# PHYSICS, BACHELOR OF ARTS (BA) / PRE-ENGINEERING (PITT) (3+2)

### **Program Learning Outcomes**

Upon graduation, students in the Physics Program at SRU will be:

- Proficient in the basic and advanced concepts of classical and modern physics.
- Accomplished problem solvers capable of applying inductive and deductive logic, mathematical modeling, computational tools, and principles of physics to novel situations.
- Skilled at constructing and assembling experimental apparatuses, conducting and analyzing measurements of physical phenomena, and drawing valid conclusions from experimental data.
- Effective communicators, capable of presenting scientific results effectively to diverse audiences.
- Prepared for a career in science, industry, and education or to pursue a graduate program in physics or related areas.

## **Curriculum Guide**

## GPA Requirement Major GPA: 2.00 or highe

Major GPA: 2.00 or higher Overall GPA: 3.00 or higher

#### Summary\*

| Code              | Title                              | Hours  |
|-------------------|------------------------------------|--------|
| Rock Studies 2 R  | equirements                        | 41     |

| Natural Science a | and Math College-Wide Requirements | 12     |
| Electives         |                                    | 21     |

<sup>\*</sup> All undergraduate degree programs require a minimum of 120 credits. Some courses meet multiple requirements, but are only counted once toward the 120 credit total required to graduate. However, because this is a pre-professional program, credits taken during the 1<sup>st</sup> year of the graduate program are applied toward the undergraduate credit hours to meet the 120 credits required for your undergraduate degree.

#### **Rock Studies 2 Requirements**

|  |  |       |

Course offered in multiple subjects; cannot take course in first major subject.

#### BA Modern Language Requirement

BA degree requires language proficiency at the 103 class level. Exemption by placement or examination is possible.

| Code          | Title           | Hours |
|---------------|-----------------|-------|
| This Requirer | ment is Waived. |       |
| Total Hours   |                 | 0     |

#### **Basic Math Requirement**

Check with your adviser or a current degree audit report to see if you have been exempted from this course. The credit earned in this course will not be counted toward the 120 credit hour minimum needed to earn a degree.

| Code        | Title                        | Hours    |
|-------------|------------------------------|----------|
| Complete on | e of the following:          | 0-3      |
| Meet requ   | ired minimum SAT or ACT math | score OR |

|   | ESAP 110                       | Beginning Algebra                          |       |

|   | PE 202                         | Technology for Wellness                    |       |
| Т | otal Hours                     |  | 0-3   |

#### **DIVERSITY, EQUITY, AND INCLUSION REQUIREMENT**

Students must take and pass a course with the Diversity, Equity, and Inclusion (DEI) designation prior to graduation. Students can meet this requirement by taking any DEI - designated course in any program at any time during their undergraduate career.

- Course counts for 50% of Major requirements and Major GPA
- <sup>2</sup> Elective courses need to be selected based upon area of Engineering chosen. Please contact your Adviser for specific courses.
- Course can be counted as a Rock Studies 2 Requirement, but earns credit only once toward your 120-credits total.
- Some courses may require pre-requisites. Please see course descriptions to determine if there are any pre-requisites for that specific course.

#### **Natural Science and Math College-Wide Requirements**

| Code               | Title                                | Hours |
|--------------------|--------------------------------------|-------|
| Students must take | the following four courses:          |       |
| CHEM 107           | General Chemistry I <sup>1</sup>     | 3     |
| CHEM 111           | General Chemistry I Lab <sup>1</sup> | 1     |
| MATH 125           | Precalculus <sup>1</sup>             | 4     |
| or MATH 225        | Calculus I                           |       |
| PHYS 201           | Elements of Physics I with Lab       | 4     |
| or PHYS 211        | General Physics I with Lab           |       |
| Total Hours        |                                      | 12    |

Course can be counted as a Rock Studies 2 Requirement, but earns credit only once toward your 120-credits total.

#### **Important Curriculum Guide Notes**

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place alreadyearned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information* 

on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.

PASSHE - Pennsylvania State System of Higher Education Institutions

PHYSICS PRE ENGINEERING - BA (6 64) with University of Pittsburgh (6 62) This program is effective as of Fall 2019. Revised 10.16.2020 UCC 2.5.2019
