\* All undergraduate degree programs require a minimum of 120 credits. Some courses meet multiple requirements, but are only counted once toward the 120 credit total required to graduate. However, because this is a pre-professional program, credits taken during the 1<sup>st</sup> year of the graduate program are applied toward the undergraduate credit hours to meet the 120 credits required for your undergraduate degree.

## REQUIREMENTS FOR PRE-CHIROPRACTIC (LOGAN) 3+3 EXERCISE SCIENCE:

If any of these requirements are not met, the 3+3 designation will be removed from the student's record:

1. A minimum of 2.75 overall GPA must be maintained by student for standard admission at the discretion of Logan University's Vice President of Admissions and Financial Aid.
2. A 3.0 or higher overall GPA must be maintained by the student for acceptance to Logan's Doctor of Chiropractic Degree Program.

3. The student can only be enrolled in the Pre-Chiropractic Program (Logan) 3+3 Exercise Science program for a maximum of three (3) years, full-time continuous enrollment (fall/spring).

### Provision:

Should a student enrolled in the Exercise Science 3+3 Pre-Chiropractic (Logan) designation be unsuccessful in completing the 1st three semesters (summer or fall or spring terms) of the Doctor of Chiropractic Degree Program, and want to complete the original undergraduate degree, it is solely up to the discretion of the undergraduate program Department Chair to determine which, if any, graduate level Chiropractic courses will count toward the completion of their undergraduate degree. In addition, students must complete any unfulfilled requirements of their undergraduate major. Students may still be able to apply to Logan University's Doctor of Chiropractic Degree Program with an earned Bachelor's degree.

### Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*
