

CORPORATE SECURITY, BACHELOR OF SCIENCE (BS) - CONCENTRATION IN FRAUD

PROGRAM LEARNING OUTCOMES

- **Critical Thinking and Problem Solving in Corporate Security:** Students will be able to identify complex corporate security issues; gather, analyze, and evaluate information; in order to make decisions to prevent, mitigate, resolve, and recover from man-made, technological, and natural disasters in the private sector. UO 2
- **Professional Proficiency in Corporate Security:** Students will acquire the knowledge, skills, abilities, and current field-based best practices demanded by the corporate security profession. UO 5
- **Law and Ethics in Corporate Security:** Students will be able to recognize legal and ethical issues confronting corporate security professionals, apply and follow the appropriate laws, and recognize the consequences and impact of their actions on other stakeholders. UO 8
- **Professionally Communicate in Corporate Security Contexts:** Students will develop the skills and knowledge to communicate effectively in corporate security settings. This will, among other relevant things, involve learning how to communicate about how to protect infrastructure and key assets and develop physical and personnel security policies. This also entails the development and implementation of plans, particularly ones related to preventing, mitigating, and/or recovering from man-made, technological, and natural disasters. UO 5

Co-curricular and Experiential Learning

Students are encouraged to explore additional curricular and co-curricular opportunities. There is a strong correlation between long-term student success and participation in the following types of programs and activities:

1. Internships
2. Job Shadowing
3. Security Studies Club
4. Project to End Human Trafficking Club
5. Security Studies Speaker's Series
6. Department of Homeland/Corporate Security Studies Field Trips and Spring Break Trips

Important Curriculum Guide Notes

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. *The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.*

¹ The prerequisites for ENGL 205 are ENGL 102 & ENGL 104.

² Work with your Academic Adviser to declare a Thematic Thread by the end of your fall semester in your second year.

³ Course offered in multiple subjects; cannot take course in first major subject.

* Students are encouraged to take ESAP 101 as a Free Elective.

- CS Organizational Security Major requires 60 Credit Hours (36 Core + 9 General + 9 Culture + 6 Electives).

- The number of free electives will depend on Rock Studies 2 courses taken and/or Minor.

- The number of Rock Studies 2 courses will depend on how much overlap there is between major courses and Rock Studies 2 courses.

** This document is meant to serve as a guide. Some planners may show more than 120 credits because faculty have created flexibility in choosing courses. However, only 120 credits are required to obtain a degree. Please consult with your academic adviser and refer to your curriculum guide prior to registering for courses. This plan should be reviewed, and verified, by you and your academic adviser at least once each academic year.
