

SUSTAINABLE MANAGEMENT, MINOR (BSBA MAJORS ONLY)

Since the formation of the United Nations Global Compact and the release of the seventeen United Nations Sustainable Development Goals, business has increasingly become viewed as having potential to be a force for good. A minor in sustainable management provides an opportunity for students to learn the basic tenets of sustainability through the lens of the SDGs and triple bottom line (people, planet and profit) and management.

To access Minor Requirements, please view the Curriculum Guide tab.
