

MANAGEMENT, BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION (BSBA) - CONCENTRATION IN SUPPLY CHAIN MANAGEMENT

Management is one of the most versatile majors that can be applied in both private and public sectors. SRU's Bachelor of Science in Business Administration (BSBA) with a major in management prepares graduates to assume entry-level managerial positions that involve facilitating the achievement of organizational goals by mobilizing the efforts of human resources and external stakeholders. Alumni land jobs in fields such as human resources, entrepreneurship and small business management, marketing and sales management, and operations and supply chain management, just to name a few.

A concentration in supply chain management focuses on procurement, production, operations, logistics, coordination and collaboration, and reverse supply chains.

Policy for Changing to Management Major:

A Slippery Rock University student wishing to change their major to Management MUST have a minimum overall GPA of 2.0.
