

PROJECT MANAGEMENT, CERTIFICATE

Program Learning Outcomes (PLOs)

Slippery Rock University's (SRU) University-Wide Outcomes ensures that the certification program not only imparts specialized project management skills but also reinforces the broader educational goals of SRU. Below is a mapping of the project management certification PLOs to SRU's outcomes:

- 1. Effective Communication (UO 1):** Students completing the certification will develop and deliver clear project documentation and presentations to diverse stakeholders.
- 2. Critical Thinking and Problem-Solving (UO 2):** Students completing the certification will identify, analyze, and mitigate project risks using qualitative and quantitative methods. Students will demonstrate critical thinking to develop project plans that address constraints and stakeholder needs.
- 3. Team Collaboration and Leadership (UO 7):** Students completing the certification will Lead and motivate project teams to achieve project objectives. Students will further foster a collaborative environment among project stakeholders.
- 4. Ethical Responsibility (UO 8):** Students completing the certification will apply ethical standards and professional responsibility in project decision-making.
- 5. Global and Cultural Awareness (UO 9):** Students completing the certification will manage projects that involve diverse teams and consider global perspectives.
