courses (EXER 400's, EXER 410's, EXER 424, EXER 450).
 - b. A student must earn a grade of "C" or better in ALL Natural Science and Math College-Wide Requirements (BIOL 216/BIOL 217 or BIOL 209/BIOL 309, STAT 152, PHYS 201).
 - c. The Exercise Science curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course

- to be able to take the next course. See course catalog for pre-requisites.
- d. If a student does not earn a "C" or better, they will be required to:
 - i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU has a *Repeat of Courses Policy* as follows and it can be found in the course catalog: Repeat of Courses < Slippery Rock University (sru.edu) (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>)
- a. Students may attempt to improve their grade point average by repeating courses. The most recent grade earned is used in calculating the GPA even if the earlier grade was higher. If a passed course is repeated and failed (or NC), the student will lose both the grade points and credits previously earned. However, all grades will appear on the transcript. Courses in which a grade was earned at Slippery Rock University may not be repeated at any institution. A grade of W (withdraw) does not count as an earned grade.

Students who repeat a course must do so using the same grading system under which they originally took the course. For example, a student who originally took a course graded A-F may not repeat the course on a P/NC, P/F, or audit basis. Students may not repeat a course by using any Credit by Examination program if they originally took the course on a graded A-F, P/NC, P/F, or audit basis.

Undergraduate students will be limited to a maximum total of six repeats during their entire SRU academic career, excluding withdrawal grades.

In addition, repeats of a single course will be limited to a maximum of two. This means, no single course may be taken more than three times (excluding withdrawal grades). The course repeat policy for post-baccalaureate students is the same as the undergraduate student policy.

3. Once the student has exceeded the *SRU Repeat of Courses Policy*, the student will no longer remain in the Exercise Science major and all EXER - Exercise Science Major courses will be removed from their schedule. The student should change their major as soon as possible and meet with the new major to register for classes.
4. Policy for changing to the Exercise Science major:
 - a. A Slippery Rock University student wishing to change their major to Exercise Science MUST have an overall GPA of 2.00.
 - b. A transfer student who enters from another University must have an overall GPA of 2.00.
5. Additional costs associated with the Exercise Science major:
 - a. Lab fees will be collected for exercise science classes with a lab component. This fee enhances the department's ability to offer a high-quality program.

- b. A student in the Exercise Science major is required to maintain current CPR/AED, First Aid, and Student Professional Liability Insurance while enrolled in EXER 412 and EXER 450 at their own cost. More information will be provided to students in the upper level EXER courses.
- c. EXER 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

CURRICULUM GUIDE

GPA REQUIREMENT – EXERCISE SCIENCE

1st Major: Exercise Science

- Overall GPA: 2.00 or higher
- Major GPA (includes Major Requirements and College Wide Requirements): 2.00 or higher

2nd Major: Exercise Science 3+3 Pre-Chiropractic (Logan)

- Overall GPA: 2.75 minimum for consideration in standard admission process
- Overall GPA: 3.00 or higher for acceptance

SUMMARY*

Code	Title	Hours
	Rock Studies 2 Requirements	44
	Other Basic Requirements	0-3
	Major Requirements	45
	Natural Science and Math College-Wide Requirements	15
	Additional Pre-Chiropractic (Logan) 3+3 Exercise Science Requirement	1
	Electives	26

* All undergraduate degree programs require a minimum of 120 credits. Some courses meet multiple requirements, but are only counted once toward the 120 credit total required to graduate. However, because this is a pre-professional program, credits taken during the 1st year of the graduate program are applied toward the undergraduate credit hours to meet the 120 credits required for your undergraduate degree.

ESAP 101	FYRST Seminar	1
Total Hours		1

REQUIREMENTS FOR PRE-CHIROPRACTIC (LOGAN) 3+3 EXERCISE SCIENCE:

If any of these requirements are not met, the 3+3 designation will be removed from the student's record:

1. A minimum of 2.75 overall GPA must be maintained by student for standard admission at the discretion of Logan University's Vice President of Admissions and Financial Aid.
2. A 3.0 or higher overall GPA must be maintained by the student for acceptance to Logan's Doctor of Chiropractic Degree Program.
3. The student can only be enrolled in the Pre-Chiropractic Program (Logan) 3+3 Exercise Science program for a maximum of three (3) years, full-time continuous enrollment (fall/spring).

Provision:

Should a student enrolled in the Exercise Science 3+3 Pre-Chiropractic (Logan) designation be unsuccessful in completing the 1st three semesters (summer or fall or spring terms) of the Doctor of Chiropractic Degree Program, and want to complete the original undergraduate degree, it is solely up to the discretion of the undergraduate program Department Chair to determine which, if any, graduate level Chiropractic courses will count toward the completion of their undergraduate degree. In addition, students must complete any unfulfilled requirements of their undergraduate major. Students may still be able to apply to Logan University's Doctor of Chiropractic Degree Program with an earned Bachelor's degree.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Senior Year: If not accepted into Logan Chiropractic ⁴

EXER 450	Exercise Science Internship ³	12
	Hours	12
	Total Hours**	106-107

¹ Course satisfies majors and Rock Studies requirements.

² Course offered in multiple subjects; cannot take course in first major subject

³ Must earn a "C" or better in the course.

4 Senior Year- If not accepted into Logan Chiropractic Graduate

Program: The first three semesters (summer or fall or spring terms) of the Doctor of Chiropractic degree program, will count as the 4th year of the Exercise Science program. Upon successful completion of the first three semesters of the Logan Chiropractic program, students will graduate with a BS in Exercise Science. Should an Exercise Science 3_3 student be unsuccessful in completing the first three semester of the Logan Chiropractic programs and wants to complete their original undergraduate degree, it is solely up to the discretion of their undergraduate program Department Chair to determine which, if any Chiropractic courses will count toward the completion of their undergraduate degree. In addition, students must complete EXER 450 (12 credits).

Senior Year- If accepted into the SRU AT Graduate Program: The first two semesters will count as the 4th year of the Exercise Science program. Upon successful completion of the first two semesters of the SRU AT Graduate Program, students will graduate with a BS in Exercise Science. Should an Exercise Science 3+2 student be unsuccessful in completing the first two semesters of the SRU AT Graduate Program and wants to complete their original undergraduate degree, it is solely up to the discretion of their undergraduate program Department Chair to determine which, if any Athletic Training courses will count toward the completion of their undergraduate degree. In addition, students must complete EXER 450: Exercise Science Internship (12 credits).

* Students are encouraged to take ESAP 101 as a Free Elective.

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Students must meet all Exercise Science 3+3 major requirements, Logan Chiropractic Graduate program prerequisites, and Rock Studies requirements to apply.

Major: 6149

Pre-Chiropractic (Logan) 3+3 (6EPC)

Revised: 09.23.2025

Exercise Science, Bachelor of Science (BS) / Pre-Chiropractic (Palmer) (3+3)

PROGRAM LEARNING OUTCOMES

- **Professional Competence:** To utilize knowledge, skills, and abilities to evaluate health behavior and risk factors; develop, implement, and evaluate evidence-based exercise and wellness programs, and employ behavioral strategies to motivate individuals to adopt and maintain positive lifestyle behaviors. UO 3,4,5

- **Professional Interaction and Communication:** To interact and communicate effectively by presenting information in oral and written formats, collaborating with professionals and peers, expressing ideas clearly, and giving and receiving feedback. UO 1
- **Professional Behavior and Involvement:** To model professional behaviors (including preparedness, engagement, and appearance), and demonstrate professional involvement across the major. UO 5,7,9
- **Ethical Reasoning:** To make well-informed and unbiased decisions to enhance the well-being of others. UO 8, 10
- **Critical Thinking:** To demonstrate clear and accurate reasoning to make decisions and solve problems. UO 2

BIOL 209	Human Anatomy and Physiology I	4
BIOL 309	Human Anatomy and Physiology II	4
PHYS 201	Elements of Physics I with Lab ¹	4
STAT 152	Elementary Statistics I ¹	3
Total Hours		15

¹ Course counts toward Major GPA

ADDITIONAL PRE-CHIROPRACTIC (PaLMER) 3+3 eEXERCISE SCIENCE COURSES

Code	Title	Hours
Must earn a "C" or better in the following course:		
CHEM 107	General Chemistry I	3
CHEM 111	General Chemistry I Lab	1
Total Hours		4

REQUIREMENTS FOR PRE-CHIROPRACTIC (Palmer) 3+3 EXERCISE SCIENCE:

If any of these requirements are not met, the 3+3 designation will be removed from the student's record:

1. A minimum of 2.75 overall GPA must be maintained by student for standard admission at the discretion of Palmer College of Chiropractic.
2. A 3.0 or higher overall GPA must be maintained by the student for acceptance to Palmer's Doctor of Chiropractic Degree Program.
3. The student can only be enrolled in the Pre-Chiropractic Program (Palmer) 3+3 Exercise Science program for a maximum of three (3) years, full-time continuous enrollment (fall/spring).

Provision:

Should a student enrolled in the Exercise Science 3+3 Pre-Chiropractic (Palmer) designation be unsuccessful in completing the 1st three semesters (summer or fall or spring terms) of the Doctor of Chiropractic Degree Program, and want to complete the original undergraduate degree, it is solely up to the discretion of the undergraduate program Department Chair to determine which, if any, graduate level Chiropractic courses will count toward the completion of their undergraduate degree. In addition, students must complete any unfulfilled requirements of their undergraduate major. Students may still be able to apply to Palmer College of Chiropractic with an earned Bachelor's degree.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

EXERCISE SCIENCE - BS (6149)

PRE-CHIROPRACTIC PALMER 3+3 (6ECH)

This program is effective as of Fall 2024

UCC 10.29.2024

Revised 09.19.2025

Exercise Science, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (3+3)

PROGRAM LEARNING OUTCOMES

- **Professional Competence:** To utilize knowledge, skills, and abilities to evaluate health behavior and risk factors; develop, implement, and evaluate evidence-based exercise and wellness programs, and employ behavioral strategies to motivate individuals to adopt and maintain positive lifestyle behaviors. UO 3,4,5
- **Professional Interaction and Communication:** To interact and communicate effectively by presenting information in oral and written formats, collaborating with professionals and peers, expressing ideas clearly, and giving and receiving feedback. UO 1

- **Professional Behavior and Involvement:** To model professional behaviors (including preparedness, engagement, and appearance), and demonstrate professional involvement across the major. UO 5,7,9
- **Ethical Reasoning:** To make well-informed and unbiased decisions to enhance the well-being of others. UO 8,10
- **Critical Thinking:** To demonstrate clear and accurate reasoning to make decisions and solve problems. UO 2

What are your options?

Pre-Occupational Therapy SRU 3+3: Earn a Doctor of Occupational Therapy in six years rather than seven. In the first three years, you complete your major courses and prerequisites for the SRU OTD program. At the end of your second year, you apply for admission into the SRU OTD program. If accepted, your first year in the SRU OTD program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Occupational Therapy (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU OTD program and apply to the SRU OTD program in your senior year.

Academic Policies for Students in the Exercise Science Major

Effective for all Exercise Science Majors beginning Spring 2021

1. Policy for earning acceptable grades in the Exercise Science program:
 - a. A student must earn a grade of "C" or better in ALL Required Basic Courses (EXER 100's, EXER 200's, EXER 300's) and Required Upper Level Courses (EXER 400's, EXER 410's, EXER 424, EXER 450).
 - b. A student must earn a grade of "C" or better in ALL Natural Science and Math College-Wide Requirements (BIOL 216/BIOL 217 or BIOL 209/BIOL 309, STAT 152, PHYS 201).
 - c. The Exercise Science curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
 - d. If a student does not earn a "C" or better, they will be required to:
 - i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU has a *Repeat of Courses Policy* as follows and it can be found in the course catalog: Repeat of Courses < Slippery Rock University (sru.edu) (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>)
 - a. Students may attempt to improve their grade point average by repeating courses. The most recent grade earned is used in calculating the GPA even if the earlier grade was higher. If a passed course is repeated and failed (or NC), the student will lose both the grade points and credits previously earned. However, all grades will appear on the transcript. Courses in which a grade was earned at Slippery Rock University may not be repeated at

any institution. A grade of W (withdraw) does not count as an earned grade.

Students who repeat a course must do so using the same grading system under which they originally took the course. For example, a student who originally took a course graded A-F may not repeat the course on a P/NC, P/F, or audit basis. Students may not repeat a course by using any Credit by Examination program if they originally took the course on a graded A-F, P/NC, P/F, or audit basis.

Undergraduate students will be limited to a maximum total of six repeats during their entire SRU academic career, excluding withdrawal grades.

In addition, repeats of a single course will be limited to a maximum of two. This means, no single course may be taken more than three times (excluding withdrawal grades). The course repeat policy for post-baccalaureate students is the same as the undergraduate student policy.

3. Once the student has exceeded the *SRU Repeat of Courses Policy*, the student will no longer remain in the Exercise Science major and all EXER - Exercise Science Major courses will be removed from their schedule. The student should change their major as soon as possible and meet with the new major to register for classes.
4. Policy for changing to the Exercise Science major:
 - a. A Slippery Rock University student wishing to change their major to Exercise Science MUST have an overall GPA of 2.00.
 - b. A transfer student who enters from another University must have an overall GPA of 2.00.
5. Additional costs associated with the Exercise Science major:
 - a. Lab fees will be collected for exercise science classes with a lab component. This fee enhances the department's ability to offer a high-quality program.
 - b. A student in the Exercise Science major is required to maintain current CPR/AED, First Aid, and Student Professional Liability Insurance while enrolled in EXER 412 and EXER 450 at their own cost. More information will be provided to students in the upper level EXER courses.
 - c. EXER 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

CURRICULUM GUIDE

GPA REQUIREMENT – EXERCISE SCIENCE

1st Major: Exercise Science

- Overall GPA: 2.00 or higher
- Major GPA (includes Major Requirements and College Wide Requirements): 2.00 or higher

2nd Major: Pre-OT SRU 3+3 Exercise Science

- Overall GPA: 3.00 or higher

SUMMARY*

Code	Title	Hours
	Rock Studies 2 Requirements	44
	Other Basic Requirements	0-3
	Major Requirements	45
	Natural Science and Math College-Wide Requirements	15
	Additional Occupational Therapy Prerequisite Courses	15
	Electives	12

* All undergraduate degree programs require a minimum of 120 credits. Some courses meet multiple requirements, but are only counted once toward the 120 credit total required to graduate. However, because this is a pre-professional program, credits taken during the 1st year of the graduate program are applied toward the undergraduate credit hours to meet the 120 credits required for your undergraduate degree.

Fourth Year**Fall**

Senior Year: If not accepted into SRU OTD ⁴		
EXER 450	Exercise Science Internship ^{3,5}	12
Hours		12
Total Hours**		118-119

¹ Course satisfies majors and Rock Studies 2 requirements.² Course offered in multiple subjects; cannot take course in first major subject³ Must earn a "C" or better in the course.⁴ **Senior Year- If not accepted into SRU OTD:** If you choose to pursue Exercise Science 3+3 and are not accepted into graduate SRU OTD, then EXER 450: Exercise Science Internship (12 credits) is required to complete a first major of Exercise Science. Please refer to the Exercise Science Curriculum Guide.⁵ Students must complete this 12 credit requirement by registering for two sections of this 6-cr hour course in the same semester

* Students are encouraged to take ESAP 101 as a Free Elective.

Students must meet all Exercise Science 3+3 major requirements, SRU Occupational Therapy Doctorate (OTD) Program prerequisites, and rock studies 2 requirements to apply.

Senior Year- If accepted into the SRU OTD: The first two semesters will count as the 4th year of the Exercise Science program. Upon successful completion of the first two semesters of the SRU OTD, students will graduate with a BS in Exercise Science. Should an Exercise Science 3+3

student be unsuccessful in completing the two semesters of the SRU OTD and wants to complete their original undergraduate degree, it is solely up to the discretion of their undergraduate program Department Chair to determine which, if any Occupational Therapy courses will count toward the completion of their undergraduate degree. In addition, students must complete EXER 450: Exercise Science Internship (12 credits).

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major Code: 6149

Pre-Occupational Therapy 3+3 (6EOT)

Revised: 09.23.2025

Exercise Science, Bachelor of Science (BS) / Pre-Occupational Therapy (SRU) (Traditional)

PROGRAM LEARNING OUTCOMES

- **Professional Competence:** To utilize knowledge, skills, and abilities to evaluate health behavior and risk factors; develop, implement, and evaluate evidence-based exercise and wellness programs, and employ behavioral strategies to motivate individuals to adopt and maintain positive lifestyle behaviors. UO 3,4,5
- **Professional Interaction and Communication:** To interact and communicate effectively by presenting information in oral and written formats, collaborating with professionals and peers, expressing ideas clearly, and giving and receiving feedback. UO 1
- **Professional Behavior and Involvement:** To model professional behaviors (including preparedness, engagement, and appearance), and demonstrate professional involvement across the major. UO 5,7,9
- **Ethical Reasoning:** To make well-informed and unbiased decisions to enhance the well-being of others. UO 8,10
- **Critical Thinking:** To demonstrate clear and accurate reasoning to make decisions and solve problems. UO 2

What are your options?

Pre-Occupational Therapy SRU 3+3: Earn a Doctor of Occupational Therapy in six years rather than seven. In the first three years, you complete your major courses and prerequisites for the SRU OTD program. At the end of your second year, you apply for admission into the SRU OTD program. If accepted, your first year in the SRU OTD program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Occupational Therapy (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU OTD program and apply to the SRU OTD program in your senior year.

Academic Policies for Students in the Exercise Science Major

Effective for all Exercise Science Majors beginning Spring 2021

1. Policy for earning acceptable grades in the Exercise Science program:
 - a. A student must earn a grade of "C" or better in ALL Required Basic Courses (EXER 100's, EXER 200's, EXER 300's) and Required Upper Level Courses (EXER 400's, EXER 410's, EXER 424, EXER 450).
 - b. A student must earn a grade of "C" or better in ALL Natural Science and Math College-Wide Requirements (BIOL 216/BIOL 217 or BIOL 209/BIOL 309, STAT 152, PHYS 201).
 - c. The Exercise Science curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
 - d. If a student does not earn a "C" or better, they will be required to:
 - i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU has a *Repeat of Courses Policy* as follows and it can be found in the course catalog: Repeat of Courses < Slippery Rock University (sru.edu) (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>)
 - a. Students may attempt to improve their grade point average by repeating courses. The most recent grade earned is used in calculating the GPA even if the earlier grade was higher. If a passed course is repeated and failed (or NC), the student will lose both the grade points and credits previously earned. However, all grades will appear on the transcript. Courses in which a grade was earned at Slippery Rock University may not be repeated at any institution. A grade of W (withdraw) does not count as an earned grade.
3. Once the student has exceeded the *SRU Repeat of Courses Policy*, the student will no longer remain in the Exercise Science major and all EXER - Exercise Science Major courses will be removed from their schedule. The student should change their major as soon as possible and meet with the new major to register for classes.
4. Policy for changing to the Exercise Science major:
 - a. A Slippery Rock University student wishing to change their major to Exercise Science MUST have an overall GPA of 2.00.
 - b. A transfer student who enters from another University must have an overall GPA of 2.00.
5. Additional costs associated with the Exercise Science major:
 - a. Lab fees will be collected for exercise science classes with a lab component. This fee enhances the department's ability to offer a high-quality program.
 - b. A student in the Exercise Science major is required to maintain current CPR/AED, First Aid, and Student Professional Liability Insurance while enrolled in EXER 412 and EXER 450 at their own cost. More information will be provided to students in the upper level EXER courses.
 - c. EXER 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

Total Hours		44

- ¹ Course offered in multiple subjects; cannot take course in first major subject
- ² One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.
- ³ Additional Occupational Therapy prerequisite courses may be fulfilled in a Thematic Thread.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

MAJOR REQUIREMENTS

- 29 major credits must be taken at SRU or PASSHE
- 29 major credits must be taken at the 300 level or above

Code	Title	Hours
Required Basic Courses		
Must earn a “C” or better in the following courses		
EXER 100	Introduction to Exercise Science: Careers and Content ^{1,2}	3
EXER 101	Applied Anatomy/Lab ^{1,2}	3
EXER 201	Exercise Physiology with Lab ^{1,2}	3
EXER 202	Biomechanics with Lab ^{1,2}	3

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Hours		12
Total Hours**		121-122

SRU Occupational Therapy Program begins in the Summer.

¹ Course satisfies majors and Rock Studies 2 requirements.

² Course offered in multiple subjects; cannot take course in first major subject

³ Must earn a grade of "C" or better

⁴ EXER 450: Exercise Science Internship may be scheduled Only after all prerequisites are met. Also required are a valid First Aid,

CPR/AED certification and proof of student professional liability insurance. EXER 412 provides all necessary information pertaining to the internship registration process and is taken the semester prior to internship.

⁵ Students must complete this 12 credit requirement by registering for two sections of this 6-cr hour course in the same semester

* Students are encouraged to take ESAP 101 as a Free Elective.

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Students should review necessary prerequisites courses for targeted graduate programs at institutions other than Slippery Rock University. Students should meet with advisor to discuss how to add any additional classes to the recommended plan of study.

Major Code: 6149

Pre-Occupational Therapy SRU Traditional (PY)

Revised: 09.23.2025

Exercise Science, Bachelor of Science (BS) / Pre-Physical Therapy (SRU) (3+3)

PROGRAM LEARNING OUTCOMES

- **Professional Competence:** To utilize knowledge, skills, and abilities to evaluate health behavior and risk factors; develop, implement, and evaluate evidence-based exercise and wellness programs, and employ behavioral strategies to motivate individuals to adopt and maintain positive lifestyle behaviors. UO 3,4,5
- **Professional Interaction and Communication:** To interact and communicate effectively by presenting information in oral and written formats, collaborating with professionals and peers, expressing ideas clearly, and giving and receiving feedback. UO 1
- **Professional Behavior and Involvement:** To model professional behaviors (including preparedness, engagement, and appearance), and demonstrate professional involvement across the major. UO 5,7,9
- **Ethical Reasoning:** To make well-informed and unbiased decisions to enhance the well-being of others. UO 8,10
- **Critical Thinking:** To demonstrate clear and accurate reasoning to make decisions and solve problems. UO 2

What are your options?

Pre-Physical Therapy SRU 3+3: Earn a Doctor of Physical Therapy in six years rather than seven. In the first three years, you complete your major courses and prerequisites for the SRU DPT program. During your third undergraduate year, you apply for admission into the SRU DPT program. If accepted, your first year in the SRU DPT program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Physical Therapy (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU DPT program and apply to the SRU DPT program in your senior year.

Academic Policies for Students in the Exercise Science Major

Effective for all Exercise Science Majors beginning Spring 2021

1. Policy for earning acceptable grades in the Exercise Science program:
 - a. A student must earn a grade of "C" or better in ALL Required Basic Courses (EXER 100's, EXER 200's, EXER 300's) and Required Upper Level Courses (EXER 400's, EXER 410's, EXER 424, EXER 450).
 - b. A student must earn a grade of "C" or better in ALL Natural Science and Math College-Wide Requirements (BIOL 216/BIOL 217 or BIOL 209/BIOL 309, STAT 152, PHYS 201).
 - c. The Exercise Science curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
 - d. If a student does not earn a "C" or better, they will be required to:
 - i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU has a *Repeat of Courses Policy* as follows and it can be found in the course catalog: Repeat of Courses < Slippery Rock University (sru.edu) (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>)
 - a. Students may attempt to improve their grade point average by repeating courses. The most recent grade earned is used in calculating the GPA even if the earlier grade was higher. If a passed course is repeated and failed (or NC), the student will lose both the grade points and credits previously earned. However, all grades will appear on the transcript. Courses in which a grade was earned at Slippery Rock University may not be repeated at any institution. A grade of W (withdraw) does not count as an earned grade.

Students who repeat a course must do so using the same grading system under which they originally took the course. For example, a student who originally took a course graded A-F may not repeat the course on a P/NC, P/F, or audit basis. Students may not repeat a course by using any Credit by Examination program if they originally took the course on a graded A-F, P/NC, P/F, or audit basis.

Undergraduate students will be limited to a maximum total of six repeats during their entire SRU academic career, excluding withdrawal grades.

In addition, repeats of a single course will be limited to a maximum of two. This means, no single course may be taken more than three times (excluding withdrawal grades). The course

repeat policy for post-baccalaureate students is the same as the undergraduate student policy.

3. Once the student has exceeded the *SRU Repeat of Courses Policy*, the student will no longer remain in the Exercise Science major and all EXER - Exercise Science Major courses will be removed from their schedule. The student should change their major as soon as possible and meet with the new major to register for classes.
4. Policy for changing to the Exercise Science major:
 - a. A Slippery Rock University student wishing to change their major to Exercise Science **MUST** have an overall GPA of 2.00.
 - b. A transfer student who enters from another University must have an overall GPA of 2.00.
5. Additional costs associated with the Exercise Science major:
 - a. Lab fees will be collected for exercise science classes with a lab component. This fee enhances the department's ability to offer a high-quality program.
 - b. A student in the Exercise Science major is required to maintain current CPR/AED, First Aid, and Student Professional Liability Insurance while enrolled in EXER 412 and EXER 450 at their own cost. More information will be provided to students in the upper level EXER courses.
 - c. EXER 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

CURRICULUM GUIDE

GPA REQUIREMENT – EXERCISE SCIENCE

1st Major: Exercise Science

- Overall GPA: 2.00 or higher
- Major GPA (includes Major Requirements and College Wide Requirements): 2.00 or higher

2nd Major: Pre-PT SRU 3+3 Exercise Science

- Overall GPA: 3.00 or higher

SUMMARY*

Code	Title	Hours
	Rock Studies 2 Requirements	44
	Other Basic Requirements	0-3
	Major Requirements	45
	Natural Science and Math College-Wide Requirements	15

Additional Physical Therapy Prerequisite Courses	18
Electives	9

* All undergraduate degree programs require a minimum of 120 credits. Some courses meet multiple requirements, but are only counted once toward the 120 credit total required to graduate. However, because this is a pre-professional program, credits taken during the 1st year of the graduate program are applied toward the undergraduate credit hours to meet the 120 credits required for your undergraduate degree.

Requirements for Pre-Physical Therapy SRU 3+3

If any of these requirements are not met, the 3+3 designation will be removed from the student's record:

1. A 3.0 or higher overall GPA must be maintained by the student.
2. The student can only be enrolled in the Pre-Physical Therapy SRU 3+3 program for a maximum of three (3) years, full-time continuous enrollment (fall/spring).

Provision

Should a Pre-Physical Therapy SRU 3+3 student be unsuccessful in completing the 1st two semesters (fall or spring) of the Doctor of Physical Therapy Program and wants to complete the original undergraduate degree, it is solely up to the discretion of the undergraduate program Department Chair to determine which, if any, Physical Therapy courses will count toward the completion of his/her undergraduate degree. In addition, students must complete any unfulfilled requirements of their undergraduate major. Students may still apply to the Doctor of Physical Therapy Program with an earned Bachelor's degree.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

¹ Course satisfies majors and Rock Studies 2 requirements.

² Course offered in multiple subjects; cannot take course in first major subject

³ Must earn a "C" or better in the course.

⁴ **Senior Year- If not accepted into SRU DPT:** If you choose to pursue Exercise Science 3+3 and are not accepted into SRU DPT Graduate Program, then EXER 450:Exercise Science Internship (12 credits) is required to complete a first major of Exercise Science. Please refer to the Exercise Science Curriculum Guide.

⁵ Students must complete this 12 credit requirement by registering for two sections of this 6-cr hour course in the same semester

* Students are encouraged to take ESAP 101 as a Free Elective.

**Students are encouraged to choose a Rock Studies 2 Thematic Thread that includes PSYC 105.

Students must meet all Exercise Science 3+3 major requirements, SRU Doctorate of Physical Therapy (DPT) Program prerequisites, and Rock Studies 2 requirements to apply.

Senior Year- If accepted into the SRU DPT: The first two semesters will count as the 4th year of the Exercise Science program. Upon successful completion of the first two semesters of the SRU DPT Graduate Program, students will graduate with a BS in Exercise Science. Should an Exercise Science 3+3 student be unsuccessful in completing the first two semesters of the SRU DPT Graduate Program and wants to complete their original undergraduate degree, it is solely up to the discretion of their undergraduate program Department Chair to determine which, if any Physical Therapy courses will count toward the completion of their undergraduate degree. In addition, students must complete EXER 450: Exercise Science Internship (12 credits).

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major Code: 6149

Pre-Physical Therapy 3+3 (61P9)

Revised: 09.23.2025

Exercise Science, Bachelor of Science (BS) / Pre-Physical Therapy (SRU) (Traditional)

PROGRAM LEARNING OUTCOMES

- **Professional Competence:** To utilize knowledge, skills, and abilities to evaluate health behavior and risk factors; develop, implement, and evaluate evidence-based exercise and wellness programs, and employ behavioral strategies to motivate individuals to adopt and maintain positive lifestyle behaviors. UO 3,4,5
- **Professional Interaction and Communication:** To interact and communicate effectively by presenting information in oral and written formats, collaborating with professionals and peers, expressing ideas clearly, and giving and receiving feedback. UO 1

- **Professional Behavior and Involvement:** To model professional behaviors (including preparedness, engagement, and appearance), and demonstrate professional involvement across the major. UO 5,7,9
- **Ethical Reasoning:** To make well-informed and unbiased decisions to enhance the well-being of others. UO 8,10
- **Critical Thinking:** To demonstrate clear and accurate reasoning to make decisions and solve problems. UO 2

What are your options?

Pre-Physical Therapy SRU 3+3: Earn a Doctor of Physical Therapy in six years rather than seven. In the first three years, you complete your major courses and prerequisites for the SRU DPT program. During your third undergraduate year, you apply for admission into the SRU DPT program. If accepted, your first year in the SRU DPT program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Physical Therapy (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU DPT program and apply to the SRU DPT program in your senior year.

Academic Policies for Students in the Exercise Science Major

Effective for all Exercise Science Majors beginning Spring 2021

1. Policy for earning acceptable grades in the Exercise Science program:
 - a. A student must earn a grade of "C" or better in ALL Required Basic Courses (EXER 100's, EXER 200's, EXER 300's) and Required Upper Level Courses (EXER 400's, EXER 410's, EXER 424, EXER 450).
 - b. A student must earn a grade of "C" or better in ALL Natural Science and Math College-Wide Requirements (BIOL 216/BIOL 217 or BIOL 209/BIOL 309, STAT 152, PHYS 201).
 - c. The Exercise Science curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
 - d. If a student does not earn a "C" or better, they will be required to:
 - i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU has a *Repeat of Courses Policy* as follows and it can be found in the course catalog: Repeat of Courses < Slippery Rock University (sru.edu) (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>)
 - a. Students may attempt to improve their grade point average by repeating courses. The most recent grade earned is used in calculating the GPA even if the earlier grade was higher. If a passed course is repeated and failed (or NC), the student will lose both the grade points and credits previously earned. However, all grades will appear on the transcript. Courses in which a grade was earned at Slippery Rock University may not be repeated at any institution. A grade of W (withdraw) does not count as an earned grade.
3. Once the student has exceeded the *SRU Repeat of Courses Policy*, the student will no longer remain in the Exercise Science major and all EXER - Exercise Science Major courses will be removed from their schedule. The student should change their major as soon as possible and meet with the new major to register for classes.
4. Policy for changing to the Exercise Science major:
 - a. A Slippery Rock University student wishing to change their major to Exercise Science **MUST** have an overall GPA of 2.00.
 - b. A transfer student who enters from another University must have an overall GPA of 2.00.
5. Additional costs associated with the Exercise Science major:
 - a. Lab fees will be collected for exercise science classes with a lab component. This fee enhances the department's ability to offer a high-quality program.
 - b. A student in the Exercise Science major is required to maintain current CPR/AED, First Aid, and Student Professional Liability Insurance while enrolled in EXER 412 and EXER 450 at their own cost. More information will be provided to students in the upper level EXER courses.
 - c. EXER 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

CURRICULUM GUIDE
GPA REQUIREMENT - EXERCISE SCIENCE

Overall GPA: 2.00 or higher
Major GPA (includes Major Requirements and College-Wide Requirements): 2.00 or higher

SUMMARY*

Table with 3 columns: Code, Title, Hours. Rows include Rock Studies 2 Requirements (44), Other Basic Requirements (0-3), Major Requirements (57), Natural Science and Math College-Wide Requirements (15), Additional Physical Therapy Prerequisite Courses (18), and Electives (0).

* All undergraduate degree programs require a minimum of 120 credits. Some courses meet multiple requirements, but are only counted once toward the 120 credit total required to graduate.

ROCK STUDIES 2 REQUIREMENTS

Table with 3 columns: Code, Title, Hours. Rows include The Rock (SUBJ 139, ENGL 102, ENGL 104, STAT 152), Integrated Inquiry (Creative and Aesthetic Inquiry, Humanities Inquiry, Social Science Inquiry, Natural Sciences Inquiry, Physical Science Inquiry), and Thematic Thread. Total Hours: 44.

1 Course offered in multiple subjects; cannot take course in first major subject
2 One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required

in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.
3 Additional Physical Therapy prerequisite courses may be fulfilled in a Thematic Thread.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Table with 3 columns: Code, Title, Hours. Rows include Complete one of the following: (0-3), Meet required minimum SAT or ACT math score OR ESAP 110 Beginning Algebra, and Total Hours (0-3).

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

MAJOR REQUIREMENTS

- 29 major credits must be taken at SRU or PASSHE
- 29 major credits must be taken at the 300 level or above
- Students may choose to earn a BS in Exercise Science as preparation for graduate studies in many health care related fields. In this case, the student should learn what prerequisites are required for his/her intended graduate program and take those courses as electives while completing the Exercise Science Program.

Table with 3 columns: Code, Title, Hours. Rows include Required Basic Courses (EXER 100-302), Subtotal (21), Required Upper Level Courses (EXER 400-411), and Subtotal (21).

EXER 412	Exercise Science: Senior Synthesis ^{1,2}	3
EXER 424	Nutrition and Exercise ^{1,2}	3
EXER 450	Exercise Science Internship ^{1,2}	6
EXER 450	Exercise Science Internship ^{1,2}	6
Subtotal		36
Total Hours		57

¹ Course counts toward Major GPA

² Course counts for 50% of Major requirements

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

NATURAL SCIENCE AND MATH COLLEGE-WIDE REQUIREMENTS

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Total Hours**	124-125

⁴ EXER 450: Exercise Science Internship may be scheduled Only after all prerequisites are met. Also required are a valid First Aid, CPR/AED certification and proof of student professional liability insurance. EXER 412 provides all necessary information pertaining to the internship registration process and is taken the semester prior to internship and students must complete this 12-credit requirement by registering for two sections of this 6-credit hour course in the same semester.

* Students are encouraged to take ESAP 101 as a Free Elective.

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Students should review necessary prerequisite courses for targeted graduate programs at insitutions other than Slippery Rock University. Students should meet with advisor to discuss how to add any additional classes to the recommended plans of studies.

Major Code: 6149

Pre-Physical Therapy SRU Traditional (PT)

Revised: 09.23.2025

Exercise Science, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (3+2)

PROGRAM LEARNING OUTCOMES

- **Professional Competence:** To utilize knowledge, skills, and abilities to evaluate health behavior and risk factors; develop, implement, and evaluate evidence-based exercise and wellness programs, and employ behavioral strategies to motivate individuals to adopt and maintain positive lifestyle behaviors. UO 3,4,5
- **Professional Interaction and Communication:** To interact and communicate effectively by presenting information in oral and written formats, collaborating with professionals and peers, expressing ideas clearly, and giving and receiving feedback. UO 1
- **Professional Behavior and Involvement:** To model professional behaviors (including preparedness, engagement, and appearance), and demonstrate professional involvement across the major. UO 5,7,9
- **Ethical Reasoning:** To make well-informed and unbiased decisions to enhance the well-being of others. UO 8,10
- **Critical Thinking:** To demonstrate clear and accurate reasoning to make decisions and solve problems. UO 2

What are your options?

Pre-Physician Assistant SRU 3+2: Earn a Master of Science degree in Physician Assistant Studies in five years rather than six. In the first three years, you complete your major courses and prerequisites for the SRU PA program. At the end of your second year, you apply for admission into the SRU PA program. If accepted, your first year in the SRU PA program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

¹ Course satisfies majors and Rock Studies 2 requirements.

² Course offered in multiple subjects; cannot take course in first major subject

³ Must earn a grade of "C" or better

Pre-Physician Assistant (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU PA program and apply to the SRU PA program in your senior year.

Academic Policies for Students in the Exercise Science Major

Effective for all Exercise Science Majors beginning Spring 2021

- Policy for earning acceptable grades in the Exercise Science program:
 - A student must earn a grade of "C" or better in ALL Required Basic Courses (EXER 100's, EXER 200's, EXER 300's) and Required Upper Level Courses (EXER 400's, EXER 410's, EXER 424, EXER 450).
 - A student must earn a grade of "C" or better in ALL Natural Science and Math College-Wide Requirements (BIOL 216/BIOL 217 or BIOL 209/BIOL 309, STAT 152, PHYS 201).
 - The Exercise Science curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
 - If a student does not earn a "C" or better, they will be required to:
 - Retake the course
 - They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - Students will need to meet with their Academic Advisor and change their schedule accordingly
- SRU has a *Repeat of Courses Policy* as follows and it can be found in the course catalog: Repeat of Courses < Slippery Rock University (sru.edu) (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>)
 - Students may attempt to improve their grade point average by repeating courses. The most recent grade earned is used in calculating the GPA even if the earlier grade was higher. If a passed course is repeated and failed (or NC), the student will lose both the grade points and credits previously earned. However, all grades will appear on the transcript. Courses in which a grade was earned at Slippery Rock University may not be repeated at any institution. A grade of W (withdraw) does not count as an earned grade.

Students who repeat a course must do so using the same grading system under which they originally took the course. For example, a student who originally took a course graded A-F may not repeat the course on a P/NC, P/F, or audit basis. Students may not repeat a course by using any Credit by Examination program if they originally took the course on a graded A-F, P/NC, P/F, or audit basis.

Undergraduate students will be limited to a maximum total of six repeats during their entire SRU academic career, excluding withdrawal grades.

In addition, repeats of a single course will be limited to a maximum of two. This means, no single course may be taken more than three times (excluding withdrawal grades). The course

repeat policy for post-baccalaureate students is the same as the undergraduate student policy.

- Once the student has exceeded the *SRU Repeat of Courses Policy*, the student will no longer remain in the Exercise Science major and all EXER - Exercise Science Major courses will be removed from their schedule. The student should change their major as soon as possible and meet with the new major to register for classes.
- Policy for changing to the Exercise Science major:
 - A Slippery Rock University student wishing to change their major to Exercise Science MUST have an overall GPA of 2.00.
 - A transfer student who enters from another University must have an overall GPA of 2.00.
- Additional costs associated with the Exercise Science major:
 - Lab fees will be collected for exercise science classes with a lab component. This fee enhances the department's ability to offer a high-quality program.
 - A student in the Exercise Science major is required to maintain current CPR/AED, First Aid, and Student Professional Liability Insurance while enrolled in EXER 412 and EXER 450 at their own cost. More information will be provided to students in the upper level EXER courses.
 - EXER 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

Pre-Physician Assistant SRU 3+2 Requirements

If any of these requirements are not met, the 3+2 designation will be removed from the student's record:

1. A 3.25 or higher overall GPA must be maintained by the student.
2. The student can only be enrolled in the Pre-Physician Assistant SRU 3+2 program for a maximum of three (3) years, full-time continuous enrollment (fall/spring).

Provision

Should a Pre-Physician Assistant SRU 3+2 student be unsuccessful in completing the 1st two semesters (summer or fall) of the Physician Assistant Program and wants to complete the original undergraduate degree, it is solely up to the discretion of the undergraduate program Department Chair to determine which, if any, Physician Assistant courses will count toward the completion of his/her undergraduate degree. In addition, students must complete any unfulfilled requirements of their undergraduate major. Students may still apply to the Physician Assistant Studies Program with an earned Bachelor's degree.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

EXERCISE SCIENCE - BS (6149)

PRE-PA SRU 3+2 (6SPE)

This program is effective as of Summer 2022

Revised 09.22.2025

UCC 03.01.2022

RECOMMENDED THREE-YEAR PLAN

Course	Title	Hours
First Year		
Fall		
EXER 100	Introduction to Exercise Science: Careers and Content ³	3

CHEM 107 & CHEM 111	General Chemistry I and General Chemistry I Lab	4
PHYS 201	Elements of Physics I with Lab ^{1,3}	4
SUBJ 139	Foundations of Academic Discovery ²	3
Rock Studies 2 Requirements (p. 19)		3
ESAP 101	FYRST Seminar *	1

Hours **18**

Spring

EXER 101	Applied Anatomy/Lab ³	3
CHEM 108 & CHEM 112	General Chemistry II and General Chemistry II Lab	4
STAT 152	Elementary Statistics I ^{1,3}	3
PSYC 105	Introduction to Psychology ^{1,**}	3
Select one of the following:		3-4

BIOL 114 Biology II: Foundations of Molecules,
Genes and Cells with Lab

Rock Studies 2 Requirements (p. 19)

Computer Competency Course (only if needed)	0-1

Hours **16-18**

Second Year

Fall

EXER 201	Exercise Physiology with Lab ³	3
EXER 202	Biomechanics with Lab ³	3
BIOL 209	Human Anatomy and Physiology I ^{1,3}	4
Select one of the following:		3-4

BIOL 114 Biology II: Foundations of Molecules,
Genes and Cells with Lab

CHEM 201	Organic Chemistry I	3

Rock Studies 2 Requirements (p. 19)

Rock Studies 2 Requirements (p. 19)	3

*Additional credits beyond 18 requires an extra fee.

Hours **19-20**

Spring

EXER 300	Research Methods in Exercise Science ³	3
EXER 301	Aerobic Exercise Leadership ³	3
EXER 302	Exercise Leadership: Resistance Training ³	3
BIOL 309	Human Anatomy and Physiology II ³	4
BIOL 250	Genetics with Lab	4
Rock Studies 2 Requirements (p. 19)		3

*Additional credits beyond 18 requires an extra fee

Hours **20**

Third Year

Fall

EXER 400	Wellness Coaching and Program Management ³	3
EXER 401	Fitness Assessment ³	3
EXER 402	Exercise Prescription ³	3
EXER 403	Advanced Exercise Physiology ³	3
Rock Studies 2 Requirements (p. 19)		6

Hours **18**

Winter

Rock Studies 2 Requirement (Summer/Winter Courses) (p. 19) ⁴	9

Hours **9**

Spring

EXER 410	Clinical Exercise Physiology ³	3
EXER 411	Exercise Science: Special Populations and Conditions ³	3
EXER 412	Exercise Science: Senior Synthesis ³	3
EXER 424	Nutrition and Exercise ³	3
EXER 250 or HCAM 250	Medical Terminology ¹ or Medical Terminology for Healthcare Administrators	3
BIOL 210	Medical Microbiology with Lab	3

Hours **18**

Fourth Year

Fall

Senior Year: If not accepted into SRU PA ⁵

EXER 450	Exercise Science Internship ^{3,6}	12

Hours **12**

Total Hours** **130-133**

¹ Course satisfies majors and Rock Studies 2 requirements.

² Course offered in multiple subjects; cannot take course in first major subject

³ Must earn a "C" or better in the course.

⁴ May also be taken in the summer.

⁵ **Senior Year- If not accepted into SRU PA:** If you choose to pursue Exercise Science 3+2 and are not accepted into SRU PA Graduate Program, then EXER 450: Exercise Science Internship (12 credits) is required to complete a first major of Exercise Science. Please refer to the Exercise Science Curriculum Guide.

⁶ Students must complete this 12 credit requirement by registering for two sections of this 6-cr hour course in the same semester

* Students are encouraged to take ESAP 101 as a Free Elective.

** Students are encouraged to choose an Rock Studies 2 Thematic Thread that includes PSYC 105.

Students must meet all Exercise Science 3+2 major requirements, SRU PA Program prerequisites, and Rock Studies 2 requirements to apply.

Senior Year- If accepted into the SRU PA: The first two semesters will count as the 4th year of the Exercise Science program. Upon successful completion of the first two semesters of the SRU PA Graduate Program, students will graduate with a BS in Exercise Science. Should an Exercise Science 3+2 student be unsuccessful in completing the two semesters of the SRU PA Graduate Program and wants to complete their original undergraduate degree, it is solely up to the discretion of their undergraduate program Department Chair to determine which, if any Physician Assistant courses will count toward the completion of their undergraduate degree. In addition, students must complete EXER 450: Exercise Science Internship (12 credits).

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Major Code: 6149

Pre-Physician Assistant SRU 3+2 (6SPE)

Revised: 09.23.2025

Exercise Science, Bachelor of Science (BS) / Pre-Physician Assistant (SRU) (Traditional)

PROGRAM LEARNING OUTCOMES

- **Professional Competence:** To utilize knowledge, skills, and abilities to evaluate health behavior and risk factors; develop, implement, and evaluate evidence-based exercise and wellness programs, and employ behavioral strategies to motivate individuals to adopt and maintain positive lifestyle behaviors. UO 3,4,5
- **Professional Interaction and Communication:** To interact and communicate effectively by presenting information in oral and written formats, collaborating with professionals and peers, expressing ideas clearly, and giving and receiving feedback. UO 1
- **Professional Behavior and Involvement:** To model professional behaviors (including preparedness, engagement, and appearance), and demonstrate professional involvement across the major. UO 5,7,9
- **Ethical Reasoning:** To make well-informed and unbiased decisions to enhance the well-being of others. UO 8, 10
- **Critical Thinking:** To demonstrate clear and accurate reasoning to make decisions and solve problems. UO 2

What are your options?

Pre-Physician Assistant SRU 3+2: Earn a Master of Science degree in Physician Assistant Studies in five years rather than six. In the first three years, you complete your major courses and prerequisites for the SRU PA program. At the end of your second year, you apply for admission into the SRU PA program. If accepted, your first year in the SRU PA program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Physician Assistant (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU PA program and apply to the SRU PA program in your senior year.

Academic Policies for Students in the Exercise Science Major

Effective for all Exercise Science Majors beginning Spring 2021

1. Policy for earning acceptable grades in the Exercise Science program:
 - a. A student must earn a grade of "C" or better in ALL Required Basic Courses (EXER 100's, EXER 200's, EXER 300's) and Required Upper Level Courses (EXER 400's, EXER 410's, EXER 424, EXER 450).
 - b. A student must earn a grade of "C" or better in ALL Natural Science and Math College-Wide Requirements (BIOL 216/BIOL 217 or BIOL 209/BIOL 309, STAT 152, PHYS 201).
 - c. The Exercise Science curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
- d. If a student does not earn a "C" or better, they will be required to:
 - i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU has a *Repeat of Courses Policy* as follows and it can be found in the course catalog: Repeat of Courses < Slippery Rock University (sru.edu) (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>)
 - a. Students may attempt to improve their grade point average by repeating courses. The most recent grade earned is used in calculating the GPA even if the earlier grade was higher. If a passed course is repeated and failed (or NC), the student will lose both the grade points and credits previously earned. However, all grades will appear on the transcript. Courses in which a grade was earned at Slippery Rock University may not be repeated at any institution. A grade of W (withdraw) does not count as an earned grade.

Students who repeat a course must do so using the same grading system under which they originally took the course. For example, a student who originally took a course graded A-F may not repeat the course on a P/NC, P/F, or audit basis. Students may not repeat a course by using any Credit by Examination program if they originally took the course on a graded A-F, P/NC, P/F, or audit basis.

Undergraduate students will be limited to a maximum total of six repeats during their entire SRU academic career, excluding withdrawal grades.

In addition, repeats of a single course will be limited to a maximum of two. This means, no single course may be taken more than three times (excluding withdrawal grades). The course repeat policy for post-baccalaureate students is the same as the undergraduate student policy.
3. Once the student has exceeded the *SRU Repeat of Courses Policy*, the student will no longer remain in the Exercise Science major and all EXER - Exercise Science Major courses will be removed from their schedule. The student should change their major as soon as possible and meet with the new major to register for classes.
4. Policy for changing to the Exercise Science major:
 - a. A Slippery Rock University student wishing to change their major to Exercise Science MUST have an overall GPA of 2.00.
 - b. A transfer student who enters from another University must have an overall GPA of 2.00.
5. Additional costs associated with the Exercise Science major:
 - a. Lab fees will be collected for exercise science classes with a lab component. This fee enhances the department's ability to offer a high-quality program.

- b. A student in the Exercise Science major is required to maintain current CPR/AED, First Aid, and Student Professional Liability Insurance while enrolled in EXER 412 and EXER 450 at their own cost. More information will be provided to students in the upper level EXER courses.
- c. EXER 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

Total Hours		44

¹ Course offered in multiple subjects; cannot take course in first major subject

² One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.

³ Additional Physician Assistant prerequisite courses may be fulfilled in a Thematic Thread.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

MAJOR REQUIREMENTS

- 29 major credits must be taken at SRU or PASSHE
- 29 major credits must be taken at the 300 level or above
- Students may choose to earn a BS in Exercise Science as preparation for graduate studies in many health care related fields. In this case, the student should learn what prerequisites are required for his/her intended graduate program and take those courses as electives while completing the Exercise Science Program.

Code	Title	Hours
Required Basic Courses		
Must earn a "C" or better in the following courses		
EXER 100	Introduction to Exercise Science: Careers and Content ^{1,2}	3
EXER 101	Applied Anatomy/Lab ^{1,2}	3
EXER 201	Exercise Physiology with Lab ^{1,2}	3
EXER 202	Biomechanics with Lab ^{1,2}	3
EXER 300	Research Methods in Exercise Science ^{1,2}	3

Total Hours**		130-133

SRU Physician Assistant Program begins in the Summer.

¹ Course satisfies majors and Rock Studies 2 requirements.

² Course offered in multiple subjects; cannot take course in first major subject

³ Must earn a grade of "C" or better

⁴ BIOL 330 is an option, but required an additional prerequisite of BIOL 113 that will need to be added. Meet with your academic advisor to plan appropriately.

⁵ EXER 450: Exercise Science Internship may be scheduled Only after all prerequisites are met. Also required are a valid First Aid, CPR/AED certification and proof of student professional liability insurance. EXER 412 provides all necessary information pertaining to the internship registration process and is taken the semester prior to internship.

⁶ Students must complete this 12 credit requirement by registering for two sections of this 6-cr hour course in the same semester

* Students are encouraged to take ESAP 101 as a Free Elective.

**Students are encouraged to choose a Rock Studies 2 Thematic Thread that includes PSYC 105.

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Students should review necessary prerequisite courses for targeted graduate programs at institutions other than Slippery Rock University. Students should meet with advisor to discuss how to add any additional classes to the recommended plan of study.

- HCAM, Bachelor of Science (BS) - Concentration in Marketing and Sales (p. 478)
- HCAM, Bachelor of Science (BS) - Concentration in Medical Device Sales (p. 481)
- HCAM, Bachelor of Science (BS) - Concentration in Quality and Risk Management (p. 485)

Minors

- HCAM, Minor (p. 488)

HCAM, Bachelor of Science (BS) - Concentration in Financial Management

PROGRAM LEARNING OUTCOMES

- **Knowledge of the Healthcare Environment:** Students will demonstrate an accurate understanding of (UG 02, UG 09):
 - Health care system structures.
 - Reimbursement/payment models.
 - Factors associated with population health.
- **Business Technology and Analytics:** Students will articulate an applied understanding of key quality improvement metrics and methods to support evidence-based practice guidelines including (UG 02, UG 10):
 - Demonstrate knowledge, skills and abilities to plan for and ensure the security, integrity, and privacy of data and confidentiality of the end user.
 - Demonstrate an ability to identify, aggregate, and summarize technical information for technical and non-technical personnel.
- **Communication and Relationship Management:** Students will demonstrate the ability to interact and communicate effectively by (UG 01, UG 05, UG 08, UG 09):
 - Presenting information in oral and written formats.
 - Collaborating effectively with others.
- **Financial Management and Economic Reasoning:** Students will demonstrate (UG 02, UG 04):
 - An ability to analyze, quantify, evaluate and determine the sound allocation of financial resources.
 - An ability to apply economic concepts for efficient allocation of scarce resources
- **Healthcare Legal Environment and Ethics:** Students will be able to (UG 02, UG 05, UG 07, UG 08, UG 09):
 - Recognize will ethical dilemmas in healthcare.
 - Recognize key healthcare legal and regulatory environment parameters.
 - Demonstrate discern viable options for ethical guided decision-making processes.
 - Demonstrate applied legal and regulatory reasoning.
- **Organizational Dynamics:** Students will articulate an applied understanding of (UG 05, UG 07, UG 08, UG 09):
 - Organizational mission, vision, and culture.
 - Behaviors associated with organizational commitment and job performance.

Academic Policies for Students in the Health Care Administration and Management (HCAM) Major

Effective for all Health Care Administration and Management (HCAM) Majors beginning Fall 2023

1. Policy for earning acceptable grades in the HCAM program:
 - a. A student must earn a grade of "C" or better in ALL Required HCAM Courses.
 - b. A student must earn a grade of "C" or better in ALL non-HCAM major Requirements.
 - c. The HCAM curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
 - d. If a student does not earn a "C" or better, they will be required to:
 - i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU's Repeat of Courses Policy (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>) is detailed in the course catalog.
3. Additional costs associated with the HCAM major:
 - a. Lab fees will be collected for classes with a lab component. This fee enhances the University's ability to offer a high-quality program.
 - b. A student in the HCAM major may be required to purchase Student Professional Liability Insurance while enrolled in HCAM 450 at their own cost. More information will be provided to students in the upper level HCAM courses.
 - c. HCAM 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. International study programs (short-term, semester, and year-long)
2. High-Impact Practice (HIP) designated classes
3. Student-faculty research
4. Student leadership development
5. Service-learning classes
6. Career education and development
7. Internships
8. Volunteering in healthcare industry related settings
9. Job Shadowing

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Major Code: 2346

Concentration Code: FINM

Revised: 07.17.2025

HCAM, Bachelor of Science (BS) - Concentration in Information Systems

PROGRAM LEARNING OUTCOMES

- **Knowledge of the Healthcare Environment:** Students will demonstrate an accurate understanding of (UG 02, UG 09):
 - Health care system structures.
 - Reimbursement/payment models.
 - Factors associated with population health.
- **Business Technology and Analytics:** Students will articulate an applied understanding of key quality improvement metrics and methods to support evidence-based practice guidelines including (UG 02, UG 10):
 - Demonstrate knowledge, skills and abilities to plan for and ensure the security, integrity, and privacy of data and confidentiality of the end user.
 - Demonstrate an ability to identify, aggregate, and summarize technical information for technical and non-technical personnel.
- **Communication and Relationship Management:** Students will demonstrate the ability to interact and communicate effectively by (UG 01, UG 05, UG 08, UG 09):
 - Presenting information in oral and written formats.
 - Collaborating effectively with others.
- **Financial Management and Economic Reasoning:** Students will demonstrate (UG 02, UG 04):
 - An ability to analyze, quantify, evaluate and determine the sound allocation of financial resources.
 - An ability to apply economic concepts for efficient allocation of scarce resources.
- **Healthcare Legal Environment and Ethics:** Students will be able to (UG 02, UG 05, UG 07, UG 08, UG 09):

- Recognize will ethical dilemmas in healthcare.
- Recognize key healthcare legal and regulatory environment parameters.
- Demonstrate discern viable options for ethical guided decision-making processes.
- Demonstrate applied legal and regulatory reasoning.
- **Organizational Dynamics:** Students will articulate an applied understanding of (UG 05, UG 07, UG 08, UG 09):
 - Organizational mission, vision, and culture.
 - Behaviors associated with organizational commitment and job performance.

Academic Policies for Students in the Health Care Administration and Management (HCAM) Major

Effective for all Health Care Administration and Management (HCAM) Majors beginning Fall 2023

1. Policy for earning acceptable grades in the HCAM program:
 - a. A student must earn a grade of "C" or better in ALL Required HCAM Courses.
 - b. A student must earn a grade of "C" or better in ALL non-HCAM major Requirements.
 - c. The HCAM curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
 - d. If a student does not earn a "C" or better, they will be required to:
 - i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU's Repeat of Courses Policy (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>) is detailed in the course catalog.
3. Additional costs associated with the HCAM major:
 - a. Lab fees will be collected for classes with a lab component. This fee enhances the University's ability to offer a high-quality program.
 - b. A student in the HCAM major may be required to purchase Student Professional Liability Insurance while enrolled in HCAM 450 at their own cost. More information will be provided to students in the upper level HCAM courses.
 - c. HCAM 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

Thematic Thread	
Select 12 Credits (https://catalog.sru.edu/archive/2025-2026/undergraduate/rock-studies/rock-studies-program/) ²	12
Required Thematic Thread Coursework:	
ECON 202 Principles of Microeconomics (Must be included as part of the 12 Thematic Thread credits)	
Total Hours	42

¹ Course offered in multiple subjects; cannot take course in first major subject.

² One course from each category; six credits must be 300-level or above; no more than 4 credits from one subject area; specific courses required in first major, regardless of prefix of course, cannot be used to satisfy thread requirements; any course with same prefix as first major cannot be used to satisfy thread requirements, even if it is not a course in the first major.

Basic Math Requirement

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

Code	Title	Hours
Complete one of the following:		0-3
Meet required minimum SAT or ACT math score OR		
ESAP 110	Beginning Algebra	
Total Hours		0-3

DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

Major/Concentration Requirements

- 30 major credits must be taken at SRU or PASSHE
- 30 major credits must be taken at the 300 level or above

Code	Title	Hours
Required Core Courses		
HCAM 230	US Healthcare Systems ¹	3

¹ Course counts for 50% of Major requirements and Major GPA

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. International study programs (short-term, semester, and year-long)
2. High-Impact Practice (HIP) designated classes
3. Student-faculty research
4. Student leadership development
5. Service-learning classes
6. Career education and development

7. Internships
8. Volunteering in healthcare industry related settings
9. Job Shadowing

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

* Students are encouraged to take ESAP 101 as a Free Elective.

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Major Code: 2346

Concentration Code: LSHP

Revised: 07.17.2025

HCAM, Bachelor of Science (BS) - Concentration in Leadership - Online PROGRAM LEARNING OUTCOMES

- **Knowledge of the Healthcare Environment:** Students will demonstrate an accurate understanding of (UG 02, UG 09):
 - Health care system structures.
 - Reimbursement/payment models.
 - Factors associated with population health.
- **Business Technology and Analytics:** Students will articulate an applied understanding of key quality improvement metrics and methods to support evidence-based practice guidelines including (UG 02, UG 10):
 - Demonstrate knowledge, skills and abilities to plan for and ensure the security, integrity, and privacy of data and confidentiality of the end user.
 - Demonstrate an ability to identify, aggregate, and summarize technical information for technical and non-technical personnel.
- **Communication and Relationship Management:** Students will demonstrate the ability to interact and communicate effectively by (UG 01, UG 05, UG 08, UG 09):
 - Presenting information in oral and written formats.
 - Collaborating effectively with others.
- **Financial Management and Economic Reasoning:** Students will demonstrate (UG 02, UG 04):
 - An ability to analyze, quantify, evaluate and determine the sound allocation of financial resources.
 - An ability to apply economic concepts for efficient allocation of scarce resources.
- **Healthcare Legal Environment and Ethics:** Students will be able to (UG 02, UG 05, UG 07, UG 08, UG 09):
 - Recognize will ethical dilemmas in healthcare.
 - Recognize key healthcare legal and regulatory environment parameters.
 - Demonstrate discern viable options for ethical guided decision-making processes.
 - Demonstrate applied legal and regulatory reasoning.
- **Organizational Dynamics:** Students will articulate an applied understanding of (UG 05, UG 07, UG 08, UG 09):
 - Organizational mission, vision, and culture.
 - Behaviors associated with organizational commitment and job performance.

PASSHE - Pennsylvania State System of Higher Education Institutions

HEALTH CARE ADMINISTRATION & MANAGEMENT - BS (2340)
Concentration in Leadership (LDRO)

This program is effective as of Summer 2022

Revised 10.10.2023

UCC 09.05.2023

HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Occupational Therapy (SRU) (3+3)

What are your options?

Pre-Occupational Therapy SRU 3+3: Earn a Doctor of Occupational Therapy in six years rather than seven. In the first three years, you complete your major courses and prerequisites for the SRU OTD program. At the end of your second year, you apply for admission into the SRU OTD program. If accepted, your first year in the SRU OTD program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Occupational Therapy (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU OTD program and apply to the SRU OTD program in your senior year.

PROGRAM LEARNING OUTCOMES

- **Business Technology and Analytics:** Students will articulate an applied understanding of key quality improvement metrics and methods to support evidence-based practice guidelines including:
 - Demonstrate knowledge, skills and abilities to plan for and ensure the security, integrity, and privacy of data and confidentiality of the end user.
 - Demonstrate an ability to identify, aggregate, and summarize technical information for technical and non-technical personnel.
 - (UG 02, UG 10)
- **Communication and Relationship Management:** Students will demonstrate the ability to interact and communicate effectively by:
 - Presenting information in oral and written formats.
 - Collaborating effectively with others.
 - (UG 01, UG 05, UG 08, UG 09)

- **Financial Management and Economic Reasoning:** Students will demonstrate:
 - An ability to analyze, quantify, evaluate and determine the sound allocation of financial resources.
 - An ability to apply economic concepts for efficient allocation of scarce resources.
 - (UG 02, UG 04)
- **Healthcare Legal Environment and Ethics:** Students will be able to:
 - Recognize will ethical dilemmas in healthcare.
 - Recognize key healthcare legal and regulatory environment parameters.
 - Demonstrate discern viable options for ethical guided decision-making processes.
 - Demonstrate applied legal and regulatory reasoning.
 - (UG 02, UG 05, UG 07, UG 08, UG 09)
- **Knowledge of the Healthcare Environment:** Students will demonstrate an accurate understanding of:
 - Health care system structures.
 - Reimbursement/payment models.
 - Factors associated with population health.
 - (UG 02, UG 09)
- **Organizational Dynamics:** Students will articulate an applied understanding of:
 - Organizational mission, vision, and culture.
 - Behaviors associated with organizational commitment and job performance.
 - (UG 05, UG 07, UG 08, UG 09)

Academic Policies for Students in the Health Care Administration and Management (HCAM) Major

Effective for students entering the major Fall 2017 and after

1. Policy for achieving and maintaining "Sufficient Academic Performance"¹
 - a. At the end of the semester in which a student has earned 40 credits (and every semester thereafter), the Major and Overall GPA will be reviewed:
 - i. A student must earn a 2.50 Major GPA to achieve "Sufficient Academic Performance" and continue in the HCAM major.
 - ii. A student earning below a 2.50 in the Major GPA at any time after earning 40 credits will be placed on a "one semester probation."² He/she must increase his/her GPA to 2.50 or higher by the end of the "one semester probation" or be **permanently** removed from the HCAM major. The student will be notified by email of his/her status following the "one semester probation." A student who has not achieved "Sufficient Academic Performance" will have his/her major changed to Exploratory.
 - iii. A student can be placed on a "one semester probation" a maximum of two times as an HCAM major. He/she will be **permanently** removed from the HCAM major if his/her Major GPA drops below a 2.50 a third time.
 - iv. A student on a "one semester probation" may not enroll in required 400 Level Courses unless he/she is repeating the course(s).

- b. A transfer student who enters from another university or a Slippery Rock University student who changes his/her major to HCAM:
 - i. With 40 or more earned credits will have a one-semester extension before his/her Major GPA are reviewed to determine if he/she has achieved "Sufficient Academic Performance".
 - ii. With less than 40 earned credits will follow Policy I. A above.
 - c. An incoming FYRST student earning college credits prior to entering SRU may reach 40 credits before completing two semesters at SRU. In this case, the review to determine "Sufficient Academic Performance" will not begin until the student has completed two semesters as a student in the HCAM major.
2. Policy for earning acceptable grades in Required 400 Level Courses
 - a. A student must earn a grade of "C" or better in Required 400 Level Courses.
 - b. A student will not be permitted to begin an internship unless he/she has "Sufficient Academic Performance" and he/she has earned a grade of "C" or better in Required 400 Level Courses.
 - c. A student must also earn a grade of "C" or better in HCAM 305, HCAM 400, HCAM 410³, HCAM 430 and MIS 403 before he/she is allowed to take HCAM 499⁴ and HCAM 450⁴.
 3. Policy for changing to the HCAM major
 - a. A Slippery Rock University student wishing to change his/her major to Health Care Administration and Management must have an overall GPA of 2.00.
 4. Additional costs associated with the HCAM major
 - a. A student in the HCAM major is required to maintain a current Student Professional Liability Insurance and meet any immunization or physical requirements set forth by an internship employer while enrolled in HCAM 450 at his/her own cost.

¹ "Sufficient Academic Performance" is defined as having a Major GPA of 2.50 or higher. The Major GPA is comprised of Required Basic Courses, Required 300 and 400 Level HCAM Courses. Please see My Rock Audit for specific courses.

² "One semester probation" is defined as the initial semester after which "Sufficient Academic Performance" was not achieved and the first occurring summer.

³ If taken – HCAM 410 is an elective for non 3+2 PA or 3+3 PT majors

⁴ If required – not required for 3+2 PA or 3+3 PT majors

SOWK 105	Human Diversity	
Select three credits of the following:		3
PSYC 240	Human Sexual Behavior	
PSYC 244	Developmental Psychology	
PSYC 276	Introduction to Abnormal Psychology	
Subtotal		13
Total Hours		52

¹ Course counts for 50% of Major and Major GPA

² Course can be counted as a Rock Studies 2 Requirement, but earns credit only once toward your 120-credits total.

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. These opportunities can deepen and enhance the learning in accounting, economics and finance. In addition, there is a strong correlation between long-term student success and engagement in these opportunities:

1. Internships
2. Participation in student organizations
3. International study programs (short-term, semester, and year-long)
4. High-Impact Practice (HIP) designated classes
5. Student-faculty research
6. Student leadership development
7. Service-learning classes
8. Career education and development

Pre-Occupational Therapy SRU 3+3

If any of these requirements are not met, the 3+3 designation will be removed from the student's record:

1. A 3.0 or higher overall GPA must be maintained by the student.
2. The student can only be enrolled in the Pre-Occupational Therapy SRU 3+3 program for a maximum of three (3) years, full-time continuous enrollment (fall/spring).

Provision

Should a Pre-Occupational Therapy SRU 3+3 student be unsuccessful in completing the 1st two semesters (summer or fall) of the Occupational Therapy Program and wants to complete the original undergraduate degree, it is solely up to the discretion of the undergraduate program Department Chair to determine which, if any, Occupational Therapy courses will count toward the completion of his/her undergraduate degree. In addition, students must complete any unfulfilled requirements of their undergraduate major. Students may still apply to the Doctor of Occupational Therapy Program with an earned Bachelor's degree.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Hours		15
Total Hours**		94

¹ Students are encouraged to take ESAP 101 as a Free Elective.

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

³ **Senior Year- If not accepted into SRU OT Program:** If you choose to pursue Health Care Administration and Management 3+3 Pre-Occupational Therapy program and are not accepted into the graduate SRU Occupational Therapy program, then additional coursework is required, please refer to the Health Care Administration and Management, Leadership Concentration Curriculum Guide.

⁴ Suggest student take one of the following: HIST 364 OR RCTH 364 OR PHED 342 OR PSYC 244

* Course offered in multiple subjects; cannot take course in first major subject.

**Rock Studies 2 Program

****This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.**

Major Code: 2346

Concentration Code: LSHP

2ND Major: 230T

Revised: 07.17.2025

HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Occupational Therapy (SRU) (Traditional)

PROGRAM LEARNING OUTCOMES

- **Business Technology and Analytics:** Students will articulate an applied understanding of key quality improvement metrics and methods to support evidence-based practice guidelines including:
 - Demonstrate knowledge, skills and abilities to plan for and ensure the security, integrity, and privacy of data and confidentiality of the end user.
 - Demonstrate an ability to identify, aggregate, and summarize technical information for technical and non-technical personnel.
- **Communication and Relationship Management:** Students will demonstrate the ability to interact and communicate effectively by:
 - Presenting information in oral and written formats.
 - Collaborating effectively with others.
- **Financial Management and Economic Reasoning:** Students will demonstrate:
 - An ability to analyze, quantify, evaluate and determine the sound allocation of financial resources.
 - An ability to apply economic concepts for efficient allocation of scarce resources.
- **Healthcare Legal Environment and Ethics:** Students will be able to:
 - Recognize will ethical dilemmas in healthcare.
 - Recognize key healthcare legal and regulatory environment parameters.
 - Demonstrate discern viable options for ethical guided decision-making processes.
 - Demonstrate applied legal and regulatory reasoning.
- **Knowledge of the Healthcare Environment:** Students will demonstrate an accurate understanding of:
 - Health care system structures.
 - Reimbursement/payment models.
 - Factors associated with population health.
- **Organizational Dynamics:** Students will articulate an applied understanding of:
 - Organizational mission, vision, and culture.
 - Behaviors associated with organizational commitment and job performance.

What are your options?

Pre-Occupational Therapy SRU 3+3: Earn a Doctor of Occupational Therapy in six years rather than seven. In the first three years, you complete your major courses and prerequisites for the SRU OTD program. At the end of your second year, you apply for admission into the SRU OTD program. If accepted, your first year in the SRU OTD program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Occupational Therapy (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU OTD program and apply to the SRU OTD program in your senior year.

Academic Policies for Students in the Health Care Administration and Management (HCAM) Major

Effective for all Health Care Administration and Management (HCAM) Majors beginning Fall 2023

1. Policy for earning acceptable grades in the HCAM program:
 - a. A student must earn a grade of "C" or better in ALL Required HCAM Courses.
 - b. A student must earn a grade of "C" or better in ALL non-HCAM major Requirements.
 - c. The HCAM curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
 - d. If a student does not earn a "C" or better, they will be required to:
 - i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU's Repeat of Courses Policy (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>) is detailed in the course catalog.
3. Additional costs associated with the HCAM major:
 - a. Lab fees will be collected for classes with a lab component. This fee enhances the University's ability to offer a high-quality program.
 - b. A student in the HCAM major may be required to purchase Student Professional Liability Insurance while enrolled in HCAM 450 at their own cost. More information will be provided to students in the upper level HCAM courses.
 - c. HCAM 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

HEALTH CARE ADMINISTRATION & MANAGEMENT - BS (2346)

Concentration in Leadership Traditional Pre-OT (LSHP)

Revised 10.10.2023

UCC 09.05.2023

HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre- Physical Therapy (SRU) (3+3)

PROGRAM LEARNING OUTCOMES

- **Business Technology and Analytics:** Students will articulate an applied understanding of key quality improvement metrics and methods to support evidence-based practice guidelines including:
 - Demonstrate knowledge, skills and abilities to plan for and ensure the security, integrity, and privacy of data and confidentiality of the end user.
 - Demonstrate an ability to identify, aggregate, and summarize technical information for technical and non-technical personnel.
 - (UG 02, UG 10)
- **Communication and Relationship Management:** Students will demonstrate the ability to interact and communicate effectively by:
 - Presenting information in oral and written formats.
 - Collaborating effectively with others.
 - (UG 01, UG 05, UG 08, UG 09)
- **Financial Management and Economic Reasoning:** Students will demonstrate:
 - An ability to analyze, quantify, evaluate and determine the sound allocation of financial resources.
 - An ability to apply economic concepts for efficient allocation of scarce resources.
 - (UG 02, UG 04)
- **Healthcare Legal Environment and Ethics:** Students will be able to:
 - Recognize will ethical dilemmas in healthcare.
 - Recognize key healthcare legal and regulatory environment parameters.
 - Demonstrate discern viable options for ethical guided decision-making processes.
 - Demonstrate applied legal and regulatory reasoning.
 - (UG 02, UG 05, UG 07, UG 08, UG 09)
- **Knowledge of the Healthcare Environment:** Students will demonstrate an accurate understanding of:
 - Health care system structures.
 - Reimbursement/payment models.
 - Factors associated with population health.
 - (UG 02, UG 09)
- **Organizational Dynamics:** Students will articulate an applied understanding of:
 - Organizational mission, vision, and culture.
 - Behaviors associated with organizational commitment and job performance.
 - (UG 05, UG 07, UG 08, UG 09)

What are your options?

Pre-Physical Therapy SRU 3+3: Earn a Doctor of Physical Therapy in six years rather than seven. In the first three years, you complete your major courses and prerequisites for the SRU DPT program. During your third undergraduate year, you apply for admission into the SRU DPT program. If accepted, your first year in the SRU DPT program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Physical Therapy (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU DPT program and apply to the SRU DPT program in your senior year.

Academic Policies for Students in the Health Care Administration and Management (HCAM) Major

Effective for students entering the major Fall 2017 and after

1. Policy for achieving and maintaining "Sufficient Academic Performance"¹
 - a. At the end of the semester in which a student has earned 40 credits (and every semester thereafter), the Major and Overall GPA will be reviewed:
 - i. A student must earn a 2.50 Major GPA to achieve "Sufficient Academic Performance" and continue in the HCAM major.
 - ii. A student earning below a 2.50 in the Major GPA at any time after earning 40 credits will be placed on a "one semester probation."² He/she must increase his/her GPA to 2.50 or higher by the end of the "one semester probation" or be **permanently** removed from the HCAM major. The student will be notified by email of his/her status following the "one semester probation." A student who has not achieved "Sufficient Academic Performance" will have his/her major changed to Exploratory.
 - iii. A student can be placed on a "one semester probation" a maximum of two times as an HCAM major. He/she will be **permanently** removed from the HCAM major if his/her Major GPA drops below a 2.50 a third time.
 - iv. A student on a "one semester probation" may not enroll in required 400 Level Courses unless he/she is repeating the course(s).
 - b. A transfer student who enters from another university or a Slippery Rock University student who changes his/her major to HCAM:
 - i. With 40 or more earned credits will have a one-semester extension before his/her Major GPA are reviewed to determine if he/she has achieved "Sufficient Academic Performance".
 - ii. With less than 40 earned credits will follow Policy I. A above.
 - c. An incoming FYRST student earning college credits prior to entering SRU may reach 40 credits before completing two semesters at SRU. In this case, the review to determine "Sufficient Academic Performance" will not begin until the student has completed two semesters as a student in the HCAM major.
2. Policy for earning acceptable grades in Required 400 Level Courses
 - a. A student must earn a grade of "C" or better in Required 400 Level Courses.

- b. A student will not be permitted to begin an internship unless he/she has "Sufficient Academic Performance" and he/she has earned a grade of "C" or better in Required 400 Level Courses.
- c. A student must also earn a grade of "C" or better in HCAM 305, HCAM 400, HCAM 410³, HCAM 430 and MIS 403 before he/she is allowed to take HCAM 499⁴ and HCAM 450⁴.
3. Policy for changing to the HCAM major
 - a. A Slippery Rock University student wishing to change his/her major to Health Care Administration and Management must have an overall GPA of 2.00.
4. Additional costs associated with the HCAM major
 - a. A student in the HCAM major is required to maintain a current Student Professional Liability Insurance and meet any immunization or physical requirements set forth by an internship employer while enrolled in HCAM 450 at his/her own cost.

¹ "Sufficient Academic Performance" is defined as having a Major GPA of 2.50 or higher. The Major GPA is comprised of Required Basic Courses, Required 300 and 400 Level HCAM Courses. Please see My Rock Audit for specific courses.

² "One semester probation" is defined as the initial semester after which "Sufficient Academic Performance" was not achieved and the first occurring summer.

³ If taken – HCAM 410 is an elective for non 3+2 PA or 3+3 PT majors

⁴ If required – not required for 3+2 PA or 3+3 PT majors

PSYC 244 or PSYC 276	Developmental Psychology Introduction to Abnormal Psychology	3

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. These opportunities can deepen and enhance the learning in accounting, economics and finance. In addition, there is a strong correlation between long-term student success and engagement in these opportunities:

1. International study programs (short-term, semester, and year-long)
2. High-Impact Practice (HIP) designated classes
3. Student-faculty research
4. Student leadership development
5. Service-learning classes
6. Career education and development
7. Internships
8. Volunteering in healthcare industry related settings
9. Job Shadowing

**Doctor of Physical Therapy (DPT)
Prerequisite Admission Requirements – Pre-Physical
Therapy SRU 3+3****For Application Requirements**

Please refer to Slippery Rock University's Physical Therapy (Doctor of Physical Therapy) website for requirements: www.sru.edu/PT (<http://www.sru.edu/PT/>).

PSYC 105	Introduction to Psychology	3
PSYC 244 or PSYC 276	Developmental Psychology Introduction to Abnormal Psychology	3
Total Hours		31-33

Requirements for Pre-Physical Therapy SRU 3+3

If any of these requirements are not met, the 3+3 designation will be removed from the student's record:

1. A 3.0 or higher overall GPA must be maintained by the student.
2. The student can only be enrolled in the Pre-Physical Therapy SRU 3+3 program for a maximum of three (3) years, full-time continuous enrollment (fall/spring).

Provision

Should a Pre-Physical Therapy SRU 3+3 student be unsuccessful in completing the 1st two semesters (fall or spring) of the Doctor of Physical Therapy Program and wants to complete the original undergraduate degree, it is solely up to the discretion of the undergraduate program Department Chair to determine which, if any, Physical Therapy courses will count toward the completion of his/her undergraduate degree. In addition, students must complete any unfulfilled requirements of their undergraduate major. Students may still apply to the Doctor of Physical Therapy Program with an earned Bachelor's degree.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

¹ Students are encouraged to take ESAP 101 as a Free Elective.

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

³ **Senior Year- If not accepted into SRU PT Program:** If you choose to pursue Health Care Administration and Management 3+3 Pre-Physical Therapy program and are not accepted into the graduate SRU Physical Therapy program, then additional coursework is required, please

refer to the Health Care Administration and Management, Leadership Concentration Curriculum Guide.

⁴ Students are recommended to take HIST 364 OR RCTH 364 OR PHED 342 OR PSYC 334

* Course offered in multiple subjects; cannot take course in first major subject.

** Rock Studies 2 Program

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major Code: 2346

Concentration Code: LSHP

2ND Major: 23PT

Revised: 07.17.2025

HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Physical Therapy (SRU) (Traditional)

HCAM Program Learning Outcomes

- **Business Technology and Analytics:** Students will articulate an applied understanding of key quality improvement metrics and methods to support evidence-based practice guidelines including:
 - Demonstrate knowledge, skills and abilities to plan for and ensure the security, integrity, and privacy of data and confidentiality of the end user.
 - Demonstrate an ability to identify, aggregate, and summarize technical information for technical and non-technical personnel.
- **Communication and Relationship Management:** Students will demonstrate the ability to interact and communicate effectively by:
 - Presenting information in oral and written formats.
 - Collaborating effectively with others.
- **Financial Management and Economic Reasoning:** Students will demonstrate:
 - An ability to analyze, quantify, evaluate and determine the sound allocation of financial resources.
 - An ability to apply economic concepts for efficient allocation of scarce resources.
- **Healthcare Legal Environment and Ethics:** Students will be able to:
 - Recognize will ethical dilemmas in healthcare.
 - Recognize key healthcare legal and regulatory environment parameters.
 - Demonstrate discern viable options for ethical guided decision-making processes.
 - Demonstrate applied legal and regulatory reasoning.
- **Knowledge of the Healthcare Environment:** Students will demonstrate an accurate understanding of:
 - Health care system structures.
 - Reimbursement/payment models.
 - Factors associated with population health.

• **Organizational Dynamics:** Students will articulate an applied understanding of:

- Organizational mission, vision, and culture.
- Behaviors associated with organizational commitment and job performance.

What are your options?

Pre-Physical Therapy SRU 3+3: Earn a Doctor of Physical Therapy in six years rather than seven. In the first three years, you complete your major courses and prerequisites for the SRU DPT program. During your third undergraduate year, you apply for admission into the SRU DPT program. If accepted, your first year in the SRU DPT program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Physical Therapy (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU DPT program and apply to the SRU DPT program in your senior year.

Academic Policies for Students in the Health Care Administration and Management (HCAM) Major

Effective for all Health Care Administration and Management (HCAM) Majors beginning Fall 2023

1. Policy for earning acceptable grades in the HCAM program:
 - a. A student must earn a grade of "C" or better in ALL Required HCAM Courses.
 - b. A student must earn a grade of "C" or better in ALL non-HCAM major Requirements.
 - c. The HCAM curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
 - d. If a student does not earn a "C" or better, they will be required to:
 - i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU's Repeat of Courses Policy (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>) is detailed in the course catalog.
3. Additional costs associated with the HCAM major:
 - a. Lab fees will be collected for classes with a lab component. This fee enhances the University's ability to offer a high-quality program.
 - b. A student in the HCAM major may be required to purchase Student Professional Liability Insurance while enrolled in HCAM 450 at their own cost. More information will be provided to students in the upper level HCAM courses.
 - c. HCAM 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for

students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

PASSHE - Pennsylvania State System of Higher Education Institutions

HEALTH CARE ADMINISTRATION & MANAGEMENT - BS (2346)

Concentration in Leadership Traditional Pre-PT SRU

Revised 11.01.2022

UCC 02.15.2022

HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre- Physician Assistant (SRU) (3+2)

PROGRAM LEARNING OUTCOMES

- **Business Technology and Analytics:** Students will articulate an applied understanding of key quality improvement metrics and methods to support evidence-based practice guidelines including:
 - Demonstrate knowledge, skills and abilities to plan for and ensure the security, integrity, and privacy of data and confidentiality of the end user.
 - Demonstrate an ability to identify, aggregate, and summarize technical information for technical and non-technical personnel.
- (UG 02, UG 10)

- **Communication and Relationship Management:** Students will demonstrate the ability to interact and communicate effectively by:
 - Presenting information in oral and written formats.
 - Collaborating effectively with others.
 - (UG 01, UG 05, UG 08, UG 09)
 - **Financial Management and Economic Reasoning:** Students will demonstrate:
 - An ability to analyze, quantify, evaluate and determine the sound allocation of financial resources.
 - An ability to apply economic concepts for efficient allocation of scarce resources.
 - (UG 02, UG 04)
 - **Healthcare Legal Environment and Ethics:** Students will be able to:
 - Recognize will ethical dilemmas in healthcare.
 - Recognize key healthcare legal and regulatory environment parameters.
 - Demonstrate discern viable options for ethical guided decision-making processes.
 - Demonstrate applied legal and regulatory reasoning.
 - (UG 02, UG 05, UG 07, UG 08, UG 09)
 - **Knowledge of the Healthcare Environment:** Students will demonstrate an accurate understanding of:
 - Health care system structures.
 - Reimbursement/payment models.
 - Factors associated with population health.
 - (UG 02, UG 09)
 - **Organizational Dynamics:** Students will articulate an applied understanding of:
 - Organizational mission, vision, and culture.
 - Behaviors associated with organizational commitment and job performance.
 - (UG 05, UG 07, UG 08, UG 09)
- a. At the end of the semester in which a student has earned 40 credits (and every semester thereafter), the Major and Overall GPA will be reviewed:
 - i. A student must earn a 2.50 Major GPA to achieve "Sufficient Academic Performance" and continue in the HCAM major.
 - ii. A student earning below a 2.50 in the Major GPA at any time after earning 40 credits will be placed on a "one semester probation."² He/she must increase his/her GPA to 2.50 or higher by the end of the "one semester probation" or be **permanently** removed from the HCAM major. The student will be notified by email of his/her status following the "one semester probation." A student who has not achieved "Sufficient Academic Performance" will have his/her major changed to Exploratory.
 - iii. A student can be placed on a "one semester probation" a maximum of two times as an HCAM major. He/she will be **permanently** removed from the HCAM major if his/her Major GPA drops below a 2.50 a third time.
 - iv. A student on a "one semester probation" may not enroll in required 400 Level Courses unless he/she is repeating the course(s).
 - b. A transfer student who enters from another university or a Slippery Rock University student who changes his/her major to HCAM:
 - i. With 40 or more earned credits will have a one-semester extension before his/her Major GPA are reviewed to determine if he/she has achieved "Sufficient Academic Performance".
 - ii. With less than 40 earned credits will follow Policy I. A above.
 - c. An incoming FYRST student earning college credits prior to entering SRU may reach 40 credits before completing two semesters at SRU. In this case, the review to determine "Sufficient Academic Performance" will not begin until the student has completed two semesters as a student in the HCAM major.

What are your options?

Pre-Physician Assistant SRU 3+2: Earn a Master of Science degree in Physician Assistant Studies in five years rather than six. In the first three years, you complete your major courses and prerequisites for the SRU PA program. At the end of your second year, you apply for admission into the SRU PA program. If accepted, your first year in the SRU PA program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Physician Assistant (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU PA program and apply to the SRU PA program in your senior year.

Academic Policies for Students in the Health Care Administration and Management (HCAM) Major

Effective for students entering the major Fall 2017 and after

1. Policy for achieving and maintaining "Sufficient Academic Performance"¹

2. Policy for earning acceptable grades in Required 400 Level Courses
 - a. A student must earn a grade of "C" or better in Required 400 Level Courses.
 - b. A student will not be permitted to begin an internship unless he/she has "Sufficient Academic Performance" and he/she has earned a grade of "C" or better in Required 400 Level Courses.
 - c. A student must also earn a grade of "C" or better in HCAM 305, HCAM 400, HCAM 410³, HCAM 430 and MIS 403 before he/she is allowed to take HCAM 499⁴ and HCAM 450⁴.
3. Policy for changing to the HCAM major
 - a. A Slippery Rock University student wishing to change his/her major to Health Care Administration and Management must have an overall GPA of 2.00.
4. Additional costs associated with the HCAM major
 - a. A student in the HCAM major is required to maintain a current Student Professional Liability Insurance and meet any immunization or physical requirements set forth by an internship employer while enrolled in HCAM 450 at his/her own cost.

¹ "Sufficient Academic Performance" is defined as having a Major GPA of 2.50 or higher. The Major GPA is comprised of Required Basic Courses, Required 300 and 400 Level HCAM Courses. Please see My Rock Audit for specific courses.

² "One semester probation" is defined as the initial semester after which "Sufficient Academic Performance" was not achieved and the first occurring summer.

³ If taken – HCAM 410 is an elective for non 3+2 PA or 3+3 PT majors
⁴ If required – not required for 3+2 PA or 3+3 PT majors

Pre-Physician Assistant SRU 3+2 Requirements

If any of these requirements are not met, the 3+2 designation will be removed from the student's record:

1. A 3.25 or higher overall GPA must be maintained by the student.
2. The student can only be enrolled in the Pre-Physician Assistant SRU 3+2 program for a maximum of three (3) years, full-time continuous enrollment (fall/spring).

Provision

Should a Pre-Physician Assistant SRU 3+2 student be unsuccessful in completing the 1st two semesters (summer or fall) of the Physician Assistant Program and wants to complete the original undergraduate

degree, it is solely up to the discretion of the undergraduate program Department Chair to determine which, if any, Physician Assistant courses will count toward the completion of his/her undergraduate degree. In addition, students must complete any unfulfilled requirements of their undergraduate major. Students may still apply to the Physician Assistant Studies Program with an earned Bachelor's degree.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

¹ Students are encouraged to take ESAP 101 as a Free Elective.

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

³ **Senior Year- If not accepted into SRU PA Program:** If you choose to pursue Health Care Administration and Management 3+2 Pre-Physician Assistant program and are not accepted into the graduate SRU Physician Assistant program, then additional coursework is required, please refer to the Health Care Administration and Management, Leadership Concentration Curriculum Guide.

⁴ Suggest student take one of the following: HIST 364 OR RCTH 364 OR PHED 342 OR PSYC 244

**Rock Studies 2 Program

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

MAJOR CODE: 2346 (LSHP/23PA)

Revised 07.17.2025

HCAM, Bachelor of Science (BS) - Concentration in Leadership / Pre-Physician Assistant (SRU) (Traditional)

program Learning Outcomes

- **Business Technology and Analytics:** Students will articulate an applied understanding of key quality improvement metrics and methods to support evidence-based practice guidelines including:
 - Demonstrate knowledge, skills and abilities to plan for and ensure the security, integrity, and privacy of data and confidentiality of the end user.
 - Demonstrate an ability to identify, aggregate, and summarize technical information for technical and non-technical personnel.
- **Communication and Relationship Management:** Students will demonstrate the ability to interact and communicate effectively by:
 - Presenting information in oral and written formats.
 - Collaborating effectively with others.
- **Financial Management and Economic Reasoning:** Students will demonstrate:
 - An ability to analyze, quantify, evaluate and determine the sound allocation of financial resources.
 - An ability to apply economic concepts for efficient allocation of scarce resources.
- **Healthcare Legal Environment and Ethics:** Students will be able to:
 - Recognize will ethical dilemmas in healthcare.
 - Recognize key healthcare legal and regulatory environment parameters.
 - Demonstrate discern viable options for ethical guided decision-making processes.
 - Demonstrate applied legal and regulatory reasoning.
- **Knowledge of the Healthcare Environment:** Students will demonstrate an accurate understanding of:

- Health care system structures.
- Reimbursement/payment models.
- Factors associated with population health.
- **Organizational Dynamics:** Students will articulate an applied understanding of:

- Organizational mission, vision, and culture.
- Behaviors associated with organizational commitment and job performance.

What are your options?

Pre-Physician Assistant SRU 3+2: Earn a Master of Science degree in Physician Assistant Studies in five years rather than six. In the first three years, you complete your major courses and prerequisites for the SRU PA program. At the end of your second year, you apply for admission into the SRU PA program. If accepted, your first year in the SRU PA program meets the remaining requirements for your undergraduate degree. If not accepted, you continue to complete your undergraduate degree and can reapply to the program. The accelerated option is for incoming freshmen only.

Pre-Physician Assistant (SRU Traditional): Complete the requirements for your major and the prerequisites for the SRU PA program and apply to the SRU PA program in your senior year.

Academic Policies for Students in the Health Care Administration and Management (HCAM) Major

Effective for all Health Care Administration and Management (HCAM) Majors beginning Fall 2023

1. Policy for earning acceptable grades in the HCAM program:
 - a. A student must earn a grade of "C" or better in ALL Required HCAM Courses.
 - b. A student must earn a grade of "C" or better in ALL non-HCAM major Requirements.
 - c. The HCAM curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
 - d. If a student does not earn a "C" or better, they will be required to:
 - i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU's Repeat of Courses Policy (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>) is detailed in the course catalog.
3. Additional costs associated with the HCAM major:
 - a. Lab fees will be collected for classes with a lab component. This fee enhances the University's ability to offer a high-quality program.
 - b. A student in the HCAM major may be required to purchase Student Professional Liability Insurance while enrolled in HCAM 450 at their own cost. More information will be provided to students in the upper level HCAM courses.

- c. HCAM 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

3. Student-faculty research
4. Student leadership development
5. Service-learning classes
6. Career education and development
7. Internships
8. Volunteering in healthcare industry related settings
9. Job Shadowing

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Total Hours**		121-130

¹ Course offered in multiple subjects; cannot take course in first major subject.

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

* Students are encouraged to take ESAP 101 as a Free Elective.

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major Code: 2346

Concentration Code: LEEN

Revised: 07.17.2025

HCAM, Bachelor of Science (BS) - Concentration in Long-Term Care

PROGRAM LEARNING OUTCOMES

- **Knowledge of the Healthcare Environment:** Students will demonstrate an accurate understanding of (UG 02, UG 09):
 - Health care system structures.
 - Reimbursement/payment models.
 - Factors associated with population health.
- **Business Technology and Analytics:** Students will articulate an applied understanding of key quality improvement metrics and methods to support evidence-based practice guidelines including (UG 02, UG 10):
 - Demonstrate knowledge, skills and abilities to plan for and ensure the security, integrity, and privacy of data and confidentiality of the end user.
 - Demonstrate an ability to identify, aggregate, and summarize technical information for technical and non-technical personnel.
- **Communication and Relationship Management:** Students will demonstrate the ability to interact and communicate effectively by (UG 01, UG 05, UG 08, UG 09):
 - Presenting information in oral and written formats.
 - Collaborating effectively with others.
- **Financial Management and Economic Reasoning:** Students will demonstrate (UG 02, UG 04):
 - An ability to analyze, quantify, evaluate and determine the sound allocation of financial resources.

- An ability to apply economic concepts for efficient allocation of scarce resources.

• **Healthcare Legal Environment and Ethics:** Students will be able to (UG 02, UG 05, UG 07, UG 08, UG 09):

- Recognize will ethical dilemmas in healthcare.
- Recognize key healthcare legal and regulatory environment parameters.
- Demonstrate discern viable options for ethical guided decision-making processes.
- Demonstrate applied legal and regulatory reasoning.

• **Organizational Dynamics:** Students will articulate an applied understanding of (UG 05, UG 07, UG 08, UG 09):

- Organizational mission, vision, and culture.
- Behaviors associated with organizational commitment and job performance.

Academic Policies for Students in the Health Care Administration and Management (HCAM) Major

Effective for all Health Care Administration and Management (HCAM) Majors beginning Fall 2023

1. Policy for earning acceptable grades in the HCAM program:
 - a. A student must earn a grade of "C" or better in ALL Required HCAM Courses.
 - b. A student must earn a grade of "C" or better in ALL non-HCAM major Requirements.
 - c. The HCAM curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
 - d. If a student does not earn a "C" or better, they will be required to:
 - i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU's Repeat of Courses Policy (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>) is detailed in the course catalog.
3. Additional costs associated with the HCAM major:
 - a. Lab fees will be collected for classes with a lab component. This fee enhances the University's ability to offer a high-quality program.
 - b. A student in the HCAM major may be required to purchase Student Professional Liability Insurance while enrolled in HCAM 450 at their own cost. More information will be provided to students in the upper level HCAM courses.
 - c. HCAM 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

¹ Course offered in multiple subjects; cannot take course in first major subject.

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

* Students are encouraged to take ESAP 101 as a Free Elective.

***This document serves as a guide. Earning a degree requires at least 120 credits, though some majors require more. Before registering for courses, consult your academic adviser and review your curriculum guide. Be sure to review and confirm your plan with your adviser at least once each academic year.*

Major Code: 2346
Concentration Code: MKSM
Revised: 07.17.2025

HCAM, Bachelor of Science (BS) - Concentration in Medical Device Sales

PROGRAM LEARNING OUTCOMES

- **Business Technology and Analytics:** Students will articulate an applied understanding of key quality improvement metrics and methods to support evidence-based practice guidelines including:
 - Demonstrate knowledge, skills and abilities to plan for and ensure the security, integrity, and privacy of data and confidentiality of the end user.
 - Demonstrate an ability to identify, aggregate, and summarize technical information for technical and non-technical personnel.
 - (UG 02, UG 10)
- **Communication and Relationship Management:** Students will demonstrate the ability to interact and communicate effectively by:
 - Presenting information in oral and written formats.
 - Collaborating effectively with others.
 - (UG 01, UG 05, UG 08, UG 09)
- **Financial Management and Economic Reasoning:** Students will demonstrate:
 - An ability to analyze, quantify, evaluate and determine the sound allocation of financial resources.

- An ability to apply economic concepts for efficient allocation of scarce resources.
- (UG 02, UG 04)
- **Healthcare Legal Environment and Ethics:** Students will be able to:
 - Recognize will ethical dilemmas in healthcare.
 - Recognize key healthcare legal and regulatory environment parameters.
 - Demonstrate discern viable options for ethical guided decision-making processes.
 - Demonstrate applied legal and regulatory reasoning.
 - (UG 02, UG 05, UG 07, UG 08, UG 09)
- **Knowledge of the Healthcare Environment:** Students will demonstrate an accurate understanding of:
 - Health care system structures.
 - Reimbursement/payment models.
 - Factors associated with population health.
 - (UG 02, UG 09)
- **Organizational Dynamics:** Students will articulate an applied understanding of:
 - Organizational mission, vision, and culture.
 - Behaviors associated with organizational commitment and job performance.
 - (UG 05, UG 07, UG 08, UG 09)

Academic Policies for Students in the Health Care Administration and Management (HCAM) Major

Effective for all Health Care Administration and Management (HCAM) Majors beginning Fall 2023

1. Policy for earning acceptable grades in the HCAM program:
 - a. A student must earn a grade of "C" or better in ALL Required HCAM Courses.
 - b. A student must earn a grade of "C" or better in ALL non-HCAM major Requirements.
 - c. The HCAM curriculum is structured with pre-requisites. A student must earn a "C" or better in the pre-requisite course to be able to take the next course. See course catalog for pre-requisites.
 - d. If a student does not earn a "C" or better, they will be required to:
 - i. Retake the course
 - ii. They will be dropped from any course(s) in the following semester that requires a "C" or better as a pre-requisite (see course catalog for pre-requisites)
 - iii. Students will need to meet with their Academic Advisor and change their schedule accordingly
2. SRU's Repeat of Courses Policy (<https://catalog.sru.edu/archive/2025-2026/academic-policies/repeat-of-courses/>) is detailed in the course catalog.
3. Additional costs associated with the HCAM major:
 - a. Lab fees will be collected for classes with a lab component. This fee enhances the University's ability to offer a high-quality program.
 - b. A student in the HCAM major may be required to purchase Student Professional Liability Insurance while enrolled in HCAM 450 at their own cost. More information will be provided to students in the upper level HCAM courses.

- c. HCAM 450 Internship: Certain sites may require one or more of the following: physical examinations, record of immunizations, TB test, criminal background checks, drug testing, specific certifications for CPR/AED (e.g., American Heart Association), and HIPAA training. These may require additional costs for students. Fulfilling these requirements and obtaining appropriate documentation is the responsibility of the student.

¹ Course counts for 50% of Major requirements and Major GPA

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. International study programs (short-term, semester, and year-long)
2. High-Impact Practice (HIP) designated classes
3. Student-faculty research
4. Student leadership development
5. Service-learning classes
6. Career education and development
7. Internships
8. Volunteering in healthcare industry related settings
9. Job Shadowing

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report

and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

Curriculum Guide

GPA Requirement

Minor GPA: 2.0 or higher

Minor Requirements

- Students must complete at least 6 credit hours in their minor from SRU
- A minimum of 6 credit hours must be upper division (courses numbered 300 and above)
- A minor shall be no fewer than 18 credits.

Code	Title	Hours
Required Courses		
HCAM 230	US Healthcare Systems	3
HCAM 265	Introduction to Insurance and Managed Care	3
HCAM 300	Healthcare Systems: Global Perspectives and Analysis	3
HCAM 305	Fundamentals of Healthcare Quality and Safety	3
HCAM 360 or MGMT 351	Healthcare Organizational Dynamics Organizational Behavior	3
Subtotal		15
Additional Coursework		
Select two of the following:		6
HCAM 375	Ethics & Legal Fundamentals for the Health Professions	
HCAM 385	Insurance and Cost Containment	
HCAM 400	Legal Environment of Healthcare	
HCAM 410	Strategic Leadership in Health Care Organizations	
HCAM 425	Long Term Care Management	
HCAM 415	Marketing for Health Care Organizations	
HCAM 430	Finance for Healthcare Organizations	
HCAM 480	Healthcare Value-Based Reimbursement and Process Improvement	
ACCT 340	Legal Environment of Business

COMM 270	Strategic Health Communication	

ECON 312	Critical Choices in Health Care Policy	
ENGL 327	Healthcare Writing	
EXSC 250		
HLTH 210		
MIS 403	Introduction to Healthcare Information Systems	
SPAN 121	Spanish for Health Professionals	
Subtotal		6
Total Hours		21

* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

PASSHE - Pennsylvania State System of Higher Education Institutions

MINOR IN HEALTH CARE ADMINISTRATION & MANAGEMENT (51L)

Revised 10.10.2023

UCC 09.05.2023

Nursing PROGRAMS MAJORS

- Nursing, Bachelor of Science in Nursing (BSN) (RN-BSN) (p. 489)
- Pre-Nursing, Bachelor of Science in Nursing (BSN) (AHN) (p. 490)
- Pre-Nursing, Bachelor of Science in Nursing (BSN) (CCBC) (p. 493)

Nursing, Bachelor of Science in Nursing (BSN) (RN-BSN)

The Bachelor of Science in Nursing program is a fully CCNE accredited Online Degree Completion Program for nurses, who already hold RN licensure. In the program, students develop critical thinking skills for clinical decision-making, prepare to collaborate in multidisciplinary work, shift focus from care of individuals within a community to the health of a community, refine professional communication, and develop leadership skills. The curriculum provides a strong foundation for professional development in a nursing career and the opportunity to gain the knowledge and skills needed for advancement in clinical ladder programs. Students also develop the team skills and technological ability to provide leadership in managed care environments.

This program meets the requirements for certification in Pennsylvania. As regulations vary by state, please check the licensing board in your state.

ADMISSION REQUIREMENTS

- completion of a pre-licensure nursing program (RN diploma or associate degree)
- active unrestricted Registered Nurse license
- a 2.0 GPA in previous academic work

PROGRAM LEARNING OUTCOMES

- Uses effective communication in formal and informal interactions with individuals and group including clients, families, and communities.
- Applies critical thinking process to professional nursing practice.
- Synthesizes knowledge from nursing, scientific, and humanistic disciplines to guide nursing practice.
- Uses the nursing process to promote, maintain, and restore health for individuals, families, and groups within communities.
- Participates with others in providing high quality, cost-effective care and in promoting the health and well-being of individuals, families, and groups within communities.
- Applies research findings to improve and refine nursing practice.
- Evaluates nursing practice in relation to professional/legal standards, ethical principles, and sensitivity to the cultural differences of clients.
- Exercises leadership for the evaluation and enhancement of the quality and effectiveness of nursing practice.
- Values continuing personal and professional development.

- Psychology, Minor (p. 534)

Psychology, Bachelor of Arts (BA)

Students are required to maintain a minimum Psychology GPA of 2.0 in order to retain a declared major. Students are required to earn a grade of C or higher in Introduction to Psychology (PSYC 105) in order to take all other Psychology courses. Students are required to earn a grade of C or higher in Psychological Science I: Research Methods (PSYC 231) and Psychological Science II: Statistical Applications (PSYC 232) in order to progress in the program. Each course can only be repeated once.

Program Learning Outcomes

- **Theory and Content of Psychology:** Students should be familiar with the major theoretical approaches, findings, and historical trends in psychology. (UG2)
- **Methodology:** Students should understand and be able to use major research methods in psychology, including design, data analysis, and interpretation. (UG3 & UG4)
- **Critical Thinking, Logic, and Problem-Solving:** Students should use and respect skeptical inquiry, critical thinking, and the scientific approach to understanding behavior. (UG3 & UG4)
- **Information Competence, Technology, and Computers:** Students should demonstrate information competence and the ability to use computers and other technology for multiple purposes. (UG10)
- **Communication Skills:** Students should be able to express themselves effectively in written and oral communication. (UG1)
- **Application of Psychology:** Students should have an understanding of applications of psychology to personal, social, and organizational issues. (UG5, UG8, UG9)
