# **MATHEMATICS, MINOR**

## **Curriculum Guide**

**GPA Requirement** 

Minor GPA: 2.0 or higher

#### **Minor Requirements**

- · Students must complete at least 9 credit hours of MATH/STAT in their minor from SRU
- Students enrolled in both the Minor in Mathematics and the Minor in Statistics must complete at least 9 credits in each of these minors that are NOT being counted in the other.
- · A minimum of 6 credit hours must be upper division (courses numbered 300 and above)
- · A minor shall be no fewer than 18 credits.

|                                | no rever than to orcate.                       |       |
|--------------------------------|--|-------|
| Code                           | Title  | Hours |
| <b>Required Mathemati</b>      | cs Courses                                     |       |
| MATH 225                       | Calculus I                                     | 4     |
| MATH 230                       | Calculus II                                    | 4     |
| MATH 231                       | Calculus III                                   | 4     |
| Additional Courses             |  |       |
| Select three of the following: |  | 9     |
| MATH 131                       | Discrete Mathematics                           |       |
| MATH 232                       | Linear Algebra <sup>1</sup>                    |       |
| or MATH 240                    | Linear Algebra and Differential Equations      |       |
| MATH 235                       | Foundations of Mathematical Proof              |       |

| MATH 311                       | Deterministic Models of Operations<br>Research |       |
| MATH 312                       | Stochastic Models of Operations Research       |       |
| MATH 313                       | Introductory Analysis I                        |       |
| MATH 314                       | Introductory Analysis II                       |       |
| MATH 315                       | Numerical Mathematics                          |       |
| MATH 317                       | Complex Variables                              |       |
| MATH 320                       | Theory of Numbers                              |       |
| MATH 325                       | Abstract Algebra I                             |       |
| MATH 326                       | Abstract Algebra II                            |       |
| MATH 331                       | Mathematical Methods of Physics <sup>2</sup>   |       |
| MATH 335                       | Mathematical Modeling                          |       |
| MATH 411                       | Partial Differential Equations                 |       |
| STAT 350                       | Applied Statistics                             |       |
| STAT 352                       | Mathematical Statistics I                      |       |
| STAT 353                       | Mathematical Statistics II                     |       |
| Total Hours                    |  | 21    |

#### Total Hours

1 Indicates that students may count at most one of MATH 240 or MATH 232 in this minor.

<sup>2</sup> In all students' programs, MATH 331 may be counted as a mathematics course or as a physics course, but not both.

\* Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

### Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place alreadyearned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.

PASSHE - Pennsylvania State System of Higher Education Institutions

Minor in Mathematics (52A) This program is effective as of Fall 2022 Revised 05.31.2023 UCC 10.05.2021
